Final examinations should be administered according to the above schedule. If the final examination is given at a time earlier than that indicated above, the last meeting of the class shall be the examination period indicated in the above table.

Classes not assigned by the above schedules may use any time during the examination days that is mutually agreeable to faculty and students concerned, provided it is scheduled no later than Friday, June 8, and no student has conflict with another examination.

Instructors of 5-credit courses that do not occupy the same classroom five days a week, who wish to give a three-hour examination, must ascertain whether or not there is a 2- or 3-credit course occupying the classroom on the other days of the week that will be holding an examination scheduled for the 10:30 hour. If that proves to be the case, the instructor must arrange for another examination room by calling Room Assignments 543-1080.

All students in undergraduate courses shall be required to take final examinations, provided that in a course for which an examination is not an appropriate test of the work covered, the instructor may dispense with the final

examination. Working students are responsible for arranging their work hours to enable them to attend the final examinations.

A student absent from a scheduled final examination, either by permission of his dean or through sickness or other unavoidable cause, shall be given a grade of Incomplete if his work in that course has been satisfactory until the time of his absence. He may remove this Incomplete in the manner provided for the removing of Incomplete grades. In all other cases of absence from the scheduled final examination, a student should be given a grade of E.

*Classes in which the entire class meets at the same hour every day may use 8:30-11:20 or 2:30-5:20 for the examination; but in 5-credit courses that meet Monday and Wednesday, or Monday, Wednesday, and Friday for lecture, with quizzes or laboratories at various hours, there may be students who have other classes meeting on Tuesday and Thursday at the same hours as the Monday and Wednesday, or Monday, Wednesday, and Friday lectures. In order not to penalize those students who will have an examination in the Tuesday and Thursday course from 10:30-12:20 or 4:30-6:20 the same day, and to ensure equity, the examination must be terminated at the end of one hour and fifty minutes and all examination papers must be collected.

REGISTRATION AND FEE PAYMENT INSTRUCTIONS

All fees for students participating in preregistration or in-person registration are due on the day of registration.

1. Obtain from your adviser's office an Official Mark-Sense Registration Form and a registration instruction Worksheet. Forms are also available on the second floor, Schmitz Hall.

Nonmatriculated students may consult advisers in the appropriate academic advisory offices (adviser approval of summer programs is not required, however). Students enrolling primarily in evening classes may consult advisers in the Division of Evening Classes.

2. Print with a **BLACK LEAD PENCIL** on your Mark-Sense Registration Form:

a. Fill in all information, including your Permanent Student Number.

b. Follow the detailed registration instructions on the Worksheet.

c. Check to be certain that you have the prerequisites as indicated in the *Summer Quarter Bulletin* and by your department, for the courses you select.

d. Obtain course entry cards where indicated in the *Summer Quarter Time Schedule*. An entry card alone is not sufficient. The course must also be requested on the Mark-Sense Registration Form. Although the entry cards need not be submitted on the same day, they must be turned in during the same registration period.

e. If you are registering for a course "out of quarter," obtain the required permission form from your advisory office and make a request for the course during the change of registration period.

f. If you have a known conflict of hours for which some adjustment can be made, obtain permission for the conflict from the departments concerned. Mark the "approved conflict" boxes on the Mark-Sense Registration Form for each course in conflict.

g. If you work or require free time when classes must be scheduled, mark the appropriate area in the registration form, entitled "Mark Out Any Times You Cannot Take Classes."

h. Summer Quarter courses offered for variable credit (this does not include variable credit courses offered for fixed credit this summer) must be taken for the total number of credits; fractional credits that vary from student to student in a single quarter cannot be processed.

i. An undergraduate student may participate in an optional satisfactory/not satisfactory grading system under the conditions and restrictions of his school or college. Questions regarding any aspect of the satisfactory/not satisfactory system should be directed to the student's adviser.

A graduate student may elect to take any course for which he is eligible outside of his major academic unit on the satisfactory/not satisfactory system. Approval of his Graduate Program Adviser or Supervisory Committee Chairman is required.

j. Registrations must be completed by:

June 18–June 22	Full quarter courses
June 18–June 19	Term <i>a</i> courses
June 18–July 20	Term <i>b</i> courses

3. Fee Payment:

All fees are due at the time of registration. Students will not be billed for Summer Quarter fees.

Students who have a scholarship or a grant, or who will be receiving educational aid (from the federal government, e.g., veterans), must pay the required

fees if the notice of award is not on file in the Scholarship and Loan Fiscal Office on the day the student completes preregistration or in-person registration.

The \$50 advance payment is not required for Summer Quarter. If a \$50 prepayment has been made for the coming Autumn Quarter, it cannot be credited to Summer Quarter fees. Summer Quarter fees are entirely separate from fees collected for the regular academic year and, therefore, credit balances in student accounts may not be applied to Summer Quarter tuition. Student account credit balances must be either refunded or applied to another quarter.

a. *Preregistration*. Students participating in preregistration will pay fees according to the total credits requested. If the student's final program has fewer credits and places the student's account in a lower fee category, the student should request a refund from the Student Accounts Office.

b. *In-person registration*. Students participating in in-person registration will pay fees according to the total credits scheduled on their day of registration.

CHANGE OF PROGRAM

Drop or Add

Students may add or drop courses after their initial registration. All changes during official change periods require appointments (engineering students excepted). Students who have completed preregistration may change their programs during the *early* change period (June 4 and 5). All others must change their programs during the official change period (see page 24 of the *Summer Quarter Bulletin*). Undergraduate students may not register for more than 19 credits until the later change period.

The following guidelines should be observed:

Obtain a Change of Program card at your advisory office and have it approved by your adviser, if required. Obtain course entry cards, where indicated by the symbol >>> in this *Time Schedule*, for any courses that you plan to enter. All changes involving Freshman English courses must be author-

ized in writing by the Freshman English Office, A11 Padelford.

Present the Change of Program card at the Registration Office, Window 2 or 3, Schmitz Hall, where you will be given an appointment for Sections. (Engineering students go to 353 Loew Hall.)

Students who drop one or more courses may qualify for a lower level of fees, depending on the number of credits the student continues to carry and when the change was made. (See page 25 of the *Summer Quarter Bulletin* for the fee refund schedule.)

After the official change period, a service charge of \$5 will be assessed for each change of program or any number of changes that are made to a program on one card at the same time. No fee will be charged if the change is initiated by the University.

Undergraduates in the College of Arts and Sciences must have the Dean's permission to carry more than 20 credits.

WITHDRAWAL FROM THE UNIVERSITY.

Obtain a withdrawal form from your advisory office and have it approved by your adviser.
