GENERAL INFORMATION

It is the University's expectation that a student will follow University rules and regulations as they are stated in the *General Catalog*. In instances where no appeal procedure is spelled out and the student is persuaded that a special set of circumstances makes appeal reasonable, he or she may appeal the application of specific rules or regulations to the office of the dean of the school or college in which he or she is enrolled in the case of an academic matter; or to the Office of Student Affairs in the case of a nonacademic matter. These offices will either render a decision on the appeal or refer the student to the proper office for a decision.

GUARANTEED REGISTRATION ELIGIBILITY

University of Washington students who remain in good scholastic standing are guaranteed the opportunity to register each quarter as long as they maintain continuous enrollment (Summer Quarter excepted). Continuation must be in the same classification, e.g., undergraduate, postbaccalaureate (fifth-year), graduate, etc. Once a student earns a baccalaureate degree, he or she must apply for readmission as a postbaccalaureate (fifth-year), nonmatriculated, or graduate student. Exceptions to the guarantee are: (1) students under disciplinary action, (2) students with a financial hold, or (3) students not meeting their departmental continuation policies.

If an undergraduate does not enroll for one or more quarters, or if a graduate student goes on-leave, he or she must file an application for readmission, including payment of \$25 application fee, with the Registrar's Office. Information on admission closing dates is available at Window 3, second floor, Schmitz Hall, or by calling 543-5920.

FULL-TIME STUDENT REQUIREMENT

To be considered a full-time student, an undergraduate must register for 12 credits and a graduate student must register for 9 credits. The full-time registration requirement varies for different agencies. Information on full-time requirements of the Veterans Administration, Immigration and Naturalization Service, and Social Security Administration may be obtained at 460 Schmitz. Consult the Financial Aid Office for its requirement on satisfactory student progress.

NONMATRICULATED STUDENTS

Nonmatriculated students register September 26 and enroll only on a space-available basis. Because nonmatriculated students register after all other students, enrollment may be closed in the following areas: mathematics, English composition, beginning foreign languages (particularly French and Spanish), business, and art. Nonmatriculated students may participate in preregistration for the Summer Quarter.

TUITION-EXEMPT FACULTY/STAFF

With the approval of their department heads, regularly admitted full-time UW faculty and staff members who have been employed six months or more may take up to 6 credits per quarter under the tuition exemption program. According to legislative action, all registrations must be on a space-available basis after other students have registered. Members of the faculty and staff who wish to utilize the exemption may not preregister; registration may occur no earlier than the last day of the registration period. Faculty/staff who register before the last day will not be eligible to use a tuition exemption that quarter. Registration appointments are not required. New faculty/staff members who enroll must be officially admitted by the Office of Admissions by the regular admission closing date; May 1 is the closing date for Autumn Quarter. Faculty/staff members who are former students returning either in the same classification or as nonmatriculated students should apply at the Registration Office, Window 8, second floor, Schmitz Hall.

Employees should present their approved tuition exemption cards at Sections, Hutchinson Hall, according to the schedule listed below. A \$5 registration fee will be collected at the time of registration. The alphabetical priority will change each quarter. Regularly admitted faculty and staff members who are unable to meet this schedule may register late by paying \$25 if registering by the tenth day of the quarter; \$75 if registering after the tenth day of the quarter.

Autumn Quarter Registration Date: September 26, 1984

Last names beginning with L-M (8-9 a.m.); N-O-P (9-10 a.m.); Q-Z (10-11 a.m.); A-B (11 a.m.-noon); C (noon-1 p.m.); D-E-F (1-2 p.m.); G-H (2-3 p.m.); I-J-K (3-4 p.m.); makeup (4-4:30 p.m.).

Tuition-exempt faculty/staff are not entitled to other student services such as those available at the Hall Health Center and the Intramural Activities Building. Therefore, UW student cards will not be issued to faculty and staff. Faculty/staff identification cards may be used for library services.

"ACCESS" PROGRAM FOR OLDER ADULTS

The University of Washington waives tuition for Washington residents sixty years or older who wish to attend classes as auditing students, on a space-available basis. The fee is \$5, whether one or two courses are attended. As auditors, they do not receive credit and are not expected to do laboratory work or to take examinations. Students who attend the University under the Access program are limited to two courses per quarter. Registration may be made in person on Wednesday, September 26, between 8 a.m. and 2 p.m. at the Sections branch office, Hutchinson Hall. Interested students should proceed to the area marked Access. For additional information on mail-in registration or about the program in general, telephone Continuing Education, 545-7418, between 9 a.m. and noon.

AUDITORS

Auditors, except Access program students, pay standard tuition and fees and must be regularly admitted and registered in the course. Although credits for audited courses will not be listed on the schedule of classes, they will be included in the billing on the fee statement. Such credits count in the calculation of fees.

Attendance in courses as an auditor is by consent of the instructor involved and is conditioned by the extent to which space is available. Permission to audit is ordinarily granted for lecture classes only. An auditor may not participate in class discussion or laboratory work, and his or her registration may be canceled at the discretion of the instructor.

No entry is made on the permanent record for courses audited. To receive credit for an audited course, the student must register for the class for credit in a subsequent quarter.

Auditors follow registration instructions below.

DISABLED STUDENTS

Various support services, including priority registration, are available to students with disabilities. Contact the Coordinator for Disabled Student Services, 482 Schmitz, 543-8924, for information on equipment, technical aids, and accommodations to meet individual needs. Access: *University of Washington*, a guidebook to buildings on the campus, and an accompanying map may be obtained from the office.

Students with a mobility disability should not go to Hutchinson Hall for registration or add/drop since stairway access is required. Please go instead to 264 Schmitz.

Students with disabilities who register for a science laboratory class should telephone the Coordinator, 543-8924, and the academic adviser of that department immediately to evaluate whether some accommodation of the facilities will be necessary.

ATHLETIC EVENTS

Students may purchase a Husky Football Season Pass at the Husky Ticket Office, 101 Graves, or at the HUB Ticket Office, for admission to the following athletic events: football, soccer, and volleyball. For additional information, telephone 543-2200.

REGISTRATION INSTRUCTIONS

ACADEMIC ADVISER

See an academic adviser to discuss your educational objectives and to learn the procedures involved in registering at the Univer-

sity. Have an idea of the courses you would like to take before seeing an adviser by reviewing the *General Catalog* and the quarterly *Time Schedule*.

PREREGISTRATION

1. Eligibility

Preregistration is reserved for all continuing students *except* tuition-exempt faculty/staff, older adults auditing under the Access program, and nonmatriculated students. These last three groups may register only during the last day of in-person registration (see Winter Quarter calendar).

Continuing students who withdraw during the first week of two consecutive quarters (Summer Quarter excepted) will not be eligible to register as continuing students for the third quarter. Such students must reapply as former students returning to the University. For example, a student who withdraws during the first week of Spring Quarter and Autumn Quarter must reapply as a returning former student for Winter Quarter.

2. Submitting the Preregistration Form

Mark-sense registration forms are available at advisory offices and at Registration Office, Window 3, second floor, Schmitz Hall. Please note that some courses listed in the *Time Schedule* have restricted enrollment and will require entry cards. Also, undergraduates will not be scheduled for more than 19 credits until the first day of the quarter. This is done to allow all students a chance to develop a basic program.

Students preregistering may turn in forms at:

- a) Registration lobby, second floor, Schmitz Hall
- b) B10 Padelford
- c) Fourth-floor student lounge, T-wing, Health Sciences Building

3. If You Miss Preregistration

Obtain an in-person registration appointment and register by September 25 at Window 8, Schmitz Hall. After September 25 you will be required to register late and to pay a \$25 late registration fee at the Student Accounts and Scholarships Office, 129 Schmitz, if registering by the tenth day of the quarter; \$75 after the tenth day of the quarter.

4. Schedule of Classes

All students who preregister will be scheduled by computer at one time. The scheduling priority is: freshmen, seniors, graduate students, postbaccalaureate (fifth-year), juniors, and sophomores.

5. Registered Students

Students who preregister but are not scheduled into any courses are not considered registered students. They are not included on the current file of registered students, and are not eligible for preregistration the following quarter. Students in this category must submit a Former Student Application for the next quarter they wish to attend the University.

IN-PERSON REGISTRATION

1. Eligibility

In-person registration is primarily for newly admitted and returning former students who do not apply early enough to be eligible for preregistration or who miss preregistration. Continuing matriculated students who miss preregistration, tuition-exempt faculty/staff, older students in the Access program, and nonmatriculated students also register during in-person registration. All students, *except* Access students, must be admitted to the University before attempting to register. When you have confirmed your admission you will be issued a registration appointment.

2. How to Register

On or before your registration date, obtain a *Time Schedule* and a Registration Instructions worksheet from your advisory office or from the Registration Office, second floor, Schmitz Hall. (These may also be obtained in the Hutchinson Hall registration area *while registration is in progress*.) Obtain permission and/or course entry cards (if required) as indicated in the *Time Schedule* before your registration is processed. Once your registration is completed by the Sections staff, you are obligated for tuition and fee payment unless you officially withdraw by the fifth class day. Undergraduates will not be scheduled for more than 19 credits until the first day of the quarter. This is done to allow all students a chance to develop a basic program.

3. Submitting the Registration Form

- a) New and returning former students register by appointment only on June 21–August 17 at 225 Schmitz Hall.
- b) If you are a continuing matriculated student who did not preregister, you must obtain an in-person registration appointment and register by September 25. Continuing students who request in-

person registration appointments and register after September 25 will be required to register late during the first ten days of school and pay a \$25 late registration fee; after the first ten days of the quarter, a \$75 late registration fee is assessed.

c) If you are registering September 20–25, go to the Sections branch office, Hutchinson Hall, on the date and time indicated on your registration appointment. Students with a mobility disability must register in 264 Schmitz because there are stairs leading to the Hutchinson gymnasium. 353 Loew will be closed for registration. Engineering students will register in Hutchinson Hall.

d) Nonmatriculated students may register only on September 26. Appointments are available at Window 8, second floor, Schmitz Hall.

e) Tuition-exempt faculty/staff members and students in the Access program register only on September 26.

4. Schedule of Classes

a) If you register June 21–August 17, your schedule of classes will be mailed to the address you indicate on the registration form. All students registering during this period are scheduled by computer at one time. The scheduling priority is: freshmen, seniors, graduate students, postbaccalaureate (fifth year) students, juniors, and sophomores. Schedules will be mailed September 6.

b) If you register September 20–25, your courses will be scheduled while you wait and you will be given a copy of your completed program when you have finished registering.

ENTRY CARDS

Certain courses and sections require entry cards for registration. Students who request these courses (and/or sections) on their registration request forms will not be registered in the courses unless the requests are accompanied by entry cards. An entry card *alone* is not sufficient. The course and schedule line number (SLN on entry card) must also be requested on the mark-sense registration form. Obtain course entry cards for courses designated with the symbol >>> in the margin of the *Time Schedule*. Information on where to obtain entry cards is found in the body of the *Time Schedule*, either as a comment before the course listing or just after the title of the course.

LATE REGISTRATION

Students who register after the official registration period will be charged a \$25 late registration fee, payable at the Student Accounts and Scholarships Office, 129 Schmitz, if registering by the tenth day of the quarter; \$75 after the tenth day of the quarter.

REGISTRATION CHANGES

1. Change Appointments and Late Fee

a) *All changes to a student's program should be completed during the official change periods (see calendar)*. Changes are made by appointment only. Appointments are available at Window 3, second-floor lobby, Schmitz Hall. A student who arrives more than a half-hour late will be required to make a new appointment.

Students in the schools/colleges of Medicine, Dentistry, Nursing, Pharmacy, Public Health and Community Medicine, Ocean and Fishery Sciences, and Forest Resources may make changes during the first week of the quarter, without an appointment, in the fourth floor lobby of the T-wing, Health Sciences Building.

Engineering students may make registration changes in 110 Engineering Library during the first week of the quarter. No appointments will be necessary for the engineering satellite registration station. Both the T-wing and engineering satellite station will close on Tuesday evening of the second week of the quarter. Changes on Wednesday, Thursday and Friday of the second week will be made in Hutchinson Hall;* after the second week, in 264 Schmitz.

Changes made after the official change period cost \$20 and may result in fee forfeiture (see item 3 of this section).

b) *Students will be expected to present Autumn Quarter 1984 University of Washington student identification cards when requesting appointments*. No more than one change appointment will be issued to a student at a time. Additional change appointments will be issued only after the initially assigned appointment has been used or the date has expired.

2. Grades in Dropped Courses and Drop Restrictions

a) *Undergraduates*. Undergraduate students who drop courses after the change periods receive no entry on their academic record

*Hutchinson not accessible by mobility disabled students. Go to 264 Schmitz.

ter. An Incomplete grade for a Spring Quarter course must be made up by the last day of Autumn Quarter or the Incomplete will be converted to a grade of 0.0 by the Registrar, unless the instructor has indicated when assigning the Incomplete grade that a grade other than 0.0 should be recorded if the incomplete work is not completed. This time limitation may be extended up to one year maximum with instructor approval. Such approval must be received by the Registrar's Office before the end of the next quarter.

A graduate student who receives an Incomplete must complete the remaining work for the course by the last day of the next quarter in residence. An Incomplete received by a graduate student does not automatically convert to 0.0 but remains an Incomplete if the course work is not completed. This time limitation may be waived by the dean of the college in which the course was offered only if the nature of the uncompleted work is such as to make the fulfillment of this requirement impossible. In no case can an Incomplete received by a graduate student be converted to a passing grade after a lapse of two years. The Incomplete grade entry remains on the record permanently. The final grade is posted under the quarter in which the final grade is received.

Incomplete grades may only be awarded if the student is doing satisfactory work up until the last two weeks of the quarter. In most cases, it should not be necessary to register for the course again the following quarter. Students should normally make up the missing work rather than registering.

Satisfactory/Not Satisfactory

Students may elect to take certain courses on a Satisfactory/Not

Satisfactory basis. Advisers should be consulted, and in no case are students allowed to register for more than one course or 6 credits on a Satisfactory/Not Satisfactory basis in a given quarter. No more than 25 S/NS credits will apply to an undergraduate degree. *S/NS must be elected or dropped during the official change of program period.* Undergraduate students earning grades of 1.7 or above receive a grade of S (Satisfactory) while grades below 1.7 are recorded as NS (Not Satisfactory). Graduate students earning grades of 2.7 or above receive a grade of S (Satisfactory), while 2.6 or below are recorded as NS (Not Satisfactory). In cases of withdrawal, the W is recorded. Neither S nor NS are included in the grade-point average. N, I, and X are recorded until the instructor reports the final grade, or in cases of incompletes received by undergraduates, until the I is converted by the Registrar. With the approval of his or her graduate program adviser or Supervisory Committee Chairperson, a graduate student may elect to take any course for which he or she is eligible outside of his or her major academic unit on an S/NS basis.

Credit/No Credit-Only Courses

Some courses are offered on a CR/NC-only basis. It is not necessary to register S/NS to take these courses, because the only grades assigned by the instructor are CR (Credit) or NC (No Credit). Neither CR nor NC is included in the grade-point average. In cases of withdrawal a W is recorded. N, I, and X are recorded until the instructor reports the final grade, or in cases of Incompletes received by undergraduates, until the I is converted by the Registrar.

The University of Washington provides equal opportunity in education without regard to race, color, national origin, religion, creed, sex, sexual orientation, age, or handicap in accordance with Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, and University of Washington policy.

Make-ups Incomplete Removals Conflicts	When mutually agreeable to faculty members and students concerned, provided scheduled <i>no later than</i> Thursday, December 20.				

Final examinations should be administered in accordance with the above examination schedule.

The dean may permit an instructor to change the time of a final examination upon prior application demonstrating good cause for such change. In such cases, the following guidelines shall be observed:

1. With the dean's permission, the final examination may be postponed or moved to an earlier time within the examination period if agreed to by all students and the instructor. Before approving the rescheduling of a final examination, the dean shall obtain assurances that the change will not have an undue adverse impact on the students. The dean shall notify the Registrar of the approval granted for changing the date of a final examination.
2. An instructor shall not, except in very unusual circumstances, grant permission to individual students for an early examination. If the student is unable to take an examination on the scheduled date, the procedure outlined in the following paragraph should be followed.
3. A student absent from any examination through sickness or other cause, judged by the instructor to be unavoidable, shall be given an opportunity to take a rescheduled examination or perform work judged by the instructor to be the equivalent. If the instructor determines that neither alternative is

feasible during the current quarter, the instructor may exempt the student from the requirement. Examples of unavoidable cause include death or serious illness in the immediate family, illness of the student, and, provided previous notification is given, observance of regularly scheduled religious obligations.

4. Classes that meet on the hour use the first full hour of instruction to determine the time of examination. For example, a class that meets at 10 a.m. uses the 10:30 a.m. examination time.
5. Classes that begin on the half hour and last longer than one hour use the actual starting time to determine the examination time. For example, a class that meets at 7:30 a.m. and continues until 9:00 a.m. would use the 7:30 a.m. time.
6. Classes in which the entire class meets at the same hour every day, in the same room, may use that room at 8:30 a.m. or 2:30 p.m. for a three-hour examination. All other examinations are limited to one hour and fifty minutes unless other arrangements are made with Room Assignments.
7. If an examination is held at a time other than the above schedule indicates, instructors must check with Room Assignments to make sure that the room is going to be available.

Questions concerning the examination schedule should be directed to Room Assignments, 543-1080.

GUIDE TO COURSE LISTINGS

The information published in the *Time Schedule* is subject to change. The instructor for a particular course may be changed, or the instructor may use assistants in teaching the course and courses may not meet each day listed. Additionally, courses listed in this publication may be canceled in the event of insufficient enrollment.

Course, term, and section information is listed in the following columnar order:

NEW COURSES FOR AUTUMN QUARTER 1984

The following list includes new courses that will be offered Autumn Quarter, 1984, which were added to the University curriculum after the publication of the 1984-86 General Catalog. Consult the appropriate academic department for information on courses not listed below.

COLLEGE OF ARTS AND SCIENCES

ART

Art History

ART H 451 Topics in Early Christian and Byzantine Art and Architecture (3, max. 9)

Specific theme or area of early Christian and Byzantine art and architecture, such as early Christian and Byzantine mosaics, or the art of Constantinople.

CHEMISTRY

CHEM 299 Special Problems and Report Writing (1, max. 6)

Problems relating to experimental chemistry. For chemistry majors only. Includes requirement for work on scientific report writing. Prerequisites: permission of chemistry adviser and a chemistry grade point average above 3.0.

CHEM 399 Undergraduate Research (*, max. 12)

For qualified chemistry majors in the bachelor of science curriculum, especially those planning graduate work. Not open for credit to graduate students. Prerequisites: permission of chemistry adviser and grade-point average above 3.0 in chemistry courses.

CHEM 502 Spectroscopic Methods of Structure Elucidation (4)

Theory and practice of spectroscopy as applied to the elucidation of organic structures, conformation and motional analysis, and reaction mechanisms. Spectroscopic methods include UV-visible absorption, circular dichroism, mass spectrometry, infrared and Raman, and pulse magnetic resonance. Prerequisites: three quarters organic chemistry lecture and two quarters laboratory; recommended: 455.

ECONOMICS

ECON 100 Principles of Economics (5)

Fundamental concepts of economic analysis with applications to contemporary problems. Recommended for students not planning to take any additional courses in economics.

ECON 573 International Commercial Policy (3)

Analysis of welfare aspects of international trade and factor mobility. Costs and benefits of protection; implications of different government policies. Import competition and response. Prerequisite: 571 or permission of instructor.

ECON 580 Econometrics I (5)

Methods, tools, and theory of econometrics as the basis for empirical investigation in economics. Specification, testing, and use of econometric models with reference to examples in the literature.

GEOGRAPHY

GEOG 496 Internship in Geography (3 or 5, max. 12)

Internship in the public or private sector, supervised by a faculty member. Prerequisites: sophomore standing or above in geography and permission of faculty sponsor and undergraduate adviser.

INTERNATIONAL STUDIES

Russian and East European Studies

SISRE 327 Dissent in the Soviet Bloc (5)

The phenomenon of widespread dissent in the USSR and countries of Eastern Europe. Assesses sources of dissident sentiment and the overall significance of dissent, both for states of the Soviet bloc and the world at large. Focuses on the contemporary scene; attention also to historical antecedents.

MATHEMATICS

MATH 101 Intermediate Algebra (0)

Intermediate algebra equivalent to the third semester of high school algebra. Instruction provided by community colleges on the UW campus. Concurrent registration at a community college is required. Five credits of effort for satisfactory progress.

MATH 554 Several Complex Variables (3)

The Weierstrass preparation theorem and its immediate consequences. Analytic continuation; domains of holomorphy; pseudoconvexity; Cartan-Oka theory of coherence; embedding theorems; the $\bar{\partial}$ -equation. Connections with algebraic geometry. Prerequisites: 534, 535.

NEAR EASTERN LANGUAGES AND CIVILIZATION

Coptic

COPTC 411 Elementary Coptic (3)

Introduction to Coptic grammar, primarily in the Sahidic dialect (southern Egypt). Readings from the Sahidic New Testament, Egyptian monastic literature, and Nag Hammadi Gnostic texts.

PSYCHOLOGY

PSYCH 206 Psycho-Social Aspects of Nuclear War (3)

Introduction to the basic issue of nuclear war, including its effects, weaponry, and history of the arms race. Primary focus on the psychological underpinnings of deterrence, relations between nations, and the personal and social forces operative in the arms race and peace movements.

SCHOOL OF DENTISTRY

COMMUNITY DENTISTRY

COM D 650P Community Dentistry Clinical Electives (*, max. 12)

Opportunities for students to work in various clinical activities at local hospitals or other sites outside the school. Prerequisite: permission of instructor.

SCHOOL OF MEDICINE

MEDICAL EDUCATION

MEDED 499 Undergraduate Research (*, max. 12)

Investigative research or readings in medical education: topics include clinical reasoning, curriculum development, evaluation, use of computers in medical education, and educational research in medical settings. Prerequisite: permission of instructor.

COLLEGE OF OCEAN AND FISHERY SCIENCES

OCEANOGRAPHY

OCEAN 200 Introduction to Oceanography (3)

Description of the oceans. Emphasis in the relations of biology, chemistry, geology, and physics in marine environments. Examinations of relationships and interactions at macro-, meso-, and microscales in the ocean.

INDEPENDENT STUDY THROUGH CORRESPONDENCE

The Office of Independent Study provides University courses for correspondence credit primarily by correspondence instruction to persons who wish to study independently. Fees for Independent Study courses are separate from residence tuition and are \$28 per credit. Enrollment is not based on the quarter system but is continuous throughout the year, with one calendar year allowed to complete a course.

A regularly enrolled student who wishes to register for additional courses for Independent Study credit should consult his or her departmental advisor prior to enrolling in an Independent Study course. Applications and additional information on enrollment procedures may be obtained from the Independent Study office, 222 Lewis, or by telephoning 543-2350.

The following courses are currently offered by Independent Study (credits in parentheses; * indicates variable credit, to be arranged by student and instructor).
