How to apply and register*

1. Complete an application.
2. Mail the application with a nonrefundable application fee of \$25 (please attach a check in U.S. funds made payable to the University of Washington). Applications will be processed as soon as possible. However, due to the volume of applications received, processing time may take four to six weeks.
 - *If you have never attended UW credit classes, mail to:*
Office of Admissions, PC-30
320 Schmitz Hall
University of Washington
Seattle, WA 98195
 - *If you have previously attended UW credit classes and have been assigned a student I.D. number, mail to:*
Registration, PD-10
225 Schmitz Hall
University of Washington
Seattle, WA 98195
3. You may register by touch-tone telephone as soon as you receive notification of acceptance but not before April 29, 1991. See STAR registration instructions, pages 7-8.

See Admissions, pages 4-5, or call Academic Advising, (206) 543-6160, for additional information.

* Continuing UW students enrolled for Spring Quarter 1991 do not need to apply for Summer Quarter. Use the Summer Quarter Time Schedule and register by STAR the same way as for any other quarter.

Important dates for Summer Quarter 1991

- April 29 STAR registration by phone begins
- June 1 Last day applications accepted by mail; later applications accepted in-person only
- June 24 Full Term and *a* Term classes begin; students billed for Summer Quarter tuition
- July 4 Independence Day holiday
- July 12 Tuition payment deadline
- July 24 *a* Term ends
- July 25 *b* Term begins
- Aug. 23 Full term and *b* Term end

For other application deadlines and important dates, please refer to the *Student Action Guide*, pages 9-10.

Time schedule information

The *Time Schedule* section of this bulletin, pages 31-71, contains the dates and times you need to plan your schedule and the schedule line number (SLN) used when registering by phone using STAR. See page 72 for more information on how to read the time schedule.

Equal opportunity

The University of Washington, as a standing policy, does not discriminate on the basis of race, color, creed, religion, national origin, sex, sexual orientation, age, marital status, disability, or status as a disabled veteran or a Vietnam era veteran. Any discriminatory action can be a cause for disciplinary action. This policy applies to all University programs and facilities including, but not limited to, admissions, educational programs, employment, and patient and hospital services. Such discrimination is prohibited by Titles VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Sections 503 and 504 of the Rehabilitation Act of 1973, Age Discrimination in Employment Act Amendments of 1978, Vietnam Era Veterans' Readjustment Assistance Act of 1974 Chapter 28B.110RCW (prohibits gender discrimination against students), and other federal and state statutes and regulations, and University policy. Coordination of the compliance efforts of the University of Washington with respect to all of these laws and regulations is under the direction of the Equal Employment Officer, Dr. Helen Remick, University of Washington, Equal Employment and Affirmative Action Office, JA-08, 4045 Brooklyn Ave. NE, Seattle, WA 98195. Telephone: 543-1830 (VTDD).

Summer Quarter Admission

Summer Quarter Admission

Applying for admission

Student classifications

Applying for admission

Which application you use depends on your goals and current student classification. Select the student classification that applies to you. It's important that you read the detailed information below regarding each classification. If you have questions after reading the appropriate sections, please call UW Admissions, (206) 543-9686, or Academic Advising, (206) 543-6160.

Student classifications

Summer Quarter students are either: new or continuing matriculated students; or new or returning nonmatriculated students attending UW classes only during Summer Quarter 1991.

Summer-only nonmatriculated

The nonmatriculated (not degree-seeking) status allows you to enroll even though you are not pursuing a degree at the UW. The credits you earn usually can be transferred to other institutions. These credits also will apply to the requirements for a UW baccalaureate degree if you are later admitted to an undergraduate degree program. Admission as a nonmatriculated student does not affect an applicant's chances for later acceptance into a degree program and it does not permit you to continue in this status Autumn Quarter.

A nonmatriculated student may enroll in a graduate-level course with the permission of the instructor and the departmental chair. Credits earned as a nonmatriculated student do not apply to UW graduate programs.

A nonmatriculated student may be:

- A high school student participating in the Advanced Study Program (see page 15);
- A student at another college attending the UW only during Summer Quarter;
- Anyone wishing to obtain credit who is not pursuing a degree;
- A teacher or administrator taking courses for special interest [but if you are pursuing your continuing certificate, you should see Continuing Teaching Certificate (fifth year) students, this page];
- A person who has already earned a bachelor's degree (including those who earned baccalaureate degrees at the UW) and is taking a few courses but is not interested in formal admission to a graduate or second undergraduate program; or
- An auditor, a person who wants to attend courses but not receive a grade. Auditors pay standard tuition and fees and must be officially admitted and registered. Attendance in a course as an auditor is by consent of the instructor and is on a space-available basis. Permission to audit is ordinarily granted only for lecture classes. Auditors do not participate in class discus-

sions or take examinations; registration may be canceled at the discretion of the instructor. No transcript record of audited courses is kept. To receive credit for an audited course, you must register for the class for credit in a subsequent quarter.

Continuing Teaching Certificate (fifth year) students

If you have previously attended the UW as a postbaccalaureate student in a teaching certificate program, you can be admitted as a returning student in this status. To apply, contact the Registration Office, 1400 NE Campus Parkway, 225 Schmitz, PD-10, University of Washington, Seattle, WA 98195, for a returning student application and submit the form by June 1 to the address on the form.

If you are a new student, a former UW undergraduate or a graduate student applying to work toward a Continuing Teaching Certificate, you may apply for either postbaccalaureate or nonmatriculated status. Postbaccalaureate status is the only status you may apply for if you plan to start your studies in the summer and continue through the next academic year. Apply by May 15 using the application for undergraduate admission (see page 6). This application requires two official transcripts from each college you have attended.

If you plan to attend the UW only during the summer, nonmatriculated status is probably the most appropriate. Use the application form in this bulletin and call the Teacher Education Advising and Certification Office at (206) 543-1820 to ensure that the office establishes a file for you.

Graduate nonmatriculated students

Nonmatriculated and graduate nonmatriculated students are two different categories at the UW. For more information about which students need graduate nonmatriculated status and how to pursue it, see *Special Enrollment Information for Graduate Nonmatriculated Students*, page 6.

Visiting graduate student

If you are a graduate student pursuing an advanced degree at another institution, you may be admitted to the UW as a visiting graduate student. Visiting graduate students are not assured admission to any particular program of study but they may register in courses if they are considered eligible by a faculty adviser or the course instructor.

Returning UW students

The following information applies to those who are not currently enrolled at the UW:

- If you have previously attended the UW as a nonmatriculated student, you may apply for that status again provided you are still in good standing at the University.
- If you have completed a degree at the UW, you may take Summer Quarter courses as a nonmatriculated student. Please see the introductory information on nonmatriculated students.

- If you were pursuing an undergraduate or professional degree or a teaching certificate when you last attended the UW and were not awarded that degree or certificate, you will be readmitted in this same status. This also applies to graduate students returning from "on leave." Graduate students who are not officially "on leave" must be accepted by the Graduate Admissions Office before they can return in that same status.

Returning students who are accepted as matriculated (into a degree or teaching certificate program) for Summer Quarter may register for Autumn Quarter without reapplying for admission, provided the Summer Quarter application was submitted by the June 1 deadline and they attend classes in the summer.

Continuing UW students

If you are enrolled as a matriculated student at the UW Spring Quarter 1991, you need not submit an application for Summer Quarter. Simply register using STAR just as you would for any other quarter.

International students

See International Students, page 13.

Types of applications

Application for Summer Quarter-only admission

The Summer Quarter-only application, on the inside back cover of this bulletin, is designed for Summer-only non-matriculated students (except international) and former UW students eligible to be readmitted to their previous admission status. This includes graduate students who have official "on-leave" status. This application should be used if students want to take courses in Seattle or at the UW Branch Campuses at Bothell and Tacoma. Students applying for new matriculated status (undergraduate or graduate) and international students seeking any undergraduate status should use one of the forms described below.

Application for undergraduate admission

To be used by all new students (except international students) seeking an undergraduate degree or certificate including those wishing to begin during Summer Quarter and continue into Autumn Quarter, and by former UW students who are changing to a new undergraduate status (including postbaccalaureate). Teachers who are attending the UW for the first time as postbaccalaureates to work on Continuing Teaching Certificates should read *Continuing Teaching Certificate (fifth year) students*, page 4.

Undergraduate admission applications are available from the Office of Admissions, 1400 NE Campus Parkway, 320 Schmitz Hall, PC-30, Seattle, WA 98195. Telephone: (206) 543-5150.

A former UW student who has previously been enrolled as a postbaccalaureate student and is now seeking a Continuing Teaching Certificate should submit a returning student application from the Registration Office, 1400 NE Campus Parkway, 225 Schmitz Hall, PD-10, Seattle, WA 98195. Telephone: (206) 543-8580.

Application for admission to the graduate school

To be used by postbaccalaureate students applying for admission as graduate students, including those seeking administrator's credentials; or visiting graduate students; or by former graduate students who did not request "on-leave" status.

Applications for admission to the graduate school are available from the appropriate academic department or from the Office of Graduate Admissions, 98 Administration Building, AD-10, Seattle, WA 98195. Telephone: (206) 543-5929.

Application for undergraduate international student admission

See International Students, page 13.

Application for admission to professional schools

Those interested in the schools of medicine, law or dentistry should write those schools directly.

School of Medicine, Office of the Dean, Committee on Admissions, SM-22, University of Washington, Seattle WA 98195

School of Law, Law School Admissions, Condon Hall, JB-20, University of Washington, Seattle, WA 98195

School of Dentistry, Office of Student Services, SC-62, D323 Health Sciences, University of Washington, Seattle, WA 98195

Summer Quarter Admission

Student classifications (con't)

Types of applications

Other Admission Information

Other Admission Information

Summer/Autumn Quarter admission

Autumn Quarter admission

Special enrollment information for graduate nonmatriculated students

Summer/Autumn Quarter admission

If you would like to begin pursuing a UW undergraduate degree in Summer Quarter and continue in Autumn Quarter, you should apply for matriculated status as a freshman, transfer or postbaccalaureate student as described below. For more information, contact the Admissions Office or the unit listed. Please read *Types of applications*, page 5.

Students who are accepted for Summer/Autumn *must register for Summer Quarter* if they wish to enroll in Autumn Quarter. Summer/Autumn students who officially withdraw from Summer Quarter classes on or after June 24 may register for Autumn Quarter without submitting a new application. Withdrawal from Summer Quarter prior to June 24, however, invalidates your status as a continuing student and you must be readmitted to the University; you must submit a new admission application for autumn by the closing dates noted in the *Student Action Guide*, pages 9-10.

Freshman

This admission classification applies to the individual who is entering college for the first time since graduating from high school. The application priority date for Summer/Autumn Quarter was Feb. 1. However, applications can be submitted until May 15. Admission is competitive. Not all qualified applicants can be admitted.

Transfer

This admission classification applies to the student who has earned college credits since graduating from high school and is applying to complete a first baccalaureate degree. The application closing date is May 15 (March 1 for international students). Admission is competitive. Not all qualified applicants can be admitted.

Postbaccalaureate

This status applies to the student who has completed a four-year baccalaureate degree and wishes to pursue an additional bachelor's degree or a teaching certificate, or take further coursework to prepare for another degree program. Application closing date is May 15 (March 1 for international students). If you are interested in obtaining a teaching certificate, you should contact the Education Advising Office, 211 Miller, (206) 543-1820. Admission is competitive. Not all qualified applicants can be admitted.

Graduate

This status applies to the student who is seeking a master's degree, a doctoral degree, or a school administrator's credential. Application deadlines vary with department. More information about requirements can be obtained from the appropriate academic unit or the Office of Graduate Admissions, (206) 543-5929.

Visiting graduate status

This status applies to a graduate student who is pursuing an advanced degree at another institution but wishes to attend the UW. Students admitted as visiting graduate students are not guaranteed admission to any particular program of study. They may register only for courses for which they are considered eligible by a faculty adviser or the course instructor. More information about requirements can be obtained from the Office of Graduate Admissions, (206) 543-5929.

Autumn Quarter admission

Summer-only nonmatriculated students who wish to attend Autumn Quarter must apply and be accepted as matriculated (degree-seeking) students. Autumn admission is competitive because space is limited. Some admission categories close before Summer Quarter begins (for dates see *Student Action Guide*, pages 9-10). Therefore, you may not be eligible to apply. For more information, contact the appropriate admission office. You'll find the addresses in *Types of applications*, page 5. If your intention is to seek a degree at the University of Washington and you wish to begin enrollment during the summer, it is recommended that you apply for matriculated status for the term called "Summer/Autumn" on the matriculated application form, if you can do so by the appropriate deadline. This will eliminate the need to submit two separate application forms and fees. See *Summer/Autumn Quarter admission*, this page.

Special enrollment information for graduate nonmatriculated students

Under certain limited conditions, departments, schools or colleges may offer enrollment in their graduate courses to graduate nonmatriculated students. This status is designed for the person who does not plan to pursue a graduate program at this time, but would like the credits to be applicable to a degree in the future. A maximum of 18 credits taken as a graduate nonmatriculated student may be applied toward an advanced degree if the graduate nonmatriculated student is later admitted into a graduate program.

For detailed information regarding admission requirements and materials, you should contact the graduate program coordinator in your area of interest or Student Records, (206) 543-2300, Ext. 425. Acceptance as a graduate nonmatriculated student confers no priority for later admission into the Graduate School for pursuit of a degree.

Registration for Summer 1991

STAR registration

Registration is easy using the University of Washington's STAR touchtone telephone registration system. You may register by STAR as soon as you receive notice of acceptance (beginning April 29, 1991). Early registration is recommended. STAR (Student Telephone Assisted Registration) registers students in course sections immediately and accommodates subsequent course adds and course drops. STAR gives immediate alternative section availability if the requested sections are closed or canceled. STAR also gives a spoken listing of confirmed registration schedules (including building and classroom locations), open/closed status of course sections, tuition balance, financial aid status, date and amount of last payment, optional charges, and grade and GPA information. Please see *How to Use STAR*, pages 77-78. The four Summer Quarter registration periods are described below.

Students enrolled Spring Quarter at the Seattle, Bothell, or Tacoma campuses are eligible to enroll at any campus without applying for separate admission. This applies to Summer Quarter registration only.

April 29-May 29

Registration Period I via STAR
6 a.m. to midnight, Monday-Friday
STAR is closed May 27 for Memorial Day. STAR will close at 6 p.m. May 29 to produce registration confirmations and ID cards.

This period is open to continuing students currently enrolled Spring Quarter 1991, matriculated and nonmatriculated, and to new and returning students applying early enough to be notified of registration eligibility. Students may call STAR to make changes to their schedules after initial registration.

Registration confirmation and ID cards:

Students registering through May 29 will have their registration confirmations and ID cards mailed on June 3.

May 30-June 21

Registration Period II via STAR
6 a.m.-midnight, Monday-Friday
STAR will close at 6 p.m. June 20 to produce class lists.

This period is open to continuing students who were enrolled Spring Quarter 1991 and to newly admitted students and returning former students who did not apply early enough to be eligible for Registration Period I, or who missed that period.

Registration confirmation and ID cards:

Registration confirmations and ID cards will be mailed in two working days following a completed registration transaction. Call 543-3868 to record your current address.

Change of registration confirmations

Registration change confirmations will be mailed periodically. Students may also confirm their registration schedules by calling STAR and using the List Schedule Transaction (L #). This listing includes building and classroom locations.

June 22-July 5

Registration Period III via STAR
June 22-23, noon-midnight
June 24-27, 6 a.m.-midnight
June 28, 6 a.m.-6 p.m.
June 29-30, noon-midnight
Registration Office, 225 Schmitz, is open for non-STAR transactions Monday-Friday, 8 a.m.-5 p.m.

This period is open to all students for late registration and for changes to registration. A \$25 late registration fee is assessed and billed to students registering for the first time, except for faculty/staff tuition exempt and ACCESS students.

Students are encouraged to register and complete changes to registration prior to this period since many course sections will be closed and completing a schedule will be difficult.

Students may add courses on STAR through July 5 only. No adds are permitted after July 5 for full-quarter or a Term courses.

New registration confirmations and ID cards:

Registration confirmations and ID cards will be mailed in two working days following a completed registration transaction. Call 543-3868 to record your current address.

Change of registration confirmations

Change confirmations will be mailed periodically. Students may also confirm their registration schedules by calling STAR and using the List Schedule Transaction (L #). This listing includes building and classroom locations.

July 8-Aug. 9

Registration Period IV via STAR
Monday-Friday, 6 a.m.-midnight.

During this period, a \$20 fee is assessed for all changes of registration.

Adding and dropping courses

Refer to the Student Action Guide, pages 9-10.

Term *b* courses only may be added in person at the Registration Office between July 8 and 31. Students may drop courses on STAR during this period. No course drops for full-quarter courses after Aug. 9 or for a Term courses after July 12. Term *b* courses only can be dropped between Aug. 12 and 14 in person at the Registration Office.

Special-date courses

In general, the registration, fee payment, and grading requirements of special-date courses will depend on whether the course is identified as an a, b or full-quarter course.

For courses that begin or end on dates other than the standard dates of a Term, b Term, or full-quarter, observe the following:

- **Late registration fees:** A \$25 late registration fee will be charged when registering on the first day of the course or later.
- **Drop/add fee:** A \$20 drop/add change fee will be assessed for either dropping or adding a special-date course beginning the first day of the course.
- **Tuition refunds:** Full refund is possible if course is dropped no later than the first day of course instruction. One-half refund is possible if course is dropped during the first 40 percent of course. After 40 percent of the course is completed, no refund is possible.
- **Grading:** No grade and no entry on record if course is dropped by first day. Free drops permitted with "W" grade through first 40 percent of course. No drop permitted after 40 percent of course is completed except complete withdrawal for the quarter. No drops of any kind are permitted on last day of course.

\$20 change-of-registration fee

The \$20 change-of-registration fee is assessed for any number of add or drop transactions processed during a given day beginning the sixth class day of each quarter. The \$20 fee is a service charge, not a penalty.

There is no charge for changes made in Registration Periods I, II and the first week of Period III. This "free" period gives students an incentive to complete their schedule before the quarter is too far advanced.

Fee waivers are rarely approved. If you think your change is necessitated by a University error or is at the University's request, you must pay the fee and complete a petition for a refund. The petition will be sent to the dean of your college for a decision. You will be notified of the decision by the Registrar's Office. The fee will be waived only if the change is necessitated by a University error or is at the University's request.

ACCESS program for older adults

June 26 via Registration Office, 225 Schmitz, 8 a.m.-5 p.m.

Access students do not register through STAR. Registration time is based on the first letter of the last name:

8-9 a.m. T-Z, 9-10 a.m. A-B, 10-11 a.m., C-E, 11-noon F-H, noon-1 p.m. I-L, 1-2 p.m., M-O, 2-3 p.m. P-R, 3-4 p.m. S

The UW waives tuition for Washington residents sixty years or older who wish to attend classes as auditing students, on a space-available basis. The fee is \$5, whether one or two courses are attended. Only checks and money

orders can be accepted. As auditors, they do not receive credit and are not expected to do laboratory work or to take examinations. A transcript is not maintained. Students who attend the University under the Access program are limited to two courses per quarter.

Registration may be made in person or by mail. For additional information about the program, call Student Records, 543-2300, Ext. 425, between 8 a.m. and 5 p.m., weekdays.

Tuition exemption programs for UW faculty/staff and Washing- ton State classified employees

Students enrolling under these exemption programs must be full-time permanent employees and meet the criteria established for faculty and staff of the University of Washington or by the employing agency of the state of Washington for non-University employees. UW employees must have been continuously employed full-time for six months or more with the University immediately prior to the academic quarter in which they are enrolling. Those who meet the requirements and are admitted to the UW may take up to six credits per quarter under the tuition exemption programs. According to legislative action, all registration must be on a space-available basis after other matriculated students have registered. Students cannot register for graduate level independent study courses numbered 600, 700, or 800. Deadlines and registration dates are listed below by category:

UW faculty/staff

Friday, May 31

Tuition exemption request card due to Registration, 225 Schmitz, PD-10.

Wednesday, June 26

Registration begins on STAR. Open from 6 a.m. until midnight.

Friday, July 12

\$5 registration fee due. Fee is billed if a student successfully registers.

Washington state classified employees

Friday, May 31

Tuition exemption request card due to Registration, 225 Schmitz, PD-10.

Thursday, June 27

Registration begins on STAR. Open from 6 a.m. until midnight

Friday, July 12

\$30 registration fee due. Fee is billed if a student successfully registers.

Students enrolling under these exemption programs may attend class beginning the first class day if space is available. Please check with the department offering the course to determine the correct classroom location. The building and room number may have been changed by the department since the *Time Schedule* was printed.

Admission status and how to register for tuition exemption programs explained on page 79

Late registration fees

Students whose initial registration occurs beginning June 22 (July 25 for b Term courses) will be charged a late registration fee. Late registration dates and fees are listed below.

Full-quarter late registration:
June 22-July 5: \$25

a Term late registration:
June 22-July 5: \$25

b Term late registration:
July 25-31: \$25

Student Action Guide

Application deadlines

	Full Term	a Term	b Term
Application closing date for new matriculated students	May 15	May 15	May 15
Last day for application by mail for nonmatriculated students and former students returning in the same classification	June 1	June 1	June 1
Applications for teaching certificates to be conferred Summer Quarter 1991 must be submitted to Teacher Education Advising and Certification Office, 211 Miller	July 2	July 2	July 2
Applications for master's degree due	July 5	July 5	July 5
Last day to return approved applications for credit by examination to 248 Schmitz Hall	July 8	July 8	Aug. 2
Applications for baccalaureate degrees (students in Arts and Sciences) to be conferred Summer Quarter 1991 must be submitted to B10 Padelford	July 9	July 9	July 9
Applications for baccalaureate degrees (students in schools and colleges other than Arts and Sciences) must be submitted to the Graduation Office, 248 Schmitz Hall	July 12	July 12	July 12
Credit by examination (students must make arrangements with the Educational Assessment Center, 543-1170)	4th week of quarter	4th week of term	4th week of term
Undergraduates graduating in August who want to participate in the June commencement ceremony must apply for graduation by April 26.

Grades for Summer Quarter 1991 mailed to students	Aug. 30	Aug. 30	Aug. 30

Final examinations

There is no separate final examination week during Summer Quarter. Finals are given during the last scheduled class unless all students, their instructor and the Time Schedule Office agree on another time.

Commencement information

Undergraduates planning to graduate in August who want to participate in the June commencement ceremony must have a graduation application on file by April 26, 1991.

Grades, Tuition and Billing

Grade information

Course withdrawals

Students who drop a course beginning with Registration Period IV (July 8-Aug. 9) will have a "W" recorded on the transcript.

Hardship withdrawal

Hardship withdrawals are for dropping individual courses only after the seventh week of the quarter. The \$20 change of registration fee will be assessed. See section on *Complete withdrawal from the University*, page 21, for procedure to follow for dropping all courses for the quarter.

A student may petition the Registrar for a hardship withdrawal if: (1) the student is unable to complete the course in question because of a severe mental or physical disability, or (2) unusual or extenuating circumstances beyond the student's control prevented the student from dropping the course by the drop deadline. See the University of Washington *General Catalog* for complete information.

Satisfactory/not satisfactory

Students may elect to take certain courses on a satisfactory/not satisfactory (S/NS) basis. Advisers should be consulted, and in no case are undergraduate students allowed to register for more than one course or six credits on a satisfactory/not satisfactory basis in a given quarter.

Students must register for the course on STAR, and then go in person to Registration in 225 Schmitz Hall to elect the S/NS grade option. STAR will not accommodate the S/NS grade option.

For undergraduates, a course in which an "S" is earned may not be used to satisfy any department, college, or University requirement, except that the credits may be applied to the minimum of 180 credits required for graduation. Each instructor will report conventional grades to the Registrar, who will convert satisfactory grades (2.0 or greater) to "S," and unsatisfactory grades (less than 2.0) to "NS" for the student's transcript. No more than 25 S/NS credits will apply to an undergraduate degree. S/NS must be elected during initial registration or added or dropped during the first five days of the quarter.

Graduate students earning grades of 2.7 or above receive a grade of S (satisfactory), while 2.6 or below is recorded as NS (not satisfactory). With the approval of his or her graduate program adviser or supervisory committee chairperson, a graduate student may elect to take any course for which he or she is eligible outside of his or her major academic unit on an S/NS basis.

In cases of withdrawal, a W is recorded. Neither S nor NS is included in the grade-point average. N, I, and X are recorded until the instructor reports the final grade or, in cases of incompletes received by undergraduates, until the I is converted by the Registrar.

Credit/no credit

Some courses are offered on a credit/no credit (CR/NC) basis. It is not possible to register S/NS to take these

courses, because the only grades assigned by the instructor are CR (credit) or NC (no credit). Neither CR nor NC is included in the grade-point average. In cases of withdrawal, a W is recorded. N, I, and X are recorded until the instructor reports the final grade or, in cases of incompletes received by undergraduates, until the I is converted by the Registrar.

Auditors

Students must register on STAR for courses they wish to audit and then elect the audit option in person at the Registration Office, 225 Schmitz Hall. Registration is available during Registration Periods I, II and III. Attendance in courses as an auditor is by consent of the instructor involved and is conditional on the space available. Permission to audit is ordinarily granted for lecture classes only. An auditor may not participate in class discussion or laboratory work, and his or her registration may be canceled at the discretion of the instructor. No entry is made on the permanent record for courses audited. To receive credit for an audited course, the student must register for the class for credit in a subsequent quarter.

Auditors, except ACCESS program students, pay standard tuition and fees and must be regularly admitted and registered in the course. Although credits for audited courses will not be listed on the schedule of classes, they will be included in the billing on the fee statement. Such credits count in the calculation of fees.

Incomplete grades

Incomplete grades may only be awarded if the student is doing satisfactory work up until the last two weeks of the quarter. Undergraduate students must not reregister for courses in which they have received an Incomplete. A grade earned in a repeat course will not be recorded as an incomplete conversion grade. See the *General Catalog* on incomplete conversion deadlines.

Grade appeals

See the University of Washington *General Catalog*, page 30, for appeal procedure.

Tuition/billing information

Tuition forfeitures or refunds

Students will be billed for the number of credits, including audit hours, on their programs at the beginning of the quarter. Courses added after this date may result in additional fees. Only partial fee reductions will be made for full-quarter and Term *a* courses dropped after June 30. Term *b* courses dropped by July 31 still result in full refund of fee differential.

For each category of courses (full-quarter, Term *a* or Term *b*), there is a period during which students owe one-half the fees associated with dropped courses.

Type of course	Half-payment period
Full-quarter	July 1-12
<i>a</i> Term	July 1-12
<i>b</i> Term	Aug. 1-14

After these final dates, there is no reduction in the fees owed, due to drops or withdrawal. The effective drop

Grades, Tuition and Billing

Grade information

Tuition/billing information

Grades, Tuition and Billing

Tuition/billing information (con't)

Summer tuition schedule

date is the date the drop is processed on STAR or in Registration, 225 Schmitz.

Tuition payment guidelines

Students will be billed for all summer terms on June 21, at which time billing balance is also available on STAR. Indicate selection of permanent or local address on STAR for fee statement mailing and call 543-3868 if you need to change your address. If students have not received a fee statement by July 5, contact the Student Accounts and Scholarships Office for the amount of tuition due.

Students may pay fees in person in the Student Accounts and Scholarships Office or mail them to UW, Student Accounts and Scholarships Office, 129 Schmitz, PE-10, Seattle, WA 98195, before the tuition due date. Fees must be paid by July 12 for all summer terms whether or not a billing statement has been received. If someone is paying your tuition, use STAR to determine if your account has been paid by pressing 14#. Payments postmarked on or before the due date are accepted without a late fee. Students whose metered mail is received after the due date are subject to the same penalties as students who fail to pay by the deadline. These penalties are described below.

If students fail to pay by the deadline, they may continue to pay their tuition the week following the due date, plus a late fee as follows:

Past Due Balance	Late Fee
Over \$250	\$30
\$30-\$250	\$10
Less than \$30	\$0

If payment has not been received in the Student Accounts and Scholarships Office by July 19, students' registrations will be canceled. Students permitted to reregister after cancellation for nonpayment will be charged a \$75 fee, in addition to their tuition.

If reregistering, all classes on a student's schedule at the time of registration cancellation must be re-added. (Fees will include appropriate charges for classes dropped during the forfeiture period.) No reregistration will be possible after the last day of instruction. Please note: Even if registration is canceled, students will continue to owe one-half of their tuition.

If you have a scholarship or a grant, or will be receiving educational aid, you must pay the required fees if the notice of award is not on file at the Student Accounts and Scholarships Office.

Credit cards are not accepted.

Tuition and fees not paid by the end of the academic quarter will be subject to an interest charge of one percent per month, or fraction of a month (12 percent A.P.R.), beginning with the month following the end of the quarter.

Application of payments to a student's account

As a rule, payments received for a student's account are applied to charges in order of their due dates. For charges with the same due date, payments are applied first to tuition and related University fees and then to other charges on the account. A payment may be applied to a specific charge by contacting the Student Accounts Of-

fice at 129 Schmitz Hall. Financial aid from Federal Title IV programs is applied only to required tuition and fees and to loan and aid repayment obligations. The University may not apply such aid to pay insurance and some other optional charges.

Summer tuition schedule*

Undergraduate: Resident and nonresident (including nonmatriculated and fifth-year)

Full-time (More than 9 credits) \$720

Part-time	
9 credits	\$648
8 credits	576
7 credits	504
6 credits	432

2 credits (minimum)	419	1,079
	278	721

(Tuition schedule subject to change without notice)

*The additional fee per credit hour for more than 18 credits does not apply to Summer Quarter.

This tuition schedule does not reflect full-time load requirements for loan deferments, teaching assistantships, or other programs. For more information, consult the section titled Full-Time Student Requirements, page 22.

Special course and laboratory fees

The amounts charged for tuition and fees normally cover University charges for course registration. Some courses, however, have extraordinary expenses associated with them and in such cases the University may charge additional fees in amounts approximating the added instructional or laboratory costs.

International Students

International students are welcome to apply to the University in any admission classification. International students are those who are not U.S. citizens and are not refugees or immigrants to the United States.

Summer-only admission

An international student who is not seeking a degree from the UW who wishes to enroll in courses only during Summer Quarter should file an Undergraduate International Student Application with the Office of Admissions. He or she will be admitted as a nonmatriculated student for Summer Quarter only and may not continue in Autumn Quarter. This form can be obtained by writing to the Office of Admissions, 1400 N.E. Campus Parkway, 320 Schmitz Hall, PC-30, Seattle, WA 98195. Telephone: (206) 543-9686. An international student cannot use the application in this bulletin.

The University cannot give assistance in arranging F-1 (student) status for attendance Summer Quarter only. No I-20 forms will be issued. Summer-only students must already have F-1 (student) status through enrollment at another college or university, or be able to enter the United States on another type of visa.

Although transcripts are not required for admission with nonmatriculated standing, documentation of sufficient preparation for university-level coursework may be requested.

Summer/Autumn Quarter admission

If international students wish to begin their studies Summer Quarter and continue Autumn Quarter, they must be admitted into a degree program (matriculated). An Undergraduate International Student Application and all required credentials must be filed with the Office of Admissions by Feb. 1 for freshmen and by March 1 for transfers and postbaccalaureates. Admission is granted only for Summer/Autumn or Autumn Quarter. More information is available from the Office of Admissions. International students who seek admission as graduate students must contact the Office of Graduate Admissions for appropriate application materials. These forms can be obtained by writing the Office of Graduate Admissions, 98 Administration, AD-10, University of Washington, Seattle, WA 98195. Telephone: (206) 543-5929.

Student insurance

International students must subscribe to the University's medical insurance or obtain insurance waivers by presenting proof of other medical coverage to the University's International Services Office prior to July 12, the tuition due date. (See page 19 for additional insurance details.)

English for international students

Students granted Summer/Autumn Quarter admission in matriculated status may be required to take English as a Second Language (ESL) courses, and should contact the

Office of Special Services, 460 Schmitz Hall (206-543-6122) for information about this requirement. Students admitted in nonmatriculated status for Summer Quarter only, however, have no ESL requirement; the following information applies to these nonmatriculated students only. If your native language is not English, you may wish to seek academic counseling before you enroll. An adviser can help you learn the level of English language competence needed to successfully complete the courses you plan to take. Academic counseling is strongly recommended for international students whose scores are less than 580 on the Test of English as a Foreign Language (TOEFL) or below 90 on the Michigan Test. Academic advising is available from English As A Second Language, (206) 543-6242; Summer Quarter Advising, (206) 543-6160; Arts and Sciences Central Advising, (206) 543-2551; or departments offering the courses you plan to take.

Students seeking to improve their English skills are encouraged to take noncredit English As A Second Language (ESL) courses offered each quarter by UW Extension. These students should *not* submit an application to the Office of Admissions or the Office of Graduate Admissions to take ESL courses, but should apply directly to the English As A Second Language Program. Information about ESL courses and ESL can be obtained by writing to the English As A Second Language program, University of Washington Extension, 103 Lewis Hall, DW-12, Seattle, WA 98195. Telephone: (206) 543-6242.

For students who are not native speakers of English, two programs are offered. The Academic English Program offers courses for matriculated (degree-pursuing) students. Successful completion of these courses is one way to satisfy the University's English language requirement. See departmental listing under English (ENGL) and contact the Office of Special Services, 460 Schmitz, telephone: (206) 543-6122.

The Intensive English Program offers noncredit courses designed to prepare students for college-level work, as well as help for students who want to improve their English skills. Applications for this program must be made through English As A Second Language, UW Extension, 103 Lewis Hall. Telephone: (206) 543-6242.

Foundation for International Understanding Through Students

The Foundation for International Understanding Through Students (FIUTS), located in 302B Student Union Building (HUB), telephone (206) 543-0735, is a nonprofit community organization. FIUTS administers a host family program, an international speakers bureau, group discussions and cultural and educational activities for students.

Summer Quarter 1991 Guide for Educators

Summer Quarter 1991 Guide for Educators

Earn credits toward continuing certification and endorsements at the UW this summer

College of Education courses

Content area courses for educators

Earn credits toward continuing certification and endorsements at the UW this summer

Teachers can earn credits toward continuing certification and endorsements by taking courses at the UW this summer. There are more than 100 College of Education classes and workshops to choose from plus a broad range of content area courses for educators. Many courses are offered for school administrators and other specialized school personnel. (High-achieving high school students may also take summer classes at the UW. See Advanced Study Program, page 15.)

For Summer Quarter admission information for educators, please see *Continuing Teaching Certificate (fifth year) students*, page 4.

College of Education courses

The College of Education offers summer courses in educational curriculum and instruction (EDC&I), policy, governance and administration (EDPGA), educational psychology (EDPSY) and special education (EDSPE) as well as opportunities for independent study, research and field experiences (EDUC). See pages 55-58 for courses in Seattle and page 71 for courses at branch campuses at Bothell and Tacoma.

Educational Curriculum and Instruction (EDC&I) courses

EDC&I offers courses required for and or appropriate for various graduate programs as well as a range of innovative and challenging courses and workshops for the new and the veteran teacher. *Art and Music in Childhood Education, Learning Variables of Minority Youth, Introduction to Computers in the Classroom, Integrating Literature and the Language Arts, Classroom Literacy Assessment, Social Studies and Science Resources in the Community, Environmental Education for Teachers, Dealing Effectively with the Disruptive Student, and Cooperative Learning in the Classroom* are among EDC&I courses scheduled for summer.

Policy, Governance and Administration (EDPGA) courses

EDPGA courses are designed to meet requirements for administrative certificate programs. Required core leadership courses for the Ed.D. degree and courses for programs in the foundations and higher education areas are also provided by EDPGA. Summer offerings include *Crucial Issues in Education, History of Educational Thought, Philosophy of Education, Leadership in Personnel Systems in Schools, Building Success Among Community College Students of Color, and The Role of Leadership in Schools that Work for All Children.*

Educational Psychology (EDPSY) courses

A set of educational psychology courses to meet basic graduate degree requirements and several special courses dealing with current and critical psychological issues in education are on the summer EDPSY schedule. Summer courses include *Stress Management for Teachers and Administrators, Motivation and Learning, Interviewing Techniques, Child Abuse, A Democratic Approach to Child Guidance, and Increasing Self-Esteem in the Classroom.* These courses can be particularly relevant for counselors, school psychologists and other special services personnel in the schools.

Special Education (EDSPE) courses

EDSPE courses are designed to meet the needs of both special education professionals and general education teachers who wish to better serve the students with disabilities in their classrooms. Especially recommended for general education professionals are *Exceptional Children, Intervention for Families with Handicapped Children, and Behavior Problems in the Classroom.*

Content area courses for educators

Summer courses for educators are scheduled in the arts, foreign languages, English, social studies, science and mathematics.

There are over a dozen courses alone on special topics in music education including *Multicultural Music Education, Instrumental Conducting, Jazz Improvisation, Band Repertoire, Music in Early Childhood, and An Approach to Instrumental Performance.*

Teaching the Basics Through Drama is another special summer offering for educators.

Other Summer Quarter courses for educators include *Introduction to the Physical Sciences and the Environment and Economic Geography*, which are applicable to the Social Studies Area Endorsement, and intensive language courses in Arabic, Chinese, Czech, Greek, Hebrew, Hindi, Japanese, Russian, Swedish and all of the major European languages.

A journalism writing workshop for high school teachers and an ethics and law workshop for advisers and principals will be of interest to individuals involved with school newspapers.

Educators may also be interested in the Puget Sound Writing Program (PSWP). This is a complete program to improve the teaching of writing for teachers of all subjects and grade levels. For information on other PSWP summer offerings please request a UW Extension catalog by calling 543-2320.

Programs for middle and high school students

During the summer, the UW offers two special programs for middle and high school students interested in challenging, fast-paced courses.

For middle school students

The Center for the Study of Capable Youth each summer offers high school level courses in English (analytical reading), history, mathematics, chemistry and biology for students who have completed the seventh, eighth or ninth grades. The program, which in 1991 will have three weekly class meetings of five hours each from June 25 to July 27, allows a student to complete the equivalent of a full academic year of study in one subject.

Some high schools award credit for these courses to students who have completed the eighth grade; for more information, students or parents can call the center.

Besides vigorous academic challenge, the capable youth summer program provides students with the opportunity to complete high school requirements earlier.

Admission is based on the students' performance on the Scholastic Aptitude Test (SAT) or Washington Pre-College Test (WPCT). Some students have taken the SAT through the Johns Hopkins Talent Search; the WPCT can be taken at the center or in local high schools. The cost is \$395 per student; scholarships and payment plans are available. The application deadline is June 5; late applicants will be accepted on a space-available basis.

For more information and application procedures, call the Center for the Study of Capable Youth at (206) 543-4160.

The center also offers a two-part program for bright young people who are ready for college-level work before they enter high school. The program is for the few extraordinary students (14 or younger) with the outstanding ability and high motivation that are best matched by a university academic setting.

The Transition School, the first phase, is an intensive, self-contained program which provides a bridge between the junior high or middle school and enrollment in the University. Limited to 15 students a year, the Transition School prepares participants for full-time university work in the second phase, the Early Entrance Program (EEP). The EEP provides a support system for young undergraduates and ensures that their personal, social and academic needs are met appropriately.

More information about these programs, admission requirements and fees is also available from the center.

Advanced Study Program for high school students

Through the Advanced Study Program, high school students can enroll in UW courses during the summer. Students can take regular UW courses—for example, mathematics, science, architecture or one of the UW's popular intensive language programs.

Each student enrolling for credit establishes a UW transcript. The grades earned in the Advanced Study Program are calculated into the overall grade-point average if a student later applies for and is accepted by the UW as a matriculated student.

Some school districts grant students credit toward high school diplomas for the UW courses taken. For more information, a student or his or her parents should consult the student's guidance counselor regarding the district policy.

The Advanced Study Program is designed for high-achieving students who have completed their high school freshman year by June 15. Applicants should have grade-point averages of at least 3.3 (B+).

To apply, a student should send the following materials to the UW Office of Admissions, PC-30, Seattle, WA 98195:

- a completed copy of the summer application on the inside back cover of this bulletin;
- a letter of recommendation from the student's high school principal or guidance counselor;
- a copy of the student's high school transcript; and
- the nonrefundable \$25 application fee.

Students who will not be enrolled in high school in 1991-92 can use the application on the inside back cover of this catalog and do not need to send a letter of recommendation or a copy of their high school transcript.

Advanced Study Program participants pay undergraduate course fees (page 12).

It is in each student's interest to review course descriptions and prerequisites in the University of Washington *General Bulletin* or to contact an academic adviser in the department offering the course, the Arts and Sciences Central Advising Office, (206) 543-2551, or the Academic Advising Office, (206) 543-6160, for additional information.

For more information about the Advanced Study Program, students, parents and teachers can call the Academic Advising Office at (206) 543-6160.

Evening and correspondence courses

High school students can also supplement their high school coursework and earn college-level credit with the evening credit classes and correspondence study available through UW Extension. Independent Study by Correspondence courses are listed on page 73. For more information, refer to the quarterly Extension catalog, available by calling (206) 543-2320.

Disabled students

Academic advising

Students are strongly encouraged to see an academic adviser to discuss their educational objectives, to assess progress toward completion of requirements, and to learn procedures involved in registering at the University. It is wise for students to make appointments with advisers and to have ideas of courses they would like to take by reviewing the *General Catalog* and this bulletin before the advising session. If students fail to maintain contact with their advisers and problems develop with degree programs, these problems are the students' responsibilities. The consequence may be additional time to complete degree programs. Contact an adviser at your school in your field of study, a UW department adviser through Arts and Sciences Central Advising Office, (206) 543-2551, or call Academic Advising at (206) 543-6160.

Address change telephone service - call 543-3868

Students are responsible for notifying the Registrar's Office when their address changes. An Address Change Telephone Answering Service is available 24 hours a day, seven days a week, for changes of local and permanent addresses and telephone numbers, restricting release of directory information, and where to mail registration confirmations and ID cards, tuition billing statements, and final grades. Students should always leave a forwarding address with the U. S. Postal Service whenever they move. Addresses may also be changed at the Registration Office, 225 Schmitz Hall.

If you have applied for financial aid, you must also report your address change to the Office of Financial Aid.

Bookstore

Textbooks and supplies for all courses may be purchased at the University Book Store, 4326 University Way NE. (hours: Monday through Saturday, 9 a.m. to 6 p.m.; Thursday, 9 a.m. to 9 p.m.). Telephone: 634-3400.

The University Book Store also operates two small branches on campus (hours as posted). The HUB (Student Union Building) Branch stocks many classroom and personal supply items. The South Campus Center Branch stocks all books for courses in the health and marine sciences as well as general books and supplies. A Bellevue branch of the University Book Store, which does not stock textbooks but carries general books and supplies, is located at 990 102nd Ave. N.E., just north of Bellevue Square. Telephone: 646-3300.

Childcare program

For students who are parents, childcare locator files are designed to help students find licensed childcare facilities. This resource is available in the Office of the Vice President for Student Affairs, the Student Union Building (HUB), and the Health Sciences Library. For more infor-

mation, visit the Childcare Coordinating Office, 466 Schmitz. Telephone: 543-1041.

Computing services

UW Computing & Communications supports computing for instruction and research for the entire campus. Students, faculty, and staff can use CDC Cyber, IBM 4381, or VAX computers for coursework and independent research projects, or write their own programs or use existing programs for statistical analysis, managing data, graphics, and many other applications. IBM-compatible or Macintosh personal computers are also available for use.

UW Computing & Communications also offers non-credit classes in general computer knowledge, programming, selecting microcomputers, using available resources, and many other topics. The Computing Information Center maintains a large collection of information about computing.

The UW Computing & Communications Microcomputer Support Group operates a microcomputer showroom, which provides an opportunity for individuals to use various types of hardware and software for the purpose of familiarization, comparison, evaluation, and selection.

UW Computing & Communications and the Computing Information Center maintain a central facility at 3737 Brooklyn Ave. N.E. Remote locations include 143 Savery, 407 Balmer, 326 Sieg, and T269 Health Sciences. Computer sites also have been installed in some residence halls. For a complete list of remote sites, or information about services or class schedules and fees, call 543-5970.

Counseling Center

All matriculated students (carrying nine or more hours) at the University may use the services of the Counseling Center and its staff of psychologists and vocational counselors to discuss educational progress, personal adjustment or career goals.

A free intake appointment is available to determine if the Counseling Center's services are needed. Individual and vocational counseling appointments cost \$9 each. For students financially unable to pay the fee, efforts are made to find other alternatives. The center is located in 401 Schmitz Hall. Telephone: 543-1240.

Disabled students

Various support services, including priority registration, are available to students with disabilities. Contact the Coordinator for Disabled Student Services (DSS), 482 Schmitz, 543-8924, 543-8925 TDD, for information on equipment services, accessibility, and accommodations to meet individual needs.

Students with disabilities who require special accommodations for science labs, internships, etc., should contact the DSS Coordinator and the academic adviser of that department for appropriate services.

The STAR Work Sheet and instructions are available from DSS in alternate media, including tape recording, large print and braille. Students with disabilities which would limit their ability to use STAR may register through DSS or at the Registration Office, 225 Schmitz Hall.

Financial aid

Students who need financial assistance during Summer Quarter should inquire at the Office of Student Financial Aid, 105 Schmitz, telephone 543-6101, concerning Pell Grant eligibility for summer and the Guaranteed Student Loan (through a private lender, bank, or credit union). In order to be eligible for any type of need-based aid, a student must be a regularly admitted, matriculated student. Students who wish to apply for a Summer Quarter Guaranteed Student Loan should begin the application process with the Office of Student Financial Aid in early spring. Student loans can take between three and four months to arrange.

Housing

Residence halls

Residence hall accommodations on campus are available during Summer Quarter. Parking is also available, although the number of spaces is limited and there is an additional fee.

Half and full-quarter accommodations: For single students staying at least one half-term, accommodations are usually provided in double occupancy rooms. Some single rooms are available at a higher rate. Each room is furnished with twin beds. Bathrooms are shared. Students provide their own linens.

Summer housing rates had not been set at *Bulletin* press time, but accommodations in a double room, with dining plan, are estimated to cost \$700 for the full quarter.

To obtain an application for housing for Summer Quarter, contact the Housing and Food Student Services Office, 301 Schmitz Hall, PC-50, University of Washington, Seattle, WA 98195. Telephone: (206) 543-4059. If you plan to continue your UW studies Autumn Quarter and would like residence hall accommodations for the academic year, request a separate application for this purpose.

Workshop and short course accommodations: If you will be attending a Summer Quarter or Extension program that does not follow the *a* or *b* Term or full-quarter schedule, you can obtain on-campus housing on a space-available basis through the Conference Housing and Special Services Office, McCarty Hall, GR-10, University of Washington, Seattle, WA 98195. Telephone: (206) 543-7636. Rooms are available June 23-Sept. 8.

Accommodations are double or single rooms furnished with twin beds. Linen is provided. Bathrooms are shared. Rates vary, but an overnight stay in a single room and breakfast will cost approximately \$29. Special rates apply for those sharing rooms and for those staying longer than two weeks.

For more information about the on-campus accommodations available for short programs, contact the Conference Housing Office at least 30 days prior to the workshop or class you will be attending.

Privately owned accommodations

Listings of off-campus rental properties, such as rooming and boarding houses, housekeeping rooms, apartments, and houses, are maintained at the Student Union Building (HUB), Room 105. Telephone: 543-8997. The University does not inspect these accommodations, and, therefore, students and parents must accept full responsibility for making a selection. Because these listings change frequently, they cannot be mailed out and must be consulted in person.

Language Learning Center

The Language Learning Center is a resource within the College of Arts and Sciences that provides support for the teaching and learning of languages. Services include: facilities for listening to language cassette tapes (with the capability of individual recording and replay); sale of prerecorded cassettes for home study (major language courses only); language duplication on a student's cassettes; and self-paced language instruction. The center also features a Language Corner, a multi-purpose environment for enhanced language learning, which includes conversation tables, film, cable and video viewings and other activities. The center is located in 108 Denny; the lab is in 113 Denny. Telephone: 543-0536.

Libraries

The University of Washington Libraries are composed of the Suzzallo Library and the Allen Library, with collections primarily in the social sciences and humanities; the Odegaard Undergraduate Library; the Health Sciences Library and Information Center; the East Asia Library; and 17 specialized branch libraries.

All students, staff, faculty and other researchers with valid University identification cards may borrow from these libraries. An automated circulation system requires special barcoded cards for those libraries that are online. Information on the card, loan periods and other circulation policies is available at all circulation desks.

Reference service is available in all library units for users needing information about library facilities, services and guidance with research problems. Formal instruction sessions in the use of library resources and group orientation tours of individual libraries are scheduled throughout the year.

The Summer Quarter hours for the libraries are available at all circulation desks. Telephone: 543-0140.

Medical care

The University provides outpatient health and medical care for students through the Hall Health Center. All undergraduate and graduate students, registered for full- or part-time courses and paying student fees, are eligible for health service upon presentation of a current University student identification card. Students must pay for pharmacy prescriptions, mental health services, physical examinations, and some other services as well as for outside laboratory work. Services provided through the

Student associations

Hall Health Center should not be confused with the student health insurance, available through the University and purchased at the time of registration (see page •). A student may use Hall Health Center services without having student insurance. For details, consult the Hall Health Center brochure. Telephone: 685-1011.

The University Hospital Emergency Room handles emergencies when the Health Center is not open. University police assistance may be obtained for first aid at the scene of an accident or for emergency ambulance transportation from any University building or on-campus location by dialing the emergency call number, 9-911. University Hospital services are not covered by regular student fees. If you have accident and sickness insurance, you most likely will have to pay for a portion of the charges for University Hospital emergency room care.

Minority affairs

The Educational Opportunity Program, administered by the Office of Minority Affairs, provides a variety of services to students from minority and economically disadvantaged backgrounds. These services include recruitment, admissions, academic advising, tutoring, personal and career counseling, housing and financial aid advising, and other assistance. For more information, call 543-6598.

Educational Opportunity Program counselors are available on the third floor of Schmitz Hall, Monday through Friday, from 8 a.m. to 5 p.m. Those who would like to discuss the possibility of enrolling in the University, whether for Summer Quarter or some other quarter, are welcome; no appointments are necessary.

The Office of Minority Affairs also operates the Instructional Center, which provides instructional support for courses offered at the University and special programs in reading, composition, mathematics, sciences, and basic study skills. The center, located at 1307 N.E. 40th, is open Monday through Friday from 8 a.m. to 5 p.m. Telephone: 543-4240.

The Ethnic Cultural Center and Theatre offer a variety of educational, cultural and performing arts programs for student and community participation.

Parking for students

The University encourages alternate forms of transportation. During Summer Quarter, carpooling spaces are available in the Central Plaza Garage, Padelford Garage, Level N-18, and Parking Area N-5 for vehicles with three or more persons arriving after 7 a.m. (depending upon space availability). Daily parking fee for carpools is \$1 in those garages and is payable upon entry. If the single occupant vehicle is the only option available, student parking is available on a daily pay basis in Montlake Parking Area E-1 for 75 cents, and E-4 and E-5 for 50 cents..

Summer Quarter permits (automobiles \$48 per quarter, cycles \$9 per quarter or \$36 per year) may be purchased the first day of the quarter at the Parking Division, 3901 University Way N.E. Student I.D. validated for the Summer Quarter is required. Limited permit parking adjacent to the residence halls is available for students living in the halls and may be purchased for the term or the quarter at

a higher rate than commuter parking. All parking rates are subject to change. For a brochure, call 685-1543.

Disabled students with a confirming letter of disability from Hall Health Center may apply to the Parking Division for assignment to parking in areas convenient to class locations. A free campus shuttle bus for disabled students is also available. Call 685-1511 for information.

Placement Center

The Placement Center provides comprehensive career and job search information and services for students and alumni to facilitate their transition from academic programs of the UW to the broader society. Services are available to UW students and alumni who are registered with the office. Registration is free for students; alumni must pay applicable fees for the period of time during which services are desired.

Services include individual career counseling, job search seminars, a career information library, a Minority Job Placement Program, on-campus interviews, job opportunity bulletins, a placement/credential file service, and career- and degree-related summer jobs/internships. To participate in the on-campus interview program, students must attend an orientation session. For more information, please come to the Placement Center at 301 Loew Hall, FH-30, or call (206) 543-0535.

Student affairs

The Vice President for Student Affairs is responsible for a range of services designed to address the extracurricular needs and interests of University students and to foster their general welfare. The services offered are admissions and registration, financial aid, counseling, housing and food, as well as placement, supervision of student activities and recreational programs, among others. In addition, the vice president advises the president and other University officers on student issues and concerns.

Students are encouraged to contact the Vice President's Office, 476 Schmitz, telephone: 543-4972, for additional information on the services mentioned above or other aspects of campus life.

Student associations

Washington Student Lobby (WSL)

The Washington Student Lobby (WSL) is a voluntary, independent organization of university students whose purpose is to influence the Washington State Legislature and other decision makers on higher education matters of special interest to students. Students may choose to support the WSL by contributing \$1 each quarter. Support for the WSL may be indicated during registration and the voluntary contribution will be included on the tuition billing statement for payment with tuition.

Washington Public Interest Research Group (WashPIRG)

The Washington Public Interest Research Group (WashPIRG) is a student-directed, non-profit and non-partisan organization which works on issues affecting the quality of life in Washington State. Students participate in WashPIRG as decision makers, volunteers and credit interns producing research reports, lobbying the legisla-

ture and organizing students and citizens around consumer, environmental and governmental issues. Students may choose to support WashPIRG by contributing \$2 each quarter. Support for WashPIRG may be indicated during registration and the voluntary contribution will be included on the tuition billing statement for payment with tuition.

Associated Students of the University of Washington (ASUW)

The Associated Students of the University of Washington is a voluntary association of students designated by the University Regents to carry out a variety of student activities. In order to vote in ASUW elections or hold ASUW office, students must be members. A student's membership choice will not affect tuition payment in any way. Information about the ASUW can be obtained from the ASUW Office in Room 204L Student Union Building.

Student Employment Office

The Student Employment Office, a division of the Office of Student Financial Aid, 172 Schmitz, has job listings for part-time, temporary, and summer jobs, most of which are off campus. Currently registered students and those who graduated in the past quarter are welcome to use this service.

Student insurance

The University offers a voluntary accident and sickness insurance plan to supplement the services available at the Hall Health Center. UW students (except those enrolled in programs administered by UW Extension and UW employees attending classes under the employee tuition exemption program) who remain registered through at least the first six days of instruction in the quarter are eligible to enroll in the plan.

Students may sign up for the plan when they register for classes. If students are registered for classes by their academic departments, and no plan is indicated, they will be enrolled in the student-only quarterly plan. The insurance premium will be included on the quarterly tuition statements and must be paid by the quarterly tuition due date. In most cases, financial aid will not pay insurance directly so students must make sure the premium is paid on time. There is no late payment period for the insurance premium.

If students are billed for student insurance and wish to add, cancel, or change coverage, they should complete the appropriate section on the remittance advice copy of the billing statement and pay the revised amount. Students may do this by the tuition due date in person at the Student Accounts and Scholarships Office.

International students must subscribe to the student insurance plan unless they are covered by another plan. Summer-only nonmatriculated students and students admitted for Summer/Autumn must submit proof of coverage to the International Services Office by July 12. Waivers for continuing students who have already presented proof of coverage for the current academic year (Autumn 1990 through Spring 1991) are valid through Summer Quarter. Students holding insurance policies that expire during the academic year are responsible for obtaining new waivers, as necessary.

Brochures describing the plan in more detail are available at the Hall Health Center, the HUB, and the second floor information window in Schmitz Hall. Plan benefits may change each academic year, so students are encouraged to review the brochure carefully.

The University also sponsors a field-trip accident insurance plan. Applications may be requested from the Risk Management Office, 270 Administration Building, or by calling 543-0183.

Student Union Building

The Student Union Building (HUB) facilities include the Husky Den, which provides food service from 7 a.m. to 4 p.m.; the games area, in the basement; a campus-wide lost and found; an information center; meeting rooms; study lounge; music listening lounge; ticket office; and an art gallery exhibiting student work.

Other services include a self-service postal vending station; a micro-computer lab; a branch of U.S. Bank offering limited services; two cash machines; a bike repair shop; a carpool listing; an off-campus housing center; and a branch of the University Book Store. Telephone: 543-8131.

The South Campus Center is a branch of Student Activities and Union Facilities, and offers many of the same services as the HUB. It is located on Portage Bay. Telephone: 543-0530.

Transit

Buses commute daily through the campus and to the University district. Several buses come onto campus and stop along Stevens Way at five different bus stops. Other stops are located on Montlake Blvd., NE Pacific St., 15th Ave. NE, University Way, or NE 45th St. Timetables and monthly bus passes are available at Information Centers at the HUB and South Campus Center, and at the Cashier's Office in Schmitz Hall. Monthly bus passes for Metro and Community Transit are available at a discount with a current UW student ID card.

Veterans information

Veterans and military personnel who entered military service on or after Jan. 1, 1977, may be entitled to educational benefits from the Department of Veterans Affairs.

Seattle attractions

Seattle attractions

Seattle's weather is usually sunny and pleasant during the summer. So, besides your studies, Summer Quarter is a perfect time to enjoy many Seattle area attractions such as the Space Needle, ferry cruises, Pike Place Market, the Hiram M. Chittenden Locks and Pioneer Square. The aquarium, Woodland Park Zoo, Seattle Center, Green Lake, Alki Beach, the Kingdome for Mariners baseball, Lake Washington for boating, downtown shopping at the new Westlake Center, and the Burke Memorial Washington State Museum and Henry Art Gallery on the UW campus are other popular summertime places.

General Information

Friday Harbor Laboratories

Henry Art Gallery

UW Extension

Those individuals with active duty prior to the above date may have eligibility under certain exceptional circumstances.

Veterans receiving compensation for a service-connected disability may be eligible for educational benefits under the Vocational Rehabilitation Program.

Children and spouses of certain deceased or disabled veterans are also entitled to assistance.

Students who enlisted in the selected reserve for a period of six years or more on or after July 1, 1985, are entitled to a modified benefit program.

Individuals who are eligible or have questions concerning eligibility should contact the Office of Special Services in 460 Schmitz Hall for information. Telephone: (206) 543-6122.

Tuition and Fee Exemptions and Reduction for Veterans

Veterans who served in Southeast Asia or had service during World War II are eligible for reduced tuition. Children of a parent who was a Washington resident who was declared to be in POW or MIA status after Feb. 19, 1961, are eligible for tuition and fee waivers under certain conditions. Check with the Office of Special Services for more information.

Burke Memorial Washington State Museum

The recently renovated Burke Museum is a natural history and anthropology museum with collections numbering well over four million specimens. Long-term exhibits focus on the natural and cultural heritage of the Pacific Region. Many special exhibits are featured throughout the year.

Hours: Monday through Friday, 10 a.m. to 5 p.m., Thursdays, 10 a.m. to 8 p.m., and Saturdays and Sundays, 10 a.m. to 5 p.m. The cafe is open Mondays through Fridays, 7 a.m. to 8 p.m., and Saturdays and Sundays, 9 a.m. to 5 p.m.

Location: The museum is located near the 17th Ave. NE and NE 45th St. entrance to the campus.

Telephone: 543-5590.

Admission: Free.

Correspondence study

Many UW courses are available by correspondence. You can study wherever you are, on your own schedule. You have as much as a year to complete a course. Independent Study by Correspondence courses are listed on page 73. For more information or an Independent Study by Correspondence catalog, call the Distance Learning Office at (206) 543-2350.

Friday Harbor Laboratories

Friday Harbor Laboratories in the San Juan Islands provide year-round facilities for research in various areas of marine science.

Because of the nature of the courses offered at the Friday Harbor Laboratories and the amount of time devoted to the laboratory studies and to field work on board the research vessels, the schedule for Summer Quarter extends over a 10-week period, June 17-Aug. 23, and is divided into two terms of five weeks each. The schedule for this summer includes coursework in marine botany (intermediate and advanced), invertebrate zoology (intermediate and advanced), comparative invertebrate embryology, fisheries, and oceanography. All formal courses are offered during either the first or second term and meet for five and one-half days each week; seminars, research courses, and thesis supervision are offered during both terms. A full program of study can be made up of formal courses and/or research.

Although the program of instruction is primarily for graduate students, advanced undergraduate students may be admitted with the consent of the director and professors of the courses for which they wish to register. Preference is given to students who register for at least 12 credits and expect to remain in residence for the entire Summer Quarter.

Application for admission to the Friday Harbor Laboratories must have been made to the director before Feb. 1 for all investigators and Spring Quarter students and before March 1 for Summer Quarter students.

Requests for additional information and all correspondence concerning application, courses, research facilities, and room and board costs should be addressed to the Director, Friday Harbor Laboratories, 620 University Road, Friday Harbor, WA 98250. A bulletin is available on request.

Henry Art Gallery

The Henry Art Gallery, donated by Seattleite Horace C. Henry in 1926, is the University of Washington's art museum.

Hours: Tuesday through Friday, 10 a.m. to 5 p.m.; Saturday and Sunday, 1 to 5 p.m.; and Thursday, 5 to 9 p.m. It is closed Mondays.

Location: The gallery is located near the 15th Ave. NE and NE 41st St. entrance to the campus. Telephone: 543-2280.

Admission: University of Washington students, faculty, and staff, children ages 12 and under, and Henry Gallery Association Members, free; non-UW students and senior citizens, \$1.50; general admission, \$3. Admission to the gallery is free to all on Thursdays.

UW Extension

Credit, professional development and personal enrichment programs on- and off-campus are offered through UW Extension. For a free copy of the quarterly catalog, write UW Extension, 5001 25th Ave. NE, GH-24, Seattle, WA 98195. Telephone: 543-2320.

University Policies

The University and its colleges and schools reserve the right to change fees, rules, and the calendar regulating admission and registration; instruction in and graduation from the University and its various divisions; and any other regulations affecting the student. The University also reserves the right to withdraw courses and programs at any time.

Class attendance guidelines

To provide enrollment space for others, students who do not attend regularly scheduled class meetings during the first week of the quarter are subject to being dropped at the discretion of the teaching departments. Affected courses may be identified in the *Time Schedule* and posted in departmental offices.

Students must not assume that departments will automatically initiate a drop for nonclass attendance. Students who register for courses they do not attend are responsible for officially dropping the courses through the Registrar's Office. The consequence of not officially dropping courses is a 0.0 grade.

Students should contact the instructor or teaching department if they plan to be absent any day during the first week of the quarter.

No person, other than a faculty member attending informally with the approval of the instructor, may attend a University course in which that person has not been officially registered through the Registrar's Office. An instructor may allow a student to attend his or her class only if the student's name appears on the official class list from the Registrar's Office. Instructors may permit students attending class under a faculty/staff tuition exemption or the Washington state classified employee tuition exemption program to attend class prior to registration on Wednesday or Thursday respectively of the first week of the quarter provided space is available.

Complete withdrawal from the University

Dropping all courses for the quarter

It is the student's responsibility to withdraw completely if he or she is unable to attend for the quarter. Students must write the Registration Office, 225 Schmitz Hall, PD-10, University of Washington, Seattle, WA 98195, or withdraw in-person at 225 Schmitz Hall. Complete withdrawal for the quarter is not available via STAR.

Tuition owed will be based upon the date the complete withdrawal is received in the Registration Office. No withdrawals are accepted after the last day of instruction for the quarter.

Courses dropped as part of a complete withdrawal from the University during the first two weeks of a quarter are not recorded on the student's UW transcript; however, the date of the complete withdrawal is recorded.

Students are required to turn in their student ID cards when they withdraw from the University and are not eligible to continue using University services or facilities after their withdrawal.

Continuing students who withdraw during the first week of two consecutive quarters (Summer Quarter excepted) will not be eligible to register as continuing students for the third quarter. Such students must reapply as former students returning to the University. For example, a student who withdraws during the first week of Spring Quarter and Autumn Quarter must reapply as a returning former student for Winter Quarter.

The forfeiture schedule for completely withdrawing from the University is as follows:

- Students withdrawing before the sixth day of the quarter do not pay tuition. New and returning students forfeit their \$50 enrollment confirmation deposit.
- Students withdrawing on the sixth day through the 30th calendar day continue to owe one-half of their tuition.
- Students withdrawing after the 30th calendar day continue to owe full tuition.
- Students whose registrations are canceled for non-payment of fees will continue to owe the University one-half their tuition and fees.
- International students who are registered for an English As A Second Language course must make a separate request for a refund for that course by contacting the ESL Office in 102 Lewis Hall at the same time they withdraw from the University.

Withdrawal for military service

Students conscripted into the armed forces or called to active military duty may withdraw through the end of the seventh week of instruction and receive a full refund but no academic credit. Students withdrawing after that date receive a full refund or credit and no refund. Please consult with the Office of the Registrar for complete details.

Courses added after June 30, 1991

An entry code is required to add courses after June 30; no full-quarter or *a* Term course may be added after July 5. *b* Term courses may be added at the Registration Office between July 8 and 31.

Courses audited may not be changed to credit registration after July 5 for full-quarter or *a* Term courses, and after July 31 for *b* Term courses.

Following rules and regulations

It is the University's expectation that a student will follow University rules and regulations as they are stated in the *General Catalog*. In instances where no appeal procedure is spelled out and the student believes that a special set of circumstances makes appeal reasonable, he or she may

appeal the application of specific rules or regulations in an academic matter to the office of the dean of the school or college in which he or she is enrolled, or in a nonacademic matter to the Office of Student Affairs. These offices will either render a decision on the appeal or refer the student to the proper office for a decision.

Full-time student requirement

To be considered full-time, an undergraduate or professional student must register for 12 or more credits and a graduate student must register for 9 or more credits.

It is important to note that differing criteria and standards for full-time enrollment exist for participatory eligibility, e.g., veterans benefits, athletic eligibility, Bureau of Indian Affairs, Vocational Rehabilitation, and various forms of financial aid. Information on full-time requirements of the Department of Veterans Affairs may be obtained at 460 Schmitz, or by calling (206) 543-6122. Consult the Financial Aid Office at 105 Schmitz, or by calling (206) 543-6101, for its requirement on satisfactory student progress. Full-time immigration and naturalization requirements may be obtained at the International Services Office, 459 Schmitz, or by calling (206) 543-0840.

Overload guidelines

For reasons of public safety and instructional quality, course enrollment in each section will be limited to the approved classroom capacity. The Registrar's Office monitors course enrollments throughout the quarter according to the following guidelines:

- Prior to the sixth class day, a student may add a section unless the class is full or requires permission; then an entry code is required. STAR will accept course overloads up to 115 percent of classroom capacity to compensate for expected course drops.
- No course adds are accepted after the 10th class day for full quarter and *a* term courses. No course adds for *b* term are permitted after July 31.

Registration tampering

A student who tampers or attempts to tamper with the registration records of another student, including but not limited to dropping courses and adding courses, may be subject to disciplinary sanctions as defined in the Student Conduct Code (WAC 478-120).

Sexual harassment grievance procedure

Students, as well as members of the faculty and staff, who wish to file a complaint regarding sexual harassment may contact either of the two offices listed below:

- Ombudsman for Sexual Harassment, (206) 543-0283
- Human Rights Office, (206) 543-7217

Personnel in these offices will be available to discuss and provide assistance in resolving the complaint.

Student directory information

The University will routinely release student directory information, unless requested otherwise by the student. Directory information is defined as student's name, address, telephone number, place of birth, major field of studies, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational institution attended by the student. If you do not wish to authorize directory information release and do not want your name and address to appear in the Student Directory, you may call the address change service at 543-3868 to restrict access to this information. If you wish to change your authorization and allow release, you must go to the Registration Office, 225 Schmitz and present identification.

Undergraduate satisfactory progress

Students admitted to the University to pursue baccalaureate degrees are expected to make satisfactory progress toward the attainment of that degree, and are expected to enter a major and graduate after completion of a reasonable number of credits. Refer to the *General Catalog* for additional information.

UW ID card

Carry your UW ID card with you at all times since it is required for a variety of transactions and services on campus. In some situations, you may be asked to provide additional pieces of identification, including one containing your photo. Lost ID Cards may be replaced at the Registration Office, 225 Schmitz, beginning the week prior to the start of the quarter through the fifth class day without charge. Effective the second week of the quarter, replacements are issued by the Student Accounts Office, 129 Schmitz. A \$5.00 fee is charged.

Disclosure of student records

As a general rule the University will not release a student's education records to a third party without written consent of the student. The complete University policy on student education records and the location of such records may be found in the Washington Administrative Code under WAC 478-140. Manuals containing the code are available at reference stations on campus, and at the Visitor's Information Center, 4014 University Way NE. The policy covers such items as accessibility, review and expunging of inaccurate records, and costs to be charged for copies of student records.

Guide to Course Descriptions

Course titles and descriptions are arranged in alphabetical order by college and school; academic departments are listed alphabetically within the appropriate college. The *Time Schedule* section of this bulletin, pages 31-71, contains the dates and times you need to plan your schedule, and the schedule line number (SLN) used when registering by phone using STAR. For further information, contact the appropriate department.

Credits

The University of Washington is on the quarter system. The credit listed for each course is the quarter credit. Semester credits multiplied by 1.5 equal quarter credits; quarter credits divided by 1.5 equal semester credits. Credit is given for full-quarter courses only when the entire quarter is completed.

Course listing system

Most course descriptions include course number, title, credits given (specific or variable), a statement of subject matter and method, and any prerequisite required. Some courses may be repeated for additional credit during subsequent quarters or terms; in this case, the maximum number of credits that may be earned is stated (e.g., 2, max. 8).

Courses numbered from 100 through 299 are lower-division courses normally for freshmen or sophomores; those numbered from 300 through 499 are upper-division courses normally for juniors, seniors and postbaccalaureate students. Courses numbered 500 and above generally are restricted to graduate students.

When acceptable to the graduate program, 300-level courses in a minor or supporting field and 400-level courses may be applied toward the minimum Graduate School requirements of residence and total credit count for the degree.

A student of senior, postbaccalaureate or non-matriculated standing who wishes to register for a 500-level graduate course must obtain permission from the instructor of the class and the departmental chairperson or designated representative.

Graduate courses

600, 700 and 800

Courses numbered 600, 700 and 800 are restricted to students in the Graduate School. They appear by number and title only where applicable under the department course listings. Descriptions for these courses are generally uniform and are listed below in order to eliminate the necessity of repeating them each time the courses appear. The asterisk (*) following the course title indicates the amount of credit is variable. Some 600, 700 and 800 courses are offered on a credit/no-credit-only basis. Call the sponsoring department for more information.

600 Independent Study or Research (*)

Individual readings or study, including independent study in preparation for doctoral examination, research, etc. Prerequisite: permission of supervisory committee chairperson or graduate program coordinator. The name of the faculty member responsible for supervising the student should be listed on the program of studies. Call the sponsoring department for more information.

601 Internship (*)

Internship required of students in a graduate degree program other than Doctor of Arts. Prerequisite: permission of supervisory committee chairperson or graduate program coordinator. The name of the faculty member responsible for supervising the student should be listed on the program of studies. Call the sponsoring department for more information.

700 Master's Thesis (*)

Research for the master's thesis, including research preparatory or related thereto. Limited to graduate students who have not yet completed the master's degree in their major field at the University of Washington. Prerequisite: permission of supervisory committee chairperson or graduate program coordinator. The name of the faculty member responsible for supervising the student should be listed on the program of studies. Call the sponsoring department for more information.

750 Internship (*)

Internship required of all graduate students in the Doctor of Arts degree program. Call the sponsoring department for more information.

800 Doctoral Dissertation (*)

Research for the doctoral dissertation, including research preparatory or related thereto. Limited to intermediate graduate students, i.e., those who have completed the master's degree or the equivalent and have been formally admitted into a doctoral degree program or candidate-level graduate students. Pre-master students initiating doctoral dissertation research should register for 600. Prerequisite: permission of supervisory committee chairperson or graduate program coordinator. The name of the faculty member responsible for supervising the student should be listed on the program of studies. Call the sponsoring department for more information.

Time Schedule

Time Schedule

Abbreviations and symbols used to indicate course requirements

Sample of a time schedule listing

See pages 77-78, for instructions on how to register by phone using STAR.

Courses may have been added or deleted after the course listing section was finalized for this bulletin. To verify the availability of a course, please check the following time schedule or contact the academic department offering the course. For information about STAR registration, see *How to Use STAR Telephone Registration*, page 77.

Abbreviations and symbols used to indicate course requirements

Some courses have special requirements for registration. These requirements, listed below the course title in the *Time Schedule* section, are indicated by the following abbreviations and symbols:

>

Entry code required to enroll.

EC (Building and room number)

The entry code can be obtained in the indicated building and room. See page 82 for list of building abbreviations and a campus map.

CR/NC ONLY

Grades assigned only as credit or no credit. See page 11 for more grade information.

ARR

Days and times must be arranged.

I, II, III

Registration period for which the indicated restriction applies. If no period is indicated, the restriction applies to all registration periods. See page 6 for registration period dates.

() MJ ONLY

Open only to students formally admitted in indicated major.

W/ (Department and course number)

Offered jointly with indicated course. This means the same course is taught by two departments. Students can enroll under the course title of either department.

Sample of a time schedule listing

Department	Course number	Course title		
CMU	350	BROADCAST NEWS		
> 2186	AA 5	MWF 930-1030	CMU 326	BAKER, W
SLN	Section	EC (CMU 110)	Class location	Instructor name
Entry code required	No. of credits	BA ONLY I, II	Days and time	
		Obtain entry code at indicated location		
		Open only to to majors during period I and II		

Independent Study by Correspondence

With Independent Study by Correspondence courses, you can study on your own schedule, in your home, for credit or for personal enrichment. You can enroll at any time in Independent Study by Correspondence courses through the Distance Learning Office. You have one year to finish each course. Teachers can use unlimited Independent Study by Correspondence credits for certification and endorsements.

How to register

Complete a registration form. If you prefer to register by telephone and have a MasterCard or VISA, call (206) 543-2350. Please specify the course schedule number (CSN) when registering. To request an Independent Study by Correspondence Bulletin or to register for a course without a CSN, call (206) 543-2350 or 1-800-543-2320.

Fees

The cost of these courses is \$51 per credit. Any supplemental fees for tapes (T), readings (R), and lab kits (L) are at the end of each course listing. For descriptions or additional information on optional supplemental materials, call (206) 543-2350. Full refunds minus the \$25 registration fee are available if you withdraw within one month of registration.

Continuing Nursing Education

Independent study courses are also offered by Continuing Nursing Education. For more information, call (206) 543-1047, or write Continuing Nursing Education, SC-72, University of Washington, Seattle, WA 98195.

"W" COURSES OFFERED SUMMER QUARTER 1991

Students who plan to take majors in the College of Arts and Sciences and who started college Autumn Quarter 1983, or later, must complete 10 credits of courses designated "W". Students graduating in colleges/schools other than Arts and Sciences may also be required to complete "W" courses. "W" courses are not English composition courses but, rather, are courses in which a substantial amount of writing is required. Almost any department can offer "W" courses. The following courses being taught Summer Quarter 1991 have been designed as "W" courses.

AIS	202 A	ENGL	207 A	PSYCH	232 ZN

COLLEGE STUDIES COURSES

Students in the College of Arts and Sciences who elect to fulfill their general education requirement through College Studies must complete three sequences of 15 credits each in Natural Science, Social Science, and Humanities/Fine Arts from the College Studies list. The following courses taught in Summer Quarter 1991 belong to various College Studies sequences.

SPORTS SKILLS CLASSES

Instruction in a variety of sports is available through the Department of Recreational Sports Programs at the Intramural Activities Building (IMA) on a non-credit basis. Class time schedules will be available at the IMA after May 1, 1991.

The following is a list of classes and registration fees. These classes are subject to change depending on enrollment and space availability. Contact the Sports Skills Office at 543-2571 for more information.

<u>CLASS</u>	<u>Fee</u>	<u>Level</u>	<u>CLASS</u>	<u>Fee</u>	<u>Level</u>
AEROBICS	\$18, 24, 26, 32	All	ROLLERSKATING	\$12	Beg./Int.
ARCHERY	\$10	Beg.	SKIN AND SCUBA	\$155	Beg.
CONDITIONING	\$10-14	All	SOCCER	\$12	All
DANCE	\$40	Beg./Int.	SQUASH	\$14	Beg./Int.
FENCING:			STROKE		
FOIL/SABRE	*18	Beg.	IMPROVEMENT	\$12	Int./Adv.
GOLF (registration at golf range)	\$15,24	Beg. Adv /B eg.	SWIMMING	\$12	Beg./Int.
HYDRO-AEROBICS	\$18-26	All	SYNCHRONIZED		
JUDO	\$18	Beg.	SWIMMING	\$18	Beg.
KARATE	\$18	Beg.	TAE KWON DO	\$18	Beg.
KENDO	\$18	All	VOLLEY BALL	\$10	All
RACQUETBALL	\$14	Beg./Int.	TENNIS	\$20, 30	Beg./Int.
			WEIGHT TRAINING	\$12	Beg.
			YOGA	\$18	Beg.

Eligibility for Classes:

Summer Quarter students. Faculty/Staff who have purchased an IMA Facility Use Card. Spring Quarter students (not enrolled Summer Quarter) who have purchased an IMA Facility Use Card.

Registration:

In person registration (only) is June 25, 26, and 27, 1990 from 7:45am to 6:00pm at the Intramural Activities Building (IMA), Meeting Room A/Lobby. Bring your Summer Quarter Student ID Card or IMA Facility Use Card and pay when you register. Register throughout the quarter at the Golf Range for all golf classes, 543-8759.

SPORT CLUBS - SUMMER QUARTER 1991

Sport Clubs provide a program of instruction, recreation and competition available through the Department of Recreational Sports Programs. For further information stop by the Intramural Activities Building (IMA), Sports Club Office, or call 543-9499.

INDIVIDUAL SPORTS

Bodybuilding	Skin and Scuba
Climbing	Squash
Fencing	Synchronized
Kayak	Swimming

MARTIAL ARTS

Aikido	Kung Fu/Tai Chi
Judo	Tae Kwon Do
Karate	
Kendo	

TEAM SPORTS

Gymnastics
Rowing
Sailing

INTRAMURAL SPORTS

Intramurals provide an opportunity for students and Faculty/Staff to participate in special events, leagues, tournaments, and officiating in various sport activities such as: soccer, softball, tennis, ultimate frisbee, and volleyball. For further information call the IMA Sports Line, 543-8558 daily between 12:00 noon and 8:30 p.m.

ATTENTION SUMMER QUARTER STUDENTS: Spring Quarter Students not attending Summer quarter may purchase a Summer IMA Facility Use Card for \$15.25, beginning Tuesday, May 28, 1991. The card is valid for use from the date of purchase thru the beginning of Autumn Quarter. The card may be purchased in the IMA Administration Office from 8:00am to 4:30pm Monday through Friday, or in the Intramural Sports Office after 4:30pm Monday through Friday and all operational hours on Saturday and Sunday.

or

You may purchase a Single Use Ticket for \$1.75 (on each occasion of use) beginning Saturday, June 29, 1991.

Remember, you need to retain your Spring Quarter Student ID Card to purchase a Summer IMA Facility Use Card.

How to Use STAR Telephone Registration

Using STAR

General information

STAR transaction codes

General information

Touchtone telephone

Use only a touchtone telephone to make entries on STAR. Touchtone phones make a different tone after each key is pressed. Telephones that make no tone or only a monotone will not work on the registration system. Your touchtone phone acts as a computer keyboard, enabling you to enter your course requests just as if you were sitting at a computer terminal. Within minutes, you will know your confirmed schedule.

Merlin telephone

If using an AT&T Merlin telephone to call STAR, press the # sign key twice to send transactions.

Calling STAR

STAR is available during published registration dates and times (see page •). STAR is closed on holidays and may close earlier than midnight on a few days to produce registration confirmations, ID cards, and instructors' class list. If STAR does not answer your call, it is not in operation. If the phone line is busy, all lines are being used. Call back later. You may call STAR during, or after, your initial registration date to add, drop, check section status, etc.

Voice response

A voice response will guide you after each transaction. If you do not understand a response or instruction and would like it repeated, press the star key (*) first, and then the number sign key (#).

If you make a mistake

If you make a mistake before finishing an entry, press the star key and the number sign key (*#), and your entry will be discarded.

To speed up your registration

To expedite your registration, you may enter data during the voice response. Be cautious about doing this, since you may miss some important information.

Disconnect action

Time limits are built into the system, so if you are holding on the STAR line for an extended period of time, you will be disconnected. Error limits are also a part of the STAR system, so if you do not enter the correct information after the second try, STAR will disconnect. You may immediately call back to STAR.

Transactions

The transactions you enter on your touchtone telephone communicate to the computer what action to take (such as add a course, drop a course, check a section status, etc.) and what data you want considered. See the transaction code legend box at left.

Entry codes

Entry codes are five digit random numbers issued to you by academic departments as authorization to enroll in restricted course sections. Academic departments have the ability to establish varying levels of enrollment control for course sections in each registration period, or they can maintain the same level of control throughout.

Courses requiring entry codes are designated with the symbol > to the left of the schedule line number (SLN) in the Time Schedule. Please note that departments reserve the right to require entry codes whether the course is so designated in the Time Schedule or not. Usually information on where to obtain entry codes is found in the body of the Time Schedule, either as a comment before the course listing or just after the title of the course. Contact the department offering the course if STAR advises you an entry code is required and the location for obtaining one is not identified in the Time Schedule.

Instructors may issue entry codes to students when a class is full. You may use this code to override the system but not if the overload will increase enrollment over 115 percent of room capacity.

Once you have used an entry code, the computer removes it from the list of viable codes and will not accept it again. If you drop a section that required an entry code to add, then you must obtain another entry code from the department if you wish to re-add the section.

When you use an entry code to register, it becomes a part of your registration record, and is visible with your name on computer terminal screens. Entry codes are required to add courses during the second week of the quarter.

Lecture/lab/quiz/conference

These are combined under one SLN for each possible combination of time and day. On STAR, when you register for a course SLN associated with a lecture, lab and/or quiz or conference, you will be registered for all the lecture, lab, quiz or conference combinations as listed under one SLN in the Time Schedule.

Alternate selections

If the section requested is closed you will be informed by STAR of open section alternates (including new sections added after the publication of the quarterly Time Schedule). You can then immediately select an alternate section to be added to your schedule. Have a pencil ready and be prepared to write down schedule line numbers (SLN) and meeting times of alternate sections.

STAR transaction codes

- A** Add a course
- D** Drop a course
- L** Hear a spoken listing of your assigned courses
- S** Check the open or closed status of a course
- T** Terminate your call
- G** List grades and GPAs
- 11** Account balance
- 12** Financial aid summary
- 13** Outside lender loan
- 14** Last received payment
- 15** Optional charges
- * Star key; used to separate data
- # Number sign key; used to send transactions that you enter

Time conflict

You may not register on STAR for two courses that meet at the same time or for courses with overlapping meeting times. If you want the second course instead of the one you are registered for, you must drop the first one before adding the second course on STAR. If you want two time-conflicting courses, you must add the second course, in person, at the Registration Office, 225 Schmitz. Time conflicts of more than one hour require instructors' signatures for both courses involved.

Registration holds

If you have a hold on your registration, you will not be permitted to complete your registration until the hold has been released by the initiating office. If you attempt to register on STAR before your hold has been released, the voice response will indicate which office has placed the hold, and where to go to get it released.

Electing S/NS grading option

You must register for a course on STAR, and then go in person to the Registration Office, 225 Schmitz Hall, to elect the Satisfactory/Not Satisfactory grading option.

Audit

You must first register on STAR for the course you wish to audit, and then go in person to the Registration Office, 225 Schmitz Hall, to set the audit grade option.

Credit limitations

Undergraduates will be limited to 19 credits during Registration Periods I and II to allow all students a chance to develop a basic schedule. Additional credits may be added during Registration Period III. Thirty credits is the limit per quarter.

Variable credits

Some courses are offered for a variable number of credits. See the department to obtain the appropriate number of credits for a variable credit course and be prepared to enter the number of credits when requested to do so by the voice response on STAR. To change variable credits beginning the sixth class day, an entry code is required to add the new course credits. After the 10th class day, changes are made at the Registration Office, 225 Schmitz.

Section II on STAR worksheet

Since Section II requires selection decisions only during your first telephone call this quarter, you may proceed directly from Section I to Section III through Section IX in a random manner when making subsequent calls. STAR will not accommodate changes of your initial decisions in Section II. You must go in person to the Registration Office, 225 Schmitz Hall, to modify selections. Faculty/staff or Washington state classified employees using a tuition exemption program, and branch campus students will not be asked to make decisions for Section II.

Private access code to secure your registration and grade data

If, for any reason, you believe that another person might tamper with your registration or hear your grades and GPA on STAR and you want to avoid this possibility, you may go to the Registration Office, second floor, Schmitz Hall, and request a private access code (PAC). Ask for the Private Access Code (PAC) and identify the six digits you wish to use instead of your date of birth when accessing STAR each quarter.

Using STAR**General information (con't)**

Follow these steps before calling STAR

Follow these steps before calling STAR

Step 1: Read the *Registration for Summer 1991*, pages 7-8, *How to Use STAR*, and the *STAR Work Sheet*, page 80, very carefully.

Step 2: Academic advising is highly recommended, and it is suggested that you make an appointment with your adviser before selecting your courses. Use the Trial Schedule Form provided on the following page to draft your schedule.

Step 3: Obtain entry codes from departments for courses requiring entry codes.

Step 4: Organize your registration materials. Use the *Time Schedule* listing in this Bulletin, pages 31-71, to obtain the schedule line number (SLN) for each course section. SLNs change every quarter. Develop your program on the Trial Schedule Form. Prepare an alternate course section list because some sections may be full. Complete the STAR Work Sheet. By completing the work sheet before calling STAR, you will have all the information you need at your fingertips, and will reduce the chances of being disconnected.

Step 5: Take care of all University financial obligations before calling STAR, since STAR will not permit you to register if there is a "hold" on your registration.

Step 6: Call STAR from a touchtone telephone and begin with Section I on the STAR Work Sheet. You will be asked to provide information in Section II during your first telephone call to STAR. Always exit STAR using the "T" transaction followed by the number sign key (#), so that you can find out how to obtain your Registration Confirmation and ID Card.

Step 7: Remember once you have initially registered, you can call STAR as often as you want to check the status of sections, have your confirmed schedule listed, add/drop courses, check your account balance, etc.

Questions?

If you have questions regarding registration, please call Registration, (206) 543-3120, Monday through Friday, 8 a.m.-5 p.m.

Trial schedule form

Plan your schedule on this form and then transfer appropriate information to STAR work sheet.

Schedule line number	Entry code	Department abbreviation	Course number	Section	Credits	S/NS audit	Hour(s) class meets				
							Monday	Tuesday	Wednesday	Thursday	Friday
					Total credits						

Continued from page 8:

Admission status and how to register for UW faculty/staff and Washington State classified employees tuition exemption programs

Admission status: Matriculated-program participants who wish to enroll as new matriculated students or to be a new matriculated category must apply to the Office of Admissions, 320 Schmitz Hall, by the regular admission closing date; May 15 is the closing date for Summer/Autumn applications. Students applying to the Graduate School must contact the applicable academic department for application information.

Nonmatriculated-program participants who are applying as new nonmatriculated students should apply at the Office of Admissions. Applications will be accepted up to the beginning of the quarter.

Returning students-program participants who are former students returning in the same classification or as nonmatriculated students should apply at the Registration Office, 225 Schmitz Hall. Applications will be accepted up to the beginning of the quarter.

Graduate Nonmatriculated-Program participants apply through the intended academic department.

How to register: If the tuition exemption request has been received by the Registration Office in time, program participants may call STAR on or after the appropriate eligibility dates listed above. Registration continues through Sunday, June 30, on STAR without assessment of late fees. Effective Monday, July 1, a \$25 late registration fee is billed if the student is initially registering for the quarter and a \$20 change fee is charged for registration changes. Students participating in the exemption programs listed above will be billed these fees if applicable plus the registration fee when registration in a course is successful.

Students enrolling under these exemption programs will not be permitted to convert to the tuition exemption program if they have already registered for summer quarter, and they will be required to pay regular tuition for those credits.

Students participating in these programs are not entitled to other student services such as those available at the Hall Health Center and the Intramural Activities Building. Therefore, UW student cards will not be issued to students enrolling under the faculty/staff or Washington state classified employee exemption programs. Faculty/staff identification cards may be used for library services. Washington state employees participating in the program may contact the Registration Office in 225 Schmitz Hall for an ID card to be used for library services.

**University Of Washington
Student Telephone Assisted Registration (STAR)
Summer Quarter 1991 STAR Work Sheet**

I. Always access STAR with these four steps:

1. Call STAR **5 4 8 - S T A R** (If calling long distance, precede STAR number with 1- 206)
(On UW campus call, 9-548-STAR)
7 8 2 7
2. Enter Quarter Code **3** 3 = Summer
3. Enter your Student ID number:
4. Enter your birth date or assigned Private Access Code as six digits, followed by **#** Example: 04 16 70 # for April 16, 1970. *For security of your record, do not write your date of birth or Private Access Code on this work sheet.*

1	ABC 2	DEF 3
GHI 4	JKL 5	MNO 6
PRS 7	TUV 8	WXY 9
* Star Key	OPER 0	# Number Sign Key

**II. You will only be asked to provide this information during your first call each quarter.
Make your entry after the STAR voice asks for each selection.**

1. Student Health Insurance **INSURANCE OPTIONS** (For descriptions, refer to Student Insurance section of the Time Schedule. Press zero for no insurance.)
 0 (zero) = No Insurance 1=Student Quarterly Insurance 5=Student Annual Insurance

 3. Contribute to Washington Student Lobby (See page 18) Y = Yes, add \$1 for WSL to my bill
N = No
 4. Contribute to WashPIRG (See page 18) Y = Yes, add \$2 for WashPIRG to my bill
N = No
 5. Registration Confirmation/ID Card L = Local Address
P = Permanent Address
 6. Statement of Account (Tuition and Fee Bill) L = Local Address
P = Permanent Address
 7. Grade Report L = Local Address
P = Permanent Address
- Address to use for Official UW mailings: (updated at time of call)
 Be sure your current address is on file with the Registrar's Office.
 Call 543-3888 24 hours a day, seven days a week to update your address.

III a. To add courses NOT requiring Entry Code:

Schedule Line Number
 #

You will be prompted to enter credits if course has variable credits.

III b. To add closed courses or courses requiring Entry Code:

Schedule Line Number Entry Code Number
 #

Even if you receive an Entry Code from the department, you will not be able to add if the course is already overloaded to 115% of room capacity.

IV. To drop courses:

Schedule Line Number
 #

You will be prompted to enter Entry Code if required to drop.

V. To list your schedule:

#

Includes meeting days and times, building and room.

X. To exit STAR (terminate call) and receive information on Registration Confirmation and ID Cards:

#

VI. To check course status: (Open/Closed)

Schedule Line Number
 #

Includes available alternate sections if requested section is closed.

VII. To list your grades:

#

Includes officially recorded grades and GPA for the most recently completed quarter.

- VIII. Student Account and Loan Status Inquiries:**
- #** To list current student account balance.
 - #** To list summary of disbursed financial aid and aid check availability.
 - #** To determine if outside lender loan funds are available.
 - #** To list the latest recorded student account payment.
 - #** To list this quarter's selected optional charges (WashPIRG, WSL, Insurance.)

IX. To discard any partial entry and repeat previous message:

#

Telephone Audio Library Information System (TALIS)

TALIS is a touchtone telephone audio library service of the University of Washington that answers most commonly asked questions. These messages are free, although there will be a charge if you are calling long distance.

How to use TALIS

1. Using a touchtone telephone, call TALIS at 543-9000.
2. After the greeting, press the 3 digit code followed by # associated with the information you desire.
3. You may go directly to another message at any time by pressing the associated 3 digit code followed by #.
4. When you are finished, just hang up.
5. Our courteous staff will be happy to answer any additional questions, 8 a.m.-5 p.m., weekdays.

TALIS codes

Admissions

101# Campus tours/student visitation program

Application information and deadlines

- 102# Freshmen
103# Transfers
104# International undergraduates
105# Postbaccalaureates
106# Nonmatriculated
107# Graduates
108# Returning former UW students
109# To request an application

Bus passes

110# Bus pass rates

Graduation

111# Graduation application dates and information

Military/civil service tuition exemptions

- 112# Previous Washington residents currently on active Duty out-of-state
113# Active duty military stationed in Washington

Registration

- 114# How to add and drop courses
115# Address change information
116# Enrollment verification and loan deferments

Quarterly academic calendar:

- 117# Autumn Quarter
118# Winter Quarter
119# Spring Quarter
120# Summer Quarter

Registration period dates and information:

- 121# Autumn Quarter
122# Winter Quarter
123# Spring Quarter
124# Summer Quarter

Residency classification

- 125# Requirements for financially independent students
126# Requirements for financially dependent students

127# Application due dates

128# To request an application

Student accounts and aid disbursement

- 129# Aid check disbursement schedule
130# Student insurance premiums
131# Tuition/fees payment procedures

132# Undergraduate tuition rates

133# Graduate tuition rates

Student Loans

Loan information:

- 134# Loan application information
135# Bank loan availability lists
136# Loan signature hours and locations
137# Loan exit interview times and dates

Loan repayment:

- 138# Billing service information
139# Past due loan accounts Information
140# Loan deferment information
141# Loan postponement and cancellation

Transcripts

- 142# How to order a transcript by mail
143# How to order a transcript in person

Withdrawal

- 144# How to completely withdraw for a quarter

State classified employee tuition exemption program

- 145# Information

Map compiled, designed and drafted in cooperation between Physical Plant and the Department of Geography, August, 1971
