GENERAL INFORMATION

It is the University's expectation that a student will follow University rules and regulations as they are stated in the *General Catalog*. In instances where no appeal procedure is spelled out and the student is persuaded that a special set of circumstances makes appeal reasonable, he or she may appeal the application of specific rules or regulations to the office of the dean of the school or college in which he or she is enrolled in the case of an academic matter, or to the Office of Student Affairs in the case of a nonacademic matter. These offices will either render a decision on the appeal or refer the student to the proper office for a decision.

GUARANTEED REGISTRATION ELIGIBILITY

Matriculated University of Washington students who remain in good scholastic standing are guaranteed the opportunity to register each quarter as long as they maintain continuous enrollment (Summer Quarter excepted). Continuation must be in the same classification, e.g., undergraduate, postbaccalaureate (fifth-year), graduate, etc. Once a student earns a bachelor's degree, he or she must apply for readmission as a postbaccalaureate (fifth-year), nonmatriculated, or graduate student. Exceptions to the guarantee are: (1) students under disciplinary action, (2) students with a financial hold, or (3) students not meeting their departmental continuation policy.

If an undergraduate does not enroll for one or more quarters, or if a graduate student goes on-leave, he or she must file an application for readmission, including payment of a \$25 application fee, with the Registrar's Office. Information on admission closing dates is available at Window 3, second floor, Schmitz Hall, or by calling 543-5920.

FULL-TIME STUDENT REQUIREMENT

To be considered a full-time student, an undergraduate must register for 12 credits and a graduate student must register for 9 credits. The full-time registration requirement varies for different agencies. Information on full-time requirements of the Veterans Administration, and the Immigration and Naturalization Service may be obtained at 460 Schmitz. Consult the Financial Aid Office for its requirement on satisfactory student progress.

ENROLLMENT SERVICE FEE

The \$50 Enrollment Service Fee is not required for Summer Quarter.

NONMATRICULATED STUDENTS

During summer, nonmatriculated students receive the same priority as matriculated students for registration appointments, have equal access to departmental advisory offices, and may preregister for summer classes if they receive their admission and preregistration eligibility notification in time.

TUITION-EXEMPT FACULTY/STAFF

With the approval of their department heads, regularly admitted full-time UW faculty and staff members who have been employed six months or more may take up to 6 credits per quarter under the tuition exemption program. According to legislative action, all registrations must be on a space-available basis after other students have registered. Members of the faculty and staff who wish to utilize the exemption may not preregister; registration may occur no earlier than the last day of the registration period. Faculty/staff who register before the last day will not be eligible to use a tuition exemption that quarter. Registration appointments are not required. Faculty/staff enrolling as new matriculated students must be officially admitted by the Office of Admissions by May 15. Faculty/staff members who are former students returning, either in the same classification or as nonmatriculated students, should apply at the Registration Office, Window 7, second floor, Schmitz Hall.

Employees should present their approved tuition exemption cards at Sections, Hutchinson Hall, according to the schedule listed below. A \$5 registration fee will be collected at the time of registration. The alphabetic priority will change each quarter. Regularly admitted faculty and staff members who are unable to meet this schedule may register late by paying a \$25 fee if registering by the tenth day of the quarter; \$75 if registering after the tenth day. Term *b* students may register through July 20 without a late fee; July 21-27 with a \$25 late fee; and after July 27 with a \$75 late fee.

Summer Quarter Registration date: June 15, 1988

Last names beginning with Q-Z (8-9 a.m.); A-B (9-10 a.m.); C (10-11 a.m.); D-E-F (11 a.m.-noon); G-H (noon-1 p.m.); I-J-K (1-2 p.m.); L-M (2-3 p.m.); N-O-P (3-4 p.m.); makeup (4-4:30 p.m.).

Tuition-exempt faculty/staff are not entitled to other student services such as those available at the Hall Health Center and the Intramural Activities Building. Therefore, UW student cards will not be issued to faculty and staff. Faculty/staff identification cards may be used for library services.

"ACCESS" PROGRAM FOR OLDER ADULTS

The University of Washington waives tuition for Washington residents sixty years or older who wish to attend classes as auditing students on a space available basis. "Access" students are limited to two courses per quarter. The fee is \$5, whether one or two courses are attended. As auditors, students do not receive credit and are not expected to do laboratory work or to take examinations. Registration may be made in person on Wednesday, June 15, between 8 a.m. and 2 p.m. at the Sections branch office, in Hutchinson Hall. Interested students should go to the area marked *Access*. For additional information on mail-in registration or about the program in general, telephone University Extension, 543-2300, between 8 a.m. and 5 p.m. and ask for Conference Management.

AUDITORS

Auditors, except Access program students, pay standard tuition and fees and must be regularly admitted and registered in the course. Although credits for audited courses will not be listed on the schedule of classes, they will be included in the billing on the fee statement.

Attendance in courses as an auditor is by consent of the instructor and is on a space-available basis. Permission to audit is ordinarily granted for lecture classes only. An auditor may not participate in class discussion or laboratory work, and his or her registration may be cancelled at the discretion of the instructor.

No entry is made on the permanent record for courses audited. To receive credit for an audited course, the student must register for the class for credit in a subsequent quarter.

Auditors follow registration instructions below.

DISABLED STUDENTS

Various support services, including priority registration, are available to students with disabilities. Contact the Coordinator for Disabled Student Services, 482 Schmitz, 543-8924, for information on equipment, technical aids, and accommodations to meet individual needs. *Access: University of Washington*, a guidebook to buildings on the campus, and an accompanying map may be obtained from the office.

Hutchinson Hall registration or add/drop area is reached by a full flight of stairs, so wheelchair users and other students with mobility limitations should go to the Sections Office at 264 Schmitz. Students using this location need no Change of Registration Appointment Card (although those registering for the first time do need a registration appointment).

Students with disabilities who register for a science laboratory class should telephone the Coordinator, 543-8924, and the academic adviser of that department immediately to evaluate whether some accommodation of the facilities will be necessary.

REGISTRATION INSTRUCTIONS

ACADEMIC ADVISER

Using the *Summer Quarter Bulletin* and the quarterly *Time Schedule*, plan your program of study for the summer. See an academic adviser if you have questions about registration procedures, the courses you wish to take, or if approval of your quarterly program of study is required.

Nonmatriculated students may consult advisers in the academic department offering the courses they wish to take (adviser approval of summer programs is not required, however).

UNDERGRADUATE SATISFACTORY PROGRESS

Students admitted to the University to pursue baccalaureate degrees are expected to make satisfactory progress toward the attainment of that degree, and are expected to enter a major and graduate after completion of a reasonable number of credits.

By the time undergraduate students have completed 105 credits, they either must be accepted in their major or have their premajor status extended temporarily by an adviser.

Students who do not declare a major by the time they have earned 105 credits, or who have exceeded the graduation credit limits, or who have not been accepted in a major as fifth-year or postbaccalaureate students, will have a "hold" placed against registration beginning the following quarter.

Students must graduate with their first baccalaureate by the time they have completed 30 credits beyond the credits required for the first degree or concurrent degrees. Departmental advisers may grant extensions beyond the 30 credit limit.

Postbaccalaureate students are expected to be either preparing for admission into a degree program, seeking an additional bachelor's degree, or working toward a certificate. Students admitted as "postbaccalaureate undeclared" must declare a major by the time they have earned 30 credits beyond their last degree, and once a degree objective has been declared, must make progress toward that degree as evidenced by the courses they have completed satisfactorily. College advisers may grant extensions beyond the 30 credit limit.

The Committee on Admissions and Academic Standards may terminate a student's enrollment if the student demonstrates lack of academic progress as evidenced by excessive course repeats, course drops, or University withdrawals and cancellations. The student may be reinstated with the approval of the student's college and the Committee. EOP students will be allowed to be reinstated in consultation with the Office of Minority Affairs.

PREREGISTRATION

1. Eligibility

Preregistration is open to all students continuing from Spring Quarter, matriculated or nonmatriculated, and to new and returning students applying early enough to be notified of preregistration eligibility. Exceptions are tuition-exempt faculty/staff and older adults auditing under the Access program, who may register only during the last day of in-person registration (see General Information section for specific registration dates).

2. Submitting the Preregistration Form

Mark-sense registration forms are available at advisory offices and at Window 3, Registration Office, second floor, Schmitz Hall. Please note that some courses listed in the *Time Schedule* have restricted enrollment and will require entry cards. Also, undergraduates will not be scheduled for more than 19 credits until the first day of the quarter. This is done to allow all students a chance to develop basic programs.

Continuing students preregistering may turn in forms at:

- Registration lobby, second floor, Schmitz Hall
 - B10 Padelford
 - Fourth-floor student lounge, T-wing, Health Sciences Building
- New or returning students preregistering must turn in forms at Schmitz Hall.

3. If You Miss Preregistration

Obtain in-person registration appointment beginning May 9 at Window 7, Schmitz Hall. Term *a* or full-quarter students registering after June 15 will pay a \$25 late registration fee; after July 5 the late registration fee will be \$75. Term *b* students may register through July 20 without a late fee; July 21–27 with a \$25 late fee; and after July 27 with a \$75 late fee.

4. Schedule of Classes

All students who preregister will be scheduled by computer at one time. The scheduling priority is: freshmen, seniors, graduate students, postbaccalaureate (fifth-year), juniors, sophomores, and nonmatriculated. Schedules will be mailed May 23.

5. Registered Students

Students who preregister but are not scheduled into any courses are not considered registered students. They are not included on the current

file of registered students, and are not eligible for preregistration the following quarter. Students in this category must submit a Former Student Application for the next quarter they wish to attend the University.

IN-PERSON REGISTRATION

1. Eligibility

In-person registration is primarily for newly admitted and returning former students who do not apply early enough to be eligible for preregistration or who miss preregistration. New students who miss the May 15 closing date for matriculated status may apply for Summer Quarter as nonmatriculated students. Former students in their same classification and applicants for nonmatriculated status may apply by mail through June 1; after June 1 they must apply in person. Former students apply in person at the Registration Office, second floor, Schmitz Hall; new students apply in person at the Office of Admissions, 320 Schmitz. When admission is confirmed, a registration appointment will be issued. Students applying in person June 10, 13–15 may register at the same time they apply.

Continuing students who miss preregistration, tuition-exempt faculty/staff, and older students in the Access program also register during in-person registration. All students, except Access students, must be admitted to the University before attempting to register.

2. How to Register

See an academic adviser as indicated in the registration instructions that you received with your registration appointment.

Develop a schedule of classes selected from courses in the quarterly *Time Schedule*. List the classes on a worksheet, available from your adviser, or at Window 3, second floor, Schmitz Hall, and take it together with your registration appointment (or your faculty/staff exemption card) to the Sections branch office in Hutchinson Hall. If your registration appointment is for, or after, 4 p.m., try to see an adviser an hour early so that you can arrive at Sections by the time indicated on the appointment. *Your classes will be scheduled while you wait.*

ENTRY CARDS

Certain courses and sections require entry cards for registration. Students who request these courses (and/or sections) on their registration forms will not be registered in the courses unless the requests are accompanied by entry cards. An entry card alone is not sufficient. The course and schedule line number (SLN on entry card) must also be requested on the mark-sense registration form. Obtain course entry cards for courses designated with the symbol >>> in the margin of the *Time Schedule*. Information on where to obtain entry cards is found in the body of the *Time Schedule*, either as a comment before the course listing or just after the title of the course.

SPECIAL-DATE COURSES

In general the registration, fee payment, and grading requirements of special-date courses will depend on whether the course is identified as an "a," "b," or full-quarter course.

For courses that begin or end on dates other than the standard dates of term *a*, term *b*, or full quarter:

Late registration fees. A \$25 late registration fee will be charged after the first day of the course.

Registration drop/add fee. A \$20 late registration fee will be assessed for either dropping or adding a special-date course after the first day of the course.

Tuition refunds. Full refund if course is dropped no later than the first day of course instruction. One-half refund if course is dropped during the first 40 percent of the course. After 40 percent of the course is completed, no refund.

Grading. No grade and no entry on record if course is dropped by first day. Free drops permitted with "W" grade through first 40 percent of course. No drop permitted after 40 percent except limited peremptory drops as available to each student (see peremptory drops under regular drop schedule). No drops of any kind on last day of course.

LATE REGISTRATION

Students whose initial registration occurs after June 15 (July 20 for term-*b* courses) will be charged a late registration fee.

Type of Course	Registration Date	Late Registration Fee
full-quarter	June 20–July 1	\$25 (\$75 thereafter)
term <i>a</i>	June 20–July 1	\$25 (\$75 thereafter)
term <i>b</i>	July 21–July 27	\$25 (\$75 thereafter)

Instructor signatures are required after official change periods.

REGISTRATION CHANGES

1. Change Appointments and Late Fee

a) All changes to a student's program should be completed during the official change period (see calendar). Changes are made by appointment only. Appointments are available, beginning June 2, at Window 3, second floor lobby, Schmitz Hall. Hutchinson Hall add/drop area is reached by a full flight of stairs so wheelchair users and other students with mobility limitations should use the sections office at 264 Schmitz. Students using this location need no Change of Registration Appointment card. Evening-only students may change their programs without an appointment any time after 5 p.m. and no later than 6:00 p.m. during the first three days of school; they should go directly to Sections in Hutchinson Hall.

Students in the schools/colleges of Medicine, Dentistry, Nursing, Pharmacy, Public Health and Community Medicine, Ocean and Fishery Sciences, Forest Resources and the Department of Biology may make changes during the first week of the quarter, without an appointment in the lobby of the T-wing, Health Sciences Building.

Graduate students may make registration changes in 264 Schmitz during the first week of the quarter. No appointments are necessary during this week. Early changes in Hutchinson require appointments.

Changes made after the official change periods cost \$20 and may result in fee forfeiture (see item 3 of this section).

b) Students will be expected to present University of Washington Summer Quarter 1988 student identification cards when requesting appointments. Tuition-exempt faculty and staff present faculty/staff identification cards and copy of their program. No more than one change appointment will be issued to a student at a time. Additional change appointments will be issued only after the initially assigned appointment has been used or has expired.

c) Credit changes in variable credit courses and changes to or from S/NS grading may be accomplished without change appointments during the change period. Changes to or from S/NS (Satisfactory/Not Satisfactory) grading must be made during the official change period.

2. Grades in Dropped Courses and Drop Restrictions

After the Official Change Period, courses may be dropped under the following conditions:

a. Dropped courses will not be entered on the student's record—

- full-quarter courses: through July 1
- term a courses: through June 24
- term b courses: through July 27

b. Dropped courses will be entered on the student's record with a grade of W—

- full-quarter courses: July 5–15 (graduate students, July 5–August 5)
- term a courses: June 27–July 1 (same for graduate students)
- term b courses: July 28–August 3 (graduate students, July 28–August 5)

c. Undergraduate student deadline to drop courses—

- full-quarter courses: July 15
- term a courses: July 1
- term b courses: August 3

A limited number of drops are permitted after this date (see below). No drops of any kind are permitted after July 13 for term a courses and August 12 for full-quarter and term b courses.

d. Graduate student deadline to drop courses—

- full-quarter courses: August 5
- term a courses: July 1
- term b courses: August 5

Undergraduate students may make a limited number of drops after the aforementioned deadlines as determined by the number of credits earned at the University. While completing the first 44 credits at the University, the student has three drops permitted after the deadline, but before the last week of instruction. Any of these three drops not used by the time 45 credits are earned are forfeited. After 45 credits have been completed at the University, the student earns one late drop for each 45 credits earned. These may be accumulated and used as necessary. No drops of any kind are permitted after July 13 for term a courses or after August 12 for term b courses and full-quarter courses.

Graduate students do not earn late drops; they may drop courses only until the date specified.

Students may petition the Registrar to drop a course after the regular drop deadline if: (1) the student is unable to complete the course in question due to a severe mental or physical disability, or (2) unusual and extenuating circumstances beyond the student's control prevented the student from dropping the course by the regular drop deadline. Petitions must be filed promptly after the occurrence of the event that gave rise to the need for dropping the course.

3. Fee Forfeitures or Refunds

a) Students will be billed for the number of credits, including audit hours, on their programs at the end of the first week of the quarter, June 24. Courses added after this date may result in additional fees, which are payable at the time of the change. Only partial fee reductions will result for full-quarter and term a courses dropped after June 24. Term b courses dropped by July 27 will result in full refund of fee differential.

b) For each category of courses (full-quarter, term a, or term b,) there is a period during which students owe one-half the tuition and fees associated with dropped courses. The student has been registered in the dropped course for more than the first five days of the quarter or term and therefore must pay half the fees for the course.

Type of Course	Half-payment Period
full-quarter	June 27–July 1
term a	June 27–July 1
term b	July 28–August 3

c) After these final dates, there is no reduction in the amount of tuition and fees owed.

d) Dropped courses become effective the date received in Sections.

4. Courses Added After the Official Change Periods

The instructor's signature is required for adding a full-quarter or term a course after June 24; a term b course after July 22.

Courses audited may not be changed to a credit registration after June 24 for full-quarter courses or term a courses; and after July 27 for term b courses.

FEE PAYMENT

1. You should indicate selection of your permanent or local address on your mark-sense registration form for fee statement mailing. If you have not received a fee statement by the end of the second week of the quarter, contact the Student Accounts and Scholarships Office for the amount of tuition due.

2. You may pay your fees in person in the Student Accounts and Scholarships Office or mail them to UW, Student Accounts and Scholarships Office, 129 Schmitz, PE-10, Seattle, WA 98195, before the tuition due date. Fees must be paid by Friday of the third week of the quarter whether or not you have received a statement. Payments postmarked on or before the due date are accepted without a late fee. Metered mail received after the due date is subject to penalties as described in # 3 below.

3. If you fail to pay by the deadline you may continue to pay your tuition in the week following the due date, plus a late fee as follows:

Past Due Balance	Late Fee
Over \$100	\$30
\$30–\$100	\$10
Less than \$30	\$ 0

If fees have not been received in the Student Accounts and Scholarships Office by this time, your registration will be cancelled. Students permitted to reregister after cancellation for nonpayment will be charged a \$75 fee, in addition to their tuition.

4. If you reregister, you must reregister for all classes on your schedule at the time of registration cancellation. (Fees will include appropriate charges for classes dropped during the forfeiture period.) No reregistration will be possible after the last day of instruction. *Please note: Even if your registration is canceled you will continue to owe one-half of your tuition.*

5. Credit card checks are not accepted.

6. Tuition and fees not paid by the end of the academic quarter will be subject to an interest charge of 1% per month, or fraction of a month, (12% A.P.R.), beginning with the month following the end of the quarter.

Fees are subject to change without notice.

Half-credit increments are charged at the next fee level. In contrast to academic year procedures, the \$50 enrollment service fee is not required. There is no reduction in fees for auditors.

Special Course and Laboratory Fees

The amounts listed in the above fee schedule normally cover University charges for course registration. Some courses, however, have extraordinary expenses associated with them, and in such cases the University may charge additional fees in amounts approximating the added instructional or laboratory costs.

CHANGE OF ADDRESS

If you change your address after you have registered, be sure to complete a change of address form at the Registration Office. Forms are available at Window 3, second floor, Schmitz Hall. *You are responsible for notifying the Registrar's Office of any address change.*

STUDENT INSURANCE

UW students who remain registered through at least the first six days of instruction in the quarter are eligible to enroll in the student health insurance plan. The following students are not eligible:

1. Those enrolled only in programs administered by University Extension including but not limited to extension, correspondence, independent study, continuing studies, noncredit courses, conferences, or the Access program;

2. UW employees attending classes under the employee tuition exemption program.

Students who do not specifically request a particular student insurance plan or who do not specifically state they do not wish student insurance automatically will be enrolled and billed for *student only* medical, surgical, and hospital insurance.

If you are billed for student health insurance and wish to add, cancel or change your coverage, complete the appropriate section on the remittance copy of the billing statement and pay the revised amount or you may do so in person in the Student Accounts and Scholarships Office by the date tuition is due. Tuition/fees and the student health insurance premium must be paid in full by the due date to be eligible for health insurance.

International Students

International students must subscribe to the student insurance plan. Penalties for not paying insurance fees by the tuition due date are the same as tuition penalties under Fee Payment section. Exceptions may be granted by the International Services Office if the student presents proof of other medical insurance coverage. Students are responsible for obtaining a waiver each Autumn Quarter, (or upon initial admission if other than Autumn Quarter) because waivers are valid only through Summer Quarter each year. Students holding insurance policies that expire during the academic year are responsible for obtaining new waiver cards, as necessary.

To be eligible for the student health insurance plan, the student must pay, in full, tuition, fees, and the student health insurance premium by the due date. If the health insurance premium or waiver is not submitted by the tuition due date registration cancellation may result. International students who want coverage during Summer Quarter and are not enrolled Summer Quarter must prepay the Summer Quarter premium during one of the preceding quarters.

WASHPIRG

An optional \$2 fee is indicated on the fee statement for the Washington Public Interest Research Group, a student research organization. If you do not wish to support this activity, simply pay the regular tuition and fees. If you want to support WASHPIRG, pay the regular tuition and fees plus \$2.

WASHINGTON STUDENT LOBBY (WSL)

An optional \$1 fee is indicated on the fee statement for the Washington Student Lobby (WSL), a voluntary, independent organization of University students whose purpose is to influence the state legislative process on matters of special interest to students. Students who do not wish to support this activity simply pay the regular tuition and fees. Students who wish to support WSL pay the regular tuition and fees plus \$1.

WITHDRAWAL FROM THE UNIVERSITY (DROPPING ALL COURSES FOR THE QUARTER)

1. *If you register and subsequently wish to withdraw from all your summer classes*, you must withdraw officially from Summer Quarter. Unofficial withdrawal by nonpayment of fees by the July 8 deadline results in a financial obligation of one-half your tuition and fees (term b-only registrants excepted).

2. Obtain a withdrawal form from the Withdrawal Office, 264 Schmitz, or from your advisory office. Some colleges and schools require adviser approval to withdraw from classes, but most students (including students in the College of Arts and Sciences and all non-matriculated students) may withdraw in person or by writing directly to the Withdrawal Office.

3. Present or mail the withdrawal form to the Withdrawal Office, 264 Schmitz. *Withdrawals are effective the date they are received in the Withdrawal Office*; fee refunds or fees owed will be based on this date. **No withdrawals will be accepted after July 13 for term a courses or after August 12 for term b and full-quarter courses.** The fee schedule below will be followed:

Full-quarter or term a-only courses

- a. Students withdrawing *before* the sixth class day of the quarter or term (June 27) do not pay tuition or fees.

- b. Students withdrawing on the sixth through the tenth class day of the quarter or term (June 27–July 1) are obligated for one-half their tuition and fees.

- c. Students withdrawing *after* the tenth class day of the quarter or term (July 1) are obligated for full tuition and fees.

- d. Students whose registration is canceled for nonpayment of fees will continue to owe the University one-half their tuition and fees.

Term b-only courses

- a. Students withdrawing after June 27 and *before* the sixth class day of the term (July 28) are eligible for a full refund of tuition and fees.

- b. Students withdrawing on the sixth through the tenth class day of the term (July 28–August 3) are obligated for one-half their tuition and fees.

- c. Students withdrawing after the tenth class day of the term (August 3) receive no refund of tuition or fees.

- d. Term b-only registrants who do not pay their tuition and fees by July 8 will have their registration automatically canceled, however, because this date occurs during the official withdrawal period for term b-only registration, these students are not obligated for one-half their tuition and fees.

4. Students who were unable to turn in their withdrawal on time because of extenuating circumstances may petition the Comptroller's Office. Petition forms are available in the Student Accounts and Scholarships Office, 129 Schmitz.

5. If you have been accepted for Summer-Autumn, withdrawal from Summer Quarter *on or after June 20* does not affect your Autumn Quarter status. Withdrawal must, however, be official to guarantee Autumn Quarter space. Withdrawal from Summer Quarter *prior to June 20* invalidates summer registration, and a new application for Autumn Quarter is required.

6. Courses dropped as part of a University withdrawal completed by July 1 for full-quarter registration and by June 24 and July 27 for term a and term b registration, respectively, receive no grade and no entry. Withdrawals after these dates result in the courses being assigned a grade of "W."

GRADING SYSTEM

Information on grades and scholarship rules may be obtained from the Grade Information Office, 248 Schmitz.

Repeating Courses

With the approval of the academic department offering the course, an undergraduate student may repeat a course once. Both the original grade and the second grade will be computed in the student's grade-point average but credit will be allowed once. Students repeating courses should so indicate on their registration form.

The Grade of Incomplete

In order to obtain credit for a course in which an Incomplete has been awarded, an undergraduate student must complete the remaining work for the course by the last day of the following quarter. An Incomplete

grade for a Summer Quarter course must be made up by the last day of Autumn Quarter, or the Incomplete will be converted to a grade of 0.0 by the Registrar, unless the instructor has indicated when assigning the Incomplete grade that a grade other than 0.0 should be recorded if the incomplete work is not completed. This time limitation may be extended up to one year with instructor approval. Such approval must be received by the Registrar's Office before the end of the next quarter.

A graduate student who receives an Incomplete must complete the remaining work for the course by the last day of the next quarter *in residence*. An Incomplete received by a graduate student does not automatically convert to 0.0 but remains an Incomplete if the course work is not completed. This time limitation may be waived by the dean of the college in which the course was offered only if the nature of the uncompleted work is such as to make the fulfillment of this requirement impossible. In no case can an Incomplete received by a graduate student be converted to a passing grade after a lapse of two years. The Incomplete grade entry remains on the record permanently. When the final grade is received, it is posted under the quarter in which the final grade is received.

Incomplete grades can be awarded only if the student is doing satisfactory work up until the last two weeks of the quarter. A student who receives an Incomplete grade should never reregister for the course to remove the incomplete.

Satisfactory/Not Satisfactory

Undergraduate students may elect to take certain courses on a Satisfactory/Not Satisfactory basis. A course in which an "S" is earned may not be used to satisfy any department, college, or University requirement, except that the credits may be applied to the minimum of 180 credits required for graduation (electives only). Each instructor will report conventional grades to the Registrar, who will convert satisfactory grades (2.0 or greater) to "S," and unsatisfactory grades (less than 2.0) to "NS" for the student's transcript. *S/NS must be elected during initial registration or during the official change of program period.* Undergraduate students earning grades of 2.0 or above receive a grade of S (Satisfactory) while grades below 2.0 are recorded as NS (Not Satisfactory).

Graduate students earning grades of 2.7 or above receive a grade of S (Satisfactory), while 2.6 or below are recorded as NS (Not Satisfactory). With the approval of his or her graduate program adviser or Supervisory Committee Chairperson, a graduate student may elect to take any course for which he or she is eligible outside of his or her major academic unit on a S/NS basis.

In cases of withdrawal, the W is recorded. Neither S nor NS are included in the grade-point average, N, I, and X are recorded until the instructor reports the final grade, or in cases of incompletes received by undergraduates, until the I is converted by the Registrar.

Credit/No Credit-Only Courses

Some courses are offered on a CR/NC-only basis. It is not necessary to register S/NS to take these courses, because the only grades assigned by the instructor are CR (Credit) or NC (No Credit). Neither CR nor NC is included in the grade-point average. In cases of withdrawal, a W is recorded. N, I, or X are recorded until the instructor reports the final grade, or in cases of Incompletes received by undergraduates, until the I is converted by the Registrar.

Grade Appeal Procedure

A student who believes he or she has been improperly graded first discusses the matter with the instructor. If the student is not satisfied with the instructor's explanation, the student may submit a written appeal to the Chairperson of the department, or in a nondepartmental college, to the Dean, with a copy of the appeal sent to the instructor. The Chairperson, or Dean, consults with the instructor to ensure that the evaluation of the student's performance has not been arbitrary or capricious. Should the Chairperson believe the instructor's conduct to be arbitrary or capricious and the instructor declines to revise the grade, the Chairperson (or the Dean in a nondepartmentalized school or college), with the approval of the voting members of his or her faculty, shall appoint an appropriate member, or members, of the faculty of that department to evaluate the student's, or students', performance and assign a grade. The Dean and Provost should be informed of this action.

Once a student submits a written appeal, this document and all subsequent actions on this appeal are recorded in written form for deposit in a department or college file.

Sexual Harassment Grievance Procedure

Students, as well as members of the faculty and staff, who wish to file a complaint regarding sexual harassment may contact either of the two offices listed below:

Ombudsman for Sexual Harassment
(206) 543-0283

Human Rights Office
4045 Brooklyn Avenue, N.E.
(206) 543-7217

Personnel in these offices will be available to discuss and provide assistance in resolving the complaint.

FINAL EXAMINATIONS

There is no separate final examination week during Summer Quarter. Finals are ordinarily given during the last scheduled class unless all students and their instructor agree on another time.

GUIDE TO COURSE LISTINGS

The information published in the *Time Schedule* is subject to change. The instructor for a particular course may be changed, or the instructor may use assistants in teaching the course and courses may not meet each day listed. Additionally, courses listed in this publication may be canceled in the event of insufficient enrollment.

Course, term, and section information is listed in the following columnar order:

INDEPENDENT STUDY THROUGH CORRESPONDENCE

The Distance Learning office provides University courses for correspondence credit primarily by correspondence instruction to persons who wish to study independently. Fees for Distance Learning courses are separate from residence tuition and are \$40 per credit. Enrollment is not based on the quarter system but is continuous throughout the year, with one calendar year allowed to complete a course.

A regularly enrolled student who wishes to register for additional courses for Distance Learning credit should consult his or her departmental adviser prior to enrolling in a Distance Learning course. Applications and additional information on enrollment procedures may be obtained from the Office of Distance Learning, 5001-25th Ave. N.E., or by telephoning 543-2350.

The following courses are currently offered by Distance Learning (credits in parentheses).

W COURSES OFFERED SUMMER QUARTER 1988

Students who plan to take majors in the College of Arts and Sciences and who started college Autumn Quarter 1983, or later, must complete 10 credits of courses designated "W." W courses are not English composition courses but, rather, are courses in which a substantial amount of writing is required. Almost any department can offer W courses. The following courses being taught Summer Quarter 1988 have been designed as W courses.

SPORTS SKILLS CLASSES FOR SUMMER QUARTER 1988

Sports skills instruction classes are available through the Department of Recreational Sports Programs (IMA) on a noncredit basis for a class registration fee. Classes are open to all regularly enrolled Summer Quarter students and to faculty/staff who have purchased an IMA Facility Use card. Specific information on fees, dates, and times will be available at the IMA building after April 29, 1988. Registration will be June 21, 22, and 23, from 7:45 a.m. to 6:00 p.m. in Meeting Room A of the IMA building. After these dates, if spaces are still available, registration will continue in the IMA administration office from 8:00 a.m. to 4:30 p.m., Monday through Friday. Disabled students are encouraged to participate in sports skills classes and should contact the Sports Skills Office.

AEROBICS	HYDRO-AEROBICS	ROLLERSKATING	TAE KWON DO
CONDITIONING	KARATE (GOJU RYU)	SKIN AND SCUBA	TENNIS
DANCE: BALLET, JAZZ	KARATE (SHOTOKAN)	SOCCER	WEIGHT TRAINING
FENCING: FOIL, SABRE	KAYAKING	SPRING BOARD DIVING	
GOLF (registration at golf range)	JUDO	SQUASH	
	RACQUETBALL	SWIMMING	

The majority of classes are held at the IMA; a few are held in HEC Edmundson Pavilion or at Hutchinson Hall (upper campus). Equipment is provided or can be checked out from the IMA main issue window for most of the classes. This list of classes is subject to change depending on enrollment and space availability. For further information, telephone the Sports Skills Office at 206/543-2571 during regular business hours.
