# GENERAL INFORMATION

It is the University's expectation that a student will follow University rules and regulations as they are stated in the *General Catalog*. In instances where no appeal procedure is spelled out and the student is persuaded that a special set of circumstances makes appeal reasonable, he or she may appeal the application of specific rules or regulations to the office of the dean of the school or college in which he or she is enrolled in the case of an academic matter, or to the Office of Student Affairs in the case of a nonacademic matter. These offices will either render a decision on the appeal or refer the student to the proper office for a decision.

## GUARANTEED REGISTRATION ELIGIBILITY

University of Washington students who remain in good scholastic standing are guaranteed the opportunity to register each quarter as long as they maintain continuous enrollment (Summer Quarter excepted). Continuation must be in the same classification, e.g., undergraduate, postbaccalaureate (fifth-year), graduate, etc. Once a student earns a baccalaureate degree, he or she must apply for readmission as a postbaccalaureate (fifth-year), nonmatriculated, or graduate student. Exceptions to the guarantee are: (1) students under disciplinary action and (2) students with a financial hold.

If an undergraduate does not enroll for one or more quarters, or if a graduate student goes on-leave, he or she must file an application for readmission with the Registrar's Office. Information on admission closing dates is available at Window 3, second floor, Schmitz Hall, or by calling 543-5920.

## FULL-TIME STUDENT REQUIREMENT

Many students think that because they pay full fees they are considered full-time students. This is incorrect. To be considered a full-time student, an undergraduate must register for 12 credits and a graduate student must register for 9 credits. The full-time registration requirement varies for different agencies. Information on full-time requirements of the Veterans Administration, Immigration and Naturalization Service, and Social Security Administration may be obtained at Schmitz Hall. Consult the Financial Aid Office for its requirement on satisfactory student progress.

## NONMATRICULATED STUDENTS

Nonmatriculated students register September 22 and enroll only on a space-available basis. Because nonmatriculated students register after all other students, enrollment may be closed in the following areas: mathematics, English composition, beginning foreign languages (particularly French and Spanish), business, and art. Nonmatriculated students may participate in preregistration for the Summer Quarter.

## TUITION-EXEMPT FACULTY/STAFF

With the approval of their department heads, regularly admitted full-time UW faculty and staff members who have been employed six months or more may take up to 6 credits per quarter under the tuition exemption program. According to legislative action, all registrations must be on a space-available basis after other students have registered. Members of the faculty and staff who wish to utilize the exemption may not preregister; registration may occur no earlier than the last day of the registration period. Faculty/staff who register before the last day will not be eligible to use a tuition exemption that quarter. Registration appointments are not required. New faculty/staff members must be officially admitted by the Office of Admissions by the regular admission closing date; May 1 is the closing date for Autumn Quarter. Faculty/staff members who are former students returning either in the same classification or as nonmatriculated students should apply at the Registration Office, Window 8, second floor, Schmitz Hall, by July 1.

Employees should present their approved tuition exemption cards at Sections, Odegaard Undergraduate Library, according to the schedule listed below. A \$5 registration fee will be collected at the time of registration. The alphabetical priority will change each

quarter. Regularly admitted faculty and staff members who are unable to meet this schedule may register late by paying a \$15 fee.

## Autumn Quarter Registration Date: September 22, 1981

Last names beginning with C (8-9 a.m.); D-E-F (9-10 a.m.); G-H (10-11 a.m.); I-J-K (11 a.m.-noon); L-M (noon-1 p.m.); N-O-P (1-2 p.m.); Q-Z (2-3 p.m.); A-B (3-4 p.m.); makeup (4-4:30 p.m.).

Tuition-exempt faculty/staff are not entitled to other student services such as those available at the Hall Health Center and the Intramural Activities Building. Therefore, UW student cards will not be issued to faculty and staff. Faculty/staff identification cards may be used for library services.

## "ACCESS" PROGRAM FOR OLDER ADULTS

The University of Washington waives tuition for Washington residents sixty years or older who wish to attend classes as auditing students, on a space-available basis. The fee is \$5, whether one or two courses are attended. As auditors, they do not receive credit and are not expected to do laboratory work or to take examinations. Students who attend the University under the Access program are limited to two courses per quarter. Registration may be made in person on Tuesday, September 22, between 8 a.m. and 2 p.m. at the Sections branch office, in the basement of the Odegaard Undergraduate Library. Interested students should proceed to the area marked Access. For additional information on mail-in registration or about the program in general, telephone Continuing Education, 545-7418, between 9 a.m. and noon.

## AUDITORS

Auditors, except those under the Access program, pay standard tuition and fees and must be regularly admitted and registered in the course.

Attendance in courses as an auditor is by consent of the instructor involved and is conditioned by the extent to which space is available. Permission to audit is ordinarily granted for lecture classes only. An auditor may not participate in class discussion or laboratory work, and his or her registration may be canceled at the discretion of the instructor.

No entry is made on the permanent record for courses audited. To receive credit for an audited course, the student must register for the class for credit in a subsequent quarter.

Auditors follow registration instructions below.

## DISABLED STUDENTS

Various support services, including priority registration, are available to students with disabilities. Contact the Coordinator for Disabled Students, 468 Schmitz, 543-8924, for information on equipment, technical aids, and accommodations to meet individual needs. Access: *University of Washington*, a guidebook to buildings on the campus, and an accompanying map may be obtained from the office or from the Office of Affirmative Action, 101 Lewis, 543-1830.

## ATHLETIC EVENTS

Students may purchase a Husky Football Season Pass at the Husky Ticket Office, 101 Graves, or at the HUB Ticket Office, for admission to the following athletic events: football, soccer, and volleyball. For additional information, telephone 543-2200.

# REGISTRATION INSTRUCTIONS

## ACADEMIC ADVISER

See an academic adviser to discuss your educational objectives and to learn the procedures involved in registering at the University. Have an idea of the courses you would like to take before seeing an adviser by reviewing the *General Catalog* and the quarterly *Time Schedule*.

## PREREGISTRATION

### 1. Eligibility

Preregistration is reserved for all continuing students *except* tuition-exempt faculty/staff, older adults auditing under the Access program, and nonmatriculated students. These last three groups may register only during the last day of in-person registration (see

**NEW**

General Information section for specific registration dates).

*Continuing students who withdraw during the first week of two consecutive quarters (Summer Quarter excepted) will not be eligible to register as continuing students for the third quarter. Such students must reapply as former students returning to the University. For example, a student who withdraws during the first week of Spring Quarter and Autumn Quarter must reapply as a returning former student for winter.*

## 2. Submitting the Preregistration Form

Mark-sense registration forms are available at advisory offices and at Window 3, Registration Office, second floor, Schmitz Hall. Please note that some courses listed in the *Time Schedule* have restricted enrollment and will require entry cards. Also, undergraduates will not be scheduled for more than 19 credits until the first day of the quarter. This is done to allow all students a chance to develop a basic program.

Students preregistering may turn in forms at:

- Registration lobby, second floor, Schmitz Hall
- B10 Padelford
- Fourth-floor student lounge, T-wing, Health Sciences Building
- 353 Loew (engineering students only)

## 3. If You Miss Preregistration

Obtain an in-person registration appointment by September 21 at Window 8, Schmitz Hall. After September 21 you will be required to register late and to pay a \$15 late registration fee at the Cashier's Office, 129 Schmitz, before registering.

## 4. Schedule of Classes

All students who preregister will be scheduled by computer at one time. The scheduling priority is: freshmen, seniors, graduate students, postbaccalaureate (fifth-year) students, juniors, and sophomores. Schedules will be mailed June 15.

## 5. Registered Students

Students who preregister and do not get scheduled into any courses are not considered registered students. Their names are not included on the current file of registered students, and they are not eligible for preregistration the following quarter. Students in this category must submit a Former Student Application for the next quarter they wish to attend the University.

## IN-PERSON REGISTRATION

### 1. Eligibility

In-person registration is primarily for newly admitted and returning former students. Continuing matriculated students who miss preregistration, tuition-exempt faculty/staff, older students in the Access program, and nonmatriculated students also register during in-person registration. All students, except Access students, must be admitted to the University before attempting to register.

### 2. How to Register

Obtain a mark-sense registration form from your advisory office or the Registration Window, Schmitz Hall, and mark the courses you are requesting in accordance with directions on the form. Once this form is submitted, you are obligated for tuition and fee payment unless you officially withdraw by the fifth class day. Please note that some courses in the *Time Schedule* have restricted enrollment and you must obtain entry cards for these courses. Undergraduates will not be scheduled for more than 19 credits until the first day of the quarter. This is done to allow all students a chance to develop a basic program.

### 3. Submitting the Registration Form

- New and returning former students may register June 22–August 21 at Window 3, second floor, Schmitz Hall.
- If you are a continuing matriculated student who did not preregister, you must obtain an in-person registration appointment by September 22. Continuing students who request in-person registration appointments after September 22 will be required to register late during the first week of school and to pay the \$15 late registration fee.
- If you are registering September 16–22, go to the Sections branch office, Odegaard Undergraduate Library, on the date and time indicated on your registration appointment. Engineering students go to 353 Loew.
- Nonmatriculated students may register only on September 22. Appointments are available at Window 8, second floor, Schmitz Hall.
- Tuition-exempt faculty/staff members and students in the Access program register only on September 22.

## 4. Schedule of Classes

- If you register June 22–August 21, your schedule of classes will be mailed to the address you indicate on the registration form. All students registering during this period are scheduled by computer at one time. The scheduling priority is: freshmen, seniors, graduate students, postbaccalaureate (fifth year), juniors, and sophomores. Schedules will be mailed September 8.
- If you register September 16–22, your courses will be scheduled while you wait and you will be given a copy of your completed program when you have finished registering.

## ENTRY CARDS

Certain courses and sections require entry cards for registration. Students who request these courses (and/or sections) on their registration request forms will not be registered in the courses unless the requests are accompanied by entry cards. An entry card alone is not sufficient. The course and schedule line number (SLN on entry card) must also be requested on the mark-sense registration form. Obtain course entry cards for courses designated with the symbol >>> in the margin of the *Time Schedule*. Information on where to obtain entry cards is found in the body of the *Time Schedule*, either as a comment before the course listing or just after the title of the course.

## LATE REGISTRATION

Students who register after the official registration period will be charged a \$15 late registration fee, payable at the Cashier's Office, 129 Schmitz.

## REGISTRATION CHANGES

### 1. Change Appointments and Late Fee

- All changes to a student's program should be completed during the official change periods (see calendar). Changes are made by appointment only. Appointments are available at Window 3, second-floor lobby, Schmitz Hall, for all students except those in engineering; engineering students go to 353 Loew. A student who arrives more than a half-hour late will be required to make a new appointment. Changes may also be made during the first week of the quarter, without an appointment, in the lobby of the T-wing, Health Sciences Building. Changes made after the change periods cost \$5 and may result in fee forfeiture (see item 3 of this section).
- Students will be expected to present Autumn Quarter 1981 University of Washington student identification cards when requesting appointments. No more than one change appointment will be issued to a student at a time. Additional change appointments will be issued only after the initially assigned appointment has been used or the date has expired.

### 2. Grades in Dropped Courses and Drop Restrictions

- Undergraduates.** Undergraduate students who drop courses after the change periods receive no entry on their academic record if the drop is made during the first two weeks of the quarter. Drops made during the third and fourth weeks of the quarter will be recorded with a "W." No drops are permitted after the fourth week except for a limited number determined by the number of credits earned at the University. While completing the first 44 credits at the University, the student has three drops permitted after the fourth week. Any of these three drops not used by the time 45 credits are earned are forfeited. After 45 credits have been completed at the University, the student earns one late drop for each 45 credits earned. These may be accumulated and used as necessary. *No drops of any kind are permitted after the last day of instruction.*
- Graduate Students.** Graduate students who drop courses after the first two weeks of the quarter receive a grade of "W." No drops are permitted after the seventh week of instruction.
- Students may petition the Registrar to drop a course after the regular drop deadline if: (1) the student is unable to complete the course in question because of a severe mental or physical disability, or (2) unusual or extenuating circumstances beyond the student's control prevented the student from dropping the course by the regular drop deadline. Petitions must be filed promptly after the occurrence of the event that gave rise to the need for dropping the course.

### 3. Fee Forfeiture or Refunds

- Students will be billed for the number of credits on their programs at the end of the first week of the quarter. Only partial fee reductions will result for courses dropped after the first week of the quarter.
- Students dropping courses after the first seven calendar days of the quarter and through the thirtieth calendar day of the quarter will be expected to pay one-half of the tuition and fees associated

with that course. Example: An undergraduate originally registered for 5 credits. The fee for 5 credits is \$178 (resident). The student then drops a 3-credit course in the second week of the quarter. The total number of credits for which the student remains registered is 2. Tuition and fees are due for the 2 credits (\$73) and one-half the difference between 5 credits and 2 credits, in this case an additional \$52.50. Total fees owed are \$125.50. The student has been registered in the dropped course for more than one week and therefore must pay half the fees for the course.

Courses dropped after the thirtieth calendar day receive no refund. Example: A student is registered for a 3-credit course. The student drops that course after the thirtieth calendar day. No refund is available. If the student adds a different 3-credit course at the time the original 3-credit course is dropped, he or she will pay tuition and fees for 6 credits.

c) Drops become effective the date received in Sections.

#### 4. Courses Added After the Official Change Periods

a) As a general rule, no courses may be added after the official change period. Exceptional cases may be approved if both the instructor of the course and the dean of the student's college consent.

b) Courses audited may not be changed to a credit registration after the first two weeks of the quarter.

#### SEE PAYMENT

1. A fee statement will be mailed to the address you indicate on your mark-sense registration form. If you have not received a fee statement by the end of the second week of the quarter, contact the Cashier's Office for the amount of tuition due.

2. Mail your fee payment to the Student Accounts Office in the envelope provided before the due date indicated even if you have not received a bill. *Fees must be paid by Friday of the third week of the quarter.*

3. If you fail to pay by the deadline you may continue to pay your fees, with a \$15 late fee, for one week following the due date. If fees are not paid by this time your registration will be canceled. Students permitted to reregister after cancellation for nonpayment will be charged a \$50 fee. No reregistration will be possible after Friday of the sixth week. *Please note: Even if your registration is canceled you will continue to owe one-half your tuition and fees if you are a continuing student or, if you are a new or returning student, \$50 or one-half your tuition and fees, whichever is greater.*

#### Quarterly Tuition and Fee Rates\*

	Resident	Non-resident
<b>Undergraduate</b> (includes postbaccalaureate [fifth-year] and nonmatriculated students)		
Full fee (more than 9 credits)	\$353	\$1,016
Minimum (first 2 credits)	73	200
Each additional credit	35	102
<b>Graduate and Law</b>		
Full fee (more than 6 credits)	413	1,200
6 or fewer credits:		
Minimum (first 2 credits)	118	345
Each additional credit	59	171
<b>Dentistry and Medicine</b>		
Full fee (more than 12 credits)	643	1,910
12 or fewer credits:		
Minimum (first 2 credits)	104	293
Each additional credit	49	147

\* Effective as of publication date. Fees are subject to change without notice.

#### Special Course and Laboratory Fees

The amounts listed in the Tuition and Fee Rate schedule normally cover University charges for course registration. Some courses, however, have extraordinary expenses associated with them and in such cases the University may charge additional fees in amounts approximating the added instructional or laboratory costs.

#### CHANGE OF ADDRESS

If you change your address after you have turned in your mark-sense registration form, be sure to complete a change of address form at the Registration Office. Forms are available at Window 3, second floor, Schmitz Hall. *You are responsible for notifying the Registrar's Office of any address change.*

#### STUDENT INSURANCE

UW students who remain registered through at least the first six

days of instruction in the quarter are eligible to enroll in the student health insurance plan. The following students are not eligible:

1. Those enrolled only in programs administered by the Department of Continuing Education or Office of Short Courses and Conferences, including but not limited to extension, correspondence, independent study, continuing studies, noncredit courses, or the Access program; or

2. UW employees attending classes under the employee tuition exemption program.

Students who do not specifically request a particular student insurance plan or who do not specifically state they do not wish student insurance automatically will be enrolled and billed for *student only* medical, surgical, and hospital insurance.

If you are billed for student insurance and wish to cancel your coverage, complete the appropriate section on the remittance copy of the billing statement and pay the amount billed less the indicated amount for insurance. Tuition/fees and the student health insurance premium must be paid in full by the due date to be eligible for health insurance.

International students must subscribe to the student insurance plan. Exceptions may be granted by the International Services Office if the student presents proof of other medical insurance coverage. To be eligible for health insurance, the student must pay, in full, tuition, fees, and the student health insurance premium by the due date.

#### WASHPIRG

An optional \$2 fee is indicated on the fee statement for the Washington Public Interest Research Group, a student research organization. If you do not desire to support this activity, simply pay the regular tuition and fees. If you want to support WASHPIRG, pay the regular tuition and fees plus \$2.

#### WITHDRAWAL FROM THE UNIVERSITY (DROPPING ALL COURSES FOR THE QUARTER)

1. Obtain an approved withdrawal form from your adviser.  
2. Present the withdrawal form to the Withdrawal Office, Sections, 264 Schmitz. *Withdrawals are effective the date they are received in the Registrar's Office. Fees owed will be based upon the date the withdrawal is received in the Registrar's Office. No withdrawals will be accepted after the last day of instruction, December 9.*

*Continuing students who withdraw during the first week of two consecutive quarters (Summer Quarter excepted) will not be eligible to register as continuing students for the third quarter. Such students must reapply as former students returning to the University. For example, a student who withdraws during the first week of Spring Quarter and Autumn Quarter must reapply as a returning former student for winter.*

The fee schedule below will be followed.

#### Continuing Students

a. Students withdrawing before the sixth day of the quarter do not pay tuition or fees.  
b. Students withdrawing on the sixth day or through the thirtieth calendar day continue to owe one-half of their tuition and fees.  
c. Students withdrawing after the thirtieth calendar day continue to owe full tuition and fees.

#### New and Returning Students

a. Students withdrawing before the sixth day of the quarter forfeit their \$50 enrollment service fee.  
b. Students withdrawing on the sixth day or through the thirtieth calendar day of the quarter must pay one-half of regular tuition and fees or forfeit the \$50 enrollment service charge, whichever is greater.  
c. Students who withdraw officially after the thirtieth calendar day must pay full tuition and fees, including the \$50 enrollment service fee.

3. Students who were unable to turn in their withdrawal in time may petition the Cashier's Office for additional refund. Petition forms are available at the Cashier's Office, 129 Schmitz.

4. Courses dropped as part of a University withdrawal completed during the first two weeks of a quarter receive no grade and no entry is made on the student's permanent academic record. Withdrawals completed after the first two weeks result in the courses being assigned a grade of "W."

#### GRADING SYSTEM

The University of Washington uses a numerical grading system with certain exceptions in the schools of Dentistry, Law, and Medicine. Instructors may report grades from 4.0 to 0.7 in 0.1 incre-

**NEW**

ments and the grade 0.0. The number 0.0 is assigned for failing work or unofficial withdrawal. Grades in the range 0.6 to 0.1 may not be assigned. Grades reported in this range will be converted by the Registrar's Office to 0.0. For graduate students, grades reported in the range 1.6-0.1 will be converted to 0.0. Numerical grades may be considered equivalent to letter grades as follows:

**Undergraduate/Graduate\***

A	4.0	
B	3.0	
C	2.0	
	1.7	* Lowest grade earning credit for graduate students.
D	1.0	
	0.7	Lowest passing grade for undergraduates.
E	0.0	Failure or Unofficial Withdrawal. No credit earned.

Additional information on grades and scholarship rules may be obtained from the Grade Information Office, 248 Schmitz.

**The Grade of Incomplete**

In order to obtain credit for a course in which an Incomplete has been awarded, an undergraduate student must complete the remaining work for the course by the last day of the following quarter. An Incomplete grade for an Autumn Quarter course must be made up by the last day of Winter Quarter or the Incomplete will be converted to a grade of 0.0 by the Registrar, unless the instructor has indicated when assigning the Incomplete grade that a grade other than 0.0 should be recorded if the incomplete work is not completed. This time limitation may be extended up to one year with instructor approval. Such approval must be received by the Registrar's Office before the end of the next quarter.

A graduate student who receives an Incomplete must complete the remaining work for the course by the last day of the next quarter in residence. An Incomplete received by a graduate student does not automatically convert to 0.0 but remains an Incomplete if

the course work is not completed. This time limitation may be waived by the dean of the college in which the course was offered only if the nature of the uncompleted work is such as to make the fulfillment of this requirement impossible. In no case can an Incomplete received by a graduate student be converted to a passing grade after a lapse of two years. The Incomplete grade entry remains on the record permanently. The final grade is posted under the quarter in which the final grade is received.

**Satisfactory/Not Satisfactory**

Students may elect to take certain courses on a Satisfactory/Not Satisfactory basis. Advisers should be consulted and in no case are students allowed to register for more than one course or 6 credits on a Satisfactory/Not Satisfactory basis in a given quarter. No more than 25 credits will apply to an undergraduate degree. *S/NS must be elected or dropped during the official change of program period.* Undergraduate students earning grades of 1.7 or above receive a grade of S (Satisfactory) while grades below 1.7 are recorded as NS (Not Satisfactory). Graduate students earning grades of 2.7 or above receive a grade of S (Satisfactory), while 2.6 or below are recorded as NS (Not Satisfactory). In cases of withdrawal, the W is recorded. Neither S nor NS are included in the grade-point average. N, I, and X are recorded until the instructor reports the final grade, or in cases of incompletes received by undergraduates, until the I is converted by the Registrar. With the approval of his or her graduate program adviser or Supervisory Committee Chairperson, a graduate student may elect to take any course for which he or she is eligible outside of his or her major academic unit on the Satisfactory/Not Satisfactory system.

**Credit/No Credit-Only Courses**

Some courses are offered on a CR/NC-only basis. It is not necessary to register S/NS to take these courses, because the only grades assigned by the instructor are CR (Credit) or NC (No Credit). Neither CR nor NC are included in the grade-point average. In cases of withdrawal a W is recorded. N, I, and X are recorded until the instructor reports the final grade, or in cases of incompletes received by undergraduates, until the I is converted by the Registrar.

# AUTUMN QUARTER 1981 CALENDAR

June 22–August 21	IN-PERSON REGISTRATION by appointment only at the Registration Office, second floor, Schmitz Hall for matriculated students.
September 8	Programs of study mailed to participants in the June/August In-Person Registration.
September 10	Change of registration appointments available at Window 2 or 3, second floor, Schmitz Hall, for students who have received a schedule of classes. Engineering majors go to 353 Loew. Students will be expected to present UW Autumn 1981 student identification cards when requesting appointments. Students who make the following changes only are not required to have an appointment: (a) to or from Satisfactory/Not Satisfactory grading; (b) in the credit for a variable credit course; (c) drop a course. Evening-only students may change their program without an appointment any time after 5 p.m. and no later than 6:15 p.m. during the first week of school. Evening-only students should go directly to Sections in the Undergraduate Library cafeteria.
September 14, 15	OFFICIAL CHANGE OF REGISTRATION PERIOD, by appointment only at the Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance), for students who have received a schedule of classes.
September 16–18, 21	IN-PERSON REGISTRATION by appointment only at the Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance), for matriculated students. Engineering majors go to 353 Loew.
September 22	IN-PERSON REGISTRATION FOR NONMATRICULATED STUDENTS, by appointment only; at Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance).
September 22	IN-PERSON REGISTRATION FOR TUITION-EXEMPT FACULTY/STAFF. See <i>Time Schedule</i> for appointment times, which are assigned according to last name. Register at the Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance).
September 22	IN-PERSON REGISTRATION FOR "ACCESS" STUDENTS at Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance).
September 28–October 2	OFFICIAL CHANGE OF REGISTRATION, by appointment only, at the Sections branch office, Odegaard Undergraduate Library (engineering majors at 353 Loew) for all students.
September 28	Instruction begins.
October 2	Deadline for: (1) changes to or from S/NS grading; (2) adding a course without instructor's permission; (3) adding or dropping a course without being assessed a \$5 change fee. Courses dropped after this date will be included in the tuition calculation. A change fee of \$5 and a tuition forfeiture will be assessed after this date.
October 2	Last day for official withdrawal from the University without owing tuition or fees.
October 5	Fee statements mailed to all registered students.
October 9	Last day to drop a course without entry on permanent record.
October 9	Last day to add a course without dean's permission (Arts and Sciences and graduate students do not need permission of the dean to add a class at any time during the quarter).
October 9	Last day to return approved applications to 207 Schmitz for credit by examination.
October 16	Applications for baccalaureate degrees and certificates to be conferred Autumn Quarter 1981 must be submitted to the Graduation Office, 207 Schmitz.
October 16	Fee payment deadline for all registered students.
October 19–23	Late-payment period.
October 23	Last day for undergraduate, postbaccalaureate (fifth-year), and nonmatriculated students to drop a course, except for peremptory drops and hardship withdrawal.
October 27	Last day to hand-deliver an application for resident status to the Residence Classification Office, 320 Schmitz. Applications may be postmarked October 27 if mailed at the Terminal Annex at Third Avenue South and South Lander Street.
Fifth Week of the Quarter	Credit by examination. Students must make arrangements with the Educational Assessment Center, 543-1170.
November 11	Veteran's Day holiday.
November 13	Last day for graduate students to drop a course.
November 26, 27	Thanksgiving recess.
December 9	Last day of instruction.
December 9	Last day to withdraw from the University, or for undergraduates to drop a class.
December 10, 11, 14–17	Final examinations.
December 21	Grades due by 9 a.m. at Grade Information Office, 248 Schmitz.

# Autumn Quarter 1981 Examination Schedule

The last day of instruction is Wednesday, December 9.

HOUR lecture session actually meets during quarter	Hour and day on which examination occurs, by days of class meeting in the week.				
	Meeting four times a week, or daily	MWF; MT; MW; MF; WF; MWTh; MTh	TTh; T; Th; TThF; MTTh; TW; TF; TWTh	M; W; F; S Meeting once a week	Day of Examination
7:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Thursday December 17
8:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Monday December 14
9:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Tuesday December 15
10:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Friday December 11
11:30 a.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Tuesday December 15
12:30 p.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Wednesday December 16
1:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Friday December 11
2:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Monday December 14
3:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Wednesday December 16
4:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Thursday December 10
EVENING CLASSES (5:30 or thereafter)	8-10 p.m. Thursday December 17	8-10 p.m. Monday December 14	8-10 p.m. Tuesday December 15	8-10 p.m. Wednesday December 16	
Make-ups Incomplete Removals Conflicts	When mutually agreeable to faculty members and students concerned, provided scheduled <i>no later than Thursday, December 17.</i>				

Questions concerning the examination schedule should be directed to Room Assignments, 543-1080.

Final examinations should be administered in accordance with the above examination schedule.

The dean may permit an instructor to change the time of a final examination upon prior application demonstrating good cause for such change. In such cases, the following guidelines shall be observed:

1. With the dean's permission, the final examination may be postponed or moved to an earlier time within the examination period if agreed to by all students and the instructor. Before approving the rescheduling of a final examination, the dean shall obtain assurances that the change will not have an undue adverse impact on the students. The dean shall notify the Registrar of the approval granted for changing the date of a final examination.
2. An instructor shall not, except in very unusual circumstances, grant permission to individual students for an early examination. If the student is unable to take an examination on the scheduled date, the procedure outlined in the following paragraph should be followed.
3. A student absent from any examination, or other required class activity, either by permission of the dean or through sickness or other unavoidable cause, shall be given an opportunity to complete the required work, or its equivalent, at some other time. If the instructor determines this is not feasible during the current quarter, the instructor shall exempt the student from

the requirement or give the student a grade of Incomplete if his or her work in the course is otherwise satisfactory. The student may remove this Incomplete in the manner provided for the removal of Incomplete grades. In all other cases of absence from the scheduled final examination, a student should be given a grade of 0.0.

4. Classes that meet on the hour use the first full hour of instruction to determine the time of examination. For example, a class that meets at 10 a.m. uses the 10:30 a.m. examination time.
5. Classes that begin on the half hour and last longer than one hour use the actual starting time to determine the examination time. For example, a class that meets at 7:30 a.m. and continues until 9:00 a.m. would use the 7:30 p.m. time.
6. Classes in which the entire class meets at the same hour every day, in the same room, may use that room at 8:30 a.m. or 2:30 p.m. for a three-hour examination. All other examinations are limited to one hour and fifty minutes unless other arrangements are made with Room Assignments.
7. If an examination is held at a time other than the above schedule indicates, instructors must check with Room Assignments to make sure that the room is going to be available.

Questions concerning the examination schedule should be directed to Room Assignments, 543-1080.

# GUIDE TO COURSE LISTINGS

The information published in the *Time Schedule* is subject to change. The instructor for a particular course may be changed, or the instructor may use assistants in teaching the course. Additionally, courses listed in this publication may be canceled in the event of insufficient enrollment.

Course, term, and section information is listed in the following columnar order:

Entry card required symbol (>>>), if appropriate

Schedule line number

Department

Course number

Term designation—if *a* or *b* term

Section designation

Section type—laboratory, quiz, or conference

Credits—listed with lecture section only; slash (/) means *or*; 2.5 means 2½ credits; hyphen (-) means *to*; VAR means variable credit and any number of credits may be elected (however, frac-

tional credit registration—e.g. ½ credit—cannot be processed for variable credit courses where the credit may vary from student to student in a single quarter).

Honors (H), Permission Required (#), or New Course (%), as appropriate

Day(s) of meeting (ARR means "to be arranged")

Time of meeting

Place of meeting (\*\* means "to be arranged")

Course title and remarks—CR/NC ONLY means course offered for credit/no credit grading only

Name of instructor

## NEW COURSES FOR AUTUMN QUARTER 1981

The following list includes new courses that will be offered Autumn Quarter 1981, which were added to the University curriculum after publication of the 1980-82 General Catalog. Consult the appropriate academic department for information on courses not listed below.

### COLLEGE OF ARCHITECTURE AND URBAN PLANNING

#### ARCHITECTURE

##### ARCH 454 Gothic Art and Architecture (3)

Gothic art and architecture, with emphasis on major cathedrals of France and England, and accompanying castles, barns, and houses that comprised the Gothic townscape. Offered jointly with ART H 455. Prerequisite: 351 or equivalent.

### COLLEGE OF ARTS AND SCIENCES

#### AFRO-AMERICAN STUDIES

##### AFRAM 320 Black Women in Drama (3)

Character types of Black women as represented in plays by Black women. Some Black male playwrights are juxtaposed with Black female writers for comparative analysis. Playwrights discussed include: Georgia Douglas Johnson, Angelina Grimke, Alice Childress, Lorraine Hansberry, Ira Aldridge, LeRoi Jones. Prerequisites: 200, 280 or permission of instructor.

##### AFRAM 330 The Social Psychology of the Black Community (5)

Internal dynamics of the African American community in the American social order. Topics include: socio-cultural factors influencing the psychological development of African Americans; social origins, institutional formation and impact of white racism; social stratification in, and the political economy of, the African American community; structural and psychological characteristics of domination; and social determinants for social transformations.

#### AMERICAN INDIAN STUDIES

##### AIS 102 Survey of American Indian Studies (5)

Origins, history, cultures, and contemporary life of American Indians; special focus on Northwest Coast; taught by interdepartmental team.

#### ANTHROPOLOGY

##### Archaeology

##### ARCHY 601 Internship (3-9, max. 9)

Offered on a credit/no credit basis only.

#### ART

##### ART 515 Photography (3-15, max. 60)

##### ART 540 Textile Design (3-15, max. 60)

##### ART 547 Industrial Design (3-15, max. 60)

##### ART 558 Metal Design (3-15, max. 60)

##### ART 580 Graphic Design (3-15, max. 60)

#### Art History

##### ART H 317 Chadō: Japanese Esthetics (4)

History, theory, and practice of chadō, or "Way of Tea," a Zen inspired art that has had notable effects on Japanese society. Lectures on esthetics and cultural history supplemented by participation in chadō, with the goal of developing sufficient understanding and skill to continue chadō as a discipline.

##### ART H 382 Theory and Practice of Art Criticism (3)

Focuses on major issues in art and architectural criticism: nature of art criticism, aims of the critic, differences between art and architectural criticism. Works by major critics and artists, mostly twentieth century.

##### ART H 414 Early Chinese Painting: Neolithic Period to Five Dynasties (3)

Emergence and development of Chinese painting, its styles, aesthetic theories, and cultural content, from earliest times through the tenth century A.D.

##### ART H 455 Gothic Art and Architecture (3)

Gothic art and architecture, with emphasis on major cathedrals of France and England, and accompanying castles, barns, and houses that comprised the Gothic townscape. Offered jointly with ARCH 454. Prerequisite: ARCH 351 or equivalent.

#### ASIAN LANGUAGES AND LITERATURE

##### Chinese

##### CHIN 554 Readings in Chinese Prose (5)

Selected readings in the fu of the Han, Wei, Jin, and North-South Dynasties period. Recommended: 551, 552. (Offered alternate years.)

##### CHIN 564 History of Chinese Literature (5)

Methods and materials in Chinese literary history: earliest times to Tang. Recommended: 551, 552.

##### Turkic

##### TKIC 363 Oral Literature of the Turkic Peoples of Central Asia I: The Heroic Epos (3)

Representative heroic poems of Central Asian Turkic peoples now living in the USSR. Origin of the heroic epos, its relation to the romantic epos and other oral literary genres. Art of the singer and his role in nomadic Turkic society. Emphasis on Manas, the monumental epos of the Kirghiz.

#### ATMOSPHERIC SCIENCES

##### ATM S 544 Numerical Modeling and Prediction (3)

Numerical methods of initial value and boundary value problems in atmospheric and fluid dynamics. Numerical weather prediction models. Objective analysis and initialization of forecast models. Prerequisite: 542 or permission of instructor.

#### BIOLOGY

##### BIOL 110 Elementary Biology for Health Professions (2)

Elementary biomedical concepts for EOP students only. Offered on a credit/no credit basis only. Prerequisite: permission of instructor.

## BIOLOGY (continued)

### BIOL 113 Biology Tutorial (1-3, max. 6)

Independent study. Topics related to material taken in 110, 111, and 112. For EOP students only. Offered on a credit/no credit basis only. Prerequisite: permission of instructor.

### BIOL 581 Biology of Drosophila Seminar (1, max. 12)

Weekly presentation by participants of classical literature, current literature, and research in the molecular biology, developmental biology, neurobiology, and genetics of *Drosophila*. Prerequisite: permission of instructor.

## CHEMISTRY

### CHEM 530 Advanced Organic Chemistry (3)

Structure, mechanism, acidity and basicity, stereochemistry, kinetics and equilibria, reactive intermediates, and catalysts. Prerequisite: 337.

## COMMUNICATIONS

### CMU 304 The Press and Politics in the United States (3)

Journalist's role in elections and public policy. Relationship between news coverage and political campaigns. Study and analysis of local political newswriting, reporting, and response by local state and political figures. Extensive off-campus experience included. Offered jointly with POL S 304.

### CMU 515 Seminar in Communication Historiography (3)

Significant descriptive and theoretical literature in American mass communication historiography.

### CMU 586 Telecommunications Structure and Policies (3)

Structures and policies governing the functioning of communication technologies and data flow: U.S. and international perspectives. Interdisciplinary approach.

## COMPARATIVE LITERATURE

### C LIT 495 Honors Thesis (4)

Preparation of an Honors thesis under the direction and supervision of a faculty member. Prerequisites: 493 and permission of Honors adviser.

## DRAMA

### DRAMA 430 Improvisation Performance Practicum (3)

Developing performance through improvisation in small ensembles. Creation of short plays for performance in local schools, emphasizing story theatre, participation-play formats, and the demands of child audiences. Improvement of improvisation skills. Prerequisites: 253 or equivalent and audition.

### DRAMA 514 Design and Technical Theatre Colloquium (1, max. 9)

Discussion of work in progress or completed in production, centering on the conceptual work of the designer-director on the production and the methods of execution in the shops and on stage. Prerequisite: graduate standing in drama.

## ECONOMICS

### ECON 481 Introduction to Mathematical Statistics (5)

Probability, continuous and discrete distributions, approximation to sampling distributions, generating functions, the  $\delta$ -method, Jacobians, Bayes theorem; maximum likelihood, Newman-Pearson lemma, efficiency, decision theory; regression correlation, bivariate normal distribution theory. Primarily intended for business, economics, and related majors. Offered jointly with STAT 411. Prerequisites: 281 or STAT 311 or equivalent; and MATH 124, 125, 126.

### ECON 601 Internship (3-9, max. 9)

## ENGLISH

### ENGL 200 Reading Literature (5)

Techniques and practice in reading and enjoying literature. Examines some of the best works in English and American literature and considers such features of literary meaning as imagery, characterization, narration, and patterning in sound and sense. Emphasis on literature as a source of pleasure and knowledge about human experience.

### ENGL 201 Writers and Their Works (5)

Introduction to literature from the writer's point of view: a study of selected writers, why they wrote, how they wrote, what relation their literary output has to the lives they actually led, and the various general conditions under which they led them. Most offerings will include at least three writers.

### ENGL 328 The Rise of American Fiction (5)

A literary form in which America has found distinctively American expression. Selected readings among important novelists from the beginnings until 1900, including Cooper, Hawthorne, Melville, Twain, Chopin, James and Wharton.

### ENGL 331 English Literature: The Romantic Age (5)

An age unified by great events and hopes, diverse in responses to them. Influenced by intellectual ferment and the French Revolution, some of its writers rejected old forms and proposed ambitious projects for man and for poetry. Others cultivated old forms under new conditions or laughed at the excesses of their contemporaries. Among its major poets and prose writers were Burke and Blake, Mary Shelley and Jane Austen, Wordsworth and Byron, Lamb and Carlyle.

### ENGL 340 The Modern Novel (5)

The novel on both sides of the Atlantic in the first half of the twentieth century. Includes such writers as Joyce, Woolf, Lawrence, Stein, Hemingway, Faulkner, and others.

### ENGL 341 Modern Poetry (5)

Poetry in the modernist mode including such poets as Yeats, Eliot, Pound, Auden, Moore.

### ENGL 359 Contemporary Novel (5)

Recent efforts to change the shape and direction of the novel by such writers as Murdoch, Barth, Hawkes, Fowles, and Atwood.

### ENGL 367 Studies in Short Fiction (5)

The American and English short story, with attention to the influence of writers of other cultures. Aspects of the short story which distinguish it, in style and purpose, from longer fiction.

### ENGL 370 Fantasy (5)

Non-naturalistic literature, selected folktales, fairytales, fables, nonsense, ghost stories, horror stories, science fiction, and/or utopian literature--the supernatural and surreal, the grotesque, the fantastical. Readings and emphasis will vary.

### ENGL 373 Pacific Northwest Literature (5)

Concentrates in alternate years on either prose or poetry of the Pacific Northwest. Prose works examine early exploration, conflicts of native and settlement cultures, various social and economic conflicts. Northwest poetry includes consideration of its sources, formative influences, and emergence into national prominence.

## ENGLISH (continued)

### ENGL 382 The Novel (5, max. 10)

Readings may be English or American and drawn from different periods or may concentrate on different types--gothic, experimental, novel of consciousness, realistic novel. Special attention to the novel as a distinct literary form. Specific topic varies from quarter to quarter.

### ENGL 499 Honors Seminar (5, max. 10)

Seminar study of themes and topics offering special approaches to literature. Required of, and limited to, honors students.

## GEOGRAPHY

### GEOG 471 Methods of Resource Analysis (5)

Economic and non-economic criteria for resource analysis. Theory and methods of linear models of natural resource analysis. Specific topics include: materials-balance modeling, residuals management, constrained system optimization approaches to water quality analysis, land use patterns and interregional energy use, and multiple objective planning techniques applied to natural resource problems. Prerequisite: 370 or permission of instructor.

### GEOG 497 Tutorial in Geography (2, max. 6)

Intensive directed study and tutoring. Literature reviews, formulations of project outlines and research designs, orientation in contemporary geographic thought and trends. Directed writing. Required for honors students. Prerequisites: advanced status; open to seniors, juniors by permission of undergraduate adviser.

## GEOPHYSICS

### GPHYS 452 Physical Sedimentology (4)

Introduction to theoretical and experimental techniques used in studying erosion, transportation, and deposition of sediment. Analysis of sediment samples, initial motion of sediments, bed-load motion, suspension of sediment by turbulent flows, mass movement of sediments, and applications of sediment transport theory to problems of geological interest. Offered jointly with GEOL 452 and OCEAN 452. Prerequisite: 402 or permission of instructor.

## HISTORY

### HST 250 The Jews in Western Civilization (5)

Jewish historical experience in the Mediterranean and European worlds from Ancient Greece to modern-day Israel. Examines the condition of Jewish life in the larger societies of which the Jews have always formed a part. Emphasis on the areas of contact between the Jewish and the Gentile worlds.

### HST 254 The Role of the Low Countries in the Creation of Modern Europe (3)

Culture of medieval Flanders; Reformation and overthrow of Spanish rule; Golden Age of Dutch culture and power. Recommended: 112. (Offered Autumn 1981 only.)

## HONORS - ARTS AND SCIENCES

### H A&S 210 Humanities for Honors Students I (4)

Study of the evolution of an art form, or an idea, or a discipline central to the humanities. Content varies from year to year. For college honors students only. (Last quarter offered: Autumn 1982)

### H A&S 220 Science for Honors Students I (4)

Study of the evolution of an idea or concept central to the natural sciences. Intended for non-science majors. Content varies from year to year. For college honors students only. (Last quarter offered: Autumn 1982)

### H A&S 230 Social Science for Honors Students I (4)

Study of the development of an idea or concept or institution central to the social sciences. Content varies from year to year. For college honors students only. (Last quarter offered: Autumn 1982)

## INTERNATIONAL STUDIES

### SIS 201 Introduction to International Political Economy (5)

International political economy through the examination of major facets of the post-World War II era. Analyzes the new post-war economic order and its crises in the 1970s and 1980s, North-South relations, the post-war political order and its East-West rivalry.

### SIS 202 Cultural Encounters and Tensions (5)

Cultural changes that underlay the development in Europe of the modern global system. Effects of the encounter between this system and other cultures as the global system expanded politically and economically beyond Europe.

### East European Studies

### SISRE 220 Introduction to East European Studies (5)

Geographic setting, ethnic composition, religions, cultural patterns, economic problems, social and political institutions of Eastern Europe in the past and present.

### SISRE 375 Turkic Peoples of the Soviet Union (3)

History of the Turkic peoples, 552 A.D. to present; emphasis on current status of Turkic peoples in USSR. Geographical distribution, demographic data, reactions and adaptations to changes resulting from the 1917 revolution. Turkic viewpoint on past and present developments.

## MATHEMATICS

### MATH 156 Applications of Algebra to Business and Economics (5)

Use of graphs and algebraic functions as found in business and economics. Algebraic and graphical manipulations to solve problems. Exponential and logarithm functions; various applications to growth of money. Not open for credit to students who have taken 105. Prerequisites: one and a half years of high school algebra and qualifying test.

## MUSIC

### Dance

### DANCE 454 Laban Movement Analysis (3)

Includes in-depth work in combinations of effort qualities (states and drives), space harmony, and phrasing of effort, shape, space, and body. Prerequisites: 254 and permission of instructor.

### DANCE 490 Special Studies in Dance (1-3, max. 10)

Special studies designed to address contemporary and historical concerns in the field of dance. Prerequisite: permission of instructor.

### Music

### MUSIC 424 Music Since 1945 (3)

Diversity of the contemporary musical scene. Vocabularies appropriate for the description and understanding of the new music developed through study of representative composers and works, and appropriate readings. Prerequisite: 314.

### MUSIC 446 Advanced Studio Jazz Ensemble (2, max. 24)

Preparation and performance of material appropriate to large jazz ensemble concerts, clinics, radio and television broadcasts. Prerequisite: permission of instructor. Three quarters of 208 desirable.

## MUSIC (continued)

### MUSIC 473 Keyboard Harmony and Improvisation (3)

Study and practice of harmonic progressions from the Baroque period through the twentieth century, clef reading in two or more parts, and melodic harmonization. Prerequisite: 321 or permission of instructor.

### MUSIC 476 Advanced Vocal Repertoire: Seventeenth and Eighteenth Centuries (3)

Professional preparation of pre-nineteenth century songs with a view to total artistic-musical realization in performance. Appropriate style, character, balance, phrasing, diction, and projection for vocalists and pianists. Prerequisites: 326, 327, 328 or permission of instructor.

#### Applied Music

### MUSAP 136, 137, 138 Basic Keyboard (2,2,2)

Keyboard harmony and simple keyboard pieces. Class/private instruction. Prerequisite: student must know how to read notes (treble and bass clefs) for 136; 136 for 137; 137 for 138.

### MUSAP 236, 237, 238 Secondary Piano (2,2,2)

Keyboard harmony, harmonization of melodies; lower-intermediate keyboard pieces. Class/private instruction. Prerequisite: 138 for 236; 236 for 237; 237 for 238.

### MUSAP 239 Secondary Piano (2)

Intermediate-level keyboard repertory. Private instruction. Prerequisite: 238.

## OCEANOGRAPHY

### OCEAN 522 Radiochemical Tracers and Ocean Mixing (3)

Distribution of natural and bomb produced radioactive tracers in the ocean. Application of models used to derive information concerning time scales of (1) gas transfer at the water atmosphere interface; (2) whole ocean, thermocline, and deep ocean water circulation; and (3) particulate settling in the marine environment. Knowledge of elementary differential equations suggested. Prerequisites: 401, 402, 421.

## POLITICAL SCIENCE

### POL S 304 The Press and Politics in the United States (3)

Journalist's role in elections and public policy. Relationship between news coverage and political campaigns. Study and analysis of local political newswriting, reporting, and response by local and state political figures. Extensive off-campus experience included. Offered jointly with CMU 304.

### POL S 354 Elections and Voting in the United States (5)

Electoral institutions and processes of the United States: the idea and practice of elections, the electoral system, individual voting behavior, collective voting behavior, and the impact of elections on policy. Recommended: 101 or 102.

### POL S 498 Washington Center for Learning Alternatives Internship (15)

Full-time academic internship with the Washington Center for Learning Alternatives in Washington, D.C. Includes internship activities, academic seminar, assemblies and related activities. Prerequisite: junior standing or above, one year at U.W. and POL S 202; application, acceptance to program, and permission of undergraduate adviser.

### POL S 501 Survey of American Government (3)

Conceptual perspectives toward American Government. Alternative ways of considering policy issues. Focuses on such models as legal--constitutional, pluralistic competition, political economy, public interest, and conflict resolution. For graduate students outside Political Science.

## POLITICAL SCIENCE (continued)

### POL S 551 American Politics II (5)

Core course in American government and politics. A systematic survey of the literature. Focuses on subnational politics. Prerequisites: undergraduate courses in American government and politics.

### POL S 591 Philosophy of Political Research (3)

Philosophic issues in empirical research in political science, such as, the logic of inquiry, the role of theory, problems of concept formation, the notion of causality, and the utility and limitations of quantification. Prerequisite: 490 or equivalent and graduate standing.

## ROMANCE LANGUAGES AND LITERATURE

### Spanish

### SPAN 104 Spanish Grammar Intensive (5)

Thorough review of the basics of Spanish grammar. Intended only for persons who already have some knowledge of Spanish. Not open to students who have taken 102 or 103. Prerequisite: one year pre-university Spanish, or 101, or instructor's permission.

## SCANDINAVIAN LANGUAGES AND LITERATURE

### Norwegian

### NORW 201 Second-year Norwegian (5)

Intensive practice in speaking, reading, and writing. Functional review of grammar. Prerequisite: 101, 102, 103.

### Swedish

### SWED 201 Second-year Swedish (5)

Intensive practice in speaking, reading, and writing. Functional review of grammar. Prerequisites: 101, 102, 103.

### Scandinavian

### SCAND 312 Masterpieces of Scandinavian Literature (3)

Major works of Scandinavian literature read in English translation: Ibsen, Strindberg, Kierkegaard, Dinesen, Hamsun, Undset, Laxness, Lagerlof, and Lagerkvist.

## SOCIOLOGY

### SOC 492 Sociology Senior Seminar (5)

Selected topics of contemporary interest, explored through a discussion group led by a sociologist active in the particular field. Prerequisite: major standing or permission of the instructor.

## SPEECH COMMUNICATION

### SPCH 301 Interviewing (5)

Interviewing principles and practices with emphasis on information gathering and persuasive interviews. Surveys purposes and types of interviews, the structure of interviews, and the influence of communication patterns on interview outcomes.

### SPCH 484 Cultural Codes in Communication (5)

Social and cultural codes in interpersonal communication, with special reference to contemporary American subcultural groups and their communication patterns in sociolinguistics and ethnology.

### SPCH 588 Small Group Communication (5)

Major small group theories relevant to communicative behavior. Descriptive and experimental research findings in current speech communication literature. Prerequisite: 473.

## SPEECH AND HEARING SCIENCES

### SPHSC 601 Internship (3-9, max. 9)

Prerequisite: 150 hours of supervised practicum.

## STATISTICS

### STAT 301 Basic Statistics with Applications (5)

Structure of data sets, description and summary of these by histograms, means, standard deviations; summary of bivariate data; objectives and pitfalls of statistical studies; elements of probability theory, and its application to various statistical tests; objectives of hypothesis testing, application to data sets, and interpretation; analysis of linear regression models; practice in use of statistical methods in concrete problems. Mainly for upper division and graduate students. Prerequisite: one and one-half years of high school algebra.

### STAT 390 Probability and Statistics in Engineering and Science (4)

Random variables, distribution and density functions, conditional probability and independence. Expectations and variance, Law of Large Numbers and Central Limit Theorem. Univariate and multivariate normal distributions. Transformations and propagation of errors. Maximum likelihood estimation and the method of moments. Descriptive statistics and exploratory data analysis. Regression and analysis of variance. Use of interactive computing methods throughout. Offered jointly with MATH 390. Prerequisites: MATH 327 or 238, and MATH 302 or 205.

### STAT 411 Introduction to Mathematical Statistics (5)

Probability, continuous and discrete distributions, approximation to sampling distributions, generating functions, the  $\delta$ -method, Jacobians, Bayes theorem; maximum likelihood, Newman-Pearson lemma, efficiency, decision theory; regression correlation, bivariate normal distribution theory. Primarily intended for business, economics, and related majors. Offered jointly with ECON 481. Prerequisites: 311 or ECON 281 or equivalent; and MATH 124, 125, 126.

### STAT 421 Statistics for Experimenters (3)

Probability; normal, chi-square, t and F distributions and practice with central limit theorem. Comparing two treatments: t-tests, paired t-tests, randomization t-tests, contingency tables, and binomial and Poisson situations. Analysis of variance: one way, two way, additivity and interactions, two-cubed designs. Model building; general linear model, Anova, regression, response surface methods, non-linear models, components of variance and time series. Prerequisite: 311 or 342 or 472.

### STAT 498 Special Topics (2-5, max. 15)

Reading and lecture course intended for special needs of students. (Offered when demand is sufficient.) Prerequisite: permission of instructor.

### STAT 499 Undergraduate Research (2-5, max. 15)

Prerequisite: permission of instructor.

### STAT 520 Spectral Analysis of Time Series (3)

Estimation of spectral densities for single and multiple time series. Basic theory for nonparametric estimation of spectral density, cross-spectral density, and coherence for stationary time series, real and complex spectrum techniques. Bispectrum. Digital filtering techniques. Aliasing, prewhitening. Choice of lag windows and data windows. Use of the fast Fourier transform in spectral estimation and computation of correlation functions. The parametric autoregressive spectral density estimate for single and multiple stationary time series. Spectral analysis of nonstationary random processes, and for randomly sampled processes. Techniques of robust spectral analysis. Offered jointly with E E 520. Prerequisite: 390 or equivalent.

### STAT 570 Introduction to Linear Models (3)

Review of linear algebra and matrix manipulations. Statistical distribution theory for quadratic forms of normal variables. Fitting of general linear model by least squares. Computer data analysis for classical experimental designs. Offered jointly with BIOST 570. Prerequisites: 473 or 513 and BIOST 513. (Offered Autumn Quarter 1981 only.)

## WOMEN STUDIES

### WOMEN 416 Sexist Language and Education (3)

How language reflects or determines sexist attitudes, particularly in current educational institutions. Includes male and female language use, systematic lexical syntactic distinctions based on sex, derogatory references to women, influences of classroom language on sex roles, and effects of language of sex differences on learning. Prerequisite: 200; or 15 hours in Education or Women Studies.

## SCHOOL OF BUSINESS ADMINISTRATION

### ACCOUNTING

#### ACCTG 550 Communications in Professional Accounting (4)

Introduction to communications forms and practices of professional accountants and accounting managers. Development of effective written and oral skills employed in accounting presentations, such as audit reports and consultants reports. Study of results of organizational communications research applicable to accounting firms and/or units within firms. Prerequisite: undergraduate accounting concentration or permission of instructor.

#### ACCTG 551 Management Information Systems (4)

Develops the professional accountant's responsibilities in designing and operating management information systems with an emphasis on accounting systems. Includes study of data organization and management, effects on accounting functions, responsibilities for controls and security, and the planning and acquisition of system resources. Prerequisites: 430, QMETH 404, QMETH 504, or equivalent.

#### ACCTG 552 Conceptual Framework for Financial Accounting (4)

Basic premises relative to a conceptual framework for financial accounting are examined. Historical and current research efforts are reviewed. Roles of economics, government, society, and politics in concepts- and standards-setting are studied. Recent FASB, SEC, and AICPA efforts are emphasized. Prerequisites: undergraduate accounting concentration or equivalent.

#### ACCTG 555 Statistical Methods in Professional Auditing (4)

Comparative analysis of the methods of statistical inference used in auditing and incorporation of these methods in the auditor's decision processes. Prerequisite: undergraduate accounting concentration or equivalent.

### INTERNATIONAL BUSINESS

#### I BUS 440 Business in Japan (4)

Prepares the student to face the problems of doing business in the Japanese market. The causes of economic growth in the post-war period are discussed, and Japanese business practices and institutions are examined. Japanese and U.S. marketing and investment strategies are discussed and evaluated. Available for graduates as a part of an International Business concentration. Prerequisite: 300 or 550 or permission of instructor.

### MANAGEMENT AND ORGANIZATION

#### Business Policy

#### B POL 570 Strategic Planning Systems (3)

Focuses on formal institutional procedures for involving the entire organization in strategic planning, and on quantitative methods for doing such planning. These are applied to analyzing strategy and firm performance, predicting long-range industry and national environments, formulating corporate-level and business-level strategies, and integrating planning models into the planning process. Prerequisites: ACCTG 500 and 501, A ORG 550, FIN 502, MKTG 500 OPMTG 500 or permission of graduate program office.

## SCHOOL OF DENTISTRY

### DENTISTRY

#### DENT 651P P-Anesthesia Rotation (6)

One and one-half month rotation in anesthesia at one of three local hospitals. Opportunity to give most forms of inhalation and regional anesthesia. Objectives are not only administration of anesthesia but to make the student more proficient in management of emergency situations and airway problems, to give familiarity with pharmacology of anesthetic drugs, and to increase efficiency with venipuncture. Offered on a credit/no credit basis only. Prerequisite: permission of instructor.

#### DENT 652P P-Clinical Medicine Clerkship (4)

One month clinical rotation in clinical medicine at a local hospital. Objective is to increase the student's ability in physical evaluation of patients as well as give in-depth knowledge of hospital procedures and commonly prescribed medications. Offered on a credit/no credit basis only. Prerequisite: permission of instructor.

### ORAL MEDICINE

#### ORALM 402 X-Ray Techniques and Interpretation (3)

Biophysical, clinical, and interpretative aspects of dental x-ray procedures, with practical application in the completion of acceptable full-mouth surveys on patients.

#### ORALM 650P P-Oral Medicine Clinical Elective (\*, max. 12)

Opportunities for students to work in various clinical activities at local hospitals or other sites outside the school. Offered on a credit/no credit basis only. Prerequisite: permission of instructor.

### ORAL SURGERY

#### O S 630P P-Oral Surgery Clinic (1-, max. 3)

Clinical applications of O S 530P.

#### O S 651P P-Harborview Clerkship (12)

Six-week rotation at Harborview Medical Center, Seattle, including intensive instruction in oral surgery procedures, and observing and assisting oral and maxillofacial surgery in the operating room. Offered on a credit/no credit basis only. Prerequisite: permission of departmental chairperson.

#### O S 652P P-Smith Hospital, Texas Rotation (16)

Eight-week rotation at John Peter Smith Hospital in Fort Worth, including intensive instruction in oral surgery procedures, and observing and assisting oral and maxillofacial surgery in the operating room. Offered on a credit/no credit basis only. Prerequisite: permission of departmental chairperson.

### PROSTHODONTICS

#### PROS 650P P-Extramurals in Prosthodontics (\*, max. 12)

Elective clinical experiences including Foss Nursing Home or clinical practice teaching. Offered on a credit/no credit basis only. Prerequisite: permission of instructor.

## COLLEGE OF EDUCATION

### EDUCATIONAL ADMINISTRATION

#### EDADM 519 Laboratory in Educational Administration (1-3, max. 3)

This course consists of a series of extended class sessions in which students are engaged in skill building in relation

to concepts taught in the regular courses. Skill building activities selected for use in the laboratory sessions parallel the tasks facing building level and central office administrators in the public and private schools.

#### EDADM 601 Internship (3-9, max. 9)

Offered on credit/no credit basis only.

### EDUCATIONAL CURRICULUM AND INSTRUCTION

#### EDC&I 568 Seminar on Instruction and Curriculum for Minority Youth (3)

Examines research related to curriculum and instruction for minority youth for purpose of preparing teachers, administrators, and other educators working with students who differ from mainstream students along such dimensions as value and motivational systems, learning styles, and socialization practices. Prerequisite: EDPSY 513, 591, or permission of instructor.

#### EDC&I 601 Internship (3-9, max. 9)

Offered on credit/no credit basis only. Prerequisite: graduate standing and permission based on approval of proposal submitted during the quarter preceding the internship.

### EDUCATIONAL POLICY STUDIES

#### EDEPS 601 Internship (3-9, max. 9)

Prerequisites: permission of supervisory committee chairperson and area chairperson.

### HIGHER EDUCATION

#### EDHED 529 Resource Allocation in Higher Education (3)

After attention to the basic tools of economic analysis, focus is on application of those tools to specific topics in higher education, e.g., access, budgeting, financial and policies, and funding alternatives.

#### EDHED 601 Internship (3-9, max. 9)

Offered on credit/no credit basis only. Prerequisite: graduate standing and permission received at least one month prior to the beginning of the quarter in which the internship is taken.

### SPECIAL EDUCATION

#### EDSPE 601 Internship (3-9, max. 9)

Prerequisite: graduate status, permission based on pre-arrangement of internship placement and approval by adviser.

## COLLEGE OF ENGINEERING

#### ENGR 401 Methods in Applied Mathematics (4)

Acquisition of technique and experience in application of areas of mathematics encountered in science and engineering; illustrated by case studies from many fields. Applications of ordinary or differential equations; phase plane, stability, linear algebra--matrices, systems of differential equations; power series solutions, special functions. Offered jointly with AMATH 401. Prerequisite: MATH 205 and MATH 238 or AMATH 341 or permission of instructor.

### ELECTRICAL ENGINEERING

#### E E 559 Special Topics in Electrical Energy Systems (1-5)

Topics of current interest in electrical power and energy devices and systems. Content varies from year to year, based on current professional interests of faculty member in charge. May be repeated for credit by permission. Prerequisite: permission of instructor.

## COLLEGE OF FISHERIES

### FISHERIES

#### FISH 408 Physiological Ecology of Shellfish (3)

The relationship between the principle physical-chemical factors of aquatic habitats and physiological adaptations of invertebrates, primarily mollusca and crustacea, are considered. The ability to tolerate extremes in unstable environments and the synergistic impact of adverse conditions at the molecular and trophic levels are examined as contributory causes to poor recruitment, reduced productivity, shifts in energy allocations, use of marginal habitats. Prerequisites: 352 and CHEM 102 or equivalents, or permission of instructor.

## INTERDISCIPLINARY GRADUATE DEGREE PROGRAMS

### APPLIED MATHEMATICS

#### AMATH 341 Quantitative Methods in Oceanography I (3)

Application of mathematical techniques and basic principles of physics, chemistry, geology, and biology to major oceanographic problem areas. Mathematical models of biological growth, processes in marine chemistry, wave phenomena. Offered jointly with OCEAN 341. Prerequisites: one year of physics and MATH 126.

### DOCTOR OF ARTS

#### D ART 800 Doctoral Dissertation (\*)

### RADIOLOGICAL SCIENCES

#### RAD 508 Physical Aspects of Medical Imaging (2)

Quantitative physical principles of medical imaging are presented for electromagnetic and sonic radiation. X-ray imaging; sources, image formation, and information extraction, for CT as well as conventional systems; theory of ultrasound and resonance imaging. Offered jointly with RADGY 508. Prerequisites: 505, 506.

## INTERSCHOOL OR INTERCOLLEGE PROGRAMS

### BIOENGINEERING

#### BIOEN 510 Bioengineering Seminars (1)

Topics of current bioengineering interests are presented by faculty, visitors, and students. Graduate students actively involved in bioengineering research are eligible to enroll for credit and are expected to attend regularly, participate in discussions, and make presentations. Offered on a credit/no credit basis only. (Last quarter offered: Summer 1984.)

#### BIOEN 550 Mass Transport and Exchange in Biological Systems (3)

First part is a review of basic mechanisms of transport. Second half utilizes knowledge of these processes to provide an understanding of transport through an integrated system in an individual organ. Examples of applications to medical diagnosis and physiological research summarize the course. Prerequisites: calculus and an introduction to differential equations; cardiovascular physiology; E E network analysis or systems analysis; chemical engineering transport. (Offered Autumn 1981 only.)

### SOCIAL MANAGEMENT OF TECHNOLOGY

#### SMT 420 Introduction to Energy Technologies (3)

Introduction to technical characteristics of energy technologies. Examination of physical laws and engineering con-

cepts associated with production, conversion, distribution, and utilization of energy. Development of quantitative skills needed for basic understanding of potential and limitations of energy technologies. Included are electric power systems, solar and alternative devices; automotive, building and industrial energy systems; energy storage concepts. For students with non-engineering and non-science backgrounds. Prerequisite: senior standing.

### UNIVERSITY CONJOINT COURSES

#### UCONJ 100 Introduction to Health Professions (1)

Informs students interested in health careers about opportunities in health professions. Roles of members of the health care team are presented by personnel representing their respective professional groups. Lectures, discussions, and patient case presentations are used to help students appreciate the multiple opportunities available and the respective professions' contributions.

## SCHOOL OF MEDICINE

### BIOCHEMISTRY

#### BIOC 587 Molecular Aspects of Differentiation (1)

Weekly conferences on laboratory research in microbial development and/or molecular aspects of differentiation. Offered on a credit/no credit basis only. Prerequisite: permission of instructor.

### MEDICAL PRACTICE

#### MED P 601P Visiting Medical Student Clerkship (\*, max. 24)

The School of Medicine accepts a limited number of students from other medical schools for individually designed clinical clerkships at the University of Washington. (Students are accepted only for clerkship sites available after all UW students are accommodated.) Prerequisites: completion of all preclinical work at the parent institution and certification from the Dean of that institution.

### PHARMACOLOGY

#### PHCOL 519 Introduction to Laboratory Research in Pharmacology (4)

Students become familiar with and assist in the performance of research on ongoing projects in designated laboratories. Emphasis on currently employed methodology and techniques. For first-year graduate students in Pharmacology to provide a basis for future independent research.

### PSYCHIATRY AND BEHAVIORAL SCIENCES

#### PBSCI 685P Geriatric Psychiatry Clerkship (4, max. 12)

A two, four, or six week elective. Students will participate in the evaluation and care of older persons with psychopathology, such as intellectual impairment and depression, in a variety of settings, including UH, HMC, and the Seattle VA. Emphasis on improving clinical skills regarding diagnosis and treatment of common behavioral problems in the elderly. Prerequisite: 664, 665, or 666.

### RADIATION ONCOLOGY

#### R ONC 695P Clinical Cancer Management (\*, max. 8)

Supervised participation in clinical management of the patient with cancer. Includes clinical evaluation, planning of treatment and follow-up examination of patients. Daily teaching conferences. Prerequisite: MED 665P or permission of instructor. (2 and/or 4 weeks.)

## RADIOLOGY

### RADGY 508 Physical Aspects of Medical Imaging (2)

Quantitative physical principles of medical imaging are presented for electromagnetic and sonic radiation. X-ray imaging; sources, image formation, and information extraction, for CT as well as conventional systems; theory of ultrasound and resonance imaging. Offered jointly with RAD S 508. Prerequisites: RAD S 505, 506.

### RADGY 570P Physical Basis of Diagnostic Radiology (1)

Topics covered are: production of x-rays, spectra, design of x-ray systems, interactions of x-rays with matter, attenuation, filters, beam restrictors, grids, intensifying and fluoroscopic screens, x-ray film, film processing, the radiographic image, image intensifiers, cine and videotape systems, tomography, magnification radiography, exposures to patients and personnel, xerography, receiver operating characteristics, image enhancement, field emission radiography, ultrasound and computerized tomography. Offered on credit/no credit basis only. Prerequisite: resident physician standing, or permission of instructor.

## REHABILITATION MEDICINE

### REHAB 432 Woodworking for Occupational Therapists (3)

Hand-tool processes, elementary machine operations, safety practices, problem solving and planning, methods of assembling and fastening, simple wood finishing as prerequisite skills to the learning of occupational therapy treatment activity applications and analyses. Prerequisite: occupational therapy major.

## SCHOOL OF NURSING

### COMMUNITY HEALTH CARE SYSTEMS

#### CHCS 551 Theoretical Foundations of Primary Care I (3)

Presentation and interpretation of theoretical bases of family-focused primary care, mutual responsibility and participation, clinical decision-making, professional leadership, and research. Emphasis on independent and interdisciplinary actions of family nurse practitioners within primary health care arenas. Provides students with conceptual foundation upon which to base their development as family nurse practitioners. Prerequisites: Family Nurse Practitioner students to take 452 concurrently. Permission of instructor.

### PARENT AND CHILD NURSING

#### PCN 501 Pediatric Health Assessment and Promotion (5)

Gives students experience in obtaining a health history and performing a physical assessment of infants, children, and adolescents. Interviewing techniques, data base components, problem oriented medical record recording, and a systems approach to the physical exam are taught. Emphasis on screening principles, health promotion, and wellness care for children/families from birth through adolescence. Prerequisite: permission of instructor.

## SCHOOL OF PHARMACY

### MEDICINAL CHEMISTRY

#### MEDCH 350 Medicinal and Poisonous Plants (3)

Review of the history/ethnobotany, chemistry, and physiological activity of selected higher plants which are used medicinally or are poisonous. A perspective for the current popular use of herbal remedies is provided. (For majors and advanced-level nonmajors.) Prerequisite: BIOL 212 or equivalent.

## PHARMACEUTICS

### PCEUT 499 Undergraduate Research (\*, max. 6)

Research problems in biopharmaceutics and clinical pharmacokinetics. Prerequisites: cumulative grade point average of 2.5 and permission of instructor.

### PCEUT 501 Advanced Pharmacokinetics (4)

Study of the time course of drug absorption, distribution, excretion, metabolism, and effects in mammalian systems. Compartmental model and model-independent approaches are examined. Where possible drug disposition is studied in a physiologically realistic context taking nonlinear events into account. Aimed at development of innovative methods for data analysis and evaluation in biological systems, illustrated by experimental and clinical problems. Prerequisites: 405 and 406, or equivalent, introductory calculus.

### PCEUT 520 Seminar (1, max. 5)

Graduate students attend seminars and make one formal presentation per year while in residence: 1 credit per year is allowed. Offered on credit/no credit basis only.

### PCEUT 583 Topics in Pharmaceutics (1, max. 15)

Discussion of pertinent articles from current literature and recent laboratory results. Offered on credit/no credit basis only.

### PCEUT 600 Independent Study or Research (\*)

Offered on credit/no credit basis only.

### PCEUT 700 Master's Thesis (\*)

Offered on credit/no credit basis only.

### PCEUT 800 Doctoral Dissertation (\*)

Offered on credit/no credit basis only.

## PHARMACY PRACTICE

### PHARM 471 Externship in Institutional Practice (\*, max. 15)

Closely supervised study-experience periods in hospital or other institutional pharmacies. Ordinarily, students rotate through two periods of five weeks each, and they participate in active pharmacy practice under the supervision of a preceptor. Conferences on selected topics supplement the work experience. Offered on credit/no credit basis only. Prerequisite: permission of instructor.

### PHARM 583 Advanced Clinical Pharmacy and Therapeutics I (5)

A lecture-discussion format with extensive reading assignments for each topic. Disease states with current therapeutic approaches are the major emphasis. Infectious diseases, oncology and chemotherapy, and gastrointestinal diseases are covered. Prerequisite: graduate standing in Department of Pharmacy Practice.

## SCHOOL OF PUBLIC HEALTH AND COMMUNITY MEDICINE

### BIOSTATISTICS

#### BIOST 570 Introduction to Linear Models (3)

Review of linear algebra and matrix manipulations. Statistical distribution theory for quadratic forms of normal variables. Fitting the general linear model by least squares. Computer data analysis for classical experimental designs. Offered jointly with STAT 570. Prerequisites: 513 and STAT 473 or 513. (Offered Autumn 1981 only.)

## ENVIRONMENTAL HEALTH

### ENVH 550 Microscopy of Particulates (2)

A consideration of modern microscopical instrumentation and the techniques used to identify, describe and study the wide variety of particles, dusts, and fibers that occur in our societal and industrial environments. Sample preparation methods, theory and practical use of light microscopy, transmission electron microscopy, and scanning electron microscopy. Prerequisite: permission of instructor.

### ENVH 584 Occupational Health and Safety Legislation (2)

Occupational health and safety legislation in the United States and other nations, the social issues leading to passage of such legislation, effectiveness of the legislation, policy issues and proposed solutions. Offered on credit/no credit basis only.

## HEALTH SERVICES

### HSERV 593 Seminar in Health Administration Practice (1)

Presentations made by practicing professionals from the field of health services. Offers students an opportunity to interact with a wide range of individuals involved in administration, planning, regulation, policy formulation, and clinical practice. Offered on a credit/no credit basis only. Prerequisite: graduate standing in Health Services Administration and Planning, or permission of instructor.

## PATHOBIOLOGY

### PABIO 583 Seminars on Frontier Membrane Research (1, max. 4)

Research seminars on structure and function of cell surface membranes are presented for postdoctoral fellows and graduate students. A detailed discussion on experimental design based on current topics of cell surfaces structure and function will be made among researchers in the Dept. of Pathobiology, and Division of Biochemical Oncology, Fred Hutchinson Cancer Research Center. This course can be regarded as advanced stage supplement to the membrane course 525.

# INDEPENDENT STUDY THROUGH CORRESPONDENCE

The Office of Independent Study provides University courses for extension credit primarily by correspondence instruction to persons who wish individual instruction. Fees for Independent Study courses are separate from residence tuition and are \$23 per credit. Enrollment is not based on the quarter system but is continuous throughout the year, with one calendar year allowed to complete a course.

A regularly enrolled student who wishes to register for additional courses for Independent Study credit should consult his or her departmental adviser prior to enrolling in an Independent Study course. Applications and additional information on enrollment procedures may be obtained from the Independent Study office, 222 Lewis, or by telephoning 543-2350.

The following courses are currently offered by Independent Study (credits in parenthesis; \* indicates variable credit, to be arranged by student and instructor).

# COURSES REQUIRING PERMISSION (OTHER THAN ENTRY CARDS)

## AUTUMN QUARTER 1981

In order to register for the following courses, the student must obtain permission from the person or office listed. Some departments, schools, or colleges have general permission requirements applicable to many courses. These requirements are also listed.

Note: A slash (/) between names indicates that either party may grant permission.

### Abbreviations:

- DEPT                   Permission required from a *member of the staff* of the department offering the course
- DEPT ADV             Permission required from an *adviser* in the department offering the course
- INSTR                 Permission required from the *instructor* of the course
- ASHP                 Permission required from the *Arts and Sciences Honors Program* office
- HONORS ADV          Permission required from the *Honors Program adviser* in the department offering the course
