

Time Schedule

Spring Quarter 1982

Preregistration: February 9-12, 16-19

Last day to register and receive highest priority

Freshmen (0-44 credits)	February 9, 10
Seniors (135 credits)	February 10, 11
Graduate Students	February 11, 12
Postbaccalaureate (fifth-year) Students	February 12, 16
Juniors (90-134 credits)	February 16, 17
Sophomores (45-89 credits)	February 17, 18, 19

Class standing is based on the projected number of credits the student will have at the beginning of the next quarter. Faculty and staff using tuition exemptions may not preregister.

In-person registration (by appointment only): March 22, 23, 24

Matriculated Students: March 22, 23
Tuition-exempt Faculty/Staff: March 24
"Access" Students: March 24

GENERAL INFORMATION

It is the University's expectation that a student will follow University rules and regulations as they are stated in the *General Catalog*. In instances where no appeal procedure is spelled out and the student is persuaded that a special set of circumstances makes appeal reasonable, he or she may appeal the application of specific rules or regulations to the office of the dean of the school or college in which he or she is enrolled in the case of an academic matter, or to the Office of Student Affairs in the case of a nonacademic matter. These offices will either render a decision on the appeal or refer the student to the proper office for a decision.

GUARANTEED REGISTRATION ELIGIBILITY

University of Washington students who remain in good scholastic standing are guaranteed the opportunity to register each quarter as long as they maintain continuous enrollment (Summer Quarter excepted). Continuation must be in the same classification, e.g., undergraduate, postbaccalaureate (fifth-year), graduate, etc. Once a student earns a baccalaureate degree, he or she must apply for readmission as a postbaccalaureate (fifth-year), nonmatriculated, or graduate student. Exceptions to the guarantee are: (1) students under disciplinary action and (2) students with a financial hold.

If an undergraduate does not enroll for one or more quarters, or if a graduate student goes on-leave, he or she must file an application for readmission with the Registrar's Office. Information on admission closing dates is available at Window 3, second floor, Schmitz Hall, or by calling 543-5920.

FULL-TIME STUDENT REQUIREMENT

Many students think that because they pay full fees they are considered full-time students. This is incorrect. To be considered a full-time student, an undergraduate must register for 12 credits and a graduate student must register for 9 credits. The full-time registration requirement varies for different agencies. Information on full-time requirements of the Veterans Administration, Immigration and Naturalization Service, and Social Security Administration may be obtained at Schmitz Hall. Consult the Financial Aid Office for its requirement on satisfactory student progress.

NONMATRICULATED STUDENTS

Nonmatriculated students register March 24 and enroll only on a space-available basis. Because nonmatriculated students register after all other students, enrollment may be closed in the following areas: mathematics, English composition, beginning foreign languages (particularly French and Spanish), business, and art. Nonmatriculated students may participate in preregistration for the Summer Quarter.

TUITION-EXEMPT FACULTY/STAFF

With the approval of their department heads, regularly admitted full-time UW faculty and staff members who have been employed six months or more may take up to 6 credits per quarter under the tuition exemption program. According to legislative action, all registrations must be on a space-available basis after other students have registered. Members of the faculty and staff who wish to utilize the exemption may not preregister; registration may occur no earlier than the last day of the registration period. Faculty/staff who register before the last day will not be eligible to use a tuition exemption that quarter. Registration appointments are not required. New faculty/staff members must be officially admitted by the Office of Admissions by the regular admission closing date; February 1 is the closing date for Spring Quarter. Faculty/staff members who are former students returning either in the same classification or as nonmatriculated students should apply at the Registration Office, Window 8, second floor, Schmitz Hall, by February 1.

Employees should present their approved tuition exemption cards at Sections, Odegaard Undergraduate Library, according to the schedule listed below. A \$5 registration fee will be collected at the time of registration. The alphabetical priority will change each quarter. Regularly admitted faculty and staff members who are unable to meet this schedule may register late by paying a \$15 fee.

Winter Quarter Registration Date: December 18, 1981

Last names beginning with Q-Z (8-9 a.m.); A-B (9-10 a.m.); C (10-11 a.m.); D-E-F (11 a.m.-noon); G-H (noon-1 p.m.); I-J-K (1-2 p.m.); L-M (2-3 p.m.); N-O-P (3-4 p.m.); make-up (4-4:30 p.m.).

Tuition-exempt faculty/staff are not entitled to other student services such as those available at the Hall Health Center and the Intramural Activities Building. Therefore, UW student cards will not be issued to faculty and staff. Faculty/staff identification cards may be used for library services.

"ACCESS" PROGRAM FOR OLDER ADULTS

The University of Washington waives tuition for Washington residents sixty years or older who wish to attend classes as auditing students, on a space-available basis. The fee is \$5, whether one or two courses are attended. As auditors, they do not receive credit and are not expected to do laboratory work or to take examinations. Students who attend the University under the Access program are limited to two courses per quarter. Registration may be made in person on Wednesday, March 24, between 8 a.m. and 2 p.m. at the Sections branch office, in the basement of the Odegaard Undergraduate Library. Interested students should proceed to the area marked *Access*. For additional information on mail-in registration or about the program in general, telephone Continuing Education, 545-7418, between 9 a.m. and noon.

AUDITORS

Auditors, except those under the Access program, pay standard tuition and fees and must be regularly admitted and registered in the course.

Attendance in courses as an auditor is by consent of the instructor involved and is conditioned by the extent to which space is available. Permission to audit is ordinarily granted for lecture classes only. An auditor may not participate in class discussion or laboratory work, and his or her registration may be canceled at the discretion of the instructor.

No entry is made on the permanent record for courses audited. To receive credit for an audited course, the student must register for the class for credit in a subsequent quarter.

Auditors follow registration instructions below.

DISABLED STUDENTS

Various support services, including priority registration, are available to students with disabilities. Contact the Coordinator for Disabled Students, 468 Schmitz, 543-8924, for information on equipment, technical aids, and accommodations to meet individual needs. *Access: University of Washington*, a guidebook to buildings on the campus, and an accompanying map may be obtained from the office.

Students with disabilities who register for a science laboratory class should telephone the Disabled Students Service Coordinator, 543-8924, and the academic adviser of that department immediately to evaluate whether some accommodation of the facilities will be necessary.

ATHLETIC EVENTS

Students may purchase a Husky Football Season Pass at the Husky Ticket Office, 101 Graves, or at the HUB Ticket Office, for admission to the following athletic events: football, soccer, and volleyball. For additional information, telephone 543-2200.

REGISTRATION INSTRUCTIONS

ACADEMIC ADVISER

See an academic adviser to discuss your educational objectives and to learn the procedures involved in registering at the University. Have an idea of the courses you would like to take before seeing an adviser by reviewing the *General Catalog* and the quarterly *Time Schedule*.

PREREGISTRATION

1. Eligibility

Preregistration is reserved for all continuing students *except* tuition-exempt faculty/staff, older adults auditing under the Access program, and nonmatriculated students. These last three groups

regular drop deadline if: (1) the student is unable to complete the course in question because of a severe mental or physical disability, or (2) unusual or extenuating circumstances beyond the student's control prevented the student from dropping the course by the regular drop deadline. Petitions must be filed promptly after the occurrence of the event that gave rise to the need for dropping the course.

3. Fee Forfeiture or Refunds

a) Students will be billed for the number of credits, including audit hours, on their programs at the end of the first week of the quarter. Only partial fee reductions will result for courses dropped after the first week of the quarter.

b) Students dropping courses after the first seven calendar days of the quarter and through the thirtieth calendar day of the quarter will be expected to pay one-half of the tuition and fees associated with that course. Example: An undergraduate originally registered for 5 credits. The fee for 5 credits is \$178 (resident). The student then drops a 3-credit course in the second week of the quarter. The total number of credits for which the student remains registered is 2. Tuition and fees are due for the 2 credits (\$73) and one-half the difference between 5 credits and 2 credits, in this case an additional \$52.50. Total fees owed are \$125.50. The student has been registered in the dropped course for more than one week and therefore must pay half the fees for the course.

Courses dropped after the thirtieth calendar day receive no refund. Example: A student is registered for a 3-credit course. The student drops that course after the thirtieth calendar day. No refund is available. If the student adds a different 3-credit course at the time the original 3-credit course is dropped, he or she will pay tuition and fees for 6 credits.

c) Drops become effective the date received in Sections.

4. Courses Added After the Official Change Periods

a) As a general rule, no courses may be added after the official change period. Exceptional cases may be approved if both the instructor of the course and the dean of the student's college consent.

b) Courses audited may not be changed to a credit registration after the first two weeks of the quarter.

FEE PAYMENT

1. A fee statement will be mailed to the address you indicate on your mark-sense registration form. If you have not received a fee statement by the end of the second week of the quarter, contact the Cashier's Office for the amount of tuition due.

2. You may pay your fees in person in the Student Accounts and Scholarships Office or mail them to Student Accounts and Scholarships Office, 129 Schmitz, Seattle 98195, before the tuition due date. Fees must be paid by Friday of the third week of the quarter whether or not you have received a statement.

3. If you fail to pay by the deadline you may continue to pay your fees, with a \$15 late fee, for one week following the due date. If fees are not paid by this time your registration will be canceled. Students permitted to reregister after cancellation for nonpayment will be charged a \$50 fee, in addition to their tuition. No reregistration will be possible after the last day of instruction. *Please note: Even if your registration is canceled you will continue to owe one-half your tuition and fees if you are a continuing student or, if you are a new or returning student, \$50 or one-half your tuition and fees, whichever is greater.*

Quarterly Tuition and Fee Rates*

	Resident	Non-resident
Undergraduate (includes postbaccalaureate [fifth-year] and nonmatriculated students)		
Full fee (more than 9 credits)	\$353	\$1,016
Minimum (first 2 credits)	73	200
Each additional credit	35	102
Graduate and Law		
Full fee (more than 6 credits)	413	1,200
6 or fewer credits:		
Minimum (first 2 credits)	118	345
Each additional credit	59	171
Dentistry and Medicine		
Full fee (more than 12 credits)	643	1,910
12 or fewer credits:		
Minimum (first 2 credits)	104	293
Each additional credit	49	147

* Effective as of publication date. Fees are subject to change without notice.

Special Course and Laboratory Fees

The amounts listed in the Tuition and Fee Rate schedule normally cover University charges for course registration. Some courses, however, have extraordinary expenses associated with them and in such cases the University may charge additional fees in amounts approximating the added instructional or laboratory costs.

CHANGE OF ADDRESS

If you change your address after you have turned in your mark-sense registration form, be sure to complete a change of address form at the Registration Office. Forms are available at Window 3, second floor, Schmitz Hall. *You are responsible for notifying the Registrar's Office of any address change.*

STUDENT INSURANCE

UW students who remain registered through at least the first six days of instruction in the quarter are eligible to enroll in the student health insurance plan. The following students are not eligible:

1. Those enrolled only in programs administered by the Department of Continuing Education or Office of Short Courses and Conferences, including but not limited to extension, correspondence, independent study, continuing studies, noncredit courses, or the Access program; or

2. UW employees attending classes under the employee tuition exemption program.

Students who do not specifically request a particular student insurance plan or who do not specifically state they do not wish student insurance automatically will be enrolled and billed for *student only* medical, surgical, and hospital insurance.

If you are billed for student insurance and wish to cancel your coverage, complete the appropriate section on the remittance copy of the billing statement and pay the amount billed less the indicated amount for insurance. If you wish to change or add coverage, you must do so in person in the Student Accounts Office by the date tuition is due. Tuition/fees and the student health insurance premium must be paid in full by the due date to be eligible for health insurance.

International students must subscribe to the student insurance plan. Exceptions may be granted by the International Services Office if the student presents proof of other medical insurance coverage. To be eligible for health insurance, the student must pay, in full, tuition, fees, and the student health insurance premium by the due date.

WASHPIRG

An optional \$2 fee is indicated on the fee statement for the Washington Public Interest Research Group, a student research organization. If you do not desire to support this activity, simply pay the regular tuition and fees. If you want to support WASHPIRG, pay the regular tuition and fees plus \$2.

WITHDRAWAL FROM THE UNIVERSITY (DROPPING ALL COURSES FOR THE QUARTER)

1. Obtain an approved withdrawal form from your adviser.
2. Present the withdrawal form to the Withdrawal Office, Sections, 264 Schmitz. *Withdrawals are effective the date they are received in the Registrar's Office.* Fees owed will be based upon the date the withdrawal is received in the Registrar's Office. No withdrawals will be accepted after the last day of instruction, June 4.

Continuing students who withdraw during the first week of two consecutive quarters (Summer Quarter excepted) will not be eligible to register as continuing students for the third quarter. Such students must reapply as former students returning to the University. For example, a student who withdraws during the first week of Spring Quarter and Autumn Quarter must reapply as a returning former student for Winter Quarter.

The forfeiture schedule below will be followed.

Continuing Students

a. Students withdrawing before the sixth day of the quarter do not pay tuition or fees.
b. Students withdrawing on the sixth day or through the thirtieth calendar day continue to owe one-half of their tuition and fees.
c. Students withdrawing after the thirtieth calendar day continue to owe full tuition and fees.

New and Returning Students

a. Students withdrawing before the sixth day of the quarter forfeit their \$50 enrollment service fee.

b. Students withdrawing on the sixth day or through the thirtieth calendar day of the quarter must pay one-half of regular tuition and fees or forfeit the \$50 enrollment service charge, whichever is greater.

c. Students who withdraw officially after the thirtieth calendar day must pay full tuition and fees, including the \$50 enrollment service fee.

3. Students who were unable to turn in their withdrawal in time may petition the Cashier's Office for additional refund. Petition forms are available at the Cashier's Office, 129 Schmitz.

4. Courses dropped as part of a University withdrawal completed during the first two weeks of a quarter receive no grade and no entry except date of withdrawal is made on the student's permanent academic record. Withdrawals completed after the first two weeks result in the courses being assigned a grade of "W."

GRADING SYSTEM

The University of Washington uses a numerical grading system with certain exceptions in the schools of Dentistry, Law, and Medicine. Instructors may report grades from 4.0 to 0.7 in 0.1 increments and the grade 0.0. The number 0.0 is assigned for failing work or unofficial withdrawal. Grades in the range 0.6 to 0.1 may not be assigned. Grades reported in this range will be converted by the Registrar's Office to 0.0. For graduate students, grades reported in the range 1.6-0.1 will be converted to 0.0. Numerical grades may be considered equivalent to letter grades as follows:

Undergraduate/Graduate*

A	4.0	
B	3.0	
C	2.0	
	1.7	* Lowest grade earning credit for graduate students.
D	1.0	
	0.7	Lowest passing grade for undergraduates.
E	0.0	Failure or Unofficial Withdrawal. No credit earned.

Additional information on grades and scholarship rules may be obtained from the Grade Information Office, 248 Schmitz.

Repeating Courses

Commencing Winter Quarter 1983, undergraduates may repeat only courses in which they received grades of less than 2.0 and they may repeat the course only once. The last grade will not cancel the first grade, as has been the practice. Instead, both grades will be averaged. As an example, if a student earns a 1.0 the first time and a 2.0 the second, the cumulative effect upon the grade-point average will be 1.5. Credits will count toward the degree only once. This policy change has been postponed from Winter 1982 to Winter 1983.

The Grade of Incomplete

In order to obtain credit for a course in which an Incomplete has been awarded, an undergraduate student must complete the remaining work for the course by the last day of the following quarter. An Incomplete grade for a Spring Quarter course must be made up by the last day of Autumn Quarter or the Incomplete will be converted to a grade of 0.0 by the Registrar, unless the instructor has indicated when assigning the Incomplete grade that a grade other than 0.0 should be recorded if the incomplete work is not completed. This time limitation may be extended up to one year maximum with instructor approval. Such approval must be received by the Registrar's Office before the end of the next quarter.

A graduate student who receives an Incomplete must complete the remaining work for the course by the last day of the next quarter *in residence*. An Incomplete received by a graduate student does not automatically convert to 0.0 but remains an Incomplete if the course work is not completed. This time limitation may be waived by the dean of the college in which the course was offered only if the nature of the uncompleted work is such as to make the fulfillment of this requirement impossible. In no case can an Incomplete received by a graduate student be converted to a passing grade after a lapse of two years. The Incomplete grade entry remains on the record permanently. The final grade is posted under the quarter in which the final grade is received.

Satisfactory/Not Satisfactory

Students may elect to take certain courses on a Satisfactory/Not Satisfactory basis. Advisers should be consulted, and in no case are students allowed to register for more than one course or 6 credits on a Satisfactory/Not Satisfactory basis in a given quarter. No more than 25 credits will apply to an undergraduate degree. *SINS must be elected or dropped during the official change of program period.* Undergraduate students earning grades of 1.7 or above receive a grade of S (Satisfactory) while grades below 1.7 are recorded as NS (Not Satisfactory). Graduate students earning grades of 2.7 or above receive a grade of S (Satisfactory), while 2.6 or below are recorded as NS (Not Satisfactory). In cases of withdrawal, the W is recorded. Neither S nor NS are included in the grade-point average. N, I, and X are recorded until the instructor reports the final grade, or in cases of incompletes received by undergraduates, until the I is converted by the Registrar. With the approval of his or her graduate program adviser or Supervisory Committee Chairperson, a graduate student may elect to take any course for which he or she is eligible outside of his or her major academic unit on the Satisfactory/Not Satisfactory system.

Credit/No Credit-Only Courses

Some courses are offered on a CR/NC-only basis. It is not necessary to register S/NS to take these courses, because the only grades assigned by the instructor are CR (Credit) or NC (No Credit). Neither CR nor NC are included in the grade-point average. In cases of withdrawal a W is recorded. N, I, and X are recorded until the instructor reports the final grade, or in cases of Incompletes received by undergraduates, until the I is converted by the Registrar.

The University of Washington provides equal opportunity in education without regard to race, color, national origin, sex, age, or handicap in accordance with Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments, Section 504 of the Rehabilitation Act of 1973, and the Age Discrimination Act of 1975.

SPRING QUARTER 1982 CALENDAR

February 9-12, 16-19

Preregistration for all matriculated students in school Winter Quarter 1982.

February 22

In-Person registration appointments available at Window 8, second floor, Schmitz Hall, for continuing students who missed preregistration and for continuing nonmatriculated students.

March 9

Programs of study mailed to preregistration participants.

March 11

Change of registration appointments for the March 18, 19, 29-April 2 change period available at Window 2 or 3, second floor, Schmitz Hall, for students who have received a schedule of classes. Engineering majors go to 110 Engineering Library March 29-April 2. Students will be expected to present UW Spring Quarter 1982 student identification cards when requesting appointments. Students who make the following changes only are not required to have an appointment: (a) to or from Satisfactory/Not Satisfactory grading; (b) in the credit for a variable credit course; (c) drop a course. Evening-only students may change their program without an appointment any time after 5 p.m. and no later than 6:15 p.m. during the first week of school. Evening-only students should go directly to Sections in the Undergraduate Library cafeteria.

March 18, 19

OFFICIAL CHANGE OF REGISTRATION PERIOD by appointment only, at the Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance), for students who have received a schedule of classes.

March 22, 23

IN-PERSON REGISTRATION by appointment only at the Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance), for matriculated students.

March 24

IN-PERSON REGISTRATION FOR NONMATRICULATED STUDENTS, by appointment only, at Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance).

March 24

IN-PERSON REGISTRATION FOR TUITION-EXEMPT FACULTY/STAFF. See *Time Schedule* for appointment times, which are assigned according to last name. Register at the Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance).

March 24

IN-PERSON REGISTRATION FOR "ACCESS" STUDENTS at Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance).

March 29-April 2

OFFICIAL CHANGE OF REGISTRATION, by appointment only, at the Sections branch office, Odegaard Undergraduate Library for students other than engineering majors, who go to 110 Engineering Library. Appointments are not necessary.

March 29

Instruction begins.

April 2

Deadline for: (1) changes to or from S/NS grading; (2) adding a course without instructor's permission; (3) adding or dropping a course without being assessed a \$5 change fee. Courses dropped after this date will be included in the tuition calculation. A change fee of \$5 and a tuition forfeiture will be assessed after this date.

April 2

Last day for official withdrawal from the University without owing tuition or fees.

April 5

Fee statements mailed to all registered students.

April 9

Last day to drop a course without entry on permanent record.

April 9

Last day to add a course without dean's permission (Arts and Sciences and graduate students do not need permission of the dean to add a class at any time during the quarter).

April 9

Last day to return approved applications to 207 Schmitz for credit by examination.

April 9

Applications for baccalaureate degrees for Spring Quarter 1982 for Arts and Sciences must be submitted to B21 Padelford.

April 16

Applications for baccalaureate degrees and certificates to be conferred Spring Quarter 1982 must be submitted to the Graduation Office, 207 Schmitz.

April 16

Fee payment deadline for all registered students.

April 19-23

Late-payment period (requires a \$15 late-payment fee).

April 23

Last day for undergraduate, postbaccalaureate (fifth-year), and nonmatriculated students to drop a course, except for pre-emptory drops and hardship withdrawal.

April 27

Last day to hand-deliver an application for resident status to the Residence Classification Office, 320 Schmitz. Applications may be postmarked April 27 if mailed at the Terminal Annex at Third Avenue South and South Lander Street.

Fifth Week of the Quarter

Credit by examination. Students must make arrangements with the Educational Assessment Center, 543-1170.

May 14

Last day for graduate students to drop a course.

May 31

Memorial Day holiday.

June 4

Last day of instruction.

June 4

Last day to withdraw from the University.

June 7-11

Final examinations.

June 12

Commencement

June 14

Grades due by 9 a.m. at Grade Information Office, 248 Schmitz.

Spring Quarter 1982 Examination Schedule

The last day of instruction is Friday, June 4.

HOUR lecture session actually meets during quarter	Hour and day on which examination occurs, by days of class meeting in the week.				
	Meeting four times a week, or daily	MWF; MT; MW; MF; WF; MWTh; MTh	TTh; T; Th; TThF; MTTh; TW; TF; TWTh	M; W; F; S Meeting once a week	Day of examination
7:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Friday June 11
8:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Tuesday June 8
9:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Wednesday June 9
10:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Monday June 7
11:30 a.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Wednesday June 9
12:30 p.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Thursday June 10
1:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Monday June 7
2:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Tuesday June 8
3:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Thursday June 10
4:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Friday June 11
EVENING CLASSES (5:30 or thereafter)	8-10 p.m. Thursday June 10	8-10 p.m. Monday June 7	8-10 p.m. Tuesday June 8	8-10 p.m. Wednesday June 9	
Make-ups Incomplete Removals Conflicts	When mutually agreeable to faculty members and students concerned, provided scheduled <i>no later than</i> Friday, June 11.				

Final examinations should be administered in accordance with the above examination schedule.

The dean may permit an instructor to change the time of a final examination upon prior application demonstrating good cause for such change. In such cases, the following guidelines shall be observed:

1. With the dean's permission, the final examination may be postponed or moved to an earlier time within the examination period if agreed to by all students and the instructor. Before approving the rescheduling of a final examination, the dean shall obtain assurances that the change will not have an undue adverse impact on the students. The dean shall notify the Registrar of the approval granted for changing the date of a final examination.

2. An instructor shall not, except in very unusual circumstances, grant permission to individual students for an early examination. If the student is unable to take an examination on the scheduled date, the procedure outlined in the following paragraph should be followed.

3. A student absent from any examination, or other required class activity, either by permission of the dean or through sickness or other unavoidable cause, shall be given an opportunity to complete the required work, or its equivalent, at some other time. If the instructor determines this is not feasible during the current quarter, the instructor shall exempt the student from

the requirement or give the student a grade of Incomplete if his or her work in the course is otherwise satisfactory. The student may remove this Incomplete in the manner provided for the removal of Incomplete grades. In all other cases of absence from the scheduled final examination, a student should be given a grade of 0.0.

4. Classes that meet on the hour use the first full hour of instruction to determine the time of examination. For example, a class that meets at 10 a.m. uses the 10:30 a.m. examination time.

5. Classes that begin on the half hour and last longer than one hour use the actual starting time to determine the examination time. For example, a class that meets at 7:30 a.m. and continues until 9:00 a.m. would use the 7:30 p.m. time.

6. Classes in which the entire class meets at the same hour every day, in the same room, may use that room at 8:30 a.m. or 2:30 p.m. for a three-hour examination. All other examinations are limited to one hour and fifty minutes unless other arrangements are made with Room Assignments.

7. If an examination is held at a time other than the above schedule indicates, instructors must check with Room Assignments to make sure that the room is going to be available.

GUIDE TO COURSE LISTINGS

The information published in the *Time Schedule* is subject to change. The instructor for a particular course may be changed, or the instructor may use assistants in teaching the course. Additionally, courses listed in this publication may be canceled in the event of insufficient enrollment.

Course, term, and section information is listed in the following columnar order:

Entry card required symbol (>>>), if appropriate
Schedule line number

Department

Course number

Term designation—if *a* or *b* term

Section designation

Section type—laboratory, quiz, or conference

Credits—listed with lecture section only; slash (/) means *or*; 2.5 means 2½ credits; hyphen (-) means *to*; VAR means variable credit and any number of credits may be elected (however, frac-

tional credit registration—e.g. ½ credit—cannot be processed for variable credit courses where the credit may vary from student to student in a single quarter)

Honors (H), Permission Required (#), or New Course (%), as appropriate

Day(s) of meeting (ARR means "to be arranged")

Time of meeting

Place of meeting (** means "to be arranged")

Course title and remarks—CR/NC ONLY means course offered for credit/no credit grading only

Name of instructor

NEW COURSES FOR SPRING QUARTER 1982

The following list includes new courses that will be offered Spring Quarter 1982, which were added to the University curriculum after publication of the 1980-82 General Catalog. Consult the appropriate academic department for information on courses not listed below.

COLLEGE OF ARCHITECTURE AND URBAN PLANNING

LANDSCAPE ARCHITECTURE

L ARC 424 Advanced Planting Design Seminar (2)

Analyzes the complex relationship between plants, man, and environment and affords the student an opportunity to explore methods of utilizing these relationships to plant and design more responsive landscapes. Prerequisites: upper division standing; permission of instructor.

L ARC 425 Advanced Planting Design Studio (5)

Advanced seminar/studio in planting design which provides students the opportunity to explore ecological, technical, and aesthetic principles for selecting plants to meet specific site conditions, i.e., problem soils, winds, waters. Project types include historical sites, multifamily housing projects, plazas, land fills, and reclamation sites. Prerequisites: 322, 420, 423 or BOT 331, or equivalent; permission of instructor.

COLLEGE OF ARTS AND SCIENCES

AMERICAN INDIAN STUDIES

AIS 102 Survey of American Indian Studies (5)

Origins, history, cultures, and contemporary life of American Indians; special focus on Northwest Coast; taught by interdepartmental team.

AIS 320 Indians of Washington State (5)

Ethnography, economics and history of the native peoples of Washington from prehistoric to contemporary times; includes Northwest Coast and Plateau cultures.

ANTHROPOLOGY

ANTH 305 Anthropology of the Body (5)

A biosociocultural approach to the human body as universal object--and agency--for human minds. How cross-cultural contrasts in ways of construing the body affect self-regard and social interaction. Body shapes, sizes, colors, exudia, signals, symbolism, aesthetics, metaphysics, rituals, lore, and politics.

ANTH 534 Cultural Influences Upon Parenting (3)

Data from several cultures to compare cross-cultural similarities and differences in definitions of ideal parenting; socializations into a parent role; social support for and controls upon parenting. Analyses of additional effects of changes in ideology, technology, and demography upon cultural parenting roles. Offered jointly with NURS 534. Prerequisite: permission of instructor.

ANTH 575 Cultural Construction of Illness: Seminar in Medical Anthropology (5)

Historical and comparative examination of depression, neurasthenia, somatization, hypochondriasis, and hysteria. Anthropology of psychosomatics and psychiatry, including cultural analysis of selected biomedical, indigenous folk medical, and popular common sense conceptualizations of illness.

Archaeology

ARCHY 482 Advanced Archaeological Analysis: Physical Evidence (6)

Lecture and practical laboratory instruction in the preparation of archaeological data for analysis, emphasizing sedimentological, geomorphological, and pedological elements of archaeological assemblages and standard techniques for the manipulation of these data. Theoretical bases for the techniques, their uses and limitations in cultural, historical, and processual accounts. Prerequisite: 371 or permission of instructor.

ARCHY 601 Internship (3-9, max. 9)

Offered on a credit/no credit basis only.

ART

ART 515 Photography (3-15, max. 60)

ART 540 Textile Design (3-15, max. 60)

ART 547 Industrial Design (3-15, max. 60)

ART 558 Metal Design (3-15, max. 60)

ART 580 Graphic Design (3-15, max. 60)

ART HISTORY

ART H 199 Vision and Form (5)

Introduction to the psychology of pictorial representation through analyses of archaic, classic, and post-classic styles of Europe and Asia. Emphasis on the roll of ornament and non-figurative solutions to artistic expression.

ART H 317 Chadō: Japanese Esthetics (4)

History, theory, and practice of chadō, or "Way of Tea," a Zen inspired art that has had notable effects on Japanese society. Lectures on esthetics and cultural history supplemented by participation in chadō, with the goal of developing sufficient understanding and skill to continue chadō as a discipline.

ART H 320 Tibetan Art History (5)

History of Tibetan art presented in accord with Buddhist canonical literature. Buddhist images as they relate to the Tibetan tradition of mental development and to the Buddhist art of East Asia as a whole.

ART H 384 American Art (5)

Major achievements in painting, sculpture, printmaking, the decorative arts, architecture, urban design, and folk art in the United States from about 1600 to the present.

ART H 416 Chinese Painting: The Yuan Period (3)

Chinese painting under Mongol rule, in the fourteenth century: a period of political and social crisis that gave rise to a revolution in painting styles.

ART H 418 Political Aspects of Chinese Painting (3)

Examination of the close link between painting and politics in China, focusing on such aspects as: imperial patronage and propaganda; paintings by Chinese courtiers and the arts of political protest and lament; Chinese painting under Communist rule.

ART H 488 American Architecture (3)

Development of American architecture from the seventeenth century colonial period to the present. Emphasis on architects and buildings, including related features of urban development.

ASIAN LANGUAGES AND LITERATURE

ASIAN 404 Writing Systems (3)

Nature and development of writing systems. Topics include: alphabets, syllabaries, and pictographic systems; the relationship of writing systems to spoken languages; and the decipherment of previously undeciphered scripts. Prerequisite: 401 or equivalent, or permission of instructor.

Chinese

CHIN 556 Readings in Chinese Prose (5)

Selected readings in quwen prose of the Tang and Song periods. Recommended: 551, 552.

CHIN 566 History of Chinese Literature (5)

Methods and materials in Chinese literary history: Yuan to twentieth century. Recommended: 565.

ATMOSPHERIC SCIENCES

ATM S 536 Mesoscale Storm Structure and Dynamics (3)

Techniques of observing storm structure and dynamics by radar and aircraft, observed structures of precipitating cloud systems, comparison of observed structures with cloud models. Prerequisite: 535.

BIOLOGY

BIOL 112 Elementary Biology for Health Professions (1-4)

Field experience in a health profession. For EOP students only. Prerequisite: 111. (Last quarter offered: Sp 82)

BIOL 113 Biology Tutorial (1-3, max. 6)

Independent study. Topics related to material taken in 110, 111, and 112. For EOP students only. Offered on a credit/no credit basis only. Prerequisite: permission of instructor.

BIOL 581 Biology of Drosophila Seminar (1, max. 12)

Weekly presentation by participants of classical literature, current literature, and research in the molecular biology, developmental biology, neurobiology, and genetics of *Drosophila*. Prerequisite: permission of instructor.

BOTANY

BOT 372 Plant Physiology Laboratory (2)

Laboratory experiments on the growth, nutrition, and metabolism of plants. Prerequisite: 371 (may be taken concurrently).

CHEMISTRY

CHEM 429 Chemical Separation Techniques (4)

Introduction to modern separation techniques such as gas chromatography, high performance liquid chromatography, electrophoresis, and field flow fractionation. Prerequisite: one year of organic chemistry.

CHEM 532 Advanced Organic Chemistry (3)

Synthetic organic chemistry. Discussion of practical methods for the synthesis of complex organic molecules with an emphasis on synthetic strategy and the control of stereochemistry. Prerequisite: 531.

COMMUNICATIONS

CMU 358 TV News Reporting and Editing (5)

Preparation and presentation of news broadcasts, including reporting, scripting, and use of visuals. Prerequisites: 353 and 354.

CMU 471 National Systems of Broadcasting (3)

Each quarter the course will focus on a broadcast system of a different country, comparing origins, development, and present operation with the U.S. system. Consult advising office for schedule of topical offerings each quarter. Prerequisite: 150 and 214, or permission of instructor. Open to non-majors.

COMPARATIVE LITERATURE

C LIT 495 Honors Thesis (4)

Preparation of an Honors thesis under the direction and supervision of a faculty member. Prerequisites: 493 and permission of Honors adviser.

C LIT 516 Colloquium in Criticism (5)

Recent trends in literary criticism, taught by representatives from various literature departments, covering critical trends such as structuralism, post-structuralism, hermeneutics, reception theory, and sociological approaches to literature.

DRAMA

DRAMA 514 Design and Technical Theatre Colloquium (1, max. 9)

Discussion of work in progress or completed in production, centering on the conceptual work of the designer-director on the production and the methods of execution in the shops and on stage. Prerequisite: graduate standing in drama.

ECONOMICS

ECON 554 Cost-Benefit Analysis (3)

Techniques of and theoretical foundation for cost-benefit analysis. Strengths and limitations of economics in project evaluation. Derived techniques as applied to alternative types of decision-making problems in both private and public sectors. Offered jointly with SMT 554. Prerequisite: 300 or 400.

ECON 601 Internship (3-9, max. 9)

ENGLISH

ENGL 101 High Intermediate ESL for International Students (0)

Offered as two separate sections. One section focuses on further improvement of reading comprehension and vocabulary; emphasis on organizing and developing ideas in various modes of expository prose. The other focuses on refinement of listening and speaking skills; speaking in both formal and informal situations; presenting arguments effectively. Sections may be taken concurrently. Five hours of student effort recognized for satisfactory progress. Special \$150 fee required for each section. Prerequisite: placement examination.

ENGL 102 Advanced Reading and Writing for ESL Students (0)

Study of word derivation; practice in writing for varied purposes and audiences. Special \$150 fee required. Prerequisite: placement examination.

ENGL 182 The Research Paper (5)

Includes study of library resources, the analysis of reading materials, and writing preparatory papers as basic to writing a reference or research paper. Open to all undergraduates. Prerequisite: one of 111, 121, 122, 171, 181.

ENGL 200 Reading Literature (5)

Techniques and practice in reading and enjoying literature. Examines some of the best works in English and American literature and considers such features of literary meaning

as imagery, characterization, narration, and patterning in sound and sense. Emphasis on literature as a source of pleasure and knowledge about human experience.

ENGL 201 Writers and Their Works (5)

Introduction to literature from the writer's point of view: a study of selected writers, why they wrote, how they wrote, what relation their literary output has to the lives they actually led, and the various general conditions under which they led them. Most offerings will include at least three writers.

ENGL 331 English Literature: The Romantic Age (5)

An age unified by great events and hopes, diverse in responses to them. Influenced by intellectual ferment and the French Revolution, some of its writers rejected old forms and proposed ambitious projects for man and for poetry. Others cultivated old forms under new conditions or laughed at the excesses of their contemporaries. Among its major poets and prose writers were Burke and Blake, Mary Shelley and Jane Austen, Wordsworth and Byron, Lamb and Carlyle.

ENGL 340 The Modern Novel (5)

The novel on both sides of the Atlantic in the first half of the twentieth century. Includes such writers as Joyce, Woolf, Lawrence, Stein, Hemingway, Faulkner, and others.

ENGL 369 Fiction and Film (5)

Comparative study of technique and meaning in written narratives and films. Short stories and novels selected from American and English literature, and films that employ similar or contrasting techniques in constructing fictions.

ENGL 370 Fantasy (5)

Non-naturalistic literature, selected folktales, fairytales, fables, nonsense, ghost stories, horror stories, science fiction, and/or utopian literature--the supernatural and surreal, the grotesque, the fantastical. Readings and emphasis will vary.

ENGL 384 Dramatic Literature: Special Studies (5, max. 10)

Study of a particular dramatic tradition (like expressionism or the absurd theatre) or character (the clown) or technique (play-within-a-play, the neoclassical three unities). Topics vary.

ENGL 408 Literature and the Other Arts and Disciplines (5, max. 10)

Relationships between literature and other arts, such as painting, photography, architecture, and music, or between literature and other disciplines, such as science. Content varies.

ENGL 499 Honors Seminar (5, max. 10)

Seminar study of themes and topics offering special approaches to literature. Required of, and limited to, honors students.

ENGL 560 Practicum in Teaching English as a Second Language (3)

Discussion and practice of second language teaching techniques. Three hours per week teaching required in addition to regular class meetings. Prerequisite: 555 or permission of instructor.

ENVIRONMENTAL STUDIES

ENV S 305 Toxic Chemicals in the Environment (3)

Basic principles governing the behavior and effects of toxic chemicals released into the environment; sources, distribution, and fate of toxic chemicals in the environment; chemicals and cancer; chemicals and birth defects; ecological effects of chemicals; governmental regulations. Designed for students with minimum background in chemistry and biology. Offered jointly with ENVH 305. Prerequisites: BIOL 101-102 and CHEM 102, or equivalent. (Last quarter offered.)

GENERAL STUDIES

G ST 209 Writing Lab/POL S 101 (5)

Expository writing based on material presented in POL S 101. Assignments include drafts of papers to be submitted in POL S 101 and other pieces of analytical prose. Concurrent registration in POL S 101 required.

G ST 210 Writing Lab/SOC 110 (5)

Expository writing based on material presented in SOC 110. Assignments include drafts of papers to be submitted in SOC 110 and other pieces of analytical prose. Concurrent registration in SOC 110 required.

G ST 217 Writing Lab/HST 113 (5)

Expository writing based on material presented in HST 113. Assignments include drafts of papers to be submitted in HST 113 and other pieces of analytical prose. Concurrent registration in HST 113 required.

G ST 221 Writing Lab/SIS 201 (5)

Expository writing based on material presented in SIS 201. Assignments include drafts of papers to be submitted in SIS 201 and other pieces of analytical prose. Concurrent registration in SIS 201 required.

G ST 239 Writing Lab/HSTAA 201 (5)

Expository writing based on material presented in HSTAA 201. Assignments include drafts of papers to be submitted in HSTAA 201 and other pieces of analytical prose. Concurrent registration in HSTAA 201 required.

GEOGRAPHY

GEOG 202 World Regions (5)

Spatial study of world regions, based on historical, cultural, political, economic, and other factors. An attempt to understand the underlying forces that have led to the formation of regions and regional patterns.

GEOG 412 Geography of South Asia (5)

Nature and geographic setting of South Asian civilization. Origins, development, and present outlines of settlement; cultures, resource use, and economic structures in the Indian subcontinent. Prerequisite: 100 or equivalent.

GEOG 545 Research Seminar: Time Geography, Temporal Aspects of Spatial Analysis (3, max. 6)

Consideration of time in describing activity spaces and movement patterns of population, goods, and services. Current research efforts, problems of application to various planning needs.

GEOG 598 Geography Colloquium (1, max. 3)

Participation in and critique of student thesis and dissertation research, faculty research, and visitor contributions.

GEOPHYSICS

GPYS 560 Fluid Mechanics of Erosion and Sediment Transport (3)

Offered jointly with GEOL 560 and OCEAN 560. See General Catalog listing for complete description of this course.

HISTORY

HST 193 Introduction to World History, 1750-Present (5)

Tendencies toward uniformity caused by developmental focuses in the face of traditional patterns. Among them, ideology, urbanization, industrialization, nationalism, and others. How the development of the world tended towards uniformity in spite of the survival of traditional forces.

HST 221 American Environmental History (5)

American attitudes toward the natural environment. The impact of settlement on the major natural regions of the U.S. Perceptions that were used to justify ecological disruptions. Evolution of the conservation movement, including the development of the national park system, national forest system, and the emergence of the ecological perspective as exemplified in the works of noted figures in the movement.

HST 305 European Witchcraft (5)

Witchcraft and magical beliefs in Europe considered as a problem in intellectual, social and legal history. Medieval background, systematization of witchcraft theory in fifteenth century; comparison of learned and popular beliefs; mechanisms of witch trials and inquisitorial procedure; the Faust legend; growth of skepticism and decline of witchcraft in seventeenth century.

HST 370 History of the Expansion of Islam (5)

Comparative perspective on the expansion of the religion and community of Islam from its origins to the modern age. Patterns and processes of expansion, conversion, and social and cultural assimilation in a number of world regions, e.g. the Arab World, Iberia, Anatolia, West Africa, Iran, India, and Southeast Asia. Specific case studies of Islam in its regional setting, e.g., South Asia.

Modern European History

HSTEU 433 The Austrian Empire, 1526-1918 (5)

Peoples, politics, and culture of central Europe's multinational empire. Emphasis on imperial vs. national conceptions of state, religious and ethnic conflicts, disruptions of war, and cultural creativity in centers such as Vienna, Prague, and Budapest. Offered jointly with SISRE 433. Prerequisite: introductory course in European history.

HONORS-ARTS AND SCIENCES

H A&S 212 Humanities for Honors Students 3 (4)

Study of the evolution of an art form, or an idea, or a discipline central to the humanities. Content varies from year to year. College honors students only. Continuation of 211.

H A&S 222 Science for Honors Students 3 (4)

Study of the evolution of an idea or concept central to the natural sciences. Intended for non-science majors. Content varies from year to year. For college honors students only.

H A&S 232 Social Science for Honors Students 3 (4)

Study of the development of an idea or concept or institution central to the social sciences. Content varies from year to year. For college honors students only.

INTERNATIONAL STUDIES

SIS 201 Introduction to International Political Economy (5)

International political economy through the examination of major facets of the post-World War II era. Analyzes the new post-war economic order and its crises in the 1970s and 1980s, North-South relations, the post-war political order and its East-West rivalry.

SIS 397 Junior Honors Seminar (5)

Intensive consideration of major works in international studies, with emphasis on the development of critical reading and writing skills. Required of honors candidates. Prerequisite: admission to Honors Program in International Studies.

SIS 422 The United States in the Contemporary International System (5)

United States in the world: ways in which international circumstances shape the political-strategic, economic, and cultural dimensions of America's policy. Case studies from post-1945 period. Recommended: background courses in international relations and/or American foreign policy.

SIS 467 Nations and States in the Modern World (5)

Development of National consciousness in the "Old Nations" of Europe before the French Revolution. Replacement by the new nationalism, and its spread into East Central Europe, Russia, Ibero-America, Asia, and Africa. Offered jointly with HST 467.

SIS 475 Geography of International Relations (5)

Selected problems of spatial patterns and dynamic relationships. Geographical problems of regional, national, and international organization. Offered jointly with GEOG 475. Prerequisite: GEOG 375 or permission of instructor.

SIS 490 Special Topics (1-5, max. 15)

Varies from quarter to quarter in content. Prerequisite: instructor's permission.

SIS 498 Senior Seminar (5)

Reading and discussion of selected works of major importance in interdisciplinary international studies. A major paper based on individual interests is required. Prerequisites: 200, 201, 202, and 401 and acceptance as a major in International Studies.

SIS 499 Undergraduate Research (3-5, max. 15)

Prerequisite: permission of instructor.

African Studies

SISAF 418 Advanced Practicum in African Languages (3)

Advanced training in a specific African language: Hausa, Yoruba, Twi, Duala, and Shona. Prerequisite: 417.

Comparative Religion

RELIG 203 Comparing Religions (5)

Comparative study of the world's major religious traditions. Major points of comparison: scripture, doctrine, ritual, religious community, the individual. Detailed investigation of a single theme in comparative perspective.

Korea Regional Studies

SISEA 439 Politics of Korea (5)

Korean politics in the twentieth century, treating political legacy of ancient regime, colonial period, Korean War, and the politics of North and South Korea. Comparative treatment of both Koreas in light of the Chinese and Japanese experience. Includes the American-Korea relationship. Offered jointly with POL S 439. Recommended: 210 or equivalent.

Middle Eastern Studies

SISME 431 Political Economy of Middle Eastern Petroleum (5)

Role of Middle Eastern oil exporting countries, international oil companies, and major oil consuming nations in determination of supply and demand in the world petroleum market. Impact of oil upon economies of petroleum exporting countries and the world economy.

Russian and East European Regional Studies

SISRE 433 The Austrian Empire, 1526-1918 (5)

Offered jointly with HSTEU 433. See HSTEU 433 for course description.

South Asia

SISSA 417 Political Economy of India (5)

Analysis of relationships among processes of economic change, political institutions, and structures of political power in contemporary India. Includes contrasting approaches to Indian economic development, land reform, radical and agrarian political movements, and role of foreign aid.

KINESIOLOGY

KIN 481 Skeletal Muscle: Molecular and Functional Dynamics (3)

Mechanical properties of skeletal muscle and of the molecular mechanisms underlying these properties. Influence of physiological parameters such as stimulus rate and reflex regulation. Prerequisites: 331, 332, introductory calculus.

MATHEMATICS

MATH 156 Applications of Algebra to Business and Economics (5)

Use of graphs and algebraic functions as found in business and economics. Algebraic and graphical manipulations to solve problems. Exponential and logarithm functions; various applications to growth of money. Not open for credit to students who have taken 105. Prerequisites: one and a half years of high school algebra and qualifying test.

MATH 390 Probability and Statistics in Engineering and Science (4)

Concepts of probability and statistics. Use of interactive computing methods. Probability calculus, conditional probability, independence and random sampling. Random variables, cumulative distribution functions. Transformations of random variables and propagation of errors. Descriptive properties of distributions and descriptive statistics. Maximum likelihood estimation and methods of moments. Confidence intervals, least squares regression techniques. Exploratory data analysis. Offered jointly with STAT 390. Prerequisites: 327 or 238, and 302 or 205. (Students may receive credit for only one of STAT 341, 390, or STAT 411. 390 is not intended for students who have had STAT 311.)

MUSIC

Dance

DANCE 490 Special Studies in Dance (1-3, max. 10)

Special studies designed to address contemporary and historical concerns in the field of dance. Prerequisite: permission of instructor.

Music

MUSIC 231 Woodwind Techniques and Pedagogy: Saxophone (2)

Provides knowledge of basic saxophone literature, material, performance, and teaching techniques for music education majors.

MUSIC 301 Piano Technology (3)

Evolution of the piano; intonation and temperament theory; principles of tuning, voicing, regulating, and evaluating pianos. Offered on a credit/no credit basis only. Prerequisite: MUSAP 260 or permission of keyboard division head.

MUSIC 446 Advanced Studio Jazz Ensemble (2, max. 24)

Preparation and performance of material appropriate to large jazz ensemble concerts, clinics, radio and television broadcasts. Prerequisite: permission of instructor. Three quarters of 208 desirable.

MUSIC 475 Keyboard Harmony and Improvisation (3)

Baroque continuo realization, particularly the continuo lines for Bach cantatas, Haydn symphonies, and Mozart operas. Prerequisites: 321, 473, and 474, or permission of instructor.

MUSIC 478 Advanced Vocal Repertoire: Twentieth Century (2)

Preparation of works from the twentieth century repertoire of French, German, Italian, Spanish, and English songs, with a view to total artistic-musical realization in performance. Appropriate style, character, balance, phrasing, diction, and projection for vocalists and pianists. Prerequisites: 326, 327, 328, or permission of instructor.

MUSIC 556 Seminar in Musical Acoustics (3, max. 9)

Selected problems in acoustical measurement, electro-

acoustics, and musical instrument analysis. Prerequisite: 456, or permission of instructor.

Applied Music

MUSAP 136, 137, 138 Basic Keyboard (2,2,2)

Keyboard harmony and simple keyboard pieces. Class/private instruction. Prerequisite: student must know how to read notes (treble and bass clefs) for 136; 136 for 137; 137 for 138.

MUSAP 236, 237, 238 Secondary Piano (2,2,2)

Keyboard harmony, harmonization of melodies; lower-intermediate keyboard pieces. Class/private instruction. Prerequisite: 138 for 236; 236 for 237; 237 for 238.

MUSAP 239 Secondary Piano (2)

Intermediate-level keyboard repertory. Private instruction. Prerequisite: 238.

MUSAP 559 World Music Laboratory (3)

World music traditions taught by visiting artists with emphasis on cultural pedagogy and traditional theory. The culture to be studied will change from year to year. Required of all graduate students in ethnomusicology. Prerequisite: 459.

MUSAP 570 Private Instruction: Saxophone (3)

MUSAP 590 Private Instruction: Saxophone (3)

NEAR EASTERN

N E 435 Major Trends in Modern Arabic Fiction (3)

Development of the Arabic novel from the end of the nineteenth century to the present. In English translation.

NUTRITIONAL SCIENCES AND TEXTILES

Human Nutrition, Dietetics, and Foods

NUTR 561 Advanced Clinical Nutrition Fieldwork (1-3, max. 4)

Participation in a health care team assessing nutrition status and needs, designing care plans to optimize nutritional support of patients, and establishing appropriate criteria for the evaluation of the nutrition care provided. Supervised clinical experiences provided in a variety of local health care institutions. Prerequisites: 460-461 or equivalent.

NUTR 563 Advanced Clinical Nutrition II (4)

Epidemiology and pathophysiology of acute and chronic diseases related to nutrition, e.g. cardiovascular, endocrinologic, and hematologic diseases. Nutritional interventions and their relationship to medical, surgical, and pharmacologic treatment. Prerequisites: 460-461 or equivalent.

PHYSICS

PHYS 404 History and Practice of Ancient Astronomy (5)

Ancient sources and methods in astronomy. Direct involvement and concrete models used to enhance understanding and simplify calculations, e.g., of positions of planets according to Ptolemy's Theory. Relations between ancient and modern planetary theories. Prerequisites: MATH 105 or equivalent, one year physical science, philosophy of science or history of science, or permission of instructor.

POLITICAL SCIENCE

POL S 408 Problems of Peace and Conflict Resolution (5)

Factors involved in conflict and conflict resolution; application to international and other problems. Lectures, discussions, and readings in social psychology, political science, and economics. Suitable for non-majors. Recommended: 205, MATH 106, or ECON 410.

POL S 439 Politics of Korea (5)

Korean politics in the twentieth century, treating political legacy of ancient regime, colonial period, Korean War, and the politics of North and South Korea. Comparative treatment of both Koreas, in light of the Chinese and Japanese experience. Includes the American-Korea relationship. Offered jointly with SISEA 439. Recommended: SISEA 210 or equivalent.

POL S 498 Washington Center for Learning Alternatives Internship (15)

Full-time academic internship with the Washington Center for Learning Alternatives in Washington, D.C. Includes internship activities, academic seminar, assemblies and related activities. Prerequisite: junior standing or above, one year at U.W. and POL S 202; application, acceptance to program, and permission of undergraduate adviser.

PSYCHOLOGY

PSYCH 429 Brain Anatomy for the Behavioral Scientist (1)

Detailed review of the neuroanatomical features of the sheep brain with laboratory demonstrations. Prerequisites: 421 or equivalent, or concurrent registration in 421, and permission of instructor.

PSYCH 495 Law, Social Psychology, and Public Policy (4)

Policy-oriented, interdisciplinary study of the uses and limits of social science in the law-making process on appeal and the fact-finding process at trial. Critical perspectives on the role of social science, especially social psychology, in adjudication. Instruction by use of case method, Socratic questioning, and discussion. Readings in judicial opinions, jurisprudential essays, and empirical research reports. Offered jointly with LAW 495. Prerequisites: juniors, seniors, and graduate students only.

ROMANCE LANGUAGES AND LITERATURE

Romance Languages and Literature

ROMAN 200 Classics in Romance Literature (5)

Representative masterpieces from Italian, Spanish, and French literature in English translation.

French

FREN 375 Roman de la Rose (5)

A study of the Romance of the Rose in relation to Latin and medieval literary and intellectual traditions. Those capable will read the text in modern French translation, others in English.

Spanish

SPAN 104 Spanish Grammar Intensive (5)

Thorough review of the basics of Spanish grammar. Intended only for persons who already have some knowledge of Spanish. Not open to students who have taken 102 or 103. Prerequisite: one year pre-university Spanish, or 101, or instructor's permission.

SPAN 307 Introduction to Latin American Literature (3)

Study of selected works of twentieth-century Latin American literature, and the socio-historical context in which they have been produced. Development of reading and writing skills. Prerequisites: 203; completion or concurrent enrollment in 350, 351, or 352.

SCANDINAVIAN LANGUAGES AND LITERATURE

Norwegian

NORW 203 Second-year Norwegian (5)

Intensive practice in speaking, reading, and writing. Functional review of grammar. Prerequisites: 101, 102, 103.

Swedish

SWED 203 Second-year Swedish (5)

Intensive practice in speaking, reading, and writing. Functional review of grammar. Prerequisites: 101, 102, 103.

Scandinavian

SCAND 312 Masterpieces of Scandinavian Literature (3)

Major works of Scandinavian literature read in English translation: Ibsen, Strindberg, Kierkegaard, Dinesen, Hamsun, Undset, Laxness, Lagerlof, and Lagerkvist.

SLAVIC LANGUAGES AND LITERATURE

Russian

RUSS 455 Practicum in Russian Phonetics (2)

Individualized instruction to correct difficulties in pronunciation; practical work on the phonetics of rapid speech. Taught jointly by a linguist and a native speaker of Russian. Prerequisite: 351 or equivalent.

SOCIETY AND JUSTICE

SO JU 420 Organized Crime and Criminal Organization (3)

Group criminal conduct. Nature, organization, permanency, maintenance, and relative strengths and weaknesses of various types of criminal groups and organizations, from highly structured to fluid and temporary associations. Attention to specific weaknesses of the criminal justice system in coping with such conduct. Prerequisite: SOC 371 or 372 or POL S 464.

SO JU 430 The Police (5)

Conceptual and empirical issues concerning the multi-faceted and changing roles of the American police. Prerequisite: POL S 101, 202, or 204; or SOC 110.

SOCIOLOGY

SOC 360 Introduction to Social Stratification (5)

Social class and social inequality in American society. Status, power, authority, and unequal opportunity are examined in depth, using material from other societies to provide a comparative and historical perspective. Sociological origins of recurrent conflicts involving race, sex, poverty, and political ideology.

SOC 492 Sociology Senior Seminar (5)

Selected topics of contemporary interest, explored through a discussion group led by a sociologist active in the particular field. Prerequisite: major standing or permission of instructor.

SOC 495 Honors Senior Thesis (5)

Preparation of senior honors thesis. Sociology majors only.

STATISTICS

STAT 301 Basic Statistics with Applications (5)

Structure of data sets, description and summary of these by histograms, means, standard deviations; summary of bivariate data; objectives and pitfalls of statistical studies; elements of probability theory, and its application to various statistical tests; objectives of hypothesis testing, application to data sets, and interpretation; analysis of linear regression models; practice in use of statistical methods in concrete problems. Mainly for upper division and graduate students. Prerequisite: one and one-half years of high school algebra.

STAT 390 Probability and Statistics in Engineering and Science (4)

Random variables, distribution and density functions, conditional probability and independence. Expectations and variance, Law of Large Numbers and Central Limit Theorem. Univariate and multivariate normal distributions. Transformations and propagation of errors. Maximum likelihood estimation and the method of moments. Descriptive statistics and exploratory data analysis. Regression and analysis of variance. Use of interactive computing methods throughout. Offered jointly with MATH 390. Prerequisites: MATH 327 or 238, and MATH 302 or 205.

STAT 427 Introduction to Analysis of Categorical Data (4)

Indices of association, loglinear models, ordered response categories, discrete discriminant analysis, and factor analysis of polychotomous observations. Emphasizes computational techniques; illustrated by social, behavioral, and biological science examples. Prerequisites: MATH 124 plus either 311, PSYCH 218, SOC 423, or equivalent; or permission of instructor.

STAT 498 Special Topics (2-5, max. 15)

Reading and lecture course intended for special needs of students. (Offered when demand is sufficient.) Prerequisite: permission of instructor.

STAT 499 Undergraduate Research (2-5, max. 15)

Prerequisite: permission of instructor.

STAT 546 Sequential Statistical Methods (3)

Advantages of sequential sampling schemes. Stein's two-stage procedure for fixed-width confidence intervals. Optimality of Wald's sequential probability ratio test. Sequential decision theory; Bayes rules; the method of backward induction. Sequential t, chi-square, and F-tests. Sequential estimation of regression functions, the Robbins-Munro procedure. Martingales; theory of optimal stopping and its applications. Prerequisite: 513 or permission of instructor.

SPEECH AND HEARING SCIENCES

SPHSC 601 Internship (3-9, max. 9)

Prerequisite: 150 hours of supervised practicum.

WOMEN STUDIES

WOMEN 313 Women and Patriarchal Politics (5)

Political theory, historical and contemporary, including writings of the women's liberation movement on the political role of women in society. Empirical studies of the "apolitical" woman, and on the process of political socialization in various cultural contexts. Field research on women's participation in political decision making. Offered jointly with POL S 313. Prerequisite: 200 or a Political Science course.

SCHOOL OF BUSINESS ADMINISTRATION

ACCOUNTING

ACCTG 471 Internal Auditing (3)

Independent appraisal function established within an organization. Covers role and nature of internal auditing; inten-

sive review of internal control; management effectiveness audits; and financial audits from the point-of-view of the internal auditor. Prerequisite: 411.

ACCTG 557 Tax Consulting, Planning, and Research (4)

Decision making processes in relation to problems of taxation are examined. Tools of tax analysis and research and the communication of conclusions flowing from professional tax work are developed. The role of the professional accountant in client business transactions and in negotiations with taxing authorities is highlighted and simulated on the basis of actual case histories. Prerequisites: undergraduate accounting concentration or equivalent.

BUSINESS COMMUNICATIONS

B CMU 510 Business Communications for Managers (3)

Seeks to develop understanding of communications and related theories, to describe strategies for planning managerial communications, and to build skills in oral and written reporting and persuading.

FINANCE

FIN 553 Capital Investment Planning (3)

Capital investment planning by a multi-product company organized into strategic business units, or SBU's. Topics include: determinants of the company's value, diversification by acquisition, diversification by startup, divestiture analysis, tests for choosing the best market share-growth policy in each SBU, problems in applying these tests. Prerequisites: 502, B ECN 500.

INTERNATIONAL BUSINESS

I BUS 440 Business in Japan (4)

Prepares the student to face the problems of doing business in the Japanese market. The causes of economic growth in the post-war period are discussed, and Japanese business practices and institutions are examined. Japanese and U.S. marketing and investment strategies are discussed and evaluated. Available for graduates as a part of an International Business concentration. Prerequisite: 300 or 550 or permission of instructor.

MARKETING

MKTG 590 Special Topics in Marketing (3, max. 9)

Focus on marketing topics of current concern to faculty and students. Only offered when allowed by faculty availability and sufficient student interest. Seminar content to be announced in advance of scheduled offerings. Prerequisites: 500 and permission of graduate office.

MANAGEMENT AND ORGANIZATION

Operations Management

OPMGT 530 Facility Layout and Location (3)

Focuses on quantitative models which have been used to analyze problems in the layout and location of economic facilities. Location problems in both the public and private sectors are examined, including a number of specific applications. Emphasizes current research. Prerequisite: 500.

QUANTITATIVE METHODS

Probability and Statistics

QMETH 529 Sample Survey Techniques (3)

Offered jointly with BIODS 529 and STAT 529. See course description in General Catalog.

SCHOOL OF DENTISTRY

DENTISTRY

DENT 651P P-Anesthesia Rotation (6)

One and one-half month rotation in anesthesia at one of three local hospitals. Opportunity to give most forms of inhalation and regional anesthesia. Objectives are not only administration of anesthesia but to make the student more proficient in management of emergency situations and airway problems, to give familiarity with pharmacology of anesthetic drugs, and to increase efficiency with venipuncture. Offered on a credit/no credit basis only. Prerequisite: permission of instructor.

DENT 652P P-Clinical Medicine Clerkship (4)

One month clinical rotation in clinical medicine at a local hospital. Objective is to increase the student's ability in physical evaluation of patients as well as give in-depth knowledge of hospital procedures and commonly prescribed medications. Offered on a credit/no credit basis only. Prerequisite: permission of instructor.

ORAL MEDICINE

ORALM 650P P-Oral Medicine Clinical Elective (*, max. 12)

Opportunities for students to work in various clinical activities at local hospitals or other sites outside the school. Offered on a credit/no credit basis only. Prerequisite: permission of instructor.

ORAL SURGERY

O S 630P P-Oral Surgery Clinic (1-, max. 3)

Clinical application of O S 530P.

COLLEGE OF EDUCATION

EDUCATIONAL ADMINISTRATION

EDADM 519 Laboratory in Educational Administration (1-3, max. 3)

This course consists of a series of extended class sessions in which students are engaged in skill building in relation to concepts taught in the regular courses. Skill building activities selected for use in the laboratory sessions parallel the tasks facing building level and central office administrators in the public and private schools.

EDADM 601 Internship (3-9, max. 9)

Offered on credit/no credit basis only.

EDUCATIONAL CURRICULUM AND INSTRUCTION

EDC&I 564 Seminar: Issues in American Indian/Alaskan Native Education (3)

Investigates current social and political issues as they relate to American Indian/Alaskan native education. It explores the educational implications of state and federal legislation, judicial decisions, and politically-controversial issues. Prerequisite: 464 or permission of instructor.

EDC&I 568 Seminar on Instruction and Curriculum for Minority Youth (3)

Examines research related to curriculum and instruction for minority youth for purpose of preparing teachers, administrators, and other educators working with students who differ from mainstream students along such dimensions as value and motivational systems, learning styles, and socialization

practices. Prerequisite: EDPSY 513, 591, or permission of instructor.

EDC&I 601 Internship (3-9, max. 9)

Offered on credit/no credit basis only. Prerequisite: graduate standing and permission based on approval of proposal submitted during the quarter preceding the internship.

HIGHER EDUCATION

EDHED 601 Internship (3-9, max. 9)

Offered on a credit/no credit basis only. Prerequisite: graduate standing and permission received at least one month prior to the beginning of the quarter in which the internship is taken.

EDUCATIONAL POLICY STUDIES

EDEPS 559 Seminar: American Education in the Twentieth Century (3, max. 6)

Selected problems in American education over the last century, with special emphasis on contemporary issues and trends.

SPECIAL EDUCATION

EDSPE 601 Internship (3-9, max. 9)

Prerequisite: graduate status, permission based on pre-arrangement of internship placement and approval by adviser.

COLLEGE OF ENGINEERING

ENGINEERING

ENGR 401 Methods in Applied Mathematics (4)

Acquisition of technique and experience in application of areas of mathematics encountered in science and engineering; illustrated by case studies from many fields. Applications of ordinary differential equations; phase plane, stability; linear algebra--matrices, systems of differential equations; power series solutions, special functions. Offered jointly with AMATH 401. Prerequisites: MATH 205 and MATH 238 or AMATH 341 or permission of instructor.

ENGR 403 Methods in Applied Mathematics (4)

See 401. Application of Laplace and Fourier transforms, partial differential equations, numerical methods; Fourier series; probability and statistics. Offered jointly with AMATH 403. Prerequisite: MATH 205 and MATH 238 or AMATH 341 or permission of instructor.

AERONAUTICS AND ASTRONAUTICS

A A 498 Special Topics in Aeronautics and Astronautics (1, max. 2)

Lectures and discussions on topics of current interest to aviation and space engineering. Offered on a credit/no credit basis only.

ELECTRICAL ENGINEERING

E E 559 Special Topics in Electrical Energy Systems (1-5)

Topics of current interest in electrical power and energy devices and systems. Content varies from year to year, based on current professional interests of faculty member in charge. May be repeated for credit by permission. Prerequisite: permission of instructor.

MECHANICAL ENGINEERING

M E 424 Combustion Power Systems (3)

Combustion and furnace theory. Flame characteristics. Analysis and design practice: gas, oil, and coal-fired systems. Wood-fired combustors also considered. Corrosion and pollutant control addressed. Prerequisites: 323, 331, or permission of instructor.

M E 426 Solar Energy Engineering (3)

Introduction to the engineering design and analysis of systems directed toward the collection and utilization of solar energy. Fundamental principles of heat transfer, thermodynamics, and fluid mechanics are directed toward the analysis of collector and storage devices, and to the synthesis of such devices into energy delivery systems. Includes a limited examination of the availability of solar resources and of life cycle cost analysis of solar devices. Prerequisite: 311 or equivalent.

COLLEGE OF FOREST RESOURCES

PHYSICAL SCIENCES

FOR P 442 Mechanics in Logging and Construction (4)

Examines: 1) the major structural components of heavy equipment, and 2) the application of mechanical analysis and design to harvesting and construction activities in logging engineering. Prerequisite: 440.

FOR P 479 Pulp and Paper Laboratory II (2)

Paper testing, paper additives, flocculation, drainage, retention, heat transfer and fluid dynamics in papermaking. Sensing approaches and plated process control. Prerequisites: 476, 477, 478.

FOR P 482 Pulp and Paper Systems, Economics, and Control (3)

Analysis industrial plumping, bleaching, papermaking, recovery, and steam and power operations using systems analysis approach. Material and energy balances, process economics, process control, and design calculations. Prerequisites: 406, 476, 477, 481, or permission.

INTERDISCIPLINARY GRADUATE DEGREE PROGRAMS

APPLIED MATHEMATICS

AMATH 401 Methods in Applied Mathematics (4)

Acquisition of technique and experience in application of areas of mathematics encountered in science and engineering; illustrated by case studies from many fields. Applications of ordinary differential equations; phase plane, stability; linear algebra--matrices, systems of differential equations; power series solutions, special functions. Offered jointly with ENGR 401. Prerequisite: 341 or MATH 205 and MATH 238 or permission of instructor.

AMATH 403 Methods in Applied Mathematics (4)

See 401. Applications of Laplace and Fourier transforms, partial differential equations, numerical methods; Fourier series; probability and statistics. Offered jointly with ENGR 403. Prerequisite: 341 or MATH 205 and MATH 238 or permission of instructor.

AMATH 599 Special Studies in Applied Mathematics (*, max. 12)

Lectures and discussions of topics of current interest in applied mathematics. May not be offered every quarter; content may vary from one offering to another. Prerequisite: permission of instructor.

DOCTOR OF ARTS

D ART 800 Doctoral Dissertation (*)

INTERSCHOOL OR INTERCOLLEGE PROGRAMS

BIOENGINEERING

BIOEN 510 Bioengineering Seminars (1)

Topics of current bioengineering interests are presented by faculty, visitors, and students. Graduate students actively involved in bioengineering research are eligible to enroll for credit and are expected to attend regularly, participate in discussions, and make presentations. Offered on a credit/no credit basis only. (Last quarter offered: Summer 1984.)

QUATERNARY STUDIES

QUAT 504 Special Topics in Quaternary Sciences (1-3)

Focuses on environments and climate changes of the past two million years (Quaternary Period) in the context of modern surface processes, including historical changes, prehistorical environments of the postglacial period, and Ice Age events. Provides a scientific perspective on the scale of modern and man-made environmental changes, including those of climate in the context of recent earth history. Offered on a credit/no credit basis only. Prerequisites: background courses in earth sciences and ecology.

SOCIAL MANAGEMENT OF TECHNOLOGY

SMT 554 Cost-Benefit Analysis (3)

Offered jointly with ECON 554. See ECON 554 for course description.

SMT 582 Energy Conservation (3)

Examination of past, present, and projected patterns of energy use. Opportunities for reducing wasteful practices and developing more efficient techniques of utilization. Use of price and other forms of regulation to induce conservation. Case studies selected from the residential, commercial, industrial, and transportation sectors. Legislation and public policy issues at Federal and local levels. Emphasis on an integrated approach to technological, political, social, and environmental aspects. Prerequisite: 461.

UNIVERSITY CONJOINT COURSES

UCONJ 100 Introduction to Health Professions (1)

Informs students interested in health careers about opportunities in health professions. Roles of members of the health care team are presented by personnel representing their respective professional groups. Lectures, discussions, and patient case presentations are used to help students appreciate the multiple opportunities available and the respective professions' contributions.

SCHOOL OF LIBRARIANSHIP

LIBRARIANSHIP

LIBR 544 Legal Bibliography (3)

Introduction to legal bibliography and law librarianship. Provides a comprehensive introduction to the methods of legal research and explores current issues in law librarianship. M. Libr. degree candidates only. Prerequisites: 500, 501, or permission of instructor.

SCHOOL OF MEDICINE

BIOMEDICAL HISTORY

BI HS 409 History of Human Nutrition (3)

Historical background of the major facets of nutrition, including growth of scientific understanding of food composition, digestion, and metabolism; development of food supplies and eating patterns; occurrence and recognition of nutritional deficiency disease; problems of food contamination and adulteration; and promotion of food fads. These are integrated and related to the evolution of science, medicine, agriculture, industry, and other pertinent components of European and American culture.

BI HS 435 Medicine and Society in History (3)

Explores relationships among disease, medical practice, and society during various periods in the development of western civilization. Emphasizes the interaction and interdependence of medicine and society, and is intended to provide historical analyses that illuminate this interaction in modern times.

MEDICAL PRACTICE

MED P 601 P-Visiting Medical Student Clerkship (*, max. 24)

The School of Medicine accepts a limited number of students from other medical schools for individually designed clinical clerkships at the University of Washington. (Students are accepted only for clerkship sites available after all UW students are accommodated.) Prerequisites: completion of all preclinical work at the parent institution and certification from the Dean of that institution.

MEDICINE

MED 644 Management of Sexually Transmitted Diseases (1-3, max. 9)

Instruction and clinical experience in diagnosis, treatment and management of sexually transmitted diseases. Four 4 hour sessions at Harborview STD Clinic. Instruction in genitourinary physical examination skills; relevant lab techniques and management of patients with STD's. Prior to the elective, each student must review a packet of didactic materials.

MICROBIOLOGY AND IMMUNOLOGY

MICRO 453 Pathogenic Microbiology (2)

Introduction to major groups of infectious agents affecting all sites of the human body, and to mechanisms and models of pathogenesis. Prerequisites: 301, or 400 and 441, or an equivalent background in general microbiology and immunology. For dental students or with permission of instructor.

MICRO 578 Cellular Immunology (1, max. 10)

Weekly one-hour seminar in which various aspects of cellular immunology will be discussed together with current research findings. Offered on a credit/no credit basis only. Prerequisite: permission of instructor.

PHARMACOLOGY

PHCOL 513 General Pharmacology III (4)

General pharmacology of drugs affecting the endocrine system and the central nervous system. Emphasis on current research approaches to understanding the basic mechanisms of drug action. For graduate students. Prerequisites: 511, 512, or permission of instructor.

PHYSIOLOGY AND BIOPHYSICS

P BIO 539 Sensory Systems I (3)

Reading and analysis of primary sources in sensory neurophysiology. Receptor mechanisms and the somatosensory system are covered. Prerequisite: 511 or equivalent.

P BIO 548 Predocctoral Presentations in Biophysics (1, max. 5)

Student presentations of their own investigations or of a library research topic. Techniques to improve content and style of presentations discussed. Offered on a credit/no credit basis only. Prerequisite: student in P BIO or permission of instructor.

PSYCHIATRY AND BEHAVIORAL SCIENCES

PBSCI 685P Geriatric Psychiatry Clerkship (4, max. 12)

A two, four, or six week elective. Students will participate in the evaluation and care of older persons with psychopathology, such as intellectual impairment and depression, in a variety of settings, including UH, HMC, and the Seattle VA. Emphasis on improving clinical skills regarding diagnosis and treatment of common behavioral problems in the elderly. Prerequisite: 664, 665, or 666.

RADIATION ONCOLOGY

R ONC 695P Clinical Cancer Management (*, max. 8)

Supervised participation in clinical management of the patient with cancer. Includes clinical evaluation, planning of treatment and follow-up examination of patients. Daily teaching conferences. Prerequisite: MED 665P or permission of instructor. (2 and/or 4 weeks.)

RADIOLOGY

RADGY 572 P-Physical Basis of Diagnostic Radiology (1)

Topics covered are: production of x-rays, spectra, design of x-ray systems, interactions of x-rays with matter, attenuation, filters, beam restrictors, grids, intensifying and fluoroscopic screens, x-ray film, film processing, the radiographic image, image intensifiers, cine and videotape systems, tomography, magnification, radiography, exposures to patients and personnel, xerography, receiver operating characteristics, image enhancement, field emission radiography, ultrasound and computerized tomography. Offered on a credit/no credit basis only. Prerequisite: resident physician standing, or permission of instructor.

REHABILITATION MEDICINE

REHAB 322 Medical Science Laboratory (1)

The purpose of laboratory session(s) is to introduce students to the role of allied health professionals in the treatment of disabilities presented in 320, 321 lectures. Offered on a credit/no credit basis only. Prerequisites: 320, 321.

REHAB 485 The Dynamics of Occupational Therapy (4)

See course description under 481-484 in the General Catalog.

REHAB 488 Psychosocial Rehabilitation in Occupational Therapy (2)

Presentation and discussion of specialized topics and treatment programs for patients with psychosocial disabilities. Prerequisite: 483 and Occupational Therapy major.

SCHOOL OF NURSING

NURSING

NURS -589 Advanced Problems in Nursing Research (-3)

Examination of alternative methodological decisions for their direct and indirect consequences at different points in nursing research process. Prerequisites: a minimum of 5 credits basic nursing research methodology at graduate level and permission of instructor; inferential statistics.

PARENT AND CHILD NURSING

PCN 502 Primary Care: Common Pediatric Problems Part I (5)

Focuses on the process of assessment, integration of current research findings into clinical decision-making, and management of common pediatric problems. Concepts of health promotion, maintenance, anticipatory guidance, and family focused health care are emphasized. Clinical experiences designed to acquaint students with selected patient problems and illnesses and to help them work collaboratively with other health care professionals and community agencies. Prerequisite: 501 or permission of instructor.

PCN 533 Family Growth and Development (2)

Includes consideration of developmental, interactional, and family systems theory; theories of change; developmental tasks; and health belief systems. A paper based on one aspect of the major course objectives is expected.

SCHOOL OF PHARMACY

MEDICINAL CHEMISTRY

MEDCH 503 Advanced Medicinal Chemistry (4)

Advanced study of the various classes of medicinal compounds with particular emphasis in biological activity, mechanism of action, biotransformation, and the structural and physical properties governing absorption, distribution, and excretion. Prerequisite: permission of instructor.

PHARMACEUTICS

PCEUT 499 Undergraduate Research (*, max. 6)

Research problems in biopharmaceutics and clinical pharmacokinetics. Prerequisites: cumulative grade point average of 2.5 and permission of instructor.

PCEUT 520 Seminar (1, max. 5)

Graduate students attend seminars and make one formal presentation per year while in residence: 1 credit per year is allowed. Offered on credit/no credit basis only.

PCEUT 583 Topics in Pharmaceutics (1, max. 15)

Discussion of pertinent articles from current literature and recent laboratory results. Offered on credit/no credit basis only.

PCEUT 600 Independent Study or Research (*)

Offered on credit/no credit basis only.

PCEUT 700 Master's Thesis (*)

Offered on credit/no credit basis only.

PCEUT 800 Doctoral Dissertation (*)

Offered on credit/no credit basis only.

PHARMACY PRACTICE

PHARM 411 Non-Drug Products (3)

Study of medical devices commonly provided by pharmacists to their patients, including their selection and adaptation for specific patient needs. Lectures include display and demonstration of actual devices. Prerequisite: 333. Enrollment limited.

PHARM 471 Externship in Institutional Practice (*, max. 15)

Closely supervised study-experience periods in hospital or other institutional pharmacies. Ordinarily, students rotate through two periods of five weeks each, and they participate in active pharmacy practice under the supervision of a preceptor. Conferences on selected topics supplement the work experience. Offered on credit/no credit basis only. Prerequisite: permission of instructor.

PHARM 585 Advanced Clinical Pharmacy and Therapeutics III (5)

A lecture-discussion-demonstration format with extensive reading assignments for each topic. Basic assessment skills important to the advanced pharmacy practitioner, protocol development and implementation, neurological diseases, endocrine diseases, obstetrics and gynecology, pediatrics, and geriatrics are covered. Prerequisite: 584.

SCHOOL OF PUBLIC HEALTH AND COMMUNITY MEDICINE

ENVIRONMENTAL HEALTH

ENVH 305 Toxic Chemicals in the Environment (3)

Basic principles governing the behavior and effects of toxic chemicals released into the environment; sources, distribution and rate of chemicals in the environment; chemicals and cancer, chemicals and birth defects; ecological effects of chemicals; governmental regulations. Designed for students with minimum background in chemistry and biology. Offered jointly with ENV S 305. Prerequisites: BIOL 101-102 and CHEM 102. (Last quarter offered.)

ENVH 551 Environmental Cell Biology (2)

Effects of environmental pollutants on the biochemical and ultrastructural properties of cells. Defense mechanisms of the lung and effects of air pollutants on lung cells treated as a model system for the various kinds of interactions between pollutants and cells. Validity and limitations of the scientific method for establishing exposure and safety levels are considered. Prerequisite: permission of instructor.

ENVH 584 Occupational Health and Safety Legislation (2)

Occupational health and safety legislation in the United States and other nations, the social issues leading to passage of such legislation, effectiveness of the legislation, policy issues and proposed solutions. Offered on a credit/no credit basis only.

HEALTH SERVICES

HSERV 557 Health Behavior and Preventive Medicine (3)

Effective delivery of preventive health services is integrally and inseparably linked to voluntary health behavior. This course examines clinical issues and psychosocial theory related to a broad spectrum of health behaviors. Emphasizes: identifying effective preventive services; psychosocial and decisional bases for health actions; provider-patient interactions; and research and clinic-based strategies for changing beliefs and behaviors. Prerequisite: 511 or permission of instructor.

PATHOBIOLOGY

PABIO 526 Protein Antigens (3)

Lecture and laboratory covering purification, characterization and quantitation of protein antigens from pathogenic microorganisms. Emphasis on the principles of the techniques and laboratory skills. Prerequisite: entry card. (Last quarter offered: Sp 83.)

PABIO 528 Biochemistry and Physiology of Parasites (3)

Review of ways in which pathogenic parasites (protozoa and helminths) of medical and veterinary importance acquire their necessary nutrients; generate and store energy; and metabolize carbohydrates, lipids, proteins, amino acids, and nucleic acids. Mechanisms of drug action studied. Involves lectures, group discussions of recent papers, and student seminars. Entry card required.

PABIO 583 Seminars on Frontier Membrane Research (1, max. 4)

Research seminars on structure and function of cell surface membranes are presented for postdoctoral fellows and graduate students. A detailed discussion on experimental design based on current topics of cell surface structure and function will be made among researchers in the Department of Pathobiology, and Division of Biochemical Oncology, Fred Hutchinson Cancer Research Center. This course can be regarded as advanced stage supplement to the membrane course 525.

ADDENDUM

COLLEGE OF ARTS AND SCIENCES

OCEANOGRAPHY

OCEAN 522 Radiochemical Tracers and Ocean Mixing (3)

Distribution of natural and bomb produced radioactive tracers in the ocean. Application of models used to derive information concerning time scales of (1) gas transfer at the water atmosphere interface; (2) whole ocean, thermocline, and deep ocean water circulation; and (3) particulate settling in the marine environment. Knowledge of elementary differential equations suggested. Prerequisites: 401, 402, 421.

INDEPENDENT STUDY THROUGH CORRESPONDENCE

The Office of Independent Study provides University courses for correspondence credit primarily by correspondence instruction to persons who wish to study independently. Fees for Independent Study courses are separate from residence tuition and are \$26 per credit. Enrollment is not based on the quarter system but is continuous throughout the year, with one calendar year allowed to complete a course.

A regularly enrolled student who wishes to register for additional courses for Independent Study credit should consult his or her departmental adviser prior to enrolling in an Independent Study course. Applications and additional information on enrollment procedures may be obtained from the Independent Study office, 222 Lewis, or by telephoning 543-2350.

The following courses are currently offered by Independent Study (credits in parentheses; * indicates variable credit, to be arranged by student and instructor).
