Time Schedule

Spring Quarter 1984

PUBLISHED IN WINTER 1983/84

© 1984 UNIVERSITY COMMUNICATIONS, INC.

Time Schedule

Spring Quarter 1984

Preregistration: February 8-10, 13-17

Last day to register
and receive highest priority

Freshmen (0-44 credits)	February 8, 9
Seniors (135 credits)	February 9, 10
Graduate students	February 10, 13
Postbaccalaureate (fifth-year) students	February 13, 14
Juniors (90-134 credits)	February 14, 15
Sophomores (45-89 credits)	February 15, 16, 17

Class standing is based on the projected number of credits the student will have at the beginning of the next quarter. Faculty and staff using tuition exemptions may not preregister.

In-person registration (by appointment only): March 19-21

- Matriculated students: March 19, 20
- Nonmatriculated students: March 21
- Tuition-exempt faculty/staff: March 21
- "Access" students: March 21

GENERAL INFORMATION

It is the University's expectation that a student will follow University rules and regulations as they are stated in the *General Catalog*. In instances where no appeal procedure is spelled out and the student is persuaded that a special set of circumstances makes appeal reasonable, he or she may appeal the application of specific rules or regulations to the office of the dean of the school or college in which he or she is enrolled in the case of an academic matter, or to the Office of Student Affairs in the case of a nonacademic matter. These offices will either render a decision on the appeal or refer the student to the proper office for a decision.

GUARANTEED REGISTRATION ELIGIBILITY

University of Washington students who remain in good scholastic standing are guaranteed the opportunity to register each quarter as long as they maintain continuous enrollment (Summer Quarter excepted). Continuation must be in the same classification, e.g., undergraduate, postbaccalaureate (fifth-year), graduate, etc. Once a student earns a baccalaureate degree, he or she must apply for readmission as a postbaccalaureate (fifth-year), nonmatriculated, or graduate student. Exceptions to the guarantee are: (1) students under disciplinary action, (2) students with a financial hold, or (3) students not meeting departmental continuation policies.

If an undergraduate does not enroll for one or more quarters, or if a graduate student goes on-leave, he or she must file an application for readmission, including payment of \$25 application fee, with the Registrar's Office. Information on admission closing dates is available at Window 3, second floor, Schmitz Hall, or by calling 543-5920.

FULL-TIME STUDENT REQUIREMENT

Some students think that because they pay full fees they are considered full-time students. This is incorrect. To be considered a full-time student, an undergraduate must register for 12 credits and a graduate student must register for 9 credits. The full-time registration requirement varies for different agencies. Information on full-time requirements of the Veterans Administration, Immigration and Naturalization Service, and Social Security Administration may be obtained at 460 Schmitz. Consult the Financial Aid Office for its requirement on satisfactory student progress.

NONMATRICULATED STUDENTS

Nonmatriculated students register March 21 and enroll only on a space-available basis. Because nonmatriculated students register after all other students, enrollment may be closed in the following areas: mathematics, English composition, beginning foreign languages (particularly French and Spanish), business, and art. Nonmatriculated students may participate in preregistration for the Summer Quarter.

TUITION-EXEMPT FACULTY/STAFF

With the approval of their department heads, regularly admitted full-time UW faculty and staff members who have been employed six months or more may take up to 6 credits per quarter under the tuition exemption program. According to legislative action, all registrations must be on a space-available basis after other students have registered. Members of the faculty and staff who wish to utilize the exemption may not preregister; registration may occur no earlier than the last day of the registration period. Faculty/staff who register before the last day will not be eligible to use a tuition exemption that quarter. Registration appointments are not required. New faculty/staff members who enroll must be officially admitted by the Office of Admissions by the regular admission closing date; February 1 is the closing date for Spring Quarter. Faculty/staff members who are former students returning either in the same classification or as nonmatriculated students should apply at the Registration Office, Window 8, second floor, Schmitz Hall.

Employees should present their approved tuition exemption cards at Sections, Odegaard Undergraduate Library, according to the schedule listed below. A \$5 registration fee will be collected at the time of registration. The alphabetical priority will change each quarter. Regularly admitted faculty and staff members who are unable to meet this schedule may register late by paying \$25 if registering by the tenth day of the quarter; \$75 if registering after the tenth day of the quarter.

ACADEMIC ADVISER

See an academic adviser to discuss your educational objectives and to learn the procedures involved in registering at the Univer-

Spring Quarter Registration Date: March 21, 1984

Last names beginning with Q-Z (8-9 a.m.); A-B (9-10 a.m.); C (10-11 a.m.); D-E-F (11 a.m.-noon); G-H (noon-1 p.m.); I-J-K (1-2 p.m.); L-M (2-3 p.m.); N-O-P (3-4 p.m.); makeup (4-4:30 p.m.).

Tuition-exempt faculty/staff are not entitled to other student services such as those available at the Hall Health Center and the Intramural Activities Building. Therefore, UW student cards will not be issued to faculty and staff. Faculty/staff identification cards may be used for library services.

"ACCESS" PROGRAM FOR OLDER ADULTS

The University of Washington waives tuition for Washington residents sixty years or older who wish to attend classes as auditing students, on a space-available basis. The fee is \$5, whether one or two courses are attended. As auditors, they do not receive credit and are not expected to do laboratory work or to take examinations. Students who attend the University under the Access program are limited to two courses per quarter. Registration may be made in person on Wednesday, March 21, between 8 a.m. and 2 p.m. at the Sections branch office, in the basement of the Odegaard Undergraduate Library. Interested students should proceed to the area marked *Access*. For additional information on mail-in registration or about the program in general, telephone Continuing Education, 545-7418, between 9 a.m. and noon.

AUDITORS

Auditors, except those under the Access program, pay standard tuition and fees and must be regularly admitted and registered in the course. Although credits for audited courses will not be listed on the schedule of classes, they will be included in the billing on the fee statement. Such credits count in the calculation of fees.

Attendance in courses as an auditor is by consent of the instructor involved and is conditioned by the extent to which space is available. Permission to audit is ordinarily granted for lecture classes only. An auditor may not participate in class discussion or laboratory work, and his or her registration may be canceled at the discretion of the instructor.

No entry is made on the permanent record for courses audited. To receive credit for an audited course, the student must register for the class for credit in a subsequent quarter.

Auditors follow registration instructions below.

DISABLED STUDENTS

Various support services, including priority registration, are available to students with disabilities. Contact the Coordinator for Disabled Student Services, 468 Schmitz, 543-8924, for information on equipment, technical aids, and accommodations to meet individual needs. *Access: University of Washington*, a guidebook to buildings on the campus, and an accompanying map may be obtained from the office.

Students with disabilities who register for a science laboratory class should telephone the Coordinator, 543-8924, and the academic adviser of that department immediately to evaluate whether some accommodation of the facilities will be necessary.

ATHLETIC EVENTS

Students may purchase a Husky Football Season Pass at the Husky Ticket Office, 101 Graves, or at the HUB Ticket Office, for admission to the following athletic events: men's and women's basketball, baseball, track and field, and swimming. For additional information, telephone 543-2200.

REGISTRATION INSTRUCTIONS

Have an idea of the courses you would like to take before seeing an adviser by reviewing the *General Catalog* and the quarterly *Time Schedule*.

PREREGISTRATION

1. Eligibility

Preregistration is reserved for all continuing students *except* tuition-exempt faculty/staff, older adults auditing under the Access program, and nonmatriculated students. These last three groups may register only during the last day of in-person registration (see Winter Quarter calendar).

Continuing students who withdraw during the first week of two consecutive quarters (Summer Quarter excepted) will not be eligible to register as continuing students for the third quarter. Such students must reapply as former students returning to the University. For example, a student who withdraws during the first week of Spring Quarter and Autumn Quarter must reapply as a returning former student for Winter Quarter.

2. Submitting the Preregistration Form

Mark-sense registration forms are available at advisory offices and at Registration Office, Window 3, second floor, Schmitz Hall. Please note that some courses listed in the *Time Schedule* have restricted enrollment and will require entry cards. Also, undergraduates will not be scheduled for more than 19 credits until the first day of the quarter. This is done to allow all students a chance to develop a basic program.

Students preregistering may turn in forms at:

- Registration lobby, second floor, Schmitz Hall
- B10 Padelford
- Fourth-floor student lounge, T-wing, Health Sciences Building

3. If You Miss Preregistration

Obtain an in-person registration appointment and register by March 20 at Window 8, Schmitz Hall. After March 20 you will be required to register late and to pay a \$25 late registration fee at the Student Accounts and Scholarships Office, 129 Schmitz, if registering by the tenth day of the quarter; \$75 after the tenth day of the quarter.

4. Schedule of Classes

All students who preregister will be scheduled by computer at one time. The scheduling priority is: freshmen, seniors, graduate students, postbaccalaureate (fifth-year), juniors, and sophomores. Schedules will be mailed March 6.

5. Registered Students

Students who preregister but are not scheduled into any courses are not considered registered students. They are not included on the current file of registered students, and are not eligible for preregistration the following quarter. Students in this category must submit a Former Student Application for the next quarter they wish to attend the University.

IN-PERSON REGISTRATION

1. Eligibility

In-person registration is primarily for newly admitted and returning former students. Continuing matriculated students who miss preregistration, tuition-exempt faculty/staff, older students in the Access program, and nonmatriculated students also register during in-person registration. All students, except Access students, must be admitted to the University before attempting to register. When you have confirmed your admission you will be issued a registration appointment.

2. How to Register

On or before your registration date, obtain a *Time Schedule* and a Registration Instructions worksheet from your advisory office or from the Registration Office, second floor, Schmitz Hall. (These may also be obtained in the Odegaard Undergraduate Library registration area *while registration is in progress*.) Obtain permission and/or course entry cards (if required) as indicated in the *Time Schedule* before your registration is processed. Once your registration is completed by the Sections staff, you are obligated for tuition and fee payment unless you officially withdraw by the fifth class day. Undergraduates will not be scheduled for more than 19 credits until the first day of the quarter. This is done to allow all students a chance to develop a basic program.

3. Submitting the Registration Form

- New and returning former students register by appointment only on March 19 and 20 at the Sections branch office, Odegaard Undergraduate Library.
- If you are a continuing matriculated student who did not preregister, you must obtain an in-person registration appointment

and register by March 20. Continuing students who request in-person registration appointments and register after March 20 will be required to register late during the first ten days of school and pay a \$25 late registration fee; after the first ten days of the quarter, a \$75 late registration fee is assessed.

c) If you are registering March 19–21, go to the Sections branch office, Odegaard Undergraduate Library, on the date and time indicated on your registration appointment. 353 Loew will be closed for registration. Engineering students will register in the Odegaard Undergraduate Library.

d) Nonmatriculated students may register only on March 21. Appointments are available at Window 8, second floor, Schmitz Hall.

e) Tuition-exempt faculty/staff members and students in the Access program register only on March 21.

4. Schedule of Classes

a) If you register February 8–10; 13–17, your schedule of classes will be mailed to the address you indicate on the registration form. All students registering during this period are scheduled by computer at one time. The scheduling priority is: freshmen, seniors, graduate students, postbaccalaureate (fifth year) students, juniors, and sophomores. Schedules will be mailed March 6.

b) If you register March 19–21, your courses will be scheduled while you wait and you will be given a copy of your completed program when you have finished registering.

ENTRY CARDS

Certain courses and sections require entry cards for registration. Students who request these courses (and/or sections) on their registration request forms will not be registered in the courses unless the requests are accompanied by entry cards. An entry card alone is not sufficient. The course and schedule line number (SLN on entry card) must also be requested on the mark-sense registration form. Obtain course entry cards for courses designated with the symbol >>> in the margin of the *Time Schedule*. Information on where to obtain entry cards is found in the body of the *Time Schedule*, either as a comment before the course listing or just after the title of the course.

LATE REGISTRATION

Students who register after the official registration period will be charged a \$25 late registration fee, payable at the Student Accounts and Scholarships Office, 129 Schmitz, if registering by the tenth day of the quarter; \$75 after the tenth day of the quarter.

REGISTRATION CHANGES

1. Change Appointments and Late Fee

a) All changes to a student's program should be completed during the official change periods (see calendar). Changes are made by appointment only. Appointments are available at Window 3, second-floor lobby, Schmitz Hall. A student who arrives more than a half-hour late will be required to make a new appointment.

Students in the schools/colleges of Medicine, Dentistry, Nursing, Pharmacy, Public Health and Community Medicine, Ocean and Fishery Sciences, and Forest Resources may make changes during the first week of the quarter, without an appointment, in the fourth floor lobby of the T-wing, Health Sciences Building.

Engineering students may make registration changes in 110 Engineering Library during the first week of the quarter. No appointments will be necessary for the engineering satellite registration station. Both the T-wing and engineering satellite station will close on Tuesday evening of the second week of the quarter. Changes on Wednesday, Thursday and Friday of the second week will be made in the Odegaard Undergraduate Library; after the second week, in 264 Schmitz.

Changes made after the change periods cost \$20 and may result in fee forfeiture (see item 3 of this section).

b) Students will be expected to present Spring Quarter 1984 University of Washington student identification cards when requesting appointments. No more than one change appointment will be issued to a student at a time. Additional change appointments will be issued only after the initially assigned appointment has been used or the date has expired.

2. Grades in Dropped Courses and Drop Restrictions

a) Undergraduates. Undergraduate students who drop courses after the change periods receive no entry on their academic record if the drop is made during the first two weeks of the quarter. Drops made during the third and fourth weeks of the quarter will be re-

corded with a "W." No drops are permitted after the fourth week except for a limited number determined by the number of credits earned at the University. While completing the first 44 credits at the University, the student has three drops permitted after the fourth week. Any of these three drops not used by the time 45 credits are earned are forfeited. After 45 credits have been completed at the University, the student earns one late drop for each 45 credits earned. These may be accumulated and used as necessary. *No drops of any kind are permitted after the last day of instruction.*

b) **Graduate Students.** Graduate students who drop courses after the first two weeks of the quarter receive a grade of "W." No drops are permitted after the seventh week of instruction.

c) Students may petition the Registrar to drop a course after the regular drop deadline if: (1) the student is unable to complete the course in question because of a severe mental or physical disability, or (2) unusual or extenuating circumstances beyond the student's control prevented the student from dropping the course by the regular drop deadline. Petitions must be filed promptly after the occurrence of the event that gave rise to the need for dropping the course.

3. Fee Forfeitures or Refunds

a) Students will be billed for the number of credits, including audit hours, on their programs at the end of the first week of the quarter. Only partial fee reductions will result for courses dropped after the first week of the quarter.

b) Students dropping courses after the first seven calendar days of the quarter and through the thirtieth calendar day of the quarter will be expected to pay one-half of the tuition and fees associated with that course. Example: An undergraduate originally registered for 5 credits. The fee for 5 credits is \$219 (resident). The student then drops a 3-credit course in the second week of the quarter. The total number of credits for which the student remains registered is 2. Tuition and fees are due for the 2 credits (\$90) and one-half the difference between 5 credits and 2 credits, in this case an additional \$64.50. Total fees owed are \$154.50. The student has been registered in the dropped course for more than one week and therefore must pay half the fees for the course.

c) Courses dropped after the thirtieth calendar day receive no refund. Example: A student is registered for a 3-credit course. The student drops that course after the thirtieth calendar day. No refund is available. If the student adds a different 3-credit course at the time the original 3-credit course is dropped, he or she will pay tuition and fees for 6 credits.

d) The effect of fee forfeitures on the over-18-credit surcharge is as follows: forfeitures for courses dropped that exceeded 18 credits are charged the same as in (b) and (c) above. Also, if a student drops a course after the thirtieth calendar day and adds another, an additional fee per credit will be charged as appropriate. Example: if a student is registered for 15 credits, drops one 5-credit course and then adds another 5-credit course, after the thirtieth calendar day, he or she will be charged for 20 credits although the student's class schedule will show only the 15 registered credits. As a result, he or she will pay for 2 credits above the 18-credit limit.

e) Drops become effective the date received in Sections.

4. Courses Added After the Official Change Period

a) As a general rule, no courses may be added after the official change period. Exceptional cases may be approved if both the instructor of the course and the dean of the student's college consent.

b) Courses audited may not be changed to a credit registration after the first two weeks of the quarter.

FEE PAYMENT

1. A fee statement will be mailed to the address you indicate on your mark-sense registration form. If you have not received a fee statement by the end of the second week of the quarter, contact the Student Accounts and Scholarships Office for the amount of tuition due.

2. You may pay your fees in person in the Student Accounts and Scholarships Office or mail them to UW, Student Accounts and Scholarships Office, 129 Schmitz, PE-10, Seattle, WA 98195, before the tuition due date. Fees must be paid by Friday of the third week of the quarter whether or not you have received a statement.

3. If you fail to pay by the deadline you may continue to pay your fees, with a \$30 late fee, for one week following the due date. If fees are not paid by this time your registration will be canceled. Students permitted to reregister after cancellation for nonpayment will be charged a \$75 fee, in addition to their tuition. If you

reregister, you must reregister for all classes on your original schedule. No reregistration will be possible after the last day of instruction. *Please note: Even if your registration is canceled you will continue to owe one-half your tuition and fees if you are a continuing student or, if you are a new or returning student, \$50 or one-half your tuition and fees, whichever is greater.*

4. Credit card checks are not accepted.

Quarterly Tuition and Fee Rates

Undergraduate

(including nonmatriculated and postbaccalaureate [fifth-year])	Resident	Nonresident
Additional fee per credit for more than 18.	\$ 39	\$ 116
Full time (9½-18 credits)	434	1,206
Part time: 9 credits	391	1,085
8 credits	348	964
7 credits	305	843
6 credits	262	722
5 credits	219	601
4 credits	176	480
3 credits	133	359
2 credits	90	238

Graduate and Law

Additional fee per credit for more than 18.*	83	216
Full time (6½-18 credits)	628	1,562
Part time: 6 credits	538	1,339
5 credits	448	1,116
4 credits	358	893
3 credits	268	670
2 credits	178	447

Medical and Dental

Full time (13 or more credits)	1,016	2,576
Part time: 12 credits	938	2,378
11 credits	860	2,180
10 credits	782	1,982
9 credits	704	1,784
8 credits	626	1,586
7 credits	548	1,388
6 credits	470	1,190
5 credits	392	992
4 credits	314	794
3 credits	236	596
2 credits	158	398

* Does not apply to first-year professional law students.

Fees are subject to change without notice.

Special Course and Laboratory Fees

The amounts listed in the Tuition and Fee Rate schedule normally cover University charges for course registration. Some courses, however, have extraordinary expenses associated with them and in such cases the University may charge additional fees in amounts approximating the added instructional or laboratory costs.

CHANGE OF ADDRESS

If you change your address after you have turned in your mark-sense registration form, be sure to complete a change of address form at the Registration Office. Forms are available at Window 3, second floor, Schmitz Hall. *You are responsible for notifying the Registrar's Office of any address change.*

STUDENT INSURANCE

UW students who remain registered through at least the first six days of instruction in the quarter are eligible to enroll in the student health insurance plan. The following students are not eligible:

1. Those enrolled only in programs administered by the Department of Continuing Education or Office of Conferences and Institutes, including but not limited to extension, correspondence, independent study, continuing studies, noncredit courses, or the Access program; or

2. UW employees attending classes under the employee tuition exemption program.

Students who do not specifically request a particular student insurance plan or who do not specifically state they do not wish stu-

dent insurance automatically will be enrolled and billed for *student only* medical, surgical, and hospital insurance.

If you are billed for student insurance and wish to cancel your coverage, complete the appropriate section on the remittance copy of the billing statement and pay the amount billed less the indicated amount for insurance. If you wish to change or add coverage, you must do so in person in the Student Accounts and Scholarships Office by the date tuition is due. Tuition/fees and the student health insurance premium must be paid in full by the due date to be eligible for health insurance.

International students

International students must subscribe to the student insurance plan. Penalties for not paying insurance fees by the tuition due date are the same as tuition penalties under #3 of Fee Payment section. Exceptions may be granted by the International Services Office if the student presents proof of other medical insurance coverage. Students are responsible for obtaining a waiver each Autumn Quarter (or upon initial admission if other than Autumn Quarter), because waivers are valid only through Summer Quarter each year. Students holding insurance policies that expire during the academic year are responsible for obtaining new waiver cards, as necessary. Insurance waiver cards submitted during the late payment period require a \$30 late fee. To be eligible for the student health insurance plan, the student must pay, in full, tuition, fees, and the student health insurance premium by the due date. International students who want coverage during the Summer Quarter and are not enrolled Summer Quarter must prepay the Summer Quarter premium during one of the preceding quarters.

WASHPIRG

An optional \$2 fee is indicated on the fee statement for the Washington Public Interest Research Group, a student research organization. If you do not desire to support this activity, simply pay the regular tuition and fees. If you want to support WASHPIRG, pay the regular tuition and fees plus \$2.

WASHINGTON STUDENT LOBBY (WSL)

An optional \$1 fee is indicated on the fee statement for the Washington Student Lobby (WSL), a voluntary, independent organization of university students whose purpose is to influence the state legislative process on matters of special interest to students. Students not wishing to support this activity simply pay the regular tuition and fees. Students supporting WSL check the payment card and pay the regular tuition and fees plus \$1.

WITHDRAWAL FROM THE UNIVERSITY (DROPPING ALL COURSES FOR THE QUARTER)

1. Obtain an approved withdrawal form from your adviser or from the Withdrawal Office.

2. Present the withdrawal form to the Withdrawal Office, Sections, 264 Schmitz. *Withdrawals are effective the date they are received in the Registrar's Office.* Fees owed will be based upon the date the withdrawal is received in the Registrar's Office. No withdrawals will be accepted after the last day of instruction, June 1.

Continuing students who withdraw during the first week of two consecutive quarters (Summer Quarter excepted) will not be eligible to register as continuing students for the third quarter. Such students must reapply as former students returning to the University. For example, a student who withdraws during the first week of Spring Quarter and Autumn Quarter must reapply as a returning former student for Winter Quarter.

3. Students are required to turn in their student I.D. cards when they withdraw and are not eligible to continue using University services or facilities after their withdrawal.

The forfeiture schedule for withdrawing from the University is as follows:

Continuing Students

a. Students withdrawing before the sixth day of the quarter do not pay tuition or fees.

b. Students withdrawing on the sixth day or through the thirtieth calendar day continue to owe one-half of their tuition and fees.

c. Students withdrawing after the thirtieth calendar day continue to owe full tuition and fees.

New and Returning Students

a. Students withdrawing through the sixth day of the quarter forfeit their \$50 enrollment service fee.

b. Students withdrawing on the sixth day or through the thirtieth calendar day of the quarter must pay one-half of regular tuition and fees or forfeit the \$50 enrollment service charge, whichever is greater.

c. Students who withdraw officially after the thirtieth calendar day must pay full tuition and fees, including the \$50 enrollment service fee.

3. Students who were unable to turn in their withdrawal in time may petition the Comptroller's Office. Petition forms are available at the Student Accounts and Scholarships Office, 129 Schmitz.

4. Courses dropped as part of a University withdrawal completed during the first two weeks of a quarter receive no grade and no entry except date of withdrawal is made on the student's permanent academic record. Withdrawals completed after the first two weeks result in the courses being assigned a grade of "W."

GRADING SYSTEM

The University of Washington uses a numerical grading system with certain exceptions in the schools of Dentistry, Law, and Medicine. Instructors may report grades from 4.0 to 0.7 in 0.1 increments and the grade 0.0. The number 0.0 is assigned for failing work or unofficial withdrawal. Grades in the range 0.6 to 0.1 may not be assigned. Grades reported in this range will be converted by the Registrar's Office to 0.0. For graduate students, grades reported in the range 1.6-0.1 will be converted to 0.0. Numerical grades may be considered equivalent to letter grades as follows:

Undergraduate/Graduate*

A	4.0-3.9
A-	3.8-3.5
B+	3.4-3.2
B	3.1-2.9
B-	2.8-2.5
C+	2.4-2.2
C	2.1-1.9
C-	1.8-1.5
D+	1.4-1.2
D	1.1-0.9
D-	0.8-0.7
E	0.0

* Lowest grade earning credit for graduate students is 1.7.

Lowest passing grade for undergraduates.
Failure or Unofficial Withdrawal. No credit earned.

Additional information on grades and scholarship rules may be obtained from the Grade Information Office, 248 Schmitz.

Repeating Courses

Undergraduate courses may be repeated only if the original grade was lower than a 2.0. Courses may be repeated only once. Both the original grade and the second grade will be computed in the student's grade-point average but credit will be allowed once. Students repeating courses should so indicate on their registration form.

The Grade of Incomplete

In order to obtain credit for a course in which an Incomplete has been awarded, an undergraduate student must complete the remaining work for the course by the last day of the following quarter. An Incomplete grade for a Spring Quarter course must be made up by the last day of Autumn Quarter or the Incomplete will be converted to a grade of 0.0 by the Registrar, unless the instructor has indicated when assigning the Incomplete grade that a grade other than 0.0 should be recorded if the incomplete work is not completed. This time limitation may be extended up to one year maximum with instructor approval. Such approval must be received by the Registrar's Office before the end of the next quarter.

A graduate student who receives an Incomplete must complete the remaining work for the course by the last day of the next quarter in residence. An Incomplete received by a graduate student does not automatically convert to 0.0 but remains an Incomplete if the course work is not completed. This time limitation may be waived by the dean of the college in which the course was offered only if the nature of the uncompleted work is such as to make the fulfillment of this requirement impossible. In no case can an Incomplete received by a graduate student be converted to a passing

grade after a lapse of two years. The Incomplete grade entry remains on the record permanently. The final grade is posted under the quarter in which the final grade is received.

Incomplete grades may only be awarded if the student is doing satisfactory work up until the last two weeks of the quarter. In most cases, it should not be necessary to register for the course again the following quarter. Students should normally make up the missing work rather than registering.

Satisfactory/Not Satisfactory

Students may elect to take certain courses on a Satisfactory/Not Satisfactory basis. Advisers should be consulted, and in no case are students allowed to register for more than one course or 6 credits on a Satisfactory/Not Satisfactory basis in a given quarter. No more than 25 credits will apply to an undergraduate degree. *S/NS must be elected or dropped during the official change of program period.* Undergraduate students earning grades of 1.7 or above receive a grade of S (Satisfactory) while grades below 1.7 are recorded as NS (Not Satisfactory). Graduate students earning

grades of 2.7 or above receive a grade of S (Satisfactory), while 2.6 or below are recorded as NS (Not Satisfactory). In cases of withdrawal, the W is recorded. Neither S nor NS are included in the grade-point average. N, I, and X are recorded until the instructor reports the final grade, or in cases of incompletes received by undergraduates, until the I is converted by the Registrar. With the approval of his or her graduate program adviser or Supervisory Committee Chairperson, a graduate student may elect to take any course for which he or she is eligible outside of his or her major academic unit on the Satisfactory/Not Satisfactory system.

Credit/No Credit-Only Courses

Some courses are offered on a CR/NC-only basis. It is not necessary to register S/NS to take these courses, because the only grades assigned by the instructor are CR (Credit) or NC (No Credit). Neither CR nor NC is included in the grade-point average. In cases of withdrawal a W is recorded. N, I, and X are recorded until the instructor reports the final grade, or in cases of Incompletes received by undergraduates, until the I is converted by the Registrar.

PREREGISTRATION for all matriculated students in school Winter Quarter 1984.

IN-PERSON REGISTRATION APPOINTMENTS available at Window 8, second floor, Schmitz Hall, for continuing students who missed preregistration and for continuing nonmatriculated students.

PROGRAMS OF STUDY mailed to preregistration participants.

CHANGE OF REGISTRATION APPOINTMENTS for the March 15, 16 change period available at Window 2 or 3, second floor, Schmitz Hall, for students who have received a schedule of classes. Students will be expected to present UW Spring Quarter 1984 student identification cards when requesting appointments. Students who make only the following changes are not required to have an appointment: (a) to or from Satisfactory/Not Satisfactory grading; (b) in the credit for variable credit course; (c) drop a course. Evening-only students should go directly to Sections in the Undergraduate Library cafeteria.

OFFICIAL CHANGE OF REGISTRATION PERIOD FOR ALL STUDENTS by appointment only, at the Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance), for students who have received a schedule of classes.

IN-PERSON REGISTRATION by appointment only at the Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance), for matriculated students.

IN-PERSON REGISTRATION FOR NONMATRICULATED STUDENTS, by appointment only, at Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance).

IN-PERSON REGISTRATION FOR TUITION-EXEMPT FACULTY/STAFF. See *Time Schedule* for appointment times, which are assigned according to last name. Register at the Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance).

IN-PERSON REGISTRATION FOR "ACCESS" STUDENTS at Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance).

Instruction begins.

OFFICIAL CHANGE OF REGISTRATION, by appointment only. (See paragraph on *Change Appointments and Late Fee* for the appropriate location.)

Deadline for: (1) changes to or from S/NS grading; (2) adding a course without instructor's permission; (3) adding or dropping a course without being assessed a \$20 change fee. Courses dropped after this date will be included in the tuition calculation. A change fee of \$20 and a tuition forfeiture will be assessed after this date.

Last day for official withdrawal from the University without owing tuition or fees.

Fee statements mailed to all registered students.

Last day to drop a course without entry on permanent record.

Last day to return approved applications to 207 Schmitz for credit by examination.

Applications for baccalaureate degrees for Spring Quarter 1984 for Arts and Sciences must be submitted to B10 Padelford.

Applications for baccalaureate degrees and certificates to be conferred Spring Quarter 1984 must be submitted to the Graduation Office, 207 Schmitz.

Fee payment deadline for all registered students.

Late-payment period (requires a \$30 late-payment fee).

Last day for undergraduate, postbaccalaureate (fifth-year), and nonmatriculated students to drop a course, except for preemptory drops and hardship withdrawal.

Credit by examination. Students must make arrangements with the Educational Assessment Center, 543-1170.

Thirtieth calendar day.

Last day to hand-deliver an application for resident status to the Residence Classification Office, 209 Schmitz. Applications may be postmarked April 24 if mailed at the Terminal Annex at Third Avenue South and South Lander Street.

Last day for graduate students to drop a course.

Memorial Day holiday.

Last day of instruction.

Last day to withdraw from the University.

Final examinations.

Commencement

Grades due by 9 a.m. at Grade Information Office, 248 Schmitz.

Grades mailed.

Spring Quarter 1984 Examination Schedule

The last day of instruction is Friday, June 1.

HOUR lecture session actually meets during quarter	Hour and day on which examination occurs, by days of class meeting in the week.				
	Meeting four times a week, or daily	MWF; MT; MW; MF; WF; MWTh; MTh	TTh; T; Th; TThF; MTTh; TW; TF; TWTh	M; W; F; S Meeting once a week	Day of examination
7:30 a.m.	8:30-10:20.	8:30-10:20	10:30-12:20	12:30- 2:20	Friday June 8
8:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Tuesday June 5
9:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Wednesday June 6
10:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Monday June 4
11:30 a.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Wednesday June 6
12:30 p.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Thursday June 7

2:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Tuesday June 5
3:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Thursday June 7
4:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Friday June 8
EVENING CLASSES (5:30 or thereafter)	8-10 p.m. Thursday June 7	8-10 p.m. Monday June 4	8-10 p.m. Tuesday June 5	8-10 p.m. Wednesday June 6	
Make-ups Incomplete Removals Conflicts	When mutually agreeable to faculty members and students concerned, provided scheduled <i>no later than</i> Friday, June 8.				

Final examinations should be administered in accordance with the above examination schedule.

The dean may permit an instructor to change the time of a final examination upon prior application demonstrating good cause for such change. In such cases, the following guidelines shall be observed:

1. With the dean's permission, the final examination may be postponed or moved to an earlier time within the examination period if agreed to by all students and the instructor. Before approving the rescheduling of a final examination, the dean shall obtain assurances that the change will not have an undue adverse impact on the students. The dean shall notify the Registrar of the approval granted for changing the date of a final examination.
2. An instructor shall not, except in very unusual circumstances, grant permission to individual students for an early examination. If the student is unable to take an examination on the scheduled date, the procedure outlined in the following paragraph should be followed.
3. A student absent from any examination through sickness or other cause, judged by the instructor to be unavoidable, shall be given an opportunity to take a rescheduled examination or perform work judged by the instructor to be the equivalent. If the instructor determines that neither alternative is

feasible during the current quarter, the instructor may exempt the student from the requirement. Examples of unavoidable cause include death or serious illness in the immediate family, illness of the student, and, provided previous notification is given, observance of regularly scheduled religious obligations.

4. Classes that meet on the hour use the first full hour of instruction to determine the time of examination. For example, a class that meets at 10 a.m. uses the 10:30 a.m. examination time.
5. Classes that begin on the half hour and last longer than one hour use the actual starting time to determine the examination time. For example, a class that meets at 7:30 a.m. and continues until 9:00 a.m. would use the 7:30 a.m. time.
6. Classes in which the entire class meets at the same hour every day, in the same room, may use that room at 8:30 a.m. or 2:30 p.m. for a three-hour examination. All other examinations are limited to one hour and fifty minutes unless other arrangements are made with Room Assignments.
7. If an examination is held at a time other than the above schedule indicates, instructors must check with Room Assignments to make sure that the room is going to be available.

Questions concerning the examination schedule should be directed to Room Assignments, 543-1080.

GUIDE TO COURSE LISTINGS

The information published in the *Time Schedule* is subject to change. The instructor for a particular course may be changed, or the instructor may use assistants in teaching the course and courses may not meet each day listed. Additionally, courses listed in this publication may be canceled in the event of insufficient enrollment.

Course, term, and section information is listed in the following columnar order:

- Entry card required symbol (>>>), if appropriate
- Schedule line number
- Department
- Course number
- Term designation—if *a* or *b* term
- Section designation
- Section type—laboratory, quiz, or conference

Credits—listed with lecture section only; slash (/) means *or*; 2.5 means 2½ credits; hyphen (-) means *to*; VAR means variable credit and any number of credits may be elected (however, frac-

tional credit registration—e.g., ½ credit—cannot be processed for variable credit courses where the credit may vary from student to student in a single quarter)

- Honors (H), Permission Required (#), or New Course (%), as appropriate
- Day(s) of meeting (ARR means “to be arranged”)
- Time of meeting
- Place of meeting (** means “to be arranged”)
- Course title and remarks—CR/NC ONLY means course offered for credit/no credit grading only
- Name of instructor

NEW COURSES FOR SPRING QUARTER 1984

The following list includes new courses that will be offered Spring Quarter 1984, which were added to the University curriculum after publication of the 1982-84 General Catalog. Consult the appropriate academic department for information on courses not listed below.

COLLEGE OF ARCHITECTURE AND URBAN PLANNING

ARCHITECTURE

ARCH 200 Introduction to Architecture (9)

A series of lectures, laboratories, and demonstrations which introduce the basic curricular elements of architecture, including design, graphics, structures, building science, person-environment-relations, history, theory, and professional practice. Open to non-majors with sophomore standing.

ARCH 353 History of Modern Architecture (3)

Architecture since the French Revolution in Europe and America. Entry card required.

COLLEGE OF ARTS AND SCIENCES

AFRO-AMERICAN STUDIES

AFRAM 270 The Black Orator's Workshop (5)

Basic elements of oratory, studied through orations of Afro-American orators and others. Research, practice, and presentation of orations with emphasis on structure, form, content, and delivery.

AFRAM 362 Race Relations (5)

Interracial contacts and conflicts. Offered jointly with SOC 362. Prerequisite: SOC 110.

AFRAM 370 Afro-American Political Thought (5)

Examines the political ideologies and philosophies of pivotal Afro-American historical figures and the conditions under which these ideologies are developed, rejected, and transformed. Discusses how ideologies relate to solution of Afro-American political problems. Prerequisites: 362, PHIL 110, or permission of instructor.

AMERICAN INDIAN STUDIES

AIS 331 Native American Art in the Twentieth Century (3)

Developments in American Indian and Eskimo painting, sculpture; graphics, and craft arts from 1900 to the present. Offered jointly with ART H 331. (Last quarter offered: Sp 85.)

AIS 377 Contemporary American Indian Literature (5)

Creative writings--novels, short stories, poems--of contemporary Indian authors; the traditions out of which these works evolved. Differences between Indian writers and writers of the dominant European/American mainstream. Offered jointly with ENGL 377.

ANTHROPOLOGY

ANTH 405 Peoples of the Soviet Union (5)

Traditional culture and social organization of Russians and some other USSR peoples, including larger nationalities (e.g., Ukrainians, Estonians) and some smaller ethnic groups in Siberia. Explores the role of traditional culture in shaping contemporary life-styles in a multi-ethnic, diversified setting. Offered jointly with SISRE 405. Prerequisite: 202 or permission of instructor. (Last quarter offered: Sp 84.)

ART

ART 113 Basic Color, Theory, and Form (3)

Fundamental investigations into the synthesis of basic two- and three-dimensional design principles. Color theory and analysis for pre-design majors. Prerequisites: 109 and 111 (111 may be taken concurrently).

ART 321 Furniture Design (5)

Design of a furniture piece. Methodologies and construction, types of hardware, special shop techniques, scale modeling, and full-scale functional design. Prerequisite: junior standing in industrial design.

ART 330 Introduction to Weaving (5)

Multi-harness weaving. Emphasis on loom controlled structures, design, and color. Prerequisites: 107, 110; major in fiber arts.

ART 405 Advanced Weaving (5, max. 10)

A comprehensive survey of weaver-controlled structures and creation of original textile forms. Prerequisites: 330 and permission of art advisory office.

ART 425 Advanced Individual Projects in Fiber Arts (5, max. 15)

Specialized investigation involving surface design and/or fabric structures. Prerequisites: upper division standing in fiber arts and permission of art advisory office.

Art History

ART H 331 Native American Art in the Twentieth Century (3)

Offered jointly with AIS 331. See American Indian Studies for course description.

ART H 561 Seminar in Italian Renaissance Art (3, max. 9)

Problems and in-depth study of selected topics of the art of the Italian Renaissance. Prerequisite: permission of graduate adviser.

ART H 599 Reading and Writing Project (2)

Art historical issues, methods, and materials. Required of all graduate majors registered in 400-level art history courses. Open also to graduate non-majors. May be repeated for credit.

ASIAN LANGUAGES AND LITERATURE

Chinese

CHIN 280 The Chinese Novel in English (5)

The Chinese novel from the Ming dynasty to the present. Readings in English translation. Literary values of works and their tradition. Also, historical and social contexts and the thought and value systems of the Chinese.

CHIN 583 Seminar in Modern Chinese Literature (5)

Directed study of selected works of modern Chinese literature. Primary focus on the novel, short story, and essay. Recommended: 281 and 482.

Japanese

JAPAN 223 Accelerated Japanese (10)

Covers the same material as 212 and 213. In conjunction with 121 and 223, allows completion of two years' language study in one school year. No credit if 212 and 213 taken. Prerequisite: permission of instructor.

JAPAN 316 Advanced Japanese Conversation (2)

Guidance and drill in advanced Japanese conversation, conducted by native speakers, providing opportunities to enhance oral command of materials studied in 313, plus other upper-level vocabulary and syntax materials. Prerequisite: 213 or equivalent; recommended: simultaneous registration in 313.

Korean

KOR 320 Survey of Korean Literature (5)

Representative works of Korean literature. (Last quarter offered: Sp 84.)

KOR 430 Masters of Modern Korean Literature (5)

Emergence, formation, and early development of modern Korean literature. Representative shorter works read in Korean. Discussion, conducted mainly in Korean, of special features of the language and literary significance of the material. Prerequisite: 416 or equivalent.

ATMOSPHERIC SCIENCES

ATM S 498 Television Meteorology (1)

Production and on-air presentation of a weather broadcast on cable TV. Includes seminars with local commercial TV weathercasters.

BOTANY

BOT 356 Washington Plant Communities (4)

Lowland plant communities of western Washington, including mature, seral, and ruderal vegetation. Emphasis on recognition of common species, environmental factors controlling distributions, knowledge of indicator species, and uses of native species in landscape design. Recommended: 113 or 354 or L ARC 463.

COMMUNICATIONS

CMU 201 History and Development of Communication and Journalism (5)

History and development of communication from prehistoric times: social and technical conventions; political and economic contexts.

CMU 202 The Phenomena of Communicating (5)

Types of communicating behaviors in progressively more complex situations, from individual cognition through interpersonal interactions to mass communicating.

CMU 203 Mass Communications and Society (5)

Structure and functions of mass media communication systems: audiences and content; alternative structures; implications of new technologies.

CMU 315 Information Processing for Mass Media (5)

Training in gathering information through interviews and observation, and from written records and other public sources. Practice in organizing and writing this information for presentation in a mass medium such as a newspaper or radio or television broadcast. Open only to majors. Prerequisite: typewriting.

CMU 350 Writing and Reporting Broadcast News (5)

Writing and producing news stories and newscasts for broadcasting. Open to majors only. Prerequisite: 315.

CMU 486 Telecommunications Policy and Research (3)

Considers new telecommunications technologies as they influence and are influenced by behavioral, social, economic, and policy matters. Discussion in lay terms of technologies per se as understanding of their character is necessary to appreciation of their influence in contrast to traditional communication media. Prerequisite: major standing or permission of instructor.

COMPARATIVE LITERATURE

C LIT 252 Themes in World Literature: Death and Transfiguration (5)

Theme of death, transfiguration, and new life in world literature. Selections from Tolstoy, D. H. Lawrence, Celine, E. M. Forster, and other major writers.

DRAMA

DRAMA 463 Beginning Directing Projects (4, max. 8)

Directing practicum. One act plays, scenes or acts from full-length plays. Contemporary realistic, American drama. Prerequisites: 462 or equivalent and permission of instructor.

ECONOMICS

ECON 472 International Finance (5)

Monetary problems in international trade and macroeconomics of the open economy. The features of different exchange-rate systems and their adjustment mechanisms. Money and international capital movements. Policies for internal and external balance. Prerequisites: 300 and 301.

ENGLISH

ENGL 300 Critical Reading of Major Texts (5)

Intensive examination of one or a few major works of literature. Classroom work designed to develop skills of careful and critical reading. Book selection varies, but readings will consist of major works by important authors, and selected supplementary materials.

ENGL 332 Romantic Poetry II (5)

Byron, Shelley, Keats, and their contemporaries.

ENGL 377 Contemporary American Indian Literature (5)

Offered jointly with AIS 377. See American Indian Studies for description of course.

ENGL 450 Literature of Developing Countries (5)

Offered jointly with HSS 450. See HSS 450 in the General Catalog for the course description.

ENGL 496 Internship (1-6)

Supervised experience in local businesses and other agencies. Open only to upper division English majors. Prerequisites: 25 credits in English.

GEOLOGY

GEOL 403 Principles of Paleobiology (4)

Introduction to the fossil record and methods of analysis. Biologic systems in geologic time, including preservation, variation, population structure, adaptation, functional morphology, biostratigraphy, paleoecology, evolution, and biogeography. Prerequisites: 101 or 205, and 206.

GERMANICS

GERM 351 Vienna 1900 in English (5)

Interdisciplinary study of Vienna at the turn of the century. Discussion of literary texts with emphasis on other intellectual and cultural trends of this very rich and complex period.

HISTORY

HST 140 Russia from the Tenth Century to the Present (5)

Russian political, social, and economic history from the tenth century to the present. Offered jointly with SISRE 140.

HST 503 Modern Europe: Writings and Interpretations (3-6)

A study of historians, schools of history, and interpretations of modern European history.

History of the Americas

HSTAA 218 Americans and Revolutions, Seventeenth-Twentieth Centuries (5)

Experiences and attitudes of Americans with respect to revolutions at home and abroad, from the seventeenth century to the present.

HSTAA 352 American Constitutional History, 1860 to the Present (3)

Modern American constitutional development since the Civil War; the Supreme Court and the shift from economic issues to civil rights; Congress, the presidency, and the Constitution.

HSTAA 421 American Environmental History (5)

American attitudes toward the natural environment. Impact of settlement on the major natural regions of the United States. Evolution of the conservation movement, including development of the national park system, national forest system, and emergence of the ecological perspective. Recommended: courses in forestry, environmental studies, geography, history, or related disciplines.

HSTAA 473 Colloquium in American History: Franklin D. Roosevelt and World War II (5)

Problems and policies of the United States in World War II, covering the home front, diplomacy, and strategy, with emphasis upon the role of President Roosevelt. Prerequisite: permission of instructor.

INTERNATIONAL STUDIES

SIS 444 Peasants in Politics (5)

Offered jointly with POL S 446. See POL S 446 in the General Catalog for the course description.

Comparative Religion

RELIG 349 Religious Movements: The Sociology of Cults and Sects (3)

Offered jointly with SOC 349. See SOC 349 in the General Catalog for the course description.

Chinese Regional Studies

SISEA 417 Modern Chinese Philosophy (5)

Chinese philosophy from mid-seventeenth century to present: transition from late Neo-Confucianism to modern philosophies generated by encounter with West, most notably Chinese Marxism. Attention paid to distinctively Chinese preconceptions and modes of argument. Offered jointly with PHIL 417. Recommended: some background in philosophy or China studies. (Last quarter offered: Sp 84.)

SISEA 465 Postwar Economic Development of Taiwan (5)

Analytical survey of economic development of Taiwan from 1950 to the present. Explains rapid growth and successful transition from traditional to modern economy. Studies the role of government and foreign trade, income distribution and standard of living. Prerequisites: 200 and 201 (or equivalent).

Middle Eastern Studies

SISME 600 Independent Study or Research (*)

SISME 700 Master's Thesis (*)

Russian and East European Regional Studies

SISRE 140 Russia from the Tenth Century to the Present (5)

Offered jointly with HST 140. See HST 140 for description of the course.

SISRE 405 Peoples of the Soviet Union (5)

Offered jointly with ANTH 405. See ANTH 405 for description of the course.

KINESIOLOGY

KIN 522 Career Patterns in Sport (4)

Mobility through, and socialization within, the career stages of organized sport. Occupational characteristics of the sport role. Interactions among spectators, athletes, and formal organizations. Identity-work and impression management. Organizational charters and occupational ethics. Prerequisite: 302 or permission of instructor. Recommended: SOC 419.

MATHEMATICS

MATH 462 Combinatorial Theory (3)

Selected topics from among: block designs and finite geometries, coding theory, generating functions and other enumeration methods, graph theory, matroid theory, combinatorial algorithms, applications of combinatorics. Prerequisite: 461.

MUSIC

Dance

DANCE 209 Dance Synthesis (5)

Orientation to a broad experience of dance. Integration of the study of technique with improvisation and composition. Prerequisite: Dance major or permission of instructor.

DANCE 390 Dance Teaching Methodologies (3)

Introduction to dance pedagogy. Includes practical teaching experience. Prerequisite: Dance major status or permission of instructor.

PHILOSOPHY

PHIL 417 Modern Chinese Philosophy (5)

Offered jointly with SISEA 417. See SISEA for description of the course.

PHYSICS

PHYS 104 Introduction to Mechanics (3)

Problem solving techniques applicable to elementary Newtonian mechanics. Prerequisite: concurrent registration in 103.

PHYS 216 Time and Change (3)

Includes miracles and magic, how and why things move, basic forces in nature, quantum mechanics, relativity, past and future of the universe. Quantitative comparison critical to the course, but no college-level mathematics background required. 214, 215, 216 may be taken independently or in any order. Intended for non-science majors.

PHYS 581 Fluid Mechanics (4)

Mechanics of ideal and viscous fluids. Topics may include turbulence, thermal conduction and diffusion, shock waves, and others.

PSYCHOLOGY

PSYCH 420 Drugs and Behavior (3)

Animal and clinical research on the behavioral consequences of drug intake. Prerequisite: 322 or permission of instructor.

SLAVIC LANGUAGES AND LITERATURE

Russian

RUSS 404 Russian Literary Translation (5)

Intensive practical work in the translation of Russian literary texts. Emphasis on specific problems associated with the translation of particular kinds of texts. Prerequisite: 303 or 350.

SPEECH AND HEARING SCIENCES

SPHSC 583 Hearing Aid Selection (3)

Consideration of strategies utilized in selecting acoustic amplification for the hearing impaired, including review of pertinent research literature. Prerequisite: 582 or permission of instructor.

STATISTICS

STAT 503 Practical Methods for Data Analysis (3)

Basic exploratory data analysis with business examples. Groups of numbers, multivariate data, time series, multi-way tables. Techniques include plotting, transformation, outlier identification, cluster analysis, smoothing, regression, median polish, and robustness. Offered jointly with QMETH 503. (Credit given for either 403 or 503.) Prerequisite: 342 or QMETH 500 or equivalent, or permission of instructor.

ZOOLOGY

ZOOL 489 Animal Physiology (5)

Physiology at levels of organisms and behavior, organ systems and cells--an ecological and evolutionary perspective. Includes: energy relations, temperature effects, movement, circulation, respiration, water and solute regulation, membranes, neural and hormonal function, biological rhythms, reproduction. Experimental design and techniques laboratory: data analysis, written reports.

ZOOL 529 Advanced Topics in Physiology (1-3, max. 15)

Emphasizes recent developments. Prerequisite: at least one 400-level course in physiology.

SCHOOL & GRADUATE SCHOOL OF BUSINESS ADMINISTRATION

BUSINESS POLICY

B POL 590 Special Topics in Business Policy (3)

B POL 590 Special Topics in Business Policy (3)

Study and research on topics of current concern to faculty and students. Only offered when allowed by faculty availability and sufficient student interest. Seminar content to be announced in advance of scheduled offerings.

QUANTITATIVE METHODS

QMETH 304 Business Information Systems (4)

Computer processing systems, data organization, and design and development activities required to develop business information systems. Continued study of structured design and BASIC programming using interactive computing facilities. Prerequisite: 200.

QMETH 503 Practical Methods for Data Analysis (3)

Offered jointly with STAT 503. See STAT 503 for description of the course.

SCHOOL OF DENTISTRY

ORTHODONTICS

ORTHO 522P Beginning Adjunctive Orthodontics (2)

Lecture/laboratory instruction in indications for and techniques of simple orthodontic tipping, rotational and extrusive movements often necessary in preparation for restorative and periodontal therapy. Prerequisite: 520P.

PROSTHODONTICS

PROS 572 Special Topics Related to Prosthodontics (1)

Lecture-seminar course dealing with subjects which have a bearing on the comprehensive treatment of the maxillofacial and regular prosthodontic patient. Topics included are surgery, speech, orthodontics, psychology, gerontology, and sociology.

COLLEGE OF EDUCATION

EDUCATIONAL CURRICULUM AND INSTRUCTION

EDC&I 353 Teaching in the Elementary School (3)

A basic course emphasizing selected teaching modes; classroom management procedures; grouping to accommodate pupils with special needs; utilization of learning resources; and the evaluation of teaching.

EDC&I 354 Teaching in the Secondary School (3)

A basic skills development course in instructional methods, lesson planning, classroom management procedures, and the evaluation of teaching.

EDC&I 433 Educational Sound-Slide Production (3)

Theory and techniques of sound-slide production, including planning, scripting, slide photography, titling, macrophotography, story-line posing, soundtrack production, and slide-tape synchronization. Introduction of multi-image production.

EDC&I 491 Small Studio Television Production (3)

Techniques of TV production utilizing a two-camera simple studio. Includes TV equipment theory and vocabulary, experience in planning, scripting, equipment operation, lighting, final production. Emphasis on utilization of non-broadcast standard facilities. Offered on credit/no credit basis only.

EDC&I 493 Educational and Documentary Film Cinematography (3)

Theory and practice in composition, lighting, effects, and laboratory practices. Special attention given to camera movement, exposure control, location shooting. Offered on credit/no credit basis only. Prerequisite: 483 or equivalent.

COLLEGE OF ENGINEERING

CIVIL ENGINEERING

Environmental Engineering and Science

CEWA 455 On-Site Waste Water Disposal (3)

The basic principles of on-site waste water disposal and the use of soil as a treatment medium for small wastewater flows. Design, construction, and operation of both conventional septic tank soil absorption systems as well as the new innovative systems such as composting and incineration. Prerequisites: 350, 351 or permission.

ELECTRICAL ENGINEERING

E E 374 Data Structures (3)

Fundamental algorithms, and data structures for their implementation. Techniques for solving problems by programming. Sorting, searching, linked lists, binary search trees, balanced trees, hashing. Prerequisites: C SCI 241 or ENGR 141, or equivalent knowledge of programming.

E E 478 Design of Computer Subsystems (4)

Design of digital computer subsystems and systems using SSI, MSI, and LSI digital components. Combinational logic, sequential logic, ALU, and control unit designs, memory hardware design, I/O hardware and interface designs, data acquisition system design, and digital troubleshooting. One three-hour laboratory each week. Prerequisites: 355, 371, 372.

ENGINEERING

ENGR 123 Introduction to Engineering Graphics (2)

Freehand sketching, lettering, scales, use of instruments, layout drawings, orthogonal projection, descriptive geometry, pictorials and basic dimensioning. Emphasis on communicating technical information in engineering design and research. Brief introduction to computer-aided design.

ENGR 124 Engineering Graphics with an Introduction to Design (3)

Emphasizes engineering graphics for developing design and research ideas; freehand sketching, layout, detail and assembly drawings, plus applied descriptive geometry. Design projects assigned to illustrate design processes and application of engineering graphics in design and research. Additional topics include graphical mathematics, report preparation, computer-aided design and patent drawings. Prerequisite: 123 or equivalent.

ENGR 140 Measurement and Experimentation (4)

Collection and analysis of data on practical subsystems in the context of engineering situations. Common laboratory instrumentation is explained and utilized. Results are synthesized into engineering report form as both group and individual experiences. Prerequisites: MATH 124, PHYS 121.

MECHANICAL ENGINEERING

M E 477 Microcomputers in Mechanical Systems (4)

Analysis of electromechanical systems employing microcomputers for control or data acquisition. Microcomputer architecture, memory organization, assembly language programming, interfaces, and communications. Particular emphasis on design of hardware and software interfaces for real-time interaction with mechanical systems. Weekly laboratory. Prerequisites: 373, 374, E E 306, or permission of instructor.

Industrial Engineering

MEIE 450 Operations Scheduling and Quality Control (4)

Continuous flow, intermittent, and project production processes and tools for managing them. Assembly-line balancing, job shop scheduling, project planning and control, quality assurance, improvement curves, work force scheduling, and vehicle scheduling. Offered jointly with O ENG 451 and OPMGT 450. Prerequisite: 315.

MATERIALS SCIENCE AND ENGINEERING

Materials Engineering

MSE 316 Mechanical Behavior of Materials III (5)

The influence of structure on the mechanical properties of ideal and real solids will be discussed. The emphasis is on mechanical behavior in metallic and ceramic systems. Prerequisite: 315.

OCEAN ENGINEERING

O ENG 451 Operations Scheduling and Quality Control (4)

Offered jointly with MEIE 450 and OPMGT 450. See MEIE 450 for description of the course.

SCIENTIFIC AND TECHNICAL COMMUNICATION

STC 499 Special Projects (2-5, max. 10)

Individual undergraduate projects in scientific and technical communication. Prerequisite: permission of instructor.

COLLEGE OF FOREST RESOURCES

BIOLOGICAL SCIENCES

FOR B 329 Microclimatology (3)

Offered jointly with ATM S 329. See ATM S 329 in General Catalog for description of the course.

PHYSICAL SCIENCES

FOR P 483 Paper Coating and Converting (3)

Physics and chemistry of pigments, adhesives coatings used in paper coating and converting. Theory and design of processes and equipment. Prerequisite: 477.

INTERSCHOOL OR INTERCOLLEGE PROGRAMS

BIOENGINEERING

BIOEN 562 Bioelectromagnetics (3)

Interaction of radiofrequency electromagnetic fields with biological systems: history, quantities and units, theoretical analysis, instrumentation and measurements, biological effects, medical applications, including cancer detection and therapy, major energy sources, public controversies, public and occupational health protection, international and national safety standards. Prerequisites: 558, E E 381, or permission of instructor.

SOCIAL MANAGEMENT OF TECHNOLOGY

SMT 553 Applied Cost-Benefit Analysis (3)

Offered jointly with PB AF 553. See PB AF 553 in General Catalog for description of the course.

SCHOOL OF LIBRARIANSHIP

LIBR 531 Organization of Retrieval Systems (3)

Develop competency in designing and evaluating retrieval systems. Concepts such as authority lists, data schema, structure, and format are introduced. Discussion of basic concepts and methods is complemented with practical work in database design and thesaurus construction. Prerequisite: 502 or permission of instructor.

SCHOOL OF MEDICINE

BIOLOGICAL STRUCTURE

B STR 517 Embryology/Developmental Biology Seminar (1)

Embryology of a region or organ discussed. Topics vary. Emphasis on original literature and on developmental principles. Prerequisite: permission of instructor.

B STR 518 Structure of Biological Molecules (2)

Discussion of the three-dimensional structure of biological molecules and the methods used in their elucidation. Designed to give students a working vocabulary and to acquaint them with current problems and research methods of structural investigations in an area of their choice.

B STR 555 Lab Rotation in Biological Structure (*, max. 5)

Introduction to experimental design, research methods, and scientific thought in laboratories of faculty members. Provides hands-on experience, an entrance into the literature of the field, and opportunities for discussion with all members of the laboratory. Prerequisite: permission of instructor.

B STR 593 Reproduction and Development Seminar (1, max. 5)

Weekly research conference on current research in gametogenesis, fertilization, and embryogenesis. Emphasis on cell surface events and mechanisms of cell-cell interaction during reproduction and development in mammals. May be repeated for credit. Prerequisite: permission of instructor.

B STR 594 Seminar in Myogenesis (1, max. 5)

Discussion of recent work on the differentiation of skeletal muscle and related cell types. Emphasis on the cell-biological aspects of differentiation both *in vivo* and *in vitro*. May be repeated for credit. Prerequisite: permission of instructor.

B STR 595 Skin Biology Seminar (1, max. 5)

Presentation, discussion of ongoing multidisciplinary research in basic and clinical problems of adult and fetal skin biology. Topics include genetic diseases of epidermis and dermis, percutaneous absorption in adult and fetal skin, wound healing, cutaneous blood flow, development and prenatal diagnosis of inherited disorders, pigment cell biology. Prerequisite: permission of instructor.

B STR 596 Seminar in Experimental Immunohemopoiesis (1, max. 5)

Weekly critical review of current literature on hemopoiesis, lymphopoiesis, and immunologic function of bone marrow derived cells as covered in such journals as *J. Exp. Med.*, *J. Immunol.*, *Exp. Hematol.* Participation in detailed analysis and critique of publications selected for presentation and discussion. Prerequisite: permission of instructor.

B STR 597 Topics in Neurobiology (1, max. 5)

Weekly presentations by participants of topics in neuroanatomy, neurophysiology, neurochemistry, and other areas relating to the nervous system. Emphasis on problems of current research interest. May be repeated for credit. Offered on credit/no credit basis only. Prerequisite: permission of instructor.

B.STR 598 Biological Structure Research (1)

Weekly presentation/discussions relating to original research including but not limited to neurobiology, cellular immunology, cell differentiation, reproductive biology, molecular structure, and their associated methodologies: electron microscopy, histology, x-ray diffraction, tissue culture, morphometric analysis. Prerequisites: permission for departmental graduate students; all interested people encouraged to attend.

BIOMEDICAL HISTORY

BI HS 535 Seminar in Medical Jurisprudence (3)

Historical development of the intersections of American law and medicine, focusing particularly on questions of licensure and health policy regulation, public health matters, forensic medicine, professional liability, and philosophical issues relevant to life stages. Open to law and medical students, and others with appropriate background and interest.

CONJOINT COURSES

CONJ -342 Human Anatomy and Physiology (-4)

Introductory course integrating gross anatomy, microscopic anatomy, and physiology of the human body. Primarily for nursing students, others by permission of instructor. Prerequisites: CHEM 101, 102 or equivalent.

CONJ 531 Diseases of Laboratory Animals (2)

Analysis of etiology, pathogenesis, pathology, and disease processes in rodents, lagomorphs, carnivores, and nonhuman primates. Material organized according to etiology, e.g. viral, bacterial, parasitic. Students expected to do assigned background reading and review histologic slides, as assigned, prior to class and be prepared to discuss conditions at class time.

CONJ 540 Animals Models (1)

Lecture-seminar course concerning naturally-occurring and experimentally-induced analogs of human diseases in animals with emphasis on diseases in search of animal models, and approaches to identifying new models. Although organized by organ system, animal models of categorical diseases are discussed, e.g., models of cancer, atherosclerosis, gerontology.

HUMAN BIOLOGY

HUBIO 566P Systemic Pathology (2)

A multidisciplinary approach to some diseases which affect more than one organ system (nervous, cardiovascular, respiratory) and which are caused by different mechanisms (congenital, inflammatory, vascular, traumatic, metabolic, neoplastic).

OPHTHALMOLOGY

OPHTH 687P Ophthalmology Clerkship (4)

Inpatient and outpatient diagnosis and treatment of eye diseases. Sub-specialty clinics include cornea, retina, neuro-ophthalmology, glaucoma, contact lenses, and strabismus. Student attends regularly scheduled conferences in ophthalmic basic and clinical science. (Limit: one student, two weeks.) Prerequisite: completion of human biology series.

PATHOLOGY

PATH 506 Cell and Molecular Biology and Disease (3)

Integrates topics in 504 and 505, cell injury, inflammation, immunology, and neoplasia. Prerequisite: 505 or permission of instructor.

PATH 560P Analysis of Human Disease (*, max. 10)

Beginning with a human disease problem the student individually develops a working hypothesis, discusses the problem with appropriate pathology member, and jointly designs an experiment to test the hypothesis. A written report is required. Prerequisite: second year medical student standing.

MEDICINE

MED 645P Clinical Endocrinology and Geriatric Medicine (8)

Students spend one-half time on endocrinology and one-half time on geriatric medicine services. Two one-half day outpatient clinics/week; plus inpatient endocrinology and geriatrics consultation services. Prerequisite: 665P.

NEUROLOGICAL SURGERY

N R 505P Preceptorship in Academic Neurosurgery (1)

Opportunity for first and second year medical students to observe the research, teaching, and patient care activities of academic neurosurgery. Prerequisite: permission of instructor.

OBSTETRICS AND GYNECOLOGY

OBGYN 682P Antenatal High Risk Obstetrics (8)

Four weeks on high risk antenatal OB ward and clinic. Students responsible for initial workups, daily lab evaluations, continuing care of high risk antepartum patients. Weekly conference with OB attending: presentation of 1 or more topics per rotation. Excellent coordination with resident and attending staff required to maintain patient care continuity.

PHYSIOLOGY AND BIOPHYSICS

P BIO 551 Scientific Inference (4)

Lectures, discussions, readings, and exercises designed to illuminate principles of scientific inference and their use and misuse in scientific research. Topics include formal analysis of inference and deduction, hypothesis structure and testing, applications of statistical inference, heuristic modeling, and experimental design. Prerequisite: 511, or HUBIO 512, or permission of instructor.

P BIO 552P Practicum in Scientific Inference (*, max. 6)

Library research leading to a manuscript tracing the scientific foundations and hypotheses underlying a contemporary medical procedure, treatment, or viewpoint. Prerequisites: 551 and HUBIO 512.

PSYCHIATRY AND BEHAVIORAL SCIENCES

PBSCI 575 Community Psychiatry Seminar (2)

Preparation for mental health work in community agencies: cultural, social, and economic factors in mental illness and provision of services; history of community mental health; direct and indirect intervention; consultation and supervision; agency organization and leadership; psychiatric epidemiology; prevention; and forensic psychiatry. Lectures, readings, and case discussions.

PBSCI 673P Outpatient Psychiatry Elective (*, max. 24)

Offered at HCMHC, the primary outpatient psychiatric facility for Harborview Medical Center. Students function as sub-interns, conducting diagnostic interviews, initiating and managing pharmacotherapeutic treatment regimens, and providing crisis intervention, under the supervision of the full-time attending at Psychopharmacology Clinic. Prerequisite: completion of 664, 665, or 666.

PBSCI 675P Clerkship in Consultation/Liaison Psychiatry American Lake (8/12)

Assessment and treatment of patients with acute and chronic mental illness: COPD, cardiac disease, cancer, neural diseases such as M.S., Huntington's Chorea, and blindness. Emphasis on psychosocial implications for patients, families, and impact on staff. Offered four to six weeks full-time. Prerequisite: completion of 664, 665, or 666.

PBSCI 676P Inpatient Clerkship in Psychiatry at American Lake (8/12)

For medical students with a defined interest in Psychiatry who wish to develop their knowledge and skills in the evaluation, management, and treatment of a wide range of acute and chronic psychiatric conditions requiring inpatient hospital treatment. Prerequisite: completion of 664, 665, or 666.

PBSCI 677P Alcohol and Drug Treatment Clerkship American Lake VA (8/12)

Student assists in every phase of the substance abuse treatment, including admission interviews, patient evaluation, problem identification, group and individual psychotherapy, assertion training, anger control, human sexuality, medical evaluation and treatment, couple's therapy, discharge and aftercare planning. Experience primarily clinical. Prerequisite: completion of 664, 665, or 666.

RADIATION ONCOLOGY

R ONC 499 Undergraduate Research (*, max. 24)

Opportunities in clinical or laboratory investigation in Radiation Oncology. Participation of medical students in ongoing projects or new projects designed for the students. Offered on credit/no credit basis only. Prerequisite: medical students, permission of Dr. Tong.

RADIOLOGY

RADGY 694 Advanced Clinical Clerkship (8)

Designed for the student who wishes to advance his/her area of interest beyond the introductory level for a second elective month in diagnostic radiology and nuclear medicine. Prerequisite: completion of 693 and permission of instructor.

SCHOOL OF NURSING

COMMUNITY HEALTH CARE SYSTEMS

CHCS 580 Populations at Risk in the Community (3)

Focuses on health needs and risks of selected populations in the community and theoretical and analytical perspectives on assessment and intervention strategies in community health nursing practice with groups and populations whose health is at risk. Prerequisites: graduate standing, 450, 550, 571, 578.

PARENT AND CHILD NURSING

PCN 612 Issues in Perinatal Nursing (3)

Exploration and analysis of political, economic, social, and ethical issues as they relate to the practice of perinatal nursing and delivery of health care services to families during childbearing and early childrearing. Examination of professional nursing roles and responsibilities in meeting identified needs and issues. Prerequisite: permission of instructor.

PCN 617 Advanced Clinical Seminar in the Nursing of Children (5)

Emphasis on synthesis and evaluation of scientific principles and research findings for care-collaboration with other health professionals. Development of clinical specialist role. Social and environmental issues discussed. Prerequisites: completion of PCN core courses 515, 516, or permission of instructor.

PHYSIOLOGICAL NURSING

P N 321 Care of Ill Adults I (5)

Alterations in function of specific systems through pathophysiological concepts considered. Previous knowledge increased, emphasis on application of knowledge underlying critical thinking, sound judgement, and evaluation in the nursing process. Prerequisites: 302, 304, CONJ 340, 341, PHARM 315; concurrent registration in 322.

P N 322 Care of Ill Adults I (Laboratory) (6)

Application of scientific principles to decision making in nursing of ill adults. Emphasizes increasing skill in systematic patient assessment, in developing competency with selected nursing therapies, in nursing care of adults with physiological alteration. Includes two weeks operating room. Prerequisites: 302, 304, CONJ 340, 341, PHARM 315; concurrent registration in 321.

PSYCHOSOCIAL NURSING

PSN 554 Clinical Therapeutics Theory (3)

Basic theory course introduces conceptual foundation for clinical practice in psychosocial nursing with moderate to severe mentally disabled. Opportunities to synthesize selected theories and research contributions to generic psychosocial nursing interventions. Prerequisites: 550, 551, 553, or permission of instructor; concurrent registration in 555.

PSN 555 Advanced Clinical Therapeutics Seminar (4)

Opportunities to test and evaluate selected theories presented in 554. Faculty and preceptor supervision in clinical agencies guides students' therapeutics skills in working with individuals, groups, and families. Collaborative interactions with interdisciplinary team members are integral to the experience. Prerequisites: 550, 551, 553, or permission of instructor; concurrent registration in 554.

PSN 565 Self-Management Strategies and Techniques in Patient Care (3)

Theories underlying cognitive/behavioral self-management strategies and techniques in patient care. Evaluation of the clinical appropriateness and utility for nursing. Applications to clinical problems such as: abstinence in the recovering alcoholic, depression, and eating disorders. Prerequisite: graduate standing or permission of faculty.

COLLEGE OF OCEAN AND FISHERY SCIENCES

OCEANOGRAPHY

OCEAN 230 Biological Oceanography of Washington Waters (2)

Introduction to principles of biological oceanography. Temporal and spatial distributions of organisms and the production and fate of organic matter in Puget Sound and offshore waters of Washington. Prerequisite: MATH 124 or permission of instructor.

SCHOOL OF PHARMACY

PHARMACY PRACTICE

PHARM 413 Health Supports and Appliances Laboratory (1)

Laboratory experience to supplement 411 for those intending to include health supports and appliance fitting in their practice. Weekly sessions give hands-on instruction in selecting and fitting medical and surgical appliances pursuant to physicians' prescriptions. Standards of national pharmacy certifying boards followed in grading. Prerequisite: concurrent registration in 411.

PHARM 472 Advanced Externship in Pharmacy Practice (*, max. 16)

Advanced level externship in pharmacy in a community, institutional, long term care, or specialty practice setting under the direct supervision of a clinical preceptor. Offered on credit/no credit basis only. Prerequisite: permission of instructor.

SCHOOL OF PUBLIC HEALTH AND COMMUNITY MEDICINE

ENVIRONMENTAL HEALTH

ENVH 515 Environmental and Occupational Toxicology (4)

Principles of toxicology, with emphasis on the biological fate and mechanisms of toxic action of chemicals encountered in the workplace and general environment. Offered jointly with ENV S 515 (formerly ENV S.415). Prerequisite: organic chemistry, introductory physiology and biochemistry, or permission of instructor.

INDEPENDENT STUDY THROUGH CORRESPONDENCE

The Office of Independent Study provides University courses for correspondence credit primarily by correspondence instruction to persons who wish to study independently. Fees for Independent Study courses are separate from residence tuition and are \$28 per credit. Enrollment is not based on the quarter system but is continuous throughout the year, with one calendar year allowed to complete a course.

A regularly enrolled student who wishes to register for additional courses for Independent Study credit should consult his or her departmental advisor prior to enrolling in an Independent Study course. Applications and additional information on enrollment procedures may be obtained from the Independent Study office, 222 Lewis, or by telephoning 543-2350.

The following courses are currently offered by Independent Study (credits in parentheses; * indicates variable credit, to be arranged by student and instructor).

JEWISH STUDIES

JEWISH STUDIES BRINGS THE MAJOR DISCIPLINES OF HUMANISTIC LEARNING AND THE SOCIAL SCIENCES TO BEAR ON THE HISTORY AND RELIGION OF THE JEWISH PEOPLE. A VARIETY OF COURSES IN HISTORY, COMPARATIVE RELIGION, NEAR EASTERN LANGUAGES AND LITERATURE, AND ENGLISH ENABLES THE STUDENT TO STUDY THE CULTURE OF THE JEWISH PEOPLE AND ITS INFLUENCE ON WORLD CIVILIZATION.

PHYSICAL EDUCATION

SPORTS SKILLS INSTRUCTION CLASSES ARE AVAILABLE THROUGH THE DEPARTMENT OF RECREATIONAL SPORTS PROGRAMS (IMA) ON A NON-CREDIT BASIS FOR A SMALL REGISTRATION FEE. CLASSES ARE OPEN TO ALL REGULARLY ENROLLED STUDENTS AND TO FACULTY/STAFF WHO ARE ELIGIBLE FACILITY USERS. SPECIFIC INFORMATION ON FEES, DATES, AND TIMES WILL BE AVAILABLE AT THE IMA BUILDING AFTER FEBRUARY 15, 1984. REGISTRATION WILL BE APRIL 2, 3, AND 4, FROM 7:45 AM TO 6:00 PM IN MEETING ROOM 4 OF THE IMA BUILDING. IF SPACES ARE STILL AVAILABLE, REGISTRATION WILL CONTINUE IN THE IMA ADMINISTRATION OFFICE 8:00 AM TO 4:30 PM, MONDAY THROUGH FRIDAY. DISABLED STUDENTS ARE ENCOURAGED TO PARTICIPATE IN SPORTS SKILLS CLASSES AND SHOULD CONTACT THE SPORTS SKILLS OFFICE.
