AUTUMN QUARTER 1988 STUDENT ACTION GUIDE

REGISTRATION

For detailed information, refer to *Registration Guidelines and Instructions* sections.

May 13, 16–20, 23–27	Registration Period I Reserved for matriculated students at the University Spring Quarter 1988
May 13, 16–19 ..	Freshmen (0–44 credits)
May 19, 20	Seniors (135 credits or more)
May 20, 23	Graduate Students
May 23, 24	Postbaccalaureate (fifth year) students
May 24, 25	Juniors (90–134 credits)
May 25, 26, 27 ..	Sophomores (45–89 credits)
	<i>Note: Class standing is based on the projected number of credits a student will have at the beginning of the next quarter.</i>
May 31	Appointments available for Registration Period II and III in the Registration Office, Second Floor Schmitz Hall, Window 7. Location of registration will be provided when appointment is issued.
June 14	Registration Confirmation/ID Cards mailed to students registered in Period I
June 27–September 2, 12–22	Registration Period II By appointment only Open to all matriculated students for registration and changes of registration. Location of registration will be provided when appointment is issued.
September 9	Registration Confirmation/ID Cards mailed to students registered in Period II through September 2.
September 21–22	Registration for nonmatriculated students, Faculty/Staff Tuition Exempt students, and Access students. By appointment only.
September 26–30	Registration Period III By appointment only \$25 Late Registration Fee Assessed for all students except Faculty/Staff Exempt and Access students Satellite locations available 8 a.m.–5:30 p.m. for registration, changes of registration, and registration related information: 209 HUB, Health Sciences T-Wing Lobby, Sections—264 Schmitz, McMahon Hall—Southwest Dining Room, Lander Hall—Room 131
September 30	Last day to change to or from S/NS grading
October 31	Winter Quarter 1989 Registration Period I begins
ADDING/DROPPING COURSES OR COMPLETE UNIVERSITY WITHDRAWAL:	
September 30	Last day for official withdrawal from the University without owing tuition or fees.
September 30	Last day to add a course without instructor's permission.
September 30	Last day to add or drop a course without being assessed a \$20 change fee.
October 7	Last day to drop a course without entry on transcript.
October 7	Last day to change from audit to credit registration.
October 21	Last day for undergraduate, postbaccalaureate (fifth-year), and nonmatriculated students to drop a course, except for preemptory drops and hardship withdrawal.
November 10	Last day for graduate students to drop a course.
December 7	Last day to withdraw from the University (dropping all classes).
FEE PAYMENTS:	
October 3	Fee statements mailed to all registered students.
October 14	Fee payment deadline for all registered students.
October 17–21	Late-payment period (requires a late-payment fee)
October 25	Thirtieth calendar day of the quarter (see "Fee Forfeitures or Refunds" section).

APPLICATION DEADLINES:

- October 7** Last day to return approved applications for credit by examination, 248 Schmitz.
- October 11** Applications for baccalaureate degrees for Autumn Quarter 1988 for Arts and Sciences must be submitted to B10 Padelford.
- October 14** Applications for baccalaureate degrees and certificates (all schools and colleges) to be conferred Autumn Quarter 1988 must be submitted to Graduation Office, 207 Schmitz.
- Fifth week of quarter** Credit by examination (students must make arrangements with the Educational Assessment Center, 543-1170).
- October 26** Last day to hand-deliver an application for resident status to Residence Classification Office, 209 Schmitz. Applications must be postmarked October 25 if mailed.

GRADES:

- December 23** Grades for Autumn Quarter 1988 mailed to students.

REGISTRATION GUIDELINES

It is the University's expectation that a student will follow University rules and regulations as they are stated in the *General Catalog*. In instances where no appeal procedure is spelled out and the student is persuaded that a special set of circumstances makes appeal reasonable, he or she may appeal the application of specific rules or regulations to the office of the dean of the school or college in which he or she is enrolled in the case of an academic matter, or to the Office of Student Affairs in the case of a nonacademic matter. These offices will either render a decision on the appeal or refer the student to the proper office for a decision.

GUARANTEED REGISTRATION ELIGIBILITY

University of Washington students who remain in good scholastic standing are guaranteed the opportunity to register each quarter as long as they maintain continuous enrollment (Summer Quarter excepted). Continuation must be in the same classification, e.g., undergraduate, postbaccalaureate (fifth-year), graduate, etc. Once a student earns a baccalaureate degree, he or she must apply for readmission as a postbaccalaureate (fifth-year), nonmatriculated, or graduate student. Exceptions to the guarantee are: (1) students under disciplinary action, (2) students with a financial hold, (3) students not meeting their departmental continuation policies, or (4) students not meeting the University's Satisfactory Progress Policy (See *General Catalog*).

If an undergraduate does not enroll for one or more quarters, or if a graduate student goes on-leave, he or she must file an application for readmission with the Registration Office, second floor, Schmitz Hall, Window 7. Undergraduates must include payment of the \$25 application fee. Information on admission closing dates is available at Window 3, second floor, Schmitz Hall, or by calling 543-5920.

RESTRICTIONS ON ATTENDING CLASSES

No person, other than a faculty member attending informally with the approval of the instructor, may attend a University course in which that person has not been registered officially through the Registrar's Office.

An instructor may allow a student to attend his or her class only if the student's name appears on the official class list from the Registrar's Office.

FULL-TIME STUDENT REQUIREMENT

To be considered a full-time student, an undergraduate must register for 12 credits and a graduate student must register for 9 credits. The full-time registration requirement varies for different agencies. Information on full-time requirements of the Veterans Administration and Immigration and Naturalization Service may be obtained at 460 Schmitz. Consult the Financial Aid Office for its requirement on satisfactory student progress.

NONMATRICULATED STUDENTS

Nonmatriculated students register by appointment September 21-22 and enroll only on a space-available basis. Nonmatriculated students who register after September 22 will be charged a \$25 late registration fee if registering by the tenth day of the quarter, and \$75 after the tenth day of the quarter.

Because nonmatriculated students register after all other students, enrollments may be closed in the following areas: mathematics, English composition, beginning foreign languages (particularly French and Spanish), business, and art. Nonmatriculated students may participate in preregistration for the Summer Quarter.

TUITION-EXEMPT FACULTY/STAFF

September 21-22—Autumn Quarter Registration Dates
With the approval of their department chairperson, regularly admitted full-time UW faculty and staff members who have been employed six months or more may take up to 6 credits per quarter under the tuition exemption program. According to legislative action, all registrations must be on a space-available basis after other students have registered. Members of the faculty and staff who wish to utilize the exemption may not preregister. Faculty/staff who register prior to September 21 will not be eligible to use a tuition exemption Autumn quarter. New faculty/staff members who enroll must be officially admitted by the Office of Admissions by the

regular admission closing date; July 1 is the closing date for Autumn Quarter. Faculty/staff members who are former students returning either in the same classification or as nonmatriculated students should apply at the Registration Office, Window 7, second floor, Schmitz Hall.

Faculty/staff should present their approved tuition exemption cards and obtain a registration appointment at the Registration Office, second floor, Schmitz Hall, Window 7 prior to September 21. The location of registration will be identified at the time the registration appointment is issued. A \$5 registration fee will be assessed. Faculty/staff will not be assessed a late registration fee during the first week of the quarter.

Tuition-exempt faculty/staff are not entitled to other student services such as those available at the Hall Health Center and the Intramural Activities Building. Therefore, UW student cards will not be issued to faculty and staff. Faculty/staff identification cards may be used for library services.

"ACCESS" PROGRAM FOR OLDER ADULTS

September 21-22—Autumn Quarter Registration Dates
Registration Office, second floor, Schmitz Hall, Window 8 or 9, 8 a.m.-5 p.m.

The University of Washington waives tuition for Washington residents sixty years or older who wish to attend classes as auditing students on a space-available basis. The fee is \$5, whether one or two courses are attended. As auditors, they do not receive credit and are not expected to do laboratory work or to take examinations. Students who attend the University under the Access program are limited to two courses per quarter.

Registration may be made in person. For information on mail-in registration or about the program in general, telephone UW Extension, 543-2300, between 8 a.m. and 5 p.m.

AUDITORS

Auditors, except Access program students, pay standard tuition and fees and must be regularly admitted and registered in the course. Although credits for audited courses will not be listed on the schedule of classes, they will be included in the billing on the fee statement. Such credits count in the calculation of fees.

Attendance in courses as an auditor is by consent of the instructor involved and is conditioned by the extent to which space is available. Permission to audit is ordinarily granted for lecture classes only. An auditor may not participate in class discussion or laboratory work, and his or her registration may be canceled at the discretion of the instructor.

No entry is made on the permanent record for courses audited. To receive credit for an audited course, the student must register for the class for credit in a subsequent quarter. Audit registration must be completed in Sections, 264 Schmitz Hall and is available during any of the registration periods.

DISABLED STUDENTS

Various support services, including priority registration, are available to students with disabilities. Contact the Coordinator for Disabled Student Services, 482 Schmitz, 543-8924, for information on equipment, technical aids, and accommodations to meet individual needs. *Access: University of Washington*, a guidebook to buildings on the campus, and an accompanying map may be obtained from the office.

Students with disabilities who register for a science laboratory class should telephone the Coordinator, 543-8924, and the academic adviser of that department immediately to evaluate whether some accommodation of the facilities will be necessary.

REGISTRATION INSTRUCTIONS

ACADEMIC ADVISER

See an academic adviser to discuss your educational objectives and to learn the procedures involved in registering at the University. Have an idea of the courses you would like to take before seeing an adviser by reviewing the *General Catalog* and the quarterly *Time Schedule*.

ENTRY CARDS

Certain courses and sections require entry cards for registration. Students who request these courses (and/or sections) on their registration request forms will not be registered in the courses unless the requests are accompanied by entry cards. An entry card alone is not sufficient. The course and schedule line number (SLN on entry card) must also be requested on the mark-sense registration form. Obtain course entry cards for courses designated with the symbol >>>> in the margin of the *Time Schedule*. Information on where to obtain entry cards is found in the body of the *Time Schedule*, either as a comment before the course listing or just after the title of the course.

CHANGE OF ADDRESS

YOU ARE RESPONSIBLE FOR NOTIFYING THE REGISTRAR'S OFFICE OF ANY ADDRESS CHANGE. When you change your address, be sure to complete a Change of Address Form at the Registration Office. Forms are available at Window 3, second floor, Schmitz Hall.

REGISTRATION PERIOD I (CONTINUING STUDENTS ONLY)

1. Eligibility

This period is reserved for all continuing students *except* tuition-exempt faculty/staff, adults auditing under the Access program, and nonmatriculated students. These last three groups may register September 21-22.

Continuing students who withdraw during the first week of two consecutive quarters (Summer Quarter excepted) will not be eligible to register as continuing students for the third quarter. Such students must reapply as former students returning to the University.

2. Submitting the Registration Form

Mark-sense registration forms are available at advisory offices and at the Registration Office, Window 3, second floor, Schmitz Hall. Please note that some courses listed in the *Time Schedule* have restricted enrollment and will require entry cards. Also, undergraduates will not be scheduled for more than 19 credits until the first day of the quarter. This is done to allow all students a chance to develop a basic program.

Students may turn in forms at:

- Registration Office Lobby, second floor, Schmitz Hall
- B10 Padelford
- Fourth-floor student lounge, T-Wing, Health Sciences Building

3. If You Miss Registration Period I

Obtain a registration appointment and register by September 22. Appointments are available at the Registration Office, second floor, Schmitz Hall, Window 7. After September 22 students will be required to register late and will be billed a \$25 late registration fee if registering by the tenth day of the quarter; \$75 is billed after the tenth day of the quarter.

4. Schedule of Classes

All students who register in Registration Period I will be scheduled by computer at one time. The scheduling priority is: freshmen, seniors, graduate students, postbaccalaureate (fifth-year), juniors, and sophomores.

5. Registered Students

Students who register but are not scheduled into any courses are not considered registered students, and are not eligible for Registration Period I the following quarter. Students in this category must submit a Former Student Application for the next quarter they wish to attend the University.

REGISTRATION PERIOD II (NEW AND RETURNING STUDENTS AND CONTINUING STUDENTS WHO DID NOT REGISTER IN PERIOD I)

1. Eligibility

This registration period is primarily for newly admitted and returning former students. Continuing matriculated students who miss Registration Period I, tuition-exempt faculty/staff, adult students in the Access program, and nonmatriculated students also register during Period II. All students, except Access students, must be

admitted to the University and issued a registration appointment before attempting to register.

2. How to Register

On or before your registration appointment, obtain a *Time Schedule* and a Registration Instructions worksheet from your advisory office or from the Registration Office, second floor, Schmitz Hall. Obtain permission and/or course entry cards (if required) as indicated in the *Time Schedule* before attempting to register. Once your registration is completed, you are obligated for tuition and fee payment unless you officially withdraw by the fifth day of the quarter. Undergraduates will not be scheduled for more than 19 credits until the first day of the quarter to allow all students a chance to develop a basic program.

REGISTRATION PERIOD III (Open)

Registration and changes to registration are open to students during this period. An appointment is required. All students, except Access students, must be admitted to the University and be issued a registration appointment before attempting to register.

A \$25 late registration fee (\$75 after the tenth class day of the quarter) will be assessed. Students are encouraged to register and complete changes to registration prior to this period since many sections will be closed and finding a schedule of classes will be difficult.

CHANGES OF REGISTRATION

1. Change Appointments and Late Fee

Students will be expected to present Autumn Quarter 1988 UW student identification cards when requesting appointments. No more than one change appointment will be issued to a student at a time. Additional change appointments will be issued only after the initially assigned appointment has been used or the date has expired.

Appointments are not required to (1) drop a course, (2) change to or from S/NS, (3) change variable credits, (4) add an entry card course. Evening-only students do not need appointments for the 4:30 p.m. to 5:30 p.m. change period during the first week of the quarter. A student who arrives more than a half-hour late will be required to make a new appointment.

Graduate students do not need appointments during the first week of the quarter at 264 Schmitz.

Students in the schools/colleges of Medicine, Dentistry, Nursing, Pharmacy, Public Health and Community Medicine, Ocean and Fishery Sciences, and Forest Resources, and the Department of Biology may make changes during the first week of the quarter, without an appointment, in the fourth floor lobby of the T-wing, Health Sciences Building.

Engineering students may make changes without an appointment or register late with an appointment, in 209 A-B HUB, during the first week of the quarter.

Changes made after the official change period are restricted and, if permitted, cost \$20 and may result in fee forfeiture (see item 4 of this section).

Undergraduates in the College of Arts and Sciences must have their adviser's signature to carry more than 22 credits; 30 credits is the limit per quarter.

2. Adding Courses/Permission Guidelines

For reasons of public safety and instructional quality, course enrollment in each section will be limited to not more than the approved classroom capacity. The Registrar's Office monitors course enrollments throughout the quarter according to the following guidelines:

a) Through the fifth class day, students may add a section without the instructor's signature unless the class is full or requires permission. The Registrar's Office will accept course overload authorization up to 115% of room capacity when the student presents authorization signature from either instructor or authorized person in the department.

b) From the second through the fifth week, overload authorization signatures will be accepted up to 105% of room capacity.

c) Beginning the sixth week, no course registration will be accepted without co-signatures by both the instructor and the department chairperson. Registration will not be permitted if enrollment has reached 100% of room capacity.

d) Audited courses may not be changed to credit registration after the first two weeks of the quarter.

3. Grades in Dropped Courses and Drop Restrictions

a) *Undergraduates*. Undergraduate students who drop courses after the change periods receive no entry on their academic record if the drop is made during the first two weeks of the quarter, except if

all courses are dropped then a university withdrawal date is entered. Drops made during the third and fourth weeks of the quarter will be recorded with a "W." No drops are permitted after the fourth week except a limited number may be dropped as determined by the number of credits earned at the University. While completing the first 44 credits at the University, a student has three drops permitted after the fourth week. Any of these three drops not used at the time 45 credits are earned are forfeited. After 45 credits have been completed at the University, the student earns one late drop for each 45 credits earned. These may be accumulated and used as necessary. No drops, other than hardship withdrawals may be made after the last day of instruction.

b) *Graduate Students.* Graduate students who drop courses after the first two weeks of the quarter receive a grade of "W." No drops are permitted after the seventh week of instruction.

c) Students may petition the Registrar for a hardship withdrawal after the regular drop deadline if: (1) the student is unable to complete the course in question because of a severe mental or physical disability, or (2) unusual or extenuating circumstances beyond the student's control prevented the student from dropping the course by the regular drop deadline. Petitions must be filed promptly after the occurrence of the event that gave rise to the need for dropping the course. Hardship withdrawals are for dropping individual courses only. See section on Withdrawal from the University for the procedure to follow for dropping all courses for the quarter; no petition is required.

4. Fee Forfeitures or Refunds

a) Students will be billed for the number of credits, including audit hours, on their programs at the end of the first week of the quarter. Only partial fee reductions will result for courses dropped after the first week of the quarter.

b) Students dropping courses after the first seven calendar days of the quarter and through the thirtieth calendar day of the quarter will be expected to pay one-half of the tuition and fees associated with that course.

c) Courses dropped after the thirtieth calendar day receive no refund.

d) The effect of fee forfeitures on the over-18-credit surcharge is as follows: forfeitures for courses dropped that exceeded 18 credits are charged the same as in (b) and (c) above. Also, if a student drops a course after the thirtieth calendar day and adds another, total credit charges will include credits that are added with no reduction for credits dropped.

e) Drops become effective the date received in Sections, 264 Schmitz.

WITHDRAWAL FROM THE UNIVERSITY (DROPPING ALL COURSES FOR THE QUARTER)

1. Obtain a withdrawal form from your adviser or from the Withdrawal Office.

2. Present the withdrawal form to the Withdrawal Office, Sections, 264 Schmitz. Withdrawals are effective the date they are received in the Registrar's Office. Fees owed will be based upon the date the withdrawal is received in the Registrar's Office. No withdrawals accepted after the last day of instruction, December 7.

Continuing students who withdraw during the first week of two consecutive quarters (Summer Quarter excepted) will not be eligible to register as continuing students for the third quarter. Such students must reapply as former students returning to the University. For example, a student who withdraws during the first week of Spring Quarter and Autumn Quarter must reapply as a returning former student for Winter Quarter.

3. Students are required to turn in their student I.D. cards when they withdraw and are not eligible to continue using University services or facilities after their withdrawal.

The forfeiture schedule for withdrawing from the University is as follows:

(a) Students withdrawing before the sixth day of the quarter do not pay tuition or fees. New and returning students forfeit their \$50 enrollment service fee.

(b) Students withdrawing on the sixth day or through the thirtieth calendar day continue to owe one-half of their tuition and fees.

(c) Students withdrawing after the thirtieth calendar day continue to owe full tuition and fees.

Students who were unable to turn in their withdrawal in time may petition the Comptroller's Office. Petition forms are available at the Student Accounts and Scholarships Office, 129 Schmitz.

Courses dropped as part of a University withdrawal completed during the first two weeks of a quarter receive no grade and no entry except date of withdrawal is made on the student's permanent academic record. Withdrawals completed after the first two weeks

result in the courses being assigned a grade of "W."

Incomplete Grade

Incomplete grades may only be awarded if the student is doing satisfactory work up until the last two weeks of the quarter. Undergraduate students must not reregister for courses in which they have received an Incomplete. A grade earned in a repeat course will not be recorded as an incomplete conversion grade.

Satisfactory/Not Satisfactory Grade Option

Students may elect to take certain courses on a Satisfactory/Not Satisfactory basis by going to 264 Schmitz on one of the registration satellite locations. Advisers should be consulted, and in no case are students allowed to register for more than one course or 6 credits on a Satisfactory/Not Satisfactory basis in a given quarter. A course in which an "S" is earned may not be used to satisfy any department, college, or University requirement, except that the credits may be applied to the minimum of 180 credits required for graduation. Each instructor will report conventional grades to the Registrar, who will convert satisfactory grades (2.0 or greater) to "S," and unsatisfactory grades (less than 2.0) to "NS" for the student's transcript. No more than 25 S/NS credits will apply to an undergraduate degree. S/NS must be elected no later than registration period III. Undergraduate students earning grades of 2.0 or above receive a grade of S (Satisfactory) while grades below 2.0 are recorded as NS (Not Satisfactory).

Graduate students earning grades of 2.7 or above receive a grade of S (Satisfactory), while 2.6 or below are recorded as NS (Not Satisfactory). With the approval of his or her graduate program adviser or Supervisory Committee Chairperson, a graduate student may elect to take any course for which he or she is eligible outside of his or her major academic unit on an S/NS basis.

In cases of withdrawal, the W is recorded. Neither S nor NS are included in the grade-point average. N, I, and X are recorded until the instructor reports the final grade, or in cases of incompletes received by undergraduates, until the I is converted by the Registrar.

Credit/No Credit-Only Courses

Some courses are offered on a CR/NC-only basis. It is not necessary to register S/NS to take these courses, because the only grades assigned by the instructor are CR (Credit) or NC (No Credit). Neither CR nor NC is included in the grade-point average. In cases of withdrawal a W is recorded. N, I, and X are recorded until the instructor reports the final grade, or in cases of Incompletes received by undergraduates, until the I is converted by the Registrar.

QUARTERLY TUITION RATE SCHEDULE Autumn 1988, Winter 1989, Spring 1989

UNDERGRADUATE	Resident	Nonresident
(Including nonmatriculated and fifth year)		
—ADDITIONAL FEE PER CREDIT FOR MORE THAN 18 CREDITS	\$ 53	\$ 160

3 credits	323	818
2 credits (minimum)	215	544

*Does not apply to first professional law students.

March 1988

FEE PAYMENT

1. You should indicate selection of your permanent or local address on your registration form for fee statement mailing. If you have not received a fee statement by the end of the second week of the quarter, contact the Student Accounts and Scholarships Office for the amount of tuition due.

2. You may pay your fees in person in the Student Accounts and Scholarships Office or mail them to UW, Student Accounts and Scholarships Office, 129 Schmitz, PE-10, Seattle, WA 98195, before the tuition due date. Fees must be paid by Friday of the third week of the quarter whether or not you have received a statement. Payments postmarked on or before the due date are accepted without a late fee. Metered mail received after the due date is subject to penalties as described in # 3 below.

3. If you fail to pay by the deadline you may continue to pay your tuition in the week following the due date, plus a late fee as follows:

<u>Past Due Balance</u>	<u>Late Fee</u>
Over \$100	\$30
\$30-\$100	\$10
Less than \$30	\$ 0

If fees have not been received in the Student Accounts and Scholarships Office by this time, your registration will be cancelled. Students permitted to reregister after cancellation for nonpayment will be charged a \$75 fee, in addition to their tuition.

4. If you reregister, you must reregister for all classes on your schedule at the time of registration cancellation. (Fees will include appropriate charges for classes dropped during the forfeiture period.) All fees for registration must be paid by cash, money order, or cashier's check. No reregistration will be possible after the last day of instruction, December 7. *Please note: Even if your registration is canceled and you do not reregister you will continue to owe one-half of your tuition and fees.*

5. Credit card checks are not accepted.

6. Tuition and fees not paid by the end of the academic quarter will be subject to an interest charge of 1% per month, or fraction of a month, (12% A.P.R.), beginning with the month following the end of the quarter.

Special Course and Laboratory Fees

The amounts charged for tuition and fees normally cover University charges for course registration. Some courses, however, have extraordinary expenses associated with them and in such cases the University may charge additional fees in amounts approximating the added instructional or laboratory costs.

STUDENT INSURANCE

UW students who remain registered through at least the first six days of instruction in the quarter are eligible to enroll in the student health insurance plan. The following students are not eligible:

1. Those enrolled only in programs administered by UW Extension, including but not limited to extension, correspondence, independent study, continuing studies, noncredit courses, conferences and institutes, the Access program, or English as a Second Language (ESL).

2. UW employees attending classes under the employee tuition exemption program.

Students may sign up for the plan when they register for classes. If no plan choice is indicated, students automatically will be enrolled and billed for student-only quarterly insurance.

If you are billed for student insurance and wish to add, cancel, or change your coverage, complete the appropriate section on the remittance advice copy of the billing statement and pay the revised amount or you may do so in person in the Student Accounts and Scholarships Office by the date tuition is due. Tuition/fees and the student health insurance premium must be paid in full by the tuition due date to be eligible for health insurance. There is no late payment period for the insurance premium.

International Students

International students must subscribe to the student insurance plan. Penalties for not paying insurance fees by the tuition due date are the same as tuition penalties under #3 of Fee Payment section. Exceptions may be granted by the International Services Office if the student presents proof of other medical insurance coverage. Students are responsible for obtaining a waiver each Autumn Quarter (or upon initial admission if other than Autumn Quarter), because waivers are valid only through Summer Quarter each year. Students holding insurance policies that expire during the academic year are responsible for obtaining new waiver cards, as necessary. To be eligible for the student health insurance plan, the student must pay, in full, tuition, fees, and the student health insurance premium by the due date. International students who want coverage during the Summer Quarter and are not enrolled Summer Quarter must prepay the Summer Quarter premium during one of the preceding quarters.

WASHINGTON PUBLIC INTEREST RESEARCH GROUP (WASHPIRG)

When they register for classes, students may choose to contribute \$2 to the Washington Public Interest Research Group (WASHPIRG), a student-directed, nonprofit organization. This voluntary contribution will be included on the tuition billing statement for payment with tuition.

WASHINGTON STUDENT LOBBY (WSL)

When they register for classes, students may choose to contribute \$1 to the Washington Student Lobby (WSL), a voluntary, independent organization of University students whose purpose is to influence the Washington State Legislature and others on matters of special interest to students. This voluntary contribution will be included on the tuition billing statement for payment with tuition.

ASSOCIATED STUDENTS OF THE UNIVERSITY OF WASHINGTON (ASUW)

The ASUW is a voluntary association of students designated by the University Regents to carry out a variety of student activities. In order to vote in ASUW elections or hold ASUW office, students must be members. Membership choices that do not affect tuition payments in any way, may be made when students register for classes.

ATHLETIC EVENTS

Students may purchase a Husky Football Season Pass at the Husky Ticket Office, 101 Graves, or at the HUB Ticket Office, for admission to the following athletic events: football, soccer, and volleyball. For additional information, telephone 543-2200.

SEXUAL HARRASSMENT GRIEVANCE PROCEDURE

Students, as well as members of the faculty and staff, who wish to file a complaint regarding sexual harrassment may contact either of the two offices listed below:

Ombudsman for Sexual Harrassment
(206) 543-0283

Human Rights Office
4045 Brooklyn Avenue N.E.
(206) 543-7217

Personnel in these offices will be available to discuss and provide assistance in resolving the complaint.

Autumn Quarter 1988 Examination Schedule

The last day of instruction is Wednesday, December 7

HOUR lecture session actually meets during quarter	Hour and day on which examination occurs, by days of class meeting in the week.				
	Meeting four times a week, or daily	MWF; MT; MW; MF; WF; MWTh; MTh	TTh; T; Th; TThF; MTTh; TW; TF; TWTh	M; W; F; S Meeting once a week	Day of examination
7:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Thursday December 15
8:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Monday December 12
9:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Tuesday December 13
10:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Friday December 9
11:30 a.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Tuesday December 13
12:30 p.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Wednesday December 14
1:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Friday December 9
2:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Monday December 12
3:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Wednesday December 14
4:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Thursday December 8
EVENING CLASSES (5:30 or thereafter)	8-10 p.m. Thursday December 15	8-10 p.m. Monday December 12	8-10 p.m. Tuesday December 13	8-10 p.m. Wednesday December 14	
Makeups Incomplete Removals Conflicts	When mutually agreeable to faculty members and students concerned, provided scheduled <i>no later than Friday, December 15.</i>				

Final examinations should be administered in accordance with the above examination schedule.

The dean may permit an instructor to change the time of a final examination upon prior application demonstrating good cause for such change. In such cases, the following guidelines shall be observed:

1. With the dean's permission, the final examination may be postponed or moved to an earlier time within the examination period if agreed to by all students and the instructor. Before approving the rescheduling of a final examination, the dean shall obtain assurances that the change will not have an undue adverse impact on the students. The dean shall notify the Registrar of the approval granted for changing the date of a final examination.
2. An instructor shall not, except in very unusual circumstances, grant permission to individual students for an early examination. If the student is unable to take an examination on the scheduled date, the procedure outlined in the following paragraph should be followed.
3. A student absent from any examination through sickness or other cause, judged by the instructor to be unavoidable, shall be given an opportunity to take a rescheduled examination or perform work judged by the instructor to be the equivalent. If the instructor determines that

neither alternative is feasible during the current quarter, the instructor may exempt the student from the requirement. Examples of unavoidable cause include death or serious illness in the immediate family, illness of the student, and, provided previous notification is given, observance of regularly scheduled religious obligations.

4. Classes that meet on the hour use the first full hour of instruction to determine the time of examination. For example, a class that meets at 10 a.m. uses the 10:30 a.m. examination time.
5. Classes that begin on the half hour and last longer than one hour use the actual starting time to determine the examination time. For example, a class that meets at 7:30 a.m. and continues until 9:00 a.m. would use the 7:30 a.m. time.
6. Classes in which the entire class meets at the same hour every day, in the same room, may use that room at 8:30 a.m. or 2:30 p.m. for a three-hour examination. All other examinations are limited to one hour and fifty minutes unless other arrangements are made with Room Assignments.
7. If an examination is held at a time other than the above schedule indicates, instructors must check with Room Assignments to make sure that the room is going to be available.

GUIDE TO COURSE LISTINGS

The information published in the *Time Schedule* is subject to change. The instructor for a particular course may be changed, or the instructor may use assistants in teaching the course and courses may not meet each day listed. Additionally, courses listed in this publication may be canceled in the event of insufficient enrollment.

Course, term, and section information is listed in the following columnar order:

Entry card required symbol (>>>), if appropriate

Schedule line number

Department

Course number

Term designation—if *a* or *b* term

Section designation

Section type—laboratory, quiz, or conference

Credits—listed with lecture section only; slash (/) means *or*; 2.5 means 2½ credits; hyphen (-) means *to*; VAR means variable credit and any number of credits may be elected (however, fractional credit registration—e.g., ½ credit—cannot be processed for variable credit courses where the credit may vary

from student to student in a single quarter)
Honors (H), Permission Required (#), or New Course (%), as appropriate

Writing Course meeting University requirement (W)

Day(s) of meeting (ARR means “to be arranged”)

Time of meeting

Place of meeting (** means “to be arranged”)

Course title and remarks—CR/NC ONLY means course offered for credit/no credit grading only

Name of instructor

Classes taught in the same classroom at the same time—students register and receive credit for one course only (example: ARAB 312 with ARAB 472)

NEW COURSES FOR AUTUMN QUARTER 1988

The following list includes new courses that will be offered Autumn Quarter 1988, which were added to the University curriculum after publication of the 1986-88 *General Catalog*. Consult the appropriate academic department for information on courses not listed below.

COLLEGE OF ARCHITECTURE AND URBAN PLANNING

LANDSCAPE ARCHITECTURE

L ARC 310 LANDSCAPE ARCHITECTURE FIELD SKETCHING (2)
Introductory level sketching of landscape subjects: natural and urban sites, plants, animals, architectural elements. Emphasis on perspective. Various media, including pencil, charcoal, marker, ink wash, water color.

COLLEGE OF ARTS AND SCIENCES

AMERICAN ETHNIC STUDIES

Chicano Studies

CHSTU 260 INTRODUCTION TO CHICANO POLITICS (5)
Surveys the political position and activities of Mexican American people in the United States from two perspectives: (1) Chicanos as objects of the political process of United States life; (2) contributions of the Chicano people to United States politics.

APPLIED MATHEMATICS

AMATH 514 NETWORKS AND COMBINATORIAL OPTIMIZATION (3)
Joint with MATH 514. See Mathematics for description.

ASIAN LANGUAGES AND LITERATURE

Hindi

HINDI 431 ADVANCED CONVERSATIONAL HINDI (2, MAX. 8)

Advanced Hindi conversation, based on selected reading passages. Prerequisite: 323 or equivalent or permission of instructor.

Indian

INDN 403 INTRODUCTION TO WRITTEN URDU (3)
Introduction to modern written Urdu for students with at least elementary knowledge of Hindi. Prerequisite: HINDI 313 or equivalent.

INDN 404 READINGS IN URDU LITERATURE (3, MAX. 18)
Readings in Urdu prose and poetry. Urdu prose composition. Prerequisite: 403 or equivalent.

Vietnamese

VIET 111 FIRST-YEAR VIETNAMESE (5)
Introduction to modern Vietnamese conversation and grammar. Emphasis on correct pronunciation and basic structure.

VIET 113 FIRST-YEAR VIETNAMESE (5)
Introduction to modern Vietnamese conversation and grammar. Emphasis on correct pronunciation and basic structure.

VIET 211 SECOND-YEAR VIETNAMESE (5)
Continuation of 111, 112, 113. Review of Vietnamese grammar, development of conversational skills (listening and speaking), reading literary and cultural materials, writing compositions. Prerequisite: 113 or permission of instructor.

BIOLOGY

BIOL 476 CONSERVATION BIOLOGY (3)
Joint with ENV S 476. See Environmental Studies for description.

CHEMISTRY

CHEM 303 CHEMISTRY OF TRACE MATERIALS: THE ENVIRONMENTAL IMPACT (3)
Nonmathematical examination of role of small amounts (traces) of chemicals in our bodies and in global, regional, and local environments. Traces of certain chemicals influence events leading to acid rain, smog, nuclear waste management, waste water treatment. Intended for non-science majors. Prerequisite: one quarter of college level chemistry.

CLASSICS

Greek

GRK 508 LYSIAS AND DEMOSTHENES (3)
Select speeches, oratorical theory, historical questions.

Latin

LAT 506 CICERO (3)
Select speeches, with attention to rhetorical theory, and/or letters.

COMMUNICATIONS

CMU 501 DEVELOPMENT OF MASS COMMUNICATION (5)
Institutions of mass communication. Political and Social roles.

DRAMA

DRAMA 201 DRAMATIC ACTION (5)
Examination of play structure through analysis of one-act plays in all genres, with special attention to plotting and the various means used to achieve a unity of action as the basis of all drama.

DRAMA 305 COMPUTERS IN THE THEATRE (5)
Computing and information systems as problem solving tools for the theatre. Analysis of problems in theatre production and scholarship, with approaches to solutions through computing. Data-base, spreadsheet, and CAD system applications in the practice and study of lighting and scenic design, theatre management, and research in theatre history and criticism.

DRAMA 371 THEATRE AND SOCIETY (5)

Introduction to the history of the theatre from the Greeks to the present day. Development of the theatre as a social institution. Reading of major texts from each period.

DRAMA 391 BEGINNING TECHNICAL PRACTICES (1-3, MAX. 9)

Laboratory course involving specific production assignments, either in-shop or in-theatre, or both. Prerequisites: 290, 291, 292 or receiving a production assignment.

DRAMA 401 DRAMA COLLOQUIUM (1-0-0, MAX. 3)

Weekly lectures by guest artists, presentations by faculty or students of works in progress. Required of all undergraduate and graduate drama majors.

DRAMA 432 CHILD DRAMA (3)

History and development, processes and products, and the place of child drama — including children's theatre, creative dramatics, film-radio-television, and puppetry — in contemporary society.

DRAMA 441 BEGINNING PLAYWRITING (5, MAX. 10)

Writing exercises and drafts of a one-act play provide students with first experience in writing for performance. Readings of representative one-act plays introduce genres and writing styles. Prerequisites: 253 or 353; and 210, 211, 212; or practical theatre experience.

DRAMA 454 PROJECTS IN ACTING (3, MAX. 9)

Rehearsal and classroom performance of dramatic literature of various periods and styles. Prerequisite: audition.

DRAMA 502 DESIGNER-DIRECTOR ANALYSIS (4)

Methods of examining plays to make the collaboration of director and designer productive. Attempts to create a structural whole from visual and verbal approaches to analysis. Prerequisite: graduate standing in drama.

DRAMA 541 GRADUATE PLAYWRITING SEMINAR I (3-6, MAX. 18)

Workshop for development of new plays. Graduate playwriting students develop one-act and full-length plays, which continue through rewriting until ready for public reading. Readings of representative contemporary full-length plays address specific problems of playwright's crafting.

DRAMA 542 GRADUATE PLAYWRITING SEMINAR II (3-6, MAX. 18)

Continuation of play development through classroom critique, rehearsed readings, and twenty-hour rehearsal workshop productions. Readings address more complex craft problems. Regular rewriting of each student's work.

ECONOMICS

ECON 509 MACROECONOMICS III (4)

Modern macroeconomic research models. Prerequisite: 503.

ENGLISH

ENGL 582 RECENT AND CONTEMPORARY LITERARY CRITICISM AND THEORY (5)

Recent and contemporary developments in literary criticism and theory, especially such movements as poststructuralism, deconstruction, feminism, reader-oriented theories, hermeneutics, and socially oriented theories.

ENVIRONMENTAL STUDIES

ENV S 476 CONSERVATION BIOLOGY (3)

Explores biological, managerial, economic, and ethical concepts affecting survival of species. Applications of ecology, biogeography, population genetics, and social sciences for the preservation of species in the

face of widespread global habitat modification, destruction, and other human activities. Joint with BIOL 476. Prerequisite: 204 or BIOL 472 or equivalent.

HISTORY

HST 121 THE ANCIENT WORLD: SPECIAL PROBLEMS(5)

Introduction to the general problems of historiography, using the history of the ancient world as a base. Concentrates on the role of leadership, institutions, and elites in the course of history.

INTERNATIONAL STUDIES

Middle Eastern Studies

SISME 530 READING SEMINAR ON MIDDLE EAST STUDIES (2)

Study of Middle Eastern historiography, Islamic law, Islamic theology, the relations between the Middle East and the world economy, political structures, and social movements in the Middle East.

MATHEMATICS

MATH 514 NETWORKS AND COMBINATORIAL OPTIMIZATION (3)

Networks and directed graphs. Paths and trees. Feasible and optimal flows and potentials. Transportation problems, matching and assignment problems. Algorithms and applications. Joint with AMATH 514. Prerequisites: 302 and 327, or equivalent.

MUSIC

Music

MUSIC 467 ADVANCED JAZZ IMPROVISATION I (1)

Performance techniques in jazz improvisation for the advanced student. Prerequisite: 369 or permission of instructor.

MUSIC 543 PRECEPTORIAL READINGS IN SYSTEMATIC MUSICOLOGY I (3)

Examines the significant research literature on acoustical, psychological, and social systems operating in music.

Music Applied

MUSAP 318,368,418,468 PRIVATE INSTRUCTION: GUITAR (2-3, MAX. 9; 2-3, MAX. 9; 2-3, MAX. 9; 2-3, MAX. 18)

MUSAP 338,388,438,488 PRIVATE INSTRUCTION: GUITAR (3-4, MAX. 12; 3-4, MAX. 12; 3-4, MAX. 12; 3-4, MAX. 18)

POLITICAL SCIENCE

POL S 490 FOUNDATIONS OF POLITICAL ANALYSIS (5)

Fundamental issues pertaining to research in political science: "logics of inquiry," problems of concept formation, and development of research methods. Examination of positivist, post-empiricist, and other arguments about the nature of scientific knowledge.

POL S 598 INDEPENDENT WRITING I (3-5)

Supervised research and writing for graduate students completing the M.A. essay of distinction.

POL S 599 INDEPENDENT WRITING II (3-5)

Supervised research and writing for graduate students completing the Ph.C. essay of distinction.

PSYCHOLOGY

PSYCH 318 PSYCHOBIOLOGICAL RESPONSES TO EXERCISE/DISUSE (5)

Psychobiological adaptive responses to prolonged increased or decreased use of organ systems. Emphasis on induction mechanisms, exercise, and human behavior. Prerequisite: 222 or ZOOL 118.

PSYCH 455 DEVELOPMENTAL SOCIAL PSYCHOPHYSIOLOGY (2-5)

Fundamentals of psychophysiology, emotion, and social interaction in developmental research. Laboratory and lectures emphasize skills in the study of basic biological process in the social context of the developing person. Prerequisites: 101 or 102, 213, 306, 422, and upper-division standing or permission of instructor.

SCHOOL AND GRADUATE SCHOOL OF BUSINESS ADMINISTRATION

ACCOUNTING

ACCTG 560 SPECIAL TOPICS IN PROFESSIONAL ACCOUNTING (4)

Lectures, discussion, and case analyses dealing with special current topics relevant to professional accounting. Satisfies the professional accounting elective requirement for the MPAcc degree program. Prerequisite: permission of instructor.

BUSINESS ADMINISTRATION

B A 371 COOPERATIVE EDUCATION IN BUSINESS (2, MAX. 6)

Business practicum: one or two quarter internship with approved business or government agency. Open only to students who meet requirements of the internship program. Internship credit may not be applied to fulfill specific course requirements, or to 180 credits required for graduation. Credit/no credit only.

MANAGEMENT AND ORGANIZATION

Human Resources Management - Organizational Behavior

HRMOB 450 LEADERSHIP AND DECISION MAKING (4)

Focuses on the manager as leader and decision maker. Different leadership theories, styles, and behaviors are examined. Different decision making models and techniques are explored. Prerequisite: junior standing or above.

HRMOB 470 MOTIVATION AND PERFORMANCE (4)

Different strategies for influencing employee motivation and performance are reviewed. Included are reward systems, goal setting procedures, and various techniques to enlarge and enrich one's job. Effects of these formal and informal strategies on job attitudes are examined. Prerequisite: junior standing or above.

HRMOB 550 LEADERSHIP (3)

Various theories of leadership are reviewed and critiqued. These include trait theories, leader behavior theories, and situational theories. The concept of leadership is examined within the broader framework of power—how power is gained, lost, and distributed within organizations. Prerequisite: permission of the graduate office.

HRMOB 560 NEGOTIATIONS (3)

Analyzes the strategy used in negotiations other than labor/management bargaining for the purpose of developing skills necessary to devise a negotiating strategy appropriate to the situation. Learning methods include negotiation of contracts in simulated business settings, case studies, and readings. Prerequisite: permission of the graduate office.

SCHOOL OF DENTISTRY

ORAL BIOLOGY

ORALB 540P CPC: ORAL BIOLOGY (2)

Seminar stressing the basic science aspects and clinical findings of various oral lesions through the exploration of etiology, pathogenesis, histopathology, and treatment modalities for oral pathology cases drawn from the Division of Oral Pathology's files.

ORAL MEDICINE

ORALM 404 CONSIDERATIONS IN CARE OF THE PATIENT WITH A DISABILITY (*, MAX. 6)

Topics relating to the role of auxiliaries in dental treatment of the special patient including psychosocial issues, communication techniques, wheelchair transfers; dental prevention, medical and dental management of specific disabilities; drug therapy, sedation and anesthesia. Prerequisite: permission of instructor.

ORALM 460 CLINICAL MANAGEMENT OF PATIENTS WITH DISABILITIES (*, MAX. 10)

Participation in chair/bedside dental treatment of a broad range of disabled populations, including homebound and institutionalized patients. Prerequisites: 404 and permission of instructor.

COLLEGE OF EDUCATION

EDUCATIONAL CURRICULUM AND INSTRUCTION

EDC&I 488 EDUCATIONAL TECHNOLOGY AND LEARNING IN ALTERNATIVE SETTINGS (3)

Examination of how educational technology can be used to encourage learning in nonschool environments such as museums, radio and television broadcasts, parks and recreation centers, and distance education programs. Students investigate one of these areas and prepare a project.

EDUCATIONAL PSYCHOLOGY

EDPSY 568 SEMINAR IN PROFESSIONAL ISSUES AND ETHICS (2)

Professional ethics codes and cases, history of counseling psychology, legal problems, credentialing issues, conditions of practice, continuing education, publishing and presenting research papers.

EDPSY 571 EDUCATIONAL APPLICATIONS OF NEUROPSYCHOLOGY: ASSESSMENT AND INTERVENTION (5)

Students observe and administer neuropsychological tests, and plan and carry out educational interventions for children with neuropsychological disorders. Content focuses on various neuropsychological disorders for which school psychologists can provide assessment and consultation. Prerequisites: 540 or equivalent course in individual testing; and 471 or permission of instructor.

SPECIAL EDUCATION

EDSPE 421 INTRODUCTION TO VOCATIONAL ASSESSMENT (3)

Focuses on theoretical concepts and fundamental techniques of vocational assessment of handicapped and disadvantaged persons. Emphasis on clinical process including vocational counseling, test administration and interpretation, behavioral analysis. Significant issues related to legislation, research, methods of implementation of curriculum based school assessment models discussed. Prerequisite: 418 or equivalent preparation.

EDSPE 561 ASSESSMENT OF PRESCHOOL HANDICAPPED CHILDREN (3)

Students learn to select, administer, interpret and prepare written reports on appropriate classroom tests for preschool-aged handicapped children.

INDEPENDENT STUDY, RESEARCH, AND FIELD EXPERIENCE

EDUC 423 EDUCATING DIVERSE GROUPS (3)

Provides background information on socioethnic/cultural diversity in United States; its impact on decision making in school structure, school programming, administration. Socioeconomic, ethnic minority, women, handicapped groups. Emphasizes educational implications of discrimination based on gender, race, ethnicity, social class, handicapping conditions. Prerequisite: admission to teacher education program or teaching experience.

COLLEGE OF ENGINEERING

INTERDEPARTMENTAL CURRICULAR PROGRAM

ENGR 275 FUNDAMENTALS OF COMPUTER OPERATING AND ORGANIZATION (4)

Organization and operation of digital computers. Representation of information, instruction formats, addressing, flow of control, processor and system components, and soft-ware systems. The digital computer studied at various levels (microprogramming, machine, and system).

Prerequisite: 141.

ENGR 280 INTRODUCTION TO SYSTEM ENGINEERING (4)

Applied general systems theory is presented as a framework for system engineering. Concepts of system hierarchies, tradeoffs, and feedback all applied in two team oriented projects. Prerequisite: 141.

CIVIL ENGINEERING

Transportation, Surveying, and Construction Engineering

CETS 506 DESIGN OF TEMPORARY STRUCTURES IN CONSTRUCTION (3)

Fundamental criteria to be considered in the design of various temporary structures in construction. Temporary structures include rock crushing plants, belt conveying systems, concrete forms, cellular fill cofferdams, braced cofferdams. Manual and computer aided design approaches. Prerequisite: 406 which may be taken concurrently, CISM 486 ore equivalent, or permission of instructor.

ELECTRICAL ENGINEERING

E E 370 INTRODUCTION TO DIGITAL SYSTEMS AND COMPUTERS (4)
Introductory course in digital logic, Boolean algebra, combinational and sequential circuits, design and operation of digital computers including ALU, memory, I/O, and control. Computer operation and organization including instruction formats, addressing, and stacks.

E E 375 DISCRETE MATHEMATICS FOR COMPUTER ENGINEERING (3)
Symbolic logic, set theory, algebraic structures, groups and formal languages, graphs, lattices and Boolean algebra, finite fields, and computability with computer engineering applications.

E E 500 GRADUATE SEMINAR (1, MAX.3)

Weekly seminars on current topics in electrical engineering. More than one section may be offered in a given quarter. No more than three credits can be applied to meet departmental graduation requirements.

E E 521 MULTIDIMENSIONAL SIGNAL PROCESSING (3)

Multidimensional (M-D) signals and systems, M-D sampling theorem, sample dependence in higher dimensions, M-D FIR filter design using windows and the McClellan transform, M-D IIR filter stability and design. Current topics in M-D signals and systems. Prerequisite: 442 or 518 or equivalent.

E E 540 VLSI TESTING (3)

VLSI testing and design-for-test techniques are covered. Emphasizes reliability predictions and characterizations for integrated circuits and systems. Students test the circuits fabricated in 536 as laboratory work. Prerequisites: 535, 536.

E E 578 INVERSE PROBLEMS IN PROPAGATION AND SCATTERING (2)

Inverse problems in wave propagation and scattering. Holographic shape determination. Inverse source problems. Diffraction tomography. Wave migration and backward propagation. Applications in holography, ultrasound imaging, geophysical inversion, oceanography, optics, and medicine. Prerequisite: 572 or equivalent.

E E 579 ADVANCED TOPICS IN ELECTROMAGNETICS, OPTICS, AND ACOUSTICS (1-5)

Topics of current interest in electromagnetics, optics, and acoustics. Content varies from year to year, based on current professional interests of faculty member in charge. May be repeated for credit. Prerequisite: permission of instructor.

INDUSTRIAL ENGINEERING

IND E 324 ENGINEERING APPLICATIONS OF LINEAR PROGRAMMING (3)

Optimization of linear systems, mathematical model design, simplex methods, primal-dual algorithms, parametric programming, network theory, integer and goal programming. Emphasis on design aspects of models with applications involving transportation, allocation, and total industrial systems. Prerequisites: MATH 238, ENGR 141.

MATERIALS SCIENCE AND ENGINEERING

MSE 314 CRYSTAL CHEMISTRY AND CRYSTALLOGRAPHY (5)

Crystal chemistry of metallic and nonmetallic phases. Principles of crystal symmetry and use of stereographic projections. Applications in design and analysis of materials systems. Prerequisite: ENGR 1170.

MSE 599 SPECIAL TOPICS IN MATERIALS SCIENCE (1-5, MAX. 5)

Studies of special advanced topics in materials science. Prerequisite: permission of instructor.

MECHANICAL ENGINEERING

M E 450 INTRODUCTION TO COMPOSITE MATERIALS AND DESIGN (3)

Stress and strain analysis of continuous fiber composite materials. Orthotropic elasticity, lamination theory, failure criteria, design philosophy, and joint techniques, as applied to composites. Prerequisite: 352.

SCIENTIFIC AND TECHNICAL COMMUNICATION

STC 501 THEORETICAL DIMENSIONS OF TECHNICAL COMMUNICATION (3)

Examination of theories and research drawn from a variety of fields that inform such topics as the historical and social context of technical communication, the aims of technical discourse, readability, invention and audience, audience analysis, technical style, and graphics. Prerequisites: admission into an engineering master's program or permission of instructor.

STC 598 SPECIAL TOPICS (1-5, MAX. 6)

Prerequisite: permission of instructor.

STC 599 SPECIAL PROJECTS (1-4)

Written report required. Prerequisite: permission of program director.

STC 600 INDEPENDENT STUDY OR RESEARCH (*)

Written report required. Prerequisite: permission of program director.

STC 700 MASTER'S THESIS (*)

Prerequisite: permission of thesis advisor.

COLLEGE OF FOREST RESOURCES

FOREST PRODUCTS AND ENGINEERING

FPE 508 ADVANCED WOOD CHEMISTRY (3)

Biogenesis of lignins and isotope labelling methods. Oxidative coupling phenols. Carbonium ion intermediates in acid-catalyzed processes. Protoetherification and reactions with chlorins. Oxidation by inorganic agents and enzymes. Structure of cellulose microfibrils, acid- and enzyme-catalyzed hydrolysis and alkaline degradation of polysaccharides. Prerequisite: 406.

FPE 591 GRADUATE TEACHING PRACTICUM (*, MAX. 5)

Principles of teaching and learning applied to undergraduate instruction in Forest Products and Engineering. Development, delivery, and evaluation of actual lectures and homework assignments are required in the student's area of expertise. Prerequisite: permission of instructor.

FOREST RESOURCES MANAGEMENT

FRM 101 INTRODUCTION TO FOREST SCIENCE (1)

Disciplines comprising the field of forest science. Faculty representing various disciplinary specialties present seminars discussing important basic concepts underlying their research as well as explanations of the application of these concepts to modern forestry.

FRM 210 INTRODUCTORY SOILS (3)

Introductory course in soils explores the physical, chemical, and biological properties that affect distribution and use patterns of this important ecosystem component. Includes soil morphology and genesis, plant nutrition and nutrient cycling, soil water, microbiology and application of soil properties to environmental concerns. One Saturday field trip.

FRM 300 PROFESSIONAL FORESTRY INTERNSHIP (1-3)

Comprehensive examination of an acceptable experience in professional forestry within a public or private agency, including operational policies and procedures. Preparation of professional assessment report and presentation of seminar based on internship in forest management in broad aspects. Prerequisites: Pack Forest completion and permission of instructor.

FRM 310 PHYSICAL ASPECTS OF THE FOREST ENVIRONMENT (5)

Micrometeorology (radiation, energy budgets), fire physics, soils (weathering, soil formation, physics, chemistry, water flow), and forest hydrology (watersheds, water budgets, runoff). Relationships to forest productivity. Five laboratories, five field trips.

FRM 321 FOREST BIOLOGY I (5)

Introduction to regional forest biology, taxonomy, life histories, genetics and physiology of forest trees and shrubs. Classification and life histories of forest insects and other animals.

FRM 370 SOCIAL FUNCTIONS OF FOREST ECOSYSTEMS (3)

Introduction to structure and function of forest ecosystems: resources as social functions; role of social institutions in modifying ecosystem structure and processes; multiresource case studies and field trips.

FRM 420 FOREST BIOLOGY III (3)

Disturbance effects on forest species, composition, structure and function on both geologic (glacial epoch) and higher frequency scales. Biotic (wildlife, insects, and diseases) and abiotic (weather, soil movement, fire) disturbances are discussed relative to forest management. Occasional field trips.

FRM 461 FOREST MANAGEMENT AND ECONOMICS II (4)

Basic concepts of timber harvest scheduling, sustained yield models, contemporary analytical techniques, timber supply, and forest products markets. Prerequisites 460 and Q SCI 340 or equivalent.

FRM 495 SENIOR PROJECT (5)

Individual study of a forest resources management problem under the direction of a faculty member. Prerequisites: 471; approved plan of study and permission of major advisor; generally taken in last quarter of residence.

FRM 554 WILDLIFE SEMINAR (1-2, MAX. 10)

Discussion of current research and application in wildlife biology and conservation. Prerequisite: permission of instructor.

INTERSCHOOL/INTERCOLLEGE PROGRAMS

BIOENGINEERING

BIEN 534 INTRODUCTION TO BIOMEDICAL INSTRUMENTATION (4)

Techniques of biological systems analysis using Fourier and Laplace Transforms. Electronic circuit analysis techniques applied to biological problems. Operational amplifiers as interfaces to transducers and as signal processors. Computer aided design is used in both homework and weekly laboratory. Prerequisites: MATH 238 or equivalent and PHYS 121-123 or equivalent.

QUANTITATIVE SCIENCE

Q SCI 521 SCIENTIFIC METHOD IN RESOURCE MANAGEMENT (2)

Describes the process of scientific discovery and strategies used for different problems in ecology and natural resources management. The relationship between growth of objective knowledge and use made of that knowledge in natural resources management is explored through case studies. Joint with FISH 521.

Q SCI 550 APPLIED ECOLOGICAL MODELING (4)

Methods of applied ecological modeling at individual community and ecosystem levels. Covered techniques include systems of ordinary differential equations, population growth models, linear compartment models, and Monte Carlo event-oriented models.

Q SCI 597 SEMINAR IN QUANTITATIVE ECOLOGY (2)

Lectures and discussions of current problems in quantitative ecology.

UNIVERSITY CONJOINT COURSES

UCONJ 501 INTERNATIONAL HEALTH EDUCATION (1)

Weekly two-hour seminar provides in-depth and concrete preparation for international health work involving extensive use of case studies; a problem-solving format; and time for teaching practical skills and tools relevant to clinical, epidemiological, and laboratory needs. Each seminar prepared and presented by a faculty/student team.

GRADUATE SCHOOL OF LIBRARY AND INFORMATION SCIENCE

LIBR 513 MANAGEMENT OF AUTOMATED SYSTEMS IN LIBRARIES (3)

Developing criteria for selection and design of computer systems for libraries and information centers. Applying criteria in evaluation of hardware and software. Examining related management challenges such as

vendor relations, financing options, personnel requirements, and design of auxiliary activities. Prerequisites: 501, 503, or permission of instructor.

LIBR 594 COLLECTION DEVELOPMENT (3)

Access to materials as context for development and management of library collections in academic, public school libraries. Community analysis, library mission; collection development policies, criteria, principles, levels, responsibilities; aids to selection; collection evaluation, use studies; controversial, difficult materials. Major issues, research, trends Prerequisites: 500, 501 or permission of instructor.

SCHOOL OF MEDICINE

BIOLOGICAL STRUCTURE

B STR 561 NEUROANATOMICAL TECHNIQUES LABORATORIES (*, MAX. 4)

Detailed training in modern neuroanatomical techniques provided in laboratories of departmental faculty to individual students. Discussion of literature related to that method expected. Prerequisites: 560 and permission of instructor.

CONJOINT COURSES

CONJ 516 CURRENT LITERATURE IN LABORATORY ANIMAL MEDICINE (1. MAX. 12)

Critical evaluation of recent articles on laboratory animal medicine and science. Emphasis on literature dealing with spontaneous diseases of laboratory animals, biology and husbandry, zoonotic diseases, and animal models of human disease. Discussions on experimental design, use of animals in research, and methods of reviewing manuscripts. Prerequisite: permission of instructor.

CONJ 518 CLINICAL CONFERENCE SEMINAR (1, MAX. 12)

Clinical reports of cases of spontaneous and induced diseases, animal models of human disease, and zoonotic diseases are presented and discussed. Disease prevalence is reviewed and preventive medicine measures are discussed. Diagnostic exercises assigned. Prerequisite: permission of instructor.

CONJ 519 MOLECULAR AND CELLULAR NEUROBIOLOGY (3)

Lectures describing concepts and techniques of molecular and cell biology as applied to understanding development and function of the nervous system. Recommended: biochemistry course or equivalent.

MEDICINE

MED 599P TRANSFUSION MEDICINE (3)

Group discussions and didactic sessions cover broad category of transfusion medicine. Hands on laboratory experience in red cell serology/compatibility, coagulation, and histocompatibility with emphasis on diagnosis and management of clinical problems. Based at Puget Sound Blood Center. Prerequisite: fourth year medical student or permission of instructor.

MICROBIOLOGY

MICRO 522 CURRENT RESEARCH IN MICROBIOLOGY (1)

Weekly student and faculty seminar presentations based on the current literature. May be repeated for credit. Credit/no credit only. Prerequisite: graduate standing in microbiology.

OPHTHALMOLOGY

OPHTH 501P OPHTHALMOLOGY PRECEPTORSHIP (1)

Individualized experiences with one or more of the full-time faculty members of the department covering research, teaching, and patient

care. Student observes activities in the clinic, hospital ward, operating room, and research laboratories. Prerequisites: first- or second-year medical student and permission of instructor.

PHYSIOLOGY AND BIOPHYSICS

P BIO 505 CELL PHYSIOLOGY (3)

Cell membranes, membrane proteins, ion channels, ion pumps. Bioelectricity, with emphasis on action potentials in neurons, axons, and cardiac muscle. Signal transduction and intracellular signaling with emphasis on synaptic transmission, sensory receptors, and the control of intracellular Ca. Cell motility with emphasis on muscle. Prerequisite: permission of instructor.

REHABILITATION MEDICINE

REHAB 517 INTRODUCTION TO RESEARCH IN OCCUPATIONAL THERAPY (3)

Introduction to statistics, group research design, tests and measurements, and single subject research methodology. Lectures, readings, and assignments related to occupational therapy and rehabilitation medicine research. Prerequisite: occupational therapy major standing or permission of instructor.

SURGERY

SURG 505P PRECEPTORSHIP IN SURGERY (1)

Opportunity for first and second year medical students to gain personal experience with clinical faculty members in the community. Students observe general aspects of private practice, including clinical problems seen; practice limitation; doctor-doctor, doctor-patient, and doctor-nurse relationships in the office and hospital. Prerequisite: permission of department.

SCHOOL OF NURSING

NURSING SCIENCE

NURS 591 ADVANCED SEMINAR IN NURSING SCIENCE (3, MAX. 15)

Guided in-depth analysis and evaluation of literature in focused areas of research. Emphasis is on synthesis of literature related to selected fields of nursing science. Seminar with oral analysis of assigned papers and topics. Prerequisite: graduate standing or permission of instructor.

NURS 599 SELECTED READINGS IN NURSING SCIENCES (1-3, MAX. 18)

Analysis or synthesis of selected readings with faculty mentor. Prerequisite: permission of instructor.

PARENT AND CHILD NURSING

PCN 529 PERINATAL PHYSIOLOGIC ADAPTATIONS (3)

Analysis of normal physiologic and anatomic changes in the pregnant woman and fetal-neonatal developmental physiology. Emphasis on implications for perinatal nursing practice. Examination of the research basis for selected nursing management strategies. Prerequisite: graduate standing or permission of instructor.

PHYSIOLOGICAL NURSING

PN 550 SEMINAR IN NEUROSCIENCE NURSING (3)

Guided survey of clinical and experimental literatures regarding selected concepts of human functioning mediated by the nervous system: consciousness, mentation, movement, sensation, integrated regulation, and coping with disability. Clinical and research measurement, cur-

rent research and implications for further research, and clinical applications. Prerequisite: knowledge of basic anatomy and physiology.

COLLEGE OF OCEAN AND FISHERY SCIENCES

FISHERIES

FISH 498 INTERNSHIP/EXPERIENTIAL LEARNING (1-9, MAX. 9)
Structured, practical training in the fishing industry, government agencies and other areas utilizing fisheries, food science, ore quantitative science expertise. Experiences are supervised and evaluated. Written reports required. Prerequisite: permission of faculty advisor.

FISH 521 SCIENTIFIC METHOD IN RESOURCE MANAGEMENT (2)
Joint with Q SCI 521. See Quantitative Sciences for description.

SCHOOL OF PHARMACY

PHARMACY PRACTICE

PHARM 461 PHARMACEUTICAL MARKETING (3)
Introduction to marketing concepts as applied to delivery of pharmaceutical products and services. Trends in the pharmaceutical market-

place; focus on pharmaceutical industry practices as they affect community and institutional pharmacy. Prescriber and consumer behavior relative to legend and OTC drugs. Prerequisite: pharmacy major.

GRADUATE SCHOOL OF PUBLIC AFFAIRS

PB AF 558 MEDIATION AND NEGOTIATION AS INSTRUMENTS OF PUBLIC MANAGEMENT AND POLICY MAKING (3)

Intended to strengthen the understanding of the possibilities offered by mediation and negotiation methods using a mixture of cases, readings, discussions, lectures, and guest speakers. Focuses on the increasing interest in the use of negotiation and mediation techniques to resolve disputes and disagreements over public policy issues.

PUBLIC HEALTH AND COMMUNITY MEDICINE

HEALTH SERVICES

HSERV 537 TOPICS IN MATERNAL AND CHILD HEALTH I (2)
Historic, legislative, structural, and economic basis for maternal and child health services in the United States. Seminar format, in which students critically review assigned readings and prepare questions for class discussion. Prerequisite:s graduate standing; permission of instructor.

W COURSES OFFERED AUTUMN QUARTER 1988

Students who plan to take majors in the College of Arts and Sciences and who started college Autumn Quarter 1983, or later, must complete 10 credits of courses designated "W." W courses are not English composition courses but, rather, are courses in which a substantial amount of writing is required. Almost any department can offer W courses. The following courses being taught Autumn Quarter 1988 have been designed as W courses.

AAS 401 A	ENGL 203 A	HSTAA 470 A	SISRE 401 A
ARCHY 497 A	ENGL 204 A	HSTAS 451 A	SISRE 455 A

COLLEGE STUDIES COURSES OFFERED AUTUMN QUARTER 1988

Students in the College of Arts and Sciences who elect to fulfill their general education requirement through College Studies must complete three sequences of 15 credits each in Natural Science, Social Sciences, and Humanities/Fine Arts from the College Studies list. The following courses taught in Autumn Quarter 1988 belong to various College Studies sequences.

ART 275 A	ENGL 306 A	HST 311 A	POL S 270 A

SPORTS SKILLS CLASSES FOR AUTUMN QUARTER 1988

Sports skills instruction classes are available through the Department of Recreational Sports Programs (IMA) on a noncredit basis for a class registration fee. Classes are open to all regularly enrolled Autumn Quarter students and to faculty/staff who have purchased an IMA Facility Use card. Specific information on fees, dates, and times will be available at the IMA building after September 1, 1988. Registration will be October 3, 4, and 5, from 7:45 a.m. to 6:00 p.m. in Meeting Room A of the IMA building. After these dates, if spaces are still available, registration will continue in the IMA administration office from 8:00 a.m. to 4:30 p.m., Monday through Friday. Disabled students are encouraged to participate in sports skills classes and should contact the Sports Skills Office.

ADVANCED LIFESAVING
AEROBICS
ARCHERY
BADMINTON
CONDITIONING
DANCE: BALLET, JAZZ
FENCING: FOIL, SABRE
GOLF (registration at
golf range)
GYMNASTICS

HYDRO-AEROBICS
JUDO
KARATE (GOJU RYU)
KARATE (SHOTOKAN)
KAYAKING
RACQUETBALL
ROLLERSKATING
SKI CONDITIONING
SKIING
SKIN AND SCUBA

SOCCER
SPRINGBOARD DIVING
SQUASH
SWIMMING
TAE KWON DO
TENNIS
VOLLEYBALL
WATER SAFETY INSTRUCTION
WEIGHT TRAINING

The majority of classes are held at the IMA; a few are held in HEC Edmundson Pavilion or at Hutchinson Hall (upper campus).

Equipment is provided or can be checked out from the IMA main issue window for most of the classes.

This list of classes is subject to change depending on enrollment and space availability. For further information, telephone the Sports Skills Office at 206/543-2571 during regular business hours.

INDEPENDENT STUDY THROUGH CORRESPONDENCE

The Distance Learning office provides University courses for correspondence credit primarily by correspondence instruction to persons who wish to study independently. Fees for Distance Learning courses are separate from residence tuition and are \$40 per credit. Enrollment is not based on the quarter system but is continuous throughout the year, with one calendar year allowed to complete a course.

A regularly enrolled student who wishes to register for additional courses for Distance Learning credit should consult his or her departmental adviser prior to enrolling in a Distance Learning course. Applications and additional information on enrollment procedures may be obtained from the Office of Distance Learning, 5001-25th Ave. N.E., or by telephoning 543-2350.

The following courses are currently offered by Distance Learning (credits in parentheses).
