# GENERAL INFORMATION

It is the University's expectation that a student will follow University rules and regulations as they are stated in the *General Catalog*. In instances where no appeal procedure is spelled out and the student is persuaded that a special set of circumstances makes appeal reasonable, he or she may appeal the application of specific rules or regulations to the office of the dean of the school or college in which he or she is enrolled in the case of an academic matter, or to the Office of Student Affairs in the case of a nonacademic matter. These offices will either render a decision on the appeal or refer the student to the proper office for a decision.

## GUARANTEED REGISTRATION ELIGIBILITY

University of Washington students who remain in good scholastic standing are guaranteed the opportunity to register each quarter as long as they maintain continuous enrollment (Summer Quarter excepted). Continuation must be in the same classification, e.g., undergraduate, postbaccalaureate (fifth-year), graduate, etc. Once a student earns a baccalaureate degree, he or she must apply for readmission as a postbaccalaureate (fifth-year), nonmatriculated, or graduate student. Exceptions to the guarantee are: (1) students under disciplinary action, (2) students with a financial hold, or (3) students not meeting departmental continuation policies.

If an undergraduate does not enroll for one or more quarters, or if a graduate student goes on-leave, he or she must file an application for readmission, including payment of \$10 application fee, with the Registrar's Office. Information on admission closing dates is available at Window 3, second floor, Schmitz Hall, or by calling 543-5920.

## FULL-TIME STUDENT REQUIREMENT

Some students think that because they pay full fees they are considered full-time students. This is incorrect. To be considered a full-time student, an undergraduate must register for 12 credits and a graduate student must register for 9 credits. The full-time registration requirement varies for different agencies. Information on full-time requirements of the Veterans Administration, Immigration and Naturalization Service, and Social Security Administration may be obtained at Schmitz Hall. Consult the Financial Aid Office for its requirement on satisfactory student progress.

## NONMATRICULATED STUDENTS

Nonmatriculated students register March 23 and enroll only on a space-available basis. Because nonmatriculated students register after all other students, enrollment may be closed in the following areas: mathematics, English composition, beginning foreign languages (particularly French and Spanish), business, and art. Nonmatriculated students may participate in preregistration for the Summer Quarter.

## TUITION-EXEMPT FACULTY/STAFF

With the approval of their department heads, regularly admitted full-time UW faculty and staff members who have been employed six months or more may take up to 6 credits per quarter under the tuition exemption program. According to legislative action, all registrations must be on a space-available basis after other students have registered. Members of the faculty and staff who wish to utilize the exemption may not preregister; registration may occur no earlier than the last day of the registration period. Faculty/staff who register before the last day will not be eligible to use a tuition exemption that quarter. Registration appointments are not required. New faculty/staff members must be officially admitted by the Office of Admissions by the regular admission closing date; February 1 is the closing date for Spring Quarter. Faculty/staff members who are former students returning either in the same classification or as nonmatriculated students should apply at the Registration Office, Window 8, second floor, Schmitz Hall.

Employees should present their approved tuition exemption cards at Sections, Odegaard Undergraduate Library, according to the schedule listed below. A \$5 registration fee will be collected at the time of registration. The alphabetical priority will change each quarter. Regularly admitted faculty and staff members who are unable to meet this schedule may register late by paying \$20 if registering by the tenth day of the quarter; \$50 if registering after the tenth day of the quarter.

## Spring Quarter Registration Date: March 23, 1983

Last names beginning with G-H (8-9 a.m.); I-J-K (9-10 a.m.); L-M (10-11 a.m.); N-O-P (11 a.m.-noon); Q-Z (noon-1 p.m.); A-B (1-2 p.m.); C (2-3 p.m.); D-E-F (3-4 p.m.); makeup (4-4:30 p.m.).

Tuition-exempt faculty/staff are not entitled to other student services such as those available at the Hall Health Center and the Intramural Activities Building. Therefore, UW student cards will not be issued to faculty and staff. Faculty/staff identification cards may be used for library services.

## "ACCESS" PROGRAM FOR OLDER ADULTS

The University of Washington waives tuition for Washington residents sixty years or older who wish to attend classes as auditing students, on a space-available basis. The fee is \$5, whether one or two courses are attended. As auditors, they do not receive credit and are not expected to do laboratory work or to take examinations. Students who attend the University under the Access program are limited to two courses per quarter. Registration may be made in person on Wednesday, March 23, between 8 a.m. and 2 p.m. at the Sections branch office, in the basement of the Odegaard Undergraduate Library. Interested students should proceed to the area marked Access. For additional information on mail-in registration or about the program in general, telephone Continuing Education, 545-7418, between 9 a.m. and noon.

## AUDITORS

Auditors, except those under the Access program, pay standard tuition and fees and must be regularly admitted and registered in the course. Although credits for audited courses will not be listed on the schedule of classes, they will be included in the billing on the fee statement. Such credits count in the calculation of fees.

Attendance in courses as an auditor is by consent of the instructor involved and is conditioned by the extent to which space is available. Permission to audit is ordinarily granted for lecture classes only. An auditor may not participate in class discussion or laboratory work, and his or her registration may be canceled at the discretion of the instructor.

No entry is made on the permanent record for courses audited. To receive credit for an audited course, the student must register for the class for credit in a subsequent quarter.

Auditors follow registration instructions below.

## DISABLED STUDENTS

Various support services, including priority registration, are available to students with disabilities. Contact the Coordinator for Disabled Student Services, 468 Schmitz, 543-8924, for information on equipment, technical aids, and accommodations to meet individual needs. Access: *University of Washington*, a guidebook to buildings on the campus, and an accompanying map may be obtained from the office.

Students with disabilities who register for a science laboratory class should telephone the Coordinator, 543-8924, and the academic adviser of that department immediately to evaluate whether some accommodation of the facilities will be necessary.

## ATHLETIC EVENTS

Students may purchase a Husky Winter/Spring Sports Pass at the Husky Ticket Office, 101 Graves, or at the HUB Ticket Office, for admission to the following athletic events: men's and women's basketball, baseball, track and field, and swimming. For additional information, telephone 543-2200.

# REGISTRATION INSTRUCTIONS

## ACADEMIC ADVISER

See an academic adviser to discuss your educational objectives and to learn the procedures involved in registering at the Univer-

sity. Have an idea of the courses you would like to take before seeing an adviser by reviewing the *General Catalog* and the quarterly *Time Schedule*.

earned at the University. While completing the first 44 credits at the University, the student has three drops permitted after the fourth week. Any of these three drops not used by the time 45 credits are earned are forfeited. After 45 credits have been completed at the University, the student earns one late drop for each 45 credits earned. These may be accumulated and used as necessary. *No drops of any kind are permitted after the last day of instruction.*

b) **Graduate Students.** Graduate students who drop courses after the first two weeks of the quarter receive a grade of "W." No drops are permitted after the seventh week of instruction.

c) Students may petition the Registrar to drop a course after the regular drop deadline if: (1) the student is unable to complete the course in question because of a severe mental or physical disability, or (2) unusual or extenuating circumstances beyond the student's control prevented the student from dropping the course by the regular drop deadline. Petitions must be filed promptly after the occurrence of the event that gave rise to the need for dropping the course.

### 3. Fee Forfeitures or Refunds

a) Students will be billed for the number of credits, including audit hours, on their programs at the end of the first week of the quarter. Only partial fee reductions will result for courses dropped after the first week of the quarter.

b) Students dropping courses after the first seven calendar days of the quarter and through the thirtieth calendar day of the quarter will be expected to pay one-half of the tuition and fees associated with that course. Example: An undergraduate originally registered for 5 credits. The fee for 5 credits is \$197 (resident). The student then drops a 3-credit course in the second week of the quarter. The total number of credits for which the student remains registered is 2. Tuition and fees are due for the 2 credits (\$80) and one-half the difference between 5 credits and 2 credits, in this case an additional \$58.50. Total fees owed are \$138.50. The student has been registered in the dropped course for more than one week and therefore must pay half the fees for the course.

c) Courses dropped after the thirtieth calendar day receive no refund. Example: A student is registered for a 3-credit course. The student drops that course after the thirtieth calendar day. No refund is available. If the student adds a different 3-credit course at the time the original 3-credit course is dropped, he or she will pay tuition and fees for 6 credits.

d) The effect of fee forfeitures on the over-18-credit surcharge is as follows: forfeitures for courses dropped that exceeded 18 credits are charged the same as in (b) and (c) above. Also, if a student drops a course after the thirtieth calendar day and adds another, an additional fee per credit will be charged as appropriate. Example: if a student is registered for 15 credits, drops one 5-credit course and then adds another 5-credit course, after the thirtieth calendar day, he or she will be charged for 20 credits although the student's class schedule will show only the 15 registered credits. As a result, he or she will pay for 2 credits above the 18-credit limit.

e) Drops become effective the date received in Sections.

### 4. Courses Added After the Official Change Period

a) As a general rule, no courses may be added after the official change period. Exceptional cases may be approved if both the instructor of the course and the dean of the student's college consent.

b) Courses audited may not be changed to a credit registration after the first two weeks of the quarter.

### FEE PAYMENT

1. A fee statement will be mailed to the address you indicate on your mark-sense registration form. If you have not received a fee statement by the end of the second week of the quarter, contact the Student Accounts and Scholarships Office for the amount of tuition due.

2. You may pay your fees in person in the Student Accounts and Scholarships Office or mail them to Student Accounts and Scholarships Office, 129 Schmitz, Seattle 98195, before the tuition due date. Fees must be paid by Friday of the third week of the quarter whether or not you have received a statement.

3. If you fail to pay by the deadline you may continue to pay your fees, with a \$25 late fee, for one week following the due date. If fees are not paid by this time your registration will be canceled. Students permitted to reregister after cancellation for nonpayment will be charged a \$50 fee, in addition to their tuition. No reregistration will be possible after the last day of instruction. *Please note: Even if your registration is canceled you will continue to owe one-half your tuition and fees if you are a continuing student or, if*

*you are a new or returning student, \$50 or one-half your tuition and fees, whichever is greater.*

\* Does not apply to first-year professional law students. Fees are subject to change without notice.

### Special Course and Laboratory Fees

The amounts listed in the Tuition and Fee Rate schedule normally cover University charges for course registration. Some courses, however, have extraordinary expenses associated with them and in such cases the University may charge additional fees in amounts approximating the added instructional or laboratory costs.

### CHANGE OF ADDRESS

If you change your address after you have turned in your mark-sense registration form, be sure to complete a change of address form at the Registration Office. Forms are available at Window 3, second floor, Schmitz Hall. *You are responsible for notifying the Registrar's Office of any address change.*

### STUDENT INSURANCE

UW students who remain registered through at least the first six days of instruction in the quarter are eligible to enroll in the student health insurance plan. The following students are not eligible:

1. Those enrolled only in programs administered by the Department of Continuing Education or Office of Conferences and Institutes, including but not limited to extension, correspondence, independent study, continuing studies, noncredit courses, or the Access program; or

2. UW employees attending classes under the employee tuition exemption program.

Students who do not specifically request a particular student insurance plan or who do not specifically state they do not wish student insurance automatically will be enrolled and billed for student only medical, surgical, and hospital insurance.

If you are billed for student insurance and wish to cancel your coverage, complete the appropriate section on the remittance copy of the billing statement and pay the amount billed less the indicated amount for insurance. If you wish to change or add coverage, you must do so in person in the Student Accounts and Scholarships Office by the date tuition is due. Tuition/fees and the student health insurance premium must be paid in full by the due date to be eligible for health insurance.

### International students

International students must subscribe to the student insurance plan. Exceptions may be granted by the International Services Office if the student presents proof of other medical insurance coverage. Students are responsible for obtaining a waiver each Autumn Quarter (or upon initial admission if other than Autumn Quarter), because waivers are valid only through Summer Quarter each year. Students holding insurance policies that expire during the academic year are responsible for obtaining new waiver cards, as necessary. To be eligible for the student health insurance plan, the student must pay, in full, tuition, fees, and the student health insurance premium by the due date. International students who want coverage during the Summer Quarter and are not enrolled Summer Quarter must prepay the Summer Quarter premium during one of the preceding quarters.

### WASHPIRG

An optional \$2 fee is indicated on the fee statement for the Washington Public Interest Research Group, a student research organization. If you do not desire to support this activity, simply pay the regular tuition and fees. If you want to support WASHPIRG,

### GRADING SYSTEM

The University of Washington uses a numerical grading system with certain exceptions in the schools of Dentistry, Law, and Medicine. Instructors may report grades from 4.0 to 0.7 in 0.1 increments and the grade 0.0. The number 0.0 is assigned for failing work or unofficial withdrawal. Grades in the range 0.6 to 0.1 may not be assigned. Grades reported in this range will be converted by the Registrar's Office to 0.0. For graduate students, grades reported in the range 1.6-0.1 will be converted to 0.0. Numerical grades may be considered equivalent to letter grades as follows:

#### Undergraduate/Graduate\*

A	4.0-3.9
A-	3.8-3.5
B+	3.4-3.2
B	3.1-2.9
B-	2.8-2.5
C+	2.4-2.2
C	2.1-1.9
C-	1.8-1.5
D+	1.4-1.2
D	1.1-0.9
D-	0.8-0.7
E	0.0

\* Lowest grade earning credit for graduate students is 1.7.

Lowest passing grade for undergraduates.  
Failure or Unofficial Withdrawal. No credit earned.

Additional information on grades and scholarship rules may be obtained from the Grade Information Office, 248 Schmitz.

2.6 or below are recorded as NS (Not Satisfactory). In cases of withdrawal, the W is recorded. Neither S nor NS are included in the grade-point average. N, I, and X are recorded until the instructor reports the final grade, or in cases of incompletes received by undergraduates, until the I is converted by the Registrar. With the approval of his or her graduate program adviser or Supervisory Committee Chairperson, a graduate student may elect to take any course for which he or she is eligible outside of his or her major academic unit on the Satisfactory/Not Satisfactory system.

### **Credit/No Credit-Only Courses**

Some courses are offered on a CR/NC-only basis. It is not necessary to register S/NS to take these courses, because the only grades assigned by the instructor are CR (Credit) or NC (No Credit). Neither CR nor NC is included in the grade-point average. In cases of withdrawal a W is recorded. N, I, and X are recorded until the instructor reports the final grade, or in cases of Incompletes received by undergraduates, until the I is converted by the Registrar.

## **SPRING QUARTER 1983 CALENDAR**

**February 9-11, 14-18**

**February 22**

**March 8**

**March 10**

**March 17, 18**

**PREREGISTRATION** for all matriculated students in school Winter Quarter 1983.

**IN-PERSON REGISTRATION APPOINTMENTS** available at Window 8, second floor, Schmitz Hall, for continuing students who missed preregistration and for continuing nonmatriculated students.

Programs of study mailed to preregistered participants.

**CHANGE OF REGISTRATION APPOINTMENTS** for the March 17, 18 change period available at Window 2 or 3, second floor, Schmitz Hall, for students who have received a schedule of classes. Students will be expected to present UW Spring Quarter 1983 student identification cards when requesting appointments. Students who make the following changes only are not required to have an appointment: (a) to or from Satisfactory/Not Satisfactory grading; (b) in the credit for a variable credit course; (c) drop a course. Evening-only students should go directly to Sections in the Undergraduate Library cafeteria.

**OFFICIAL CHANGE OF REGISTRATION PERIOD FOR ALL STUDENTS** by appointment only, at the Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance), for students who have received a schedule of classes.

Continuing students who withdraw during the first week of two consecutive quarters (Summer Quarter excepted) will not be eligible to register as continuing students for the third quarter. Such students must reapply as former students returning to the University. For example, a student who withdraws during the first week of Spring Quarter and Autumn Quarter must reapply as a returning former student for Winter Quarter.

The forfeiture schedule below will be followed.

### Continuing Students

- a. Students withdrawing before the sixth day of the quarter do not pay tuition or fees.
- b. Students withdrawing on the sixth day or through the thirtieth calendar day continue to owe one-half of their tuition and fees.
- c. Students withdrawing after the thirtieth calendar day continue to owe full tuition and fees.

### New and Returning Students

- a. Students withdrawing before the sixth day of the quarter forfeit their \$50 enrollment service fee.
- b. Students withdrawing on the sixth day or through the thirtieth calendar day of the quarter must pay one-half of regular tuition and fees or forfeit the \$50 enrollment service charge, whichever is greater.
- c. Students who withdraw officially after the thirtieth calendar day must pay full tuition and fees, including the \$50 enrollment service fee.
3. Students who were unable to turn in their withdrawal in time may petition the Cashier's Office for additional refund. Petition forms are available at the Cashier's Office, 129 Schmitz.
4. Courses dropped as part of a University withdrawal completed during the first two weeks of a quarter receive no grade and no entry except date of withdrawal is made on the student's permanent academic record. Withdrawals completed after the first two weeks result in the courses being assigned a grade of "W."

### The Grade of Incomplete

In order to obtain credit for a course in which an Incomplete has been awarded, an undergraduate student must complete the remaining work for the course by the last day of the following quarter. An Incomplete grade for a Spring Quarter course must be made up by the last day of Autumn Quarter or the Incomplete will be converted to a grade of 0.0 by the Registrar, unless the instructor has indicated when assigning the Incomplete grade that a grade other than 0.0 should be recorded if the incomplete work is not completed. This time limitation may be extended up to one year maximum with instructor approval. Such approval must be received by the Registrar's Office before the end of the next quarter.

A graduate student who receives an Incomplete must complete the remaining work for the course by the last day of the next quarter *in residence*. An Incomplete received by a graduate student does not automatically convert to 0.0 but remains an Incomplete if the course work is not completed. This time limitation may be waived by the dean of the college in which the course was offered only if the nature of the uncompleted work is such as to make the fulfillment of this requirement impossible. In no case can an Incomplete received by a graduate student be converted to a passing grade after a lapse of two years. The Incomplete grade entry remains on the record permanently. The final grade is posted under the quarter in which the final grade is received.

### Satisfactory/Not Satisfactory

Students may elect to take certain courses on a Satisfactory/Not Satisfactory basis. Advisers should be consulted, and in no case are students allowed to register for more than one course or 6 credits on a Satisfactory/Not Satisfactory basis in a given quarter. No more than 25 credits will apply to an undergraduate degree. *SINS must be elected or dropped during the official change of program period.* Undergraduate students earning grades of 1.7 or above receive a grade of S (Satisfactory) while grades below 1.7 are recorded as NS (Not Satisfactory). Graduate students earning grades of 2.7 or above receive a grade of S (Satisfactory), while

Make-ups Incomplete Removals Conflicts	When mutually agreeable to faculty members and students concerned, provided scheduled <i>no later than</i> Friday, June 10.				

Final examinations should be administered in accordance with the above examination schedule.

The dean may permit an instructor to change the time of a final examination upon prior application demonstrating good cause for such change. In such cases, the following guidelines shall be observed:

1. With the dean's permission, the final examination may be postponed or moved to an earlier time within the examination period if agreed to by all students and the instructor. Before approving the rescheduling of a final examination, the dean shall obtain assurances that the change will not have an undue adverse impact on the students. The dean shall notify the Registrar of the approval granted for changing the date of a final examination.
2. An instructor shall not, except in very unusual circumstances, grant permission to individual students for an early examination. If the student is unable to take an examination on the scheduled date, the procedure outlined in the following paragraph should be followed.
3. A student absent from any examination, or other required class activity, either by permission of the dean or through sickness or other unavoidable cause, shall be given an opportunity to complete the required work, or its equivalent, at some other time. If the instructor determines this is not feasible during the current quarter, the instructor shall exempt the student from

the requirement or give the student a grade of Incomplete if his or her work in the course is otherwise satisfactory. The student may remove this Incomplete in the manner provided for the removal of Incomplete grades. In all other cases of absence from the scheduled final examination, a student should be given a grade of 0.0.

4. Classes that meet on the hour use the first full hour of instruction to determine the time of examination. For example, a class that meets at 10 a.m. uses the 10:30 a.m. examination time.
5. Classes that begin on the half hour and last longer than one hour use the actual starting time to determine the examination time. For example, a class that meets at 7:30 a.m. and continues until 9:00 a.m. would use the 7:30 a.m. time.
6. Classes in which the entire class meets at the same hour every day, in the same room, may use that room at 8:30 a.m. or 2:30 p.m. for a three-hour examination. All other examinations are limited to one hour and fifty minutes unless other arrangements are made with Room Assignments.
7. If an examination is held at a time other than the above schedule indicates, instructors must check with Room Assignments to make sure that the room is going to be available.

Questions concerning the examination schedule should be directed to Room Assignments, 543-1080.

The University of Washington provides equal opportunity in education without regard to race, color, national origin, sex, age, or handicap in accordance with Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and the Age Discrimination Act of 1975.

# GUIDE TO COURSE LISTINGS

The information published in the *Time Schedule* is subject to change. The instructor for a particular course may be changed, or the instructor may use assistants in teaching the course and courses may not meet each day listed. Additionally, courses listed in this publication may be canceled in the event of insufficient enrollment.

Course, term, and section information is listed in the following columnar order:

The Chinese novel from the Ming dynasty to the present. Readings in English translation. Literary values of works and their tradition. Also, historical and social contexts and the thought and value systems of the Chinese.

#### CHIN 583 Seminar in Modern Chinese Literature (5)

Directed study of selected works of modern Chinese literature. Primary focus on the novel, short story, and essay. Recommended: 281 and 482.

#### Japanese

#### JAPAN 316 Advanced Japanese Conversation (2)

Guidance and drill in advanced Japanese conversation, conducted by native speakers, providing opportunities to enhance oral command of materials studied in 311, 312, 313, plus other upper-level vocabulary and syntax materials. Prerequisite: 213 or equivalent. Recommended: concurrent registration in 313.

#### Korean

#### KOR 430 Masters of Modern Korean Literature (5)

Emergence, formation, and early development of modern Korean literature. Representative shorter works read in Korean. Discussion, conducted mainly in Korean, of special features of the language and literary significance of the material. Prerequisite: 416 or equivalent.

### BOTANY

#### BOT 356 Washington Plant Communities (3)

Plant communities in lowland Western Washington, including mature, seral, and ruderal vegetation. Emphasis on sight recognition of environmental patterns and plant species, indicator species, and uses of natives in horticulture and landscape architecture. Recommended: 113 or 354 or L ARC 463.

#### BOT 439 Forest History (4)

Offered jointly with FOR B 460. See FOR B 460 for course description.

### COMMUNICATIONS

#### CMU 315 Information Processing for Mass Media (5)

Training in gathering information through interviews and observation, and from written records and other public sources. Practice in organizing and writing this information for presentation in a mass medium such as a newspaper or radio or television broadcast. Open to majors only. Prerequisite: typewriting.

#### CMU 350 Writing and Reporting Broadcast News (5)

Writing and producing news stories and newscasts for broadcasting. Open to majors only. Prerequisite: 315.

### COMPARATIVE LITERATURE

#### C LIT 252 Themes in World Literature: Death and Transfiguration (5)

Theme of death, transfiguration, and new life in world literature. Selections from Tolstoy, D. H. Lawrence, Celine, E. M. Forster, and other major writers.

### ENGLISH

#### ENGL 377 Contemporary American Indian Literature (5)

Offered jointly with AIS 377. See AIS 377 for course description.

### HISTORY

#### History of Asia

#### HSTAS 475 Colonialism in Asia (5)

Comparative survey of theories, origins, nature, practices, and results of European colonial domination in Asia; stress on cultural, political, and economic interactions with particular focus on India, Indonesia, and China; legacies of colonialism in "post-colonial" Asia.

## INTERNATIONAL STUDIES

### SIS 342 Social Theory in International Context (5)

Comparative, historical introduction to the foundations of modern social theory in the work of Max Weber, Sigmund Freud, and Claude Levi-Strauss. Focus on tensions between universalist claims, European origins, and non-European applications of models of cultural formation and development.

### Comparative Religion

### RELIG 349 Religious Movements: the Sociology of Cults and Sects (3)

Offered jointly with SOC 349. See SOC 349 in the General Catalog for course description.

### China Regional Studies

### SISEA 417 Modern Chinese Philosophy (5)

Offered jointly with PHIL 417. See PHIL 417 for course description.

### Japan Regional Studies

### SISEA 475 Japanese Society (5)

Discusses rapidly changing Japanese society and history of its unique aspects. Readings and lectures in sociology, anthropology, economics, and politics; emphasis on Japanese search for cultural identity and prevalent interpretations of Japanese society and behavior. Prerequisite: HSTAS 213 or background in Japan studies.

## MATHEMATICS

### MATH 462 Combinatorial Theory (3)

Selected topics from among: block designs and finite geometries, coding theory, generating functions and other enumeration methods, graph theory, matroid theory, combinatorial algorithms, applications of combinatorics. Prerequisite: 461.

## PHILOSOPHY

### PHIL 417 Modern Chinese Philosophy (5)

Chinese philosophy from mid seventeenth century to present: transition from late Neo-Confucianism to modern philosophies generated by encounter with West, most notably Chinese Marxism. Attention paid to distinctively Chinese preconceptions and modes of argument. Offered jointly with SISEA 417. Recommended: some background in philosophy or China studies.

### PHIL 500 Proseminar in Philosophy (5)

Development of oral skills in the presentation, criticism, and discussion of philosophical problems and arguments. Student presentations and responses to criticism on a variety of basic philosophical issues. Recommended for all first-year graduate students.

## PHYSICS

### PHYS 104 Introduction to Mechanics (3)

Problem solving techniques applicable to elementary Newtonian mechanics. Prerequisite: concurrent registration in 103.

### PHYS 216 Time and Change (3)

Includes miracles and magic, how and why things move, basic forces in nature, quantum mechanics, relativity, past and future of the universe. Quantitative comparison critical to course, but no college-level mathematics background required. 214, 215, 216 may be taken independently or in any order. Intended for non-science students.

## ROMANCE LANGUAGES AND LITERATURE

### Spanish

### SPAN 204 Intensive Spanish Review - Intermediate (5)

Intensive review of grammar, reading, composition, and oral/aural skills. For highly motivated students with at least one year college Spanish, or equivalent. Synthesis of 201, 202, 203, and preparation for third-year work in language and literature. Prerequisites: 103 and 104, or 201; or four years high school Spanish.

## SCANDINAVIAN LANGUAGES AND LITERATURE

### SCAND 499 Independent Study or Research (1-5, max. 10)

Independent study or research in Scandinavian area studies. May be done in a Scandinavian language or in English. Prerequisite: permission of instructor.

## SOCIOLOGY

### SOC 416 Sociological Theory (5)

Theories of individual action, social order, and institutional change. Focuses on cumulative development of solutions rather than on works of given theorists. Emphasis on macro sociology and theories of social order. Explores how sociological treatments of these issues compare with those offered by economists and other social scientists. Prerequisite: 410.

## SPEECH AND HEARING SCIENCES

### SPHSC 583 Hearing Aid Selection (3)

Consideration of strategies utilized in selecting acoustic amplification for the hearing impaired, including review of pertinent research literature. Prerequisite: 582 or permission of instructor.

## BUSINESS ADMINISTRATION

### QUANTITATIVE METHODS

### QMETH 304 Business Information Systems (4)

Computer processing systems, data organization, and design and development activities required to develop business information systems. Continued study of structured design and BASIC programming using interactive computing facilities. Prerequisite: 200.

## SCHOOL OF DENTISTRY

### PROSTHODONTICS

### PROS 572 Special Topics Related to Prosthodontics (1)

Lecture-seminar course dealing with subjects which have a bearing on the comprehensive treatment of the maxillofacial and regular prosthodontic patient. Topics included are surgery, speech, orthodontics, psychology, gerontology, and sociology.

## COLLEGE OF EDUCATION

### EDUCATIONAL CURRICULUM AND INSTRUCTION

### EDC&I 353 Introduction to Teaching in the Elementary School (3)

Basic course emphasizing selected teaching modes; classroom management procedures; grouping to accommodate pupils with special needs; utilization of learning resources; and the evaluation of teaching.

### EDC&I 354 Introduction to Teaching in the Secondary School (3)

Basic skills development course in instructional methods, lesson planning, classroom management procedures, and the evaluation of teaching.

## COLLEGE OF ENGINEERING

### ENGINEERING

### ENGR 123 Introduction to Engineering Graphics (2)

Introduction to engineering graphics including freehand sketching, lettering, scales, use of instruments, layout drawings, orthogonal projection, descriptive geometry, pictorials, and basic dimensioning. Emphasis on communicating technical information in engineering design and research. Brief introduction to computer-aided design.

**ENGR 124 Engineering Graphics with an Introduction to Design (3)**

Emphasizes engineering graphics for developing design and research ideas; freehand sketching, layout, detail and assembly drawings, plus applied descriptive geometry. Design projects assigned to illustrate design processes and application of engineering graphics in design and research. Additional topics include graphical mathematics, report preparation, computer-aided design, and patent drawings. Prerequisite: 123 or equivalent.

**CHEMICAL ENGINEERING**

**CH E 309 Creativity and Innovation (2)**

Offered jointly with FOR P 309. See FOR P 309 in the General Catalog for course description.

**CIVIL ENGINEERING**

Water and Air Resources

**CEWA 455 On-Site Waste Water Disposal (3)**

Basic principles of on-site waste water disposal and the use of soil as a treatment medium for small wastewater flows. Design, construction, and operation of both conventional septic tank soil absorption systems as well as the new innovative systems such as composting and incineration. Prerequisites: CIVE 350, 351, or permission of instructor.

**COLLEGE OF FOREST RESOURCES**

**BIOLOGICAL SCIENCES**

**FOR B 460 Forest History (4)**

Development, composition, and structure of the present woody vegetation in the Pacific Northwest. Environmental restrictions in modern species and implications for ecological management based on the historic biogeographic distributions of woody plants, edaphic features, and climatic changes. Offered jointly with BOT 439. Prerequisite: BOT 354 or equivalent.

**INTERDISCIPLINARY GRADUATE DEGREE PROGRAMS**

**SOCIAL MANAGEMENT OF TECHNOLOGY**

**SMT 553 Applied Cost-Benefit Analysis (3)**

Offered jointly with PB AF 553. See PB AF 553 in the General Catalog for course description.

**SCHOOL OF MEDICINE**

**BIOMEDICAL HISTORY**

**BI HS 535 Seminar in Medical Jurisprudence (3)**

Historical development of the intersections of American law and medicine, focusing particularly on questions of licensure and health policy regulation, public health matters, forensic medicine, professional liability, and philosophical issues relevant to life stages. Prerequisite: law and medical students and others with appropriate background and interest.

**PATHOLOGY**

**PATH 560P Analysis of Human Disease (\*, max. 10)**

Beginning with a human disease problem, the student individually develops a working hypothesis, discusses the problem with appropriate pathology faculty member, and jointly designs an experiment to test the hypothesis. A written report is required. Prerequisite: second year medical student standing.

**PSYCHIATRY AND BEHAVIORAL SCIENCES**

**PSBSCI 555 Research Methods in Psychiatry and Behavioral Sciences (3)**

Includes four areas: scientific method (operationalism); psychometrics (reliability); design of psychiatric experiments/studies; psychiatric epidemiology. Goals are to disseminate knowledge (through lectures and readings), and require students to use this knowledge to analyze, apply, and synthesize this material (through exercises and discussions).

**PSBSCI 673P Outpatient Psychiatry Elective (\*, max. 24)**

Offered at HCMHC, the primary outpatient psychiatric facility for Harborview Medical Center. Students function as sub-interns, conducting diagnostic interviews, initiating and managing pharmacotherapeutic treatment regimens, and providing crisis intervention, under the supervision of the full-time attending at Psychopharmacology Clinic. Prerequisite: completion of 664, 665, or 666.

**PSBSCI 675P Clerkship in Consultation/Liaison Psychiatry American Lake (8/12)**

Assessment and treatment of patients with acute and chronic medical illness: COPD, cardiac disease, cancer, neurologic diseases such as M.S., Huntington's chorea, and blindness. Emphasis on psychosocial implications for patients, families, and impact on staff. Offered four to six weeks full-time. Prerequisite: completion of 664, 665, or 666.

**PSBSCI 676P Inpatient Clerkship in Psychiatry at American Lake VA (8/12)**

For medical students with a defined interest in psychiatry who wish to develop their knowledge and skills in the evaluation, management, and treatment of a wide range of acute and chronic psychiatric conditions requiring inpatient hospital treatment. Prerequisite: completion of 664, 665, or 666.

**PSBSCI 677P Alcohol and Drug Treatment Clerkship American Lake VA (8/12)**

Student assists in every phase of the substance abuse treatment, including admission interviews, patient evaluation problem identification, group and individual psychotherapy, assertion training, anger control, human sexuality, medical evaluation and treatment, couple's therapy, discharge and aftercare planning. Experience primarily clinical. Prerequisite: completion of 664, 665, or 666.

**RADIATION ONCOLOGY**

**R ONC 499 Undergraduate Research (\*, max. 24)**

Opportunities in clinical or laboratory investigation in radiation oncology. Participation of medical students in ongoing projects or new projects designed for them. Offered on credit/no credit basis only. Prerequisite: medical students, permission of Dr. Tong.

**RADIOLOGY**

**RADGY 694 Advanced Clinical Clerkship (8)**

For the student who wishes to advance his/her area of interest beyond the introductory level for a second elective month in diagnostic radiology and nuclear medicine. Prerequisites: completion of 693 and permission of instructor.

**SCHOOL OF NURSING**

**COMMUNITY HEALTH CARE SYSTEMS**

**CHCS 580 Populations at Risk in the Community (3)**

Focuses on health needs and risks of selected populations in the community and theoretical and analytical perspectives on assessment and intervention strategies in community health nursing practice with groups and populations whose health is at risk. Prerequisites: graduate standing, 450, 550, 571, 578.

## SCHOOL OF PHARMACY

### PHARMACEUTICS

#### PCEUT 524 Advanced Pharmaceutics (2)

Theoretical concepts in physical pharmacy with applications to pharmaceutical systems. Topics covered include mass transport, reaction kinetics, surface phenomena, rheology, solid dosage forms, and sustained release drug delivery. Prerequisite: CHEM 456

### PHARMACY

#### PHARM 472 Advanced Externship in Pharmacy Practice (\*, max. 16)

Advanced level externship in pharmacy in a community, institutional, long term care, or specialty practice setting under the direct supervision of a clinical preceptor. Offered on a credit/no credit basis only. Prerequisite: permission of instructor.

## PUBLIC AFFAIRS

#### PB AF 504 Administrative Ethics (3)

Moral dilemmas that confront public managers. Critical view of societal and political values that prescribe moral behavior, and analyze organizational and professional ethics. Scrutinizes ethical problems of public organization managers. Provides a systematic means for understanding, analyzing, and coping with moral issues that often appear in a career.

## PUBLIC HEALTH AND COMMUNITY MEDICINE

### ENVIRONMENTAL HEALTH

#### ENVH 515 Environmental and Occupational Toxicology (5)

Offered jointly with ENV S 515. See ENV S 415 in the General Catalog for description of course.

# INDEPENDENT STUDY THROUGH CORRESPONDENCE

The Office of Independent Study provides University courses for correspondence credit primarily by correspondence instruction to persons who wish to study independently. Fees for Independent Study courses are separate from residence tuition and are \$26 per credit. Enrollment is not based on the quarter system but is continuous throughout the year, with one calendar year allowed to complete a course.

A regularly enrolled student who wishes to register for additional courses for Independent Study credit should consult his or her departmental adviser prior to enrolling in an Independent Study course. Applications and additional information on enrollment procedures may be obtained from the Independent Study office, 222 Lewis, or by telephoning 543-2350.

The following courses are currently offered by Independent Study (credits in parentheses; \* indicates variable credit, to be arranged by student and instructor).

Make-ups Incomplete Removals Conflicts	When mutually agreeable to faculty members and students concerned, provided scheduled <i>no later than</i> Friday, June 10.				

Final examinations should be administered in accordance with the above examination schedule.

The dean may permit an instructor to change the time of a final examination upon prior application demonstrating good cause for such change. In such cases, the following guidelines shall be observed:

1. With the dean's permission, the final examination may be postponed or moved to an earlier time within the examination period if agreed to by all students and the instructor. Before approving the rescheduling of a final examination, the dean shall obtain assurances that the change will not have an undue adverse impact on the students. The dean shall notify the Registrar of the approval granted for changing the date of a final examination.

2. An instructor shall not, except in very unusual circumstances, grant permission to individual students for an early examination. If the student is unable to take an examination on the scheduled date, the procedure outlined in the following paragraph should be followed.

3. A student absent from any examination, or other required class activity, either by permission of the dean or through sickness or other unavoidable cause, shall be given an opportunity to complete the required work, or its equivalent, at some other time. If the instructor determines this is not feasible during the current quarter, the instructor shall exempt the student from

the requirement or give the student a grade of Incomplete if his or her work in the course is otherwise satisfactory. The student may remove this Incomplete in the manner provided for the removal of Incomplete grades. In all other cases of absence from the scheduled final examination, a student should be given a grade of 0.0.

4. Classes that meet on the hour use the first full hour of instruction to determine the time of examination. For example, a class that meets at 10 a.m. uses the 10:30 a.m. examination time.

5. Classes that begin on the half hour and last longer than one hour use the actual starting time to determine the examination time. For example, a class that meets at 7:30 a.m. and continues until 9:00 a.m. would use the 7:30 a.m. time.

6. Classes in which the entire class meets at the same hour every day, in the same room, may use that room at 8:30 a.m. or 2:30 p.m. for a three-hour examination. All other examinations are limited to one hour and fifty minutes unless other arrangements are made with Room Assignments.

7. If an examination is held at a time other than the above schedule indicates, instructors must check with Room Assignments to make sure that the room is going to be available.

Questions concerning the examination schedule should be directed to Room Assignments, 543-1080.
