

# UNIVERSITY OF WASHINGTON

## WINTER QUARTER 1975

### TIME SCHEDULE

---

#### PREREGISTRATION NOVEMBER 12-15, 18-21

*Last day to register  
and receive  
highest priority*

Freshmen (0-44 credits) . . . . .	November 13
Seniors (135 credits) . . . . .	November 14
Graduate Students . . . . .	November 15
Fifth-year Students . . . . .	November 18
Juniors (90-134 credits) . . . . .	November 19
Sophomores (45-89 credits) . . . . .	November 21

*Class standing is based on the predicted number of credits the student will have at the beginning of the next quarter.*

---

#### IN-PERSON REGISTRATION (By Appointment Only) December 27, 30, 31

---

>>> This symbol in the margin of the *Time Schedule* indicates that the section requires an entry card. Entry cards must accompany section requests on the Mark-Sense Registration Form. Entry cards may be obtained at locations listed on the entry card distribution list.

# GENERAL INFORMATION

It is the University's expectation that a student will follow University rules and regulations as they are stated in the *General Catalog*. In instances where no appeal procedure is spelled out and the student is persuaded that a special set of circumstances makes appeal reasonable, he or she may appeal the application of specific rules or regulations to the office of the dean of the school or college in which he or she is enrolled in the case of an academic matter, or to the Office of Student Affairs in the case of a nonacademic matter. These offices will either render a decision on the appeal or refer the student to the proper office for a decision.

## **GUARANTEED REGISTRATION ELIGIBILITY**

University of Washington students who remain in good scholastic standing are guaranteed the opportunity to register each quarter as long as they maintain continuous enrollment (Summer Quarter excepted). Continuation must be in the same classification, e.g., undergraduate, fifth-year, graduate, etc. Once a student earns a bachelor's degree, he or she must apply for readmission as a fifth-year, nonmatriculated, or graduate student. Exceptions to the guarantee are: (1) students under disciplinary action and (2) students with a financial hold in their records.

If an undergraduate does not enroll for one or more quarters, or if a graduate student goes *on-leave*, he or she must file an application for readmission

with the Registrar's Office. See appropriate readmission closing dates.

## **FULL-TIME STUDENT REQUIREMENT**

Many students think that because they pay full fees they are considered full-time students. This is not true! To be considered a full-time student, undergraduates must register for 12 credits and graduates must register for 9 credits. Full-time status is required for certain agencies, such as Immigration and Naturalization Service, Veterans Administration, and Social Security Administration. Consult the Registrar's Office for social security requirements, the International Services Office for immigration requirements, and the Veterans Affairs Office for VA benefits.

# REGISTRATION INSTRUCTIONS

## ACADEMIC ADVISER

See an academic adviser to discuss your educational objectives and to learn the procedures involved in registering at the University. Have an idea of the courses you would like to take before seeing an adviser by reviewing the *General Catalog* and the quarterly *Time Schedule*.

## REGISTRATION FORMS

Obtain a mark-sense registration form from your advisory office and mark the courses you are requesting on the form in accordance with directions on the form. Please note that some courses in the *Time Schedule* have restricted enrollment and you must obtain entry cards for these courses. Undergraduates will not be scheduled for more than 19 credits until the first day of the quarter. This is done to allow all students a chance to develop a basic program.

## ENTRY CARDS

Certain courses and sections require entry cards for registration. Students who request these courses (and/or sections) on their registration request forms will not be registered in the courses unless the requests are accompanied by entry cards. An entry card alone is not sufficient. The course must also be requested on the mark-sense registration form. Obtain course entry cards for courses designated with the symbol >>> in the margin of the *Time Schedule*. Refer to the Entry Card Distribution Points list for information on where to obtain the entry card for a given course.

## SUBMIT REGISTRATION FORM

1. If you are a continuing student registering during the preregistration period, you may deposit your form at any of the following places:

- a. Registration lobby, second floor, Schmitz Hall
- b. B10 Padelford Hall
- c. Fourth floor student lounge, T-wing, Health Sciences Building
- d. 353 Loew Hall (engineering students only)

See the cover of the *Time Schedule* for registration dates.

2. If you are registering during the in-person manual registration period, go to the Sections branch office, Odegaard Undergraduate Library, on the date and time indicated on your registration appointment.

## LATE REGISTRATION

Students who register after the official registration period will be charged a \$15 late registration fee.

## SCHEDULE OF CLASSES

1. If you are a preregistrant, your schedule of classes will be mailed to the address you indicate on the registration form. All preregistrants are scheduled by computer at one time. The scheduling priority is: freshmen, seniors, graduate students, fifth-year, juniors, and sophomores.

2. If you register during the in-person period you will be scheduled manually and will be given a copy of your completed program when you have finished registering.

## DROPPING AND ADDING COURSES

1. If you don't receive the courses you requested, or wish to change a course you received, you must obtain a change appointment at Window 3, Registration Office, second floor, Schmitz Hall. (See the calendar in this section for drop/add dates.) Engineering students do not require change appointments but go directly to 353 Loew during the change period.

2. Credit changes in variable credit courses and changes to or from S/NS grading may be accomplished without change appointments during the change periods. S/NS changes must be made within the first five days of school.

3. Students dropping courses after the first seven calendar days of the quarter and through the thirtieth calendar day of the quarter will be expected to pay one-half of the tuition and fees associated with that course. Example: An undergraduate originally registers for 5 credits. The fee for 5 credits is \$134 (resident). The student then drops a 3-credit course in the second week of the quarter. The total number of credits for which the student remains registered is 2. Tuition and fees for 2 credits are \$53. However, additional fees are due for half the difference between 5 credits and 2 credits, in this case an additional \$40.50. The student has been registered in the dropped course for more than one week and therefore must pay half the fees for the course.

Courses dropped after the thirtieth calendar day receive no refund. Example: A student is registered for a 3-credit course. The student drops that course after the thirtieth calendar day. No refund is available. If the student adds a different 3-credit course at the time he drops the original 3-credit course, he or she will pay tuition and fees for 6 credits.

4. The last official change period takes place during the first week of the quarter. After the official change period, a service charge of \$5 will be assessed for each change of program, change of section, or drop from a course, or any number of changes that are made to a program at the same time without an appointment. Only partial fee reductions will result for courses dropped after the first five class days without appointments (see item 3).

5. Drops become effective the date received in the Registrar's Office. Instructors may approve back-dating a drop for academic purposes but for fee purposes the effective date remains the date received by the Registrar's Office.

6. Courses dropped after the fifteenth calendar day must be graded with either a PW (passing withdrawal) or EW (failing withdrawal).

7. Undergraduates in the College of Arts and Sciences must have the Dean's permission to carry more than 20 credits.

8. Students adding courses after the fifteenth calendar day must have the Dean's and instructor's permission.

## FEE PAYMENT

1. A fee statement will be mailed to the address you indicate on your mark-sense registration form. *Fees must be paid by Friday of the fourth week of the quarter.*

2. Mail your fee payment to the Student Accounts Office in the envelope provided before the due date indicated.

3. If you fail to pay by the deadline you may continue to pay your fees, with a \$10 late fee, for three weeks following the due date. If fees are not paid by this time your registration will be canceled. *Please note: even if your registration is canceled you will continue to owe one-half your tuition and fees if you are a continuing student or, if you are a new or returning student, \$50 or one-half your tuition and fees, whichever is greater.*

## STUDENT INSURANCE

All students who do not specifically request a particular student insurance plan or who do not specifically state they do not wish student insurance, will automatically be enrolled and billed for *student only*

medical, surgical, and hospital insurance. Forms are provided at the registration area.

If you are billed for student insurance and decide that you do not want coverage, you may void the policy by completing the appropriate section on the fee payment card and by paying the amount billed less the indicated amount for insurance.

### GRADING OPTIONS

Most courses are graded with traditional A, B, C, D, and E letter grades. Students may, however, elect certain options.

#### 1. Satisfactory/Not Satisfactory

The advantage of taking a course on an S/NS basis is that D and E grades in undergraduate courses and C, D, and E grades in graduate courses are recorded as NS or Not Satisfactory grades. NS grades are not included in any grade-point computations. A, B, and C grades in undergraduate courses and A and B grades in graduate courses are recorded as S or Satisfactory. S grades are not included in any grade-point calculations. In cases of withdrawal a PW is recorded, but EW is converted to NS (Not Satisfactory). N, I, and X are recorded until the instructor reports the grade.

Students may generally take elective courses on an S/NS basis. Only one course or 6 credits may be taken in a given quarter. A total of 25 credits graded with an S may apply toward a baccalaureate degree.

#### 2. Credit/No Credit Program

The University offers an undergraduate grading option called Credit/No Credit. Students entering this program automatically take all courses on a CR/NC basis. This program is not applicable to certain degrees and advisers should be consulted. Students must enter and exit the CR/NC program no later than the first week of the quarter the change is to be effective. Further information is available at the Registration Office, Window 3, second floor, Schmitz Hall.

#### 3. Credit/No Credit—Only Courses

Some courses are offered on a CR/NC—only basis. These courses may be taken only on this basis and it is not necessary to be in the special Credit/No Credit program to take these courses. It is not necessary to register S/NS to take these courses, as the only grades assigned by the instructor are CR (Credit) or NC (No Credit). Neither CR nor NC are included in the grade-point average. In cases of withdrawal grades, a

PW is recorded, but an EW is converted to NC (No Credit). N, I, and X are recorded until the instructor reports the final grade.

### WITHDRAWAL FROM THE UNIVERSITY

1. Obtain a withdrawal form from your advisory office and have it approved by your adviser.

2. Present the withdrawal form to the Withdrawal Office, Sections, 264 Schmitz Hall. *Withdrawals are normally effective the date they are received in the Registrar's Office.* Withdrawals may be backdated for academic purposes by academic advisers. These backdated withdrawals must be accompanied by the signature of each instructor for each course in which the student was registered. Academic deans may backdate withdrawals without instructor signatures in cases where it is clear that the student never attended classes. A backdated withdrawal will not result in a backdated fee refund date. Fees owed will be based upon the date the withdrawal is received in the Registrar's Office.

The fee schedule below will be followed.

#### Continuing Students

a. Students withdrawing before the sixth day of the quarter do not pay tuition or fees.

b. Students withdrawing on the sixth day or through the thirtieth calendar day continue to owe one-half of their tuition and fees.

c. Students withdrawing after the thirtieth calendar day receive no refund of tuition or fees.

#### New and Returning Students

a. Students withdrawing before the sixth day of the quarter forfeit their \$50 enrollment service fee.

b. Students withdrawing on the sixth day or through the thirtieth calendar day of the quarter must pay one-half of regular tuition and fees or forfeit the \$50 enrollment service charge, whichever is greater.

c. Students who withdraw officially after the thirtieth calendar day must pay full tuition and fees, which includes the \$50 enrollment service fee.

3. Students who were unable to turn in their withdrawal in time may petition the Comptroller's Office for additional refund. Petition forms are available at the Student Accounts Office, 129 Schmitz Hall.

4. Courses dropped after the first fifteen calendar days (including withdrawal from the University) are graded with either a PW (passing withdrawal) or EW (failing withdrawal).

# GUIDE TO COURSE LISTINGS

Course and section information is listed in the following columnar order:  
 Entry card required symbol (>>>), if appropriate  
 Schedule line number  
 Department  
 Course number  
 Section designation  
 Section type—laboratory, quiz, or conference  
 Credits—listed with lecture section only; slash (/) means or; 2.5 means 2½ credits; hyphen (-) means to; VAR means variable credit and any number of credits may be elected

Honors (H), Permission Required (P), or New Course (%), as appropriate  
 Day(s) of meeting (ARR means "to be arranged")  
 Time of meeting  
 Place of meeting (\* \* \* means "to be arranged")  
 Course title and remarks—CR/NC ONLY means course offered for credit/no credit grading only  
 Name of instructor

# AUTUMN QUARTER 1974 CALENDAR

May 22-31	Preregistration for all matriculated students in school Spring Quarter 1974.
July 8-August 29	In-person registration by appointment only.
August 12-14	Change of registration by appointment only for students who have completed preregistration.
September 16-24	Change of registration by appointment only for students who registered July 8-August 29.
September 16-25	In-person registration by appointment only.
September 30-October 4	Change of registration by appointment only.
<i>Academic Period</i>	
September 30, Monday	Instruction begins.
October 11, Friday	Last day to return approved applications to 207 Schmitz Hall for credit by examination.
October 26, Saturday	Credit by examination.
November 1	Applications for bachelor's degrees and certificates to be conferred Spring Quarter 1975 must be submitted to the Graduation Office, 207 Schmitz Hall.
November 11, Monday	Veterans Day holiday. (May be changed to October 28.)
November 28, 29	Thanksgiving recess.
December 11, Wednesday	Last day of instruction.
December 12, Thursday	Final examinations begin.
December 19, Thursday	Quarter ends.

*Calendars are subject to change without notice. Questions concerning calendar dates should be directed to the Registrar's Office, telephone (206) 543-5377.*

# WINTER QUARTER 1975 CALENDAR

November 12-21	Preregistration for all matriculated students in school Autumn Quarter 1974.
December 12, 13	Change of registration by appointment only for students who have completed preregistration.
December 27, 30, 31	In-person registration by appointment only.
January 6-10	Change of registration by appointment only.
<i>Academic Period</i>	
January 6, Monday	Instruction begins.
January 17, Friday	Last day to return approved applications to 207 Schmitz Hall for credit by examination.
February 1, Saturday	Credit by examination.
February 7, Friday	Applications for bachelor's degrees and certificates to be conferred Winter Quarter 1975 must be submitted to the Graduation Office, 207 Schmitz Hall.
February 17, Monday	Washington's Birthday holiday.
March 14, Friday	Last day of instruction.
March 17, Monday	Final examinations begin.
March 21, Friday	Final examinations end and quarter ends.

Calendars are subject to change without notice. Questions concerning calendar dates should be directed to the Registrar's Office, telephone 543-5377.

# Autumn Quarter 1974 Examination Schedule

8:30 a.m.	8:30-10:20*	8:30-10:20	10:30-12:20	12:30- 2:20	Monday Dec. 16
9:30 a.m.	8:30-10:20*	8:30-10:20	10:30-12:20	12:30- 2:20	Tuesday Dec. 17
10:30 a.m.	8:30-10:20*	8:30-10:20	10:30-12:20	12:30- 2:20	Friday Dec. 13
11:30 a.m.	2:30- 4:20*	2:30- 4:20	4:30- 6:20	6:30- 8:20	Tuesday Dec. 17
12:30 p.m.	8:30-10:20*	8:30-10:20	10:30-12:20	12:30- 2:20	Wednesday Dec. 18
1:30 p.m.	2:30- 4:20*	2:30- 4:20	4:30- 6:20	6:30- 8:20	Friday Dec. 13
2:30 p.m.	2:30- 4:20*	2:30- 4:20	4:30- 6:20	6:30- 8:20	Monday Dec. 16
3:30 p.m.	2:30- 4:20*	2:30- 4:20	4:30- 6:20	6:30- 8:20	Wednesday Dec. 18
4:30 p.m.	2:30- 4:20*	2:30- 4:20	4:30- 6:20	6:30- 8:20	Thursday Dec. 12
EVENING CLASSES (5:30 or thereafter)	8-10 p.m. Thursday Dec. 19	8-10 p.m. Monday Dec. 16	8-10 p.m. Tuesday Dec. 17	8-10 p.m. Wednesday Dec. 18	
Make-ups Incomplete Removals Conflicts	When mutually agreeable to faculty and students concerned, provided scheduled <i>no later than</i> Thursday, Dec. 19				

Final examinations should be administered according to the above schedule. If the final examination is given at a time earlier than that indicated above, the last meeting of the class shall be the examination period indicated in the above table.

Classes not assigned by the above schedules may use any time during the examination days that is mutually agreeable to faculty and students concerned, provided it is scheduled not later than Thursday, Dec. 19, and no student has conflict with another examination.

Instructors of 5-credit courses that do not occupy the same classroom five days a week, who wish to give a three-hour examination, must ascertain whether or not there is a 2- or 3-credit course occupying the classroom on the other days of the week that will be holding an examination scheduled for the 10:30 hour. If that proves to be the case, the instructor must arrange for another examination room by calling Room Assignments 543-1080.

All students in undergraduate courses shall be required to take final examinations, provided that in a course for which an examination is not an appropriate test of the work covered, the instructor may dispense with the final

examination. Working students are responsible for arranging their work hours to enable them to attend the final examinations.

A student absent from a scheduled final examination, either by permission of his dean or through sickness or other unavoidable cause, shall be given a grade of Incomplete if his work in that course has been satisfactory until the time of his absence. He may remove this Incomplete in the manner provided for the removing of Incomplete grades. In all other cases of absence from the scheduled final examination, a student should be given a grade of E.

\*Classes in which the entire class meets at the same hour every day may use 8:30-11:20 or 2:30-5:20 for the examination; but in 5-credit courses that meet Monday and Wednesday, or Monday, Wednesday, and Friday for lecture, with quizzes or laboratories at various hours, there may be students who have other classes meeting on Tuesday and Thursday at the same hours as the Monday and Wednesday, or Monday, Wednesday, and Friday lectures. In order not to penalize those students who will have an examination in the Tuesday and Thursday course from 10:30-12:20 or 4:30-6:20 the same day, and to ensure equity, the examination must be terminated at the end of one hour and fifty minutes and all examination papers must be collected.

# Winter Quarter 1975 Examination Schedule

The last day of instruction is Friday, March 14

HOUR class actually meets during quarter	Hour and day on which examination occurs, by days of class meeting in the week

10:30 a.m.	8:30-10:20*	8:30-10:20	10:30-12:20	12:30- 2:20	Monday March 17
11:30 a.m.	2:30- 4:20*	2:30- 4:20	4:30- 6:20	6:30- 8:20	Wednesday March 19
12:30 p.m.	8:30-10:20*	8:30-10:20	10:30-12:20	12:30- 2:20	Thursday March 20
1:30 p.m.	2:30- 4:20*	2:30- 4:20	4:30- 6:20	6:30- 8:20	Monday March 17
2:30 p.m.	2:30- 4:20*	2:30- 4:20	4:30- 6:20	6:30- 8:20	Tuesday March 18
3:30 p.m.	2:30- 4:20*	2:30- 4:20	4:30- 6:20	6:30- 8:20	Thursday March 20
4:30 p.m.	2:30- 4:20*	2:30- 4:20	4:30- 6:20	6:30- 8:20	Friday March 21
EVENING CLASSES (5:30 or thereafter)	8-10 p.m. Thursday March 20	8-10 p.m. Monday March 17	8-10 p.m. Tuesday March 18	8-10 p.m. Wednesday March 19	
Make-ups Incomplete Removals Conflicts	When mutually agreeable to faculty and students concerned, provided scheduled <i>no later than</i> Thursday, March 20.				

Final examinations should be administered according to the above schedule. If the final examination is given at a time earlier than that indicated above, the last meeting of the class shall be the examination period indicated in the above table.

*Classes not assigned by the above schedules* may use any time during the examination days that is mutually agreeable to faculty and students concerned, provided it is scheduled not later than Thursday, March 20, and no student has conflict with another examination.

Instructors of 5-credit courses that do not occupy the same classroom five days a week, who wish to give a three-hour examination, must ascertain whether or not there is a 2- or 3-credit course occupying the classroom on the other days of the week that will be holding an examination scheduled for the 10:30 hour. If that proves to be the case, the instructor must arrange for another examination room by calling Room Assignments 543-1080.

All students in undergraduate courses shall be required to take final examinations, provided that in a course for which an examination is not an appropriate test of the work covered, the instructor may dispense with the final

examination. Working students are responsible for arranging their work hours to enable them to attend the final examinations.

A student absent from a scheduled final examination, either by permission of his dean or through sickness or other unavoidable cause, shall be given a grade of Incomplete if his work in that course has been satisfactory until the time of his absence. He may remove this Incomplete in the manner provided for the removing of Incomplete grades. In all other cases of absence from the scheduled final examination, a student should be given a grade of E.

\*Classes in which the entire class meets at the same hour every day may use 8:30-11:20 or 2:30-5:20 for the examination; but in 5-credit courses that meet Monday and Wednesday, or Monday, Wednesday, and Friday for lecture, with quizzes or laboratories at various hours, there may be students who have other classes meeting on Tuesday and Thursday at the same hours as the Monday and Wednesday, or Monday, Wednesday, and Friday lectures. In order not to penalize those students who will have an examination in the Tuesday and Thursday course from 10:30-12:20 or 4:30-6:20 the same day, and to ensure equity, the examination must be terminated at the end of one hour and fifty minutes and all examination papers must be collected.

## NEW COURSES FOR WINTER QUARTER 1975

The following list includes new courses that will be offered Winter Quarter 1975, which were added to the University curriculum after publication of the 1974-76 General Catalog.

### COLLEGE OF ARTS AND SCIENCES

#### ANTHROPOLOGY

##### Anthropology

##### ANTH

##### 321 Introduction to the Anthropological Study of Religion (3)

Introduction to the comparative study of religion as approached by the discipline of anthropology. Examination of various types of religious systems recognized by anthropology. Recommended primarily for non-anthropology majors. Prerequisites, sophomore standing and RELIG 201 or 202.

##### ANTH

##### 421 Belief, Ritual, and the Structure of Religion (5)

Systematic survey of the concepts, models, and theories which characterize the anthropological study of religion. Consideration of religious phenomena with reference to those formulations which provide meaning for social experience and those actions which serve to fulfill social functions. Prerequisites, 202 or 321 or RELIG 201 and 202.

##### ANTH

##### 443 Anthropology in Urban Settings (3)

Cross-cultural examination of theoretical issues in anthropology. Discussion will focus on ethnic identity and the formation of urban ethnic groups; migration, its rural and urban consequences; family and kinship organization as an adaptation to urban complexity; and the nature of urban voluntary associations. Prerequisite, permission.

##### ANTH

##### 444 Contemporary Chinese Society (5)

Offered jointly with the Institute for Comparative and Foreign Area Studies as EASIA 444. See EASIA 444 for course description and prerequisites.

##### ANTH

##### 497 Cognitive Anthropology (3)

Discussion and practical experience in the collection and analysis of data will be stressed, thus the class size will be limited to twenty students. The classwork will revolve around several exemplary cognitive anthropological studies, which will be replicated as class projects. Each project will provide a starting point for debating the central theoretical issues in this specialty. Prerequisites, 202 and major in anthropology, or permission.

##### Physical Anthropology

##### PHY A

##### 469 Special Topics in Physical Anthropology (3, max. 6)

Delineation and analysis of a specific problem or a more general area in physical anthropology. Offered occasionally by visitors or resident faculty. Prerequisite, permission.

##### PHY A

##### 499 Undergraduate Research (\*, max. 12)

Prerequisite, permission.

##### PHY A

##### 600 Independent Study or Research (\*)

Prerequisite, permission.

#### ART

##### Art

##### ART

##### 230 Life Sciences Illustration (3, max. 9)

Designed to acquaint the student with the drawing aspects of the life sciences. Accurate and selective interpretation of shape, texture, and consistency of biological materials within the framework of artistic integrity employing a variety of illustration techniques. Exploration of specifications for ultimate use--film, projectual, print media. Prerequisite, permission.

##### ART

##### 420 Visual Inventions: Multi-Media (5, max. 15)

An experimental approach to visual problems employing a variety of media and allowing for a maximum of individual expression in their solution. Prerequisite, junior standing in art.

##### ART

##### 430 Advanced Biological and Medical Illustration (2, max. 6)

A studio-lecture course of special projects in scientific illustration using both line and continuous tone techniques. Emphasis is placed on accurate observation and interpretation of specimen with practical application to publication requirements. Prerequisite, permission.

##### ART

##### 452 Video Art (5, max. 15)

Discussion, demonstrations, and practical experiments in closed circuit television and videotape as creative media. Prerequisites, extensive work in printmaking and film and permission of the instructor.

##### Art History

##### ART H

##### 422 Islamic Art of India and Iran (3)

Seminar. The Islamic tradition in painting and related arts of Iran with respect to the further development of this tradition in the Mughal art of India. Prerequisite, upper-division standing or permission.

#### ASIAN AMERICAN STUDIES

##### AAS

##### 205 Asian American Cultures (5)

Provides an overview and an insight into the Asian American subcultures; presents the evolution of Asian American cultures in the United States from 1850 to the present--immigration patterns, evolution of subcultures, evacuation, interracial relations, assimilation, and signs of social disorganization. Not open to students who have taken GIS 305.

AAS  
499 Undergraduate Research (1-5, max. 10)

ASIAN LANGUAGES AND LITERATURE

Indian  
INDN  
530 Readings in Pali Literature (3, max. 18)

Readings and interpretation of intermediate and advanced texts in Pali, dealing with the Theravada countries of South and South East Asia (Sri Lanka, Burma, Thailand, etc.). Prerequisite, 402 or equivalent.

Tagalog  
TAGLG  
102 Elementary Tagalog (5)

Introduction to the spoken language through oral-aural drills, emphasizing pronunciation and elementary conversation. Grammatical elements and basic structures are introduced. Some reading and writing exercises.

ASTRONOMY

ASTR  
576 Astronomy Colloquium (1, max. 20)

Current research topics in astronomy and astrophysics. Prerequisite, permission.

ATMOSPHERIC SCIENCES

ATM S  
546 Introduction to Atmospheric Turbulence  
(3)

Review of derivation of Navier-Stokes equations; turbulent and laminar flow; Reynolds averaging and statistical description of turbulent flow; characteristics of isotropic turbulence; velocity correlations and spectra; turbulent energy equation and scalar variance equation. The closure problem and some examples of how to do it; observational evidence.

ATM S  
571 Theoretical Climatology (3)

Climate is studied from a theoretical viewpoint with particular emphasis on the dependence of the dynamics of the atmosphere to perturbations of the extrinsic climatic controls. The various earth system feedback mechanisms and loops are discussed and a hierarchy of physical and mathematical models are developed to represent them. Finally, the possibility of climate forecasting is critically evaluated. Prerequisites, 441 and 442, or permission of instructor.

BIOLOGY

BIOL  
499 Independent Studies in Biology Instruction (1-5, max. 15)

Individual exploration and direct experience with modes of thought and activity in biology instruction. Prerequisite, permission.

BOTANY

BOT  
310 Plants, Man, and Ecology (5)

Survey of major ecological principles, stressing plant dominated systems and their interactions with human populations. Topics covered include the distribution, structure and functions of terrestrial systems, succession, forms of disturbance, ecosystem conservation, and management principles. Lecture, discussion, and audiotutorial laboratory experience.

COMMUNICATIONS

CMU  
292 Advanced Still Photography (3)

Black and white still photography, introduction to color. Camera and darkroom techniques. Field assignments. For news reporting, advertising production, and free lance photography. Prerequisites, 291 and permission of instructor.

CMU  
342 Advanced Advertising Copy and Layout (3)

Advanced course designed to elaborate and polish skills and techniques developed in 341. Creative strategies, multi-media copywriting experiences, and campaign theming are emphasized. Open to majors only. Prerequisite, 341.

COMPARATIVE LITERATURE

C LIT  
202 Classics of the Cinema I (5)

Historical study and critical assessment of the cinema from the beginnings to the 1930's, based on lectures and discussions of a selection of film classics. Prerequisite, 201.

DRAMA

Drama  
DRAMA  
582 Analysis of Dramatic Literature (3)

Modes of analysis intended for graduate students in drama (design, directing, and theatre history). Intensive analytical work on a limited number of play texts selected from the classical Greek period to the present. Prerequisite, graduate standing.

Drama-Dance  
DRDNC  
145 Introduction to Dance History and Literature (1)

Historic survey of dance and development of specific dance forms together with a study of major dance literature.

DRDNC  
202 Dance Techniques II (3)

Dance techniques at the intermediate level. On-going study in the history of dance is an integrated part of classwork as concerns specific dance styles when they are introduced into the sequential studio work. Prerequisite, 201 or permission.

DRDNC  
240,242 Structure of Music in Relation to Dance (1,1)

Basic course sequence to develop the dancer's awareness of the structural elements of music as they apply to movement. Prerequisite, 241 or permission for 242.

ENGLISH

ENGL  
267 Introduction to American Literature (5)

Survey of the major writers, modes, and themes in American literature, from the beginnings to the present. Specific readings will vary, but regularly included are: Taylor, Edwards, Franklin, Poe, Hawthorne, Melville, Emerson, Thoreau, Whitman, Dickinson, Twain, James, Eliot, Stevens, O'Neill, Faulkner, Hemingway, Ellison, Bellow.

ENGL

442 Language Learning (3)

Consideration of how an individual achieves psychological and esthetic grasp of reality through language; relates language development to reading skills, literary interpretation, grammar acquisition, oral fluence, discursive and imaginative writing.

ENVIRONMENTAL STUDIES

ENV S

101 Introduction to Environmental Studies (3)

Introduction to concepts essential for understanding and dealing with environmental problems. Description of relationships that link together diverse parts of our environment--behavior, natural systems, technology, decision-making, etc. The course will identify possible types of choices we face, criteria for deciding what is best and positive lines of action for dealing with environmental matters. Open to freshmen.

ENV S

342 Interaction of Man and Environment (3)

Study of man's relation to the environment and the changes this relationship has undergone as technology becomes more complex and population increases. The problems of environmental science as a holistic pattern of natural interactions. The integrative nature of environmental studies will be stressed through lecture-discussion and problem solving workshops. Students will learn techniques to assess the environmental impacts of human activities and resource use both on natural and artificial environments. Prerequisite, junior standing.

ENV S

451 Problems in Shoreline Management (3)

Seminar with focus on various problems in shoreline management, including economics of shoreline use, shoreline law, and legislative approaches to shoreline management with particular reference to Washington's shoreline planning processes. Open to juniors and seniors.

GENERAL STUDIES

G ST

-341 Community Fieldwork: Law (-5)

Interdisciplinary seminar-fieldwork course in the area of law, including work in the court system, probation and parole, and in penal institutions of the city, county, and state. Maximum of 20 credits in G ST 350 and G ST 340- through -349 together may be counted toward a degree in the College of Arts and Sciences. Offered on CR/NC basis only.

G ST

342- Community Fieldwork: Health (5-)

Interdisciplinary seminar/fieldwork course in the health care area, including work in hospitals, free clinics, nursing homes, etc. A maximum of 20 credits in G ST 350 and G ST 340- through -349 together may be counted toward a degree in the College of Arts and Sciences.

G ST

344-345 Community Fieldwork: Social Service (5-5)

Interdisciplinary seminar-fieldwork course in social services area. Students will do counseling in mental health clinics, work with physically handicapped persons, youth centers, and

other service agencies. A maximum of 20 credits in G ST 350 and G ST 340- through -349 together may be counted toward a degree in the College of Arts and Sciences. Offered on CR/NC basis only.

G ST

-349 Community Fieldwork: Special Topics (-5)

Interdisciplinary fieldwork/seminar course to be offered on issues of special topical importance. Students may work in a single agency on a particular topic or in allied agencies, and special programs designed to combine seminars and fieldwork can be included within -349. A maximum of 20 credits in G ST 350 and G ST 340- through -349 together may be counted toward a degree in the College of Arts and Sciences. Offered on CR/NC basis only.

G ST

350 Independent Fieldwork (1-5, max. 20)

On- or off-campus independent fieldwork supervised by a faculty member, including such things as work with community agencies, apprenticeship, internship, etc., approved as appropriate for Arts and Sciences credit by the Office of Undergraduate Studies. A maximum of 20 credits in G ST 350 and the G ST 340-349 sequence together may be counted toward a degree in the College of Arts and Sciences. Offered on CR/NC basis only.

GEOLOGICAL SCIENCES

GEOL

481 Mineral Industry Economics (4)

Offered jointly with the Department of Mining, Metallurgical, and Ceramic Engineering as MIN E 481. See MIN E 481 for course description and prerequisites.

GERMANICS

GERM

104 Individualized First-Year German (1-15)

Individualized approach to elementary German instruction. Students progress at their own pace. Credits vary (depending upon amount of material mastered) from 1-15 and any number of credits (up to 15) may be earned per quarter. Students must register initially for 5 credits. Offered on CR/NC basis only.

GERM

130 Conversational German Through Films (2, max. 6)

Conversational German in everyday situations, based on a widely acclaimed German film series, with especial interest to travelers. Stress on oral rather than written German and conversation practice in small groups an integral part. Although the series progresses through the year beginners may enroll in any quarter. Students registered for 101, 102, 103 may also register for 130 in order to take advantage of the visual material presented.

HISTORY

General History

(Correction of 1974-76 General Catalog)

HST

112 The Medieval World (5)

Survey of the political, economic, social, and intellectual history of the Middle Ages. Not open to students who have taken HSTAM 331, 332, or 333 (upper-division Medieval survey courses).

## History of the Americas

### HSTAA

180 History of the Chicano People to 1848 (5)

Historical survey of the Chicano people from pre-Hispanic times to the war between the United States and Mexico.

### HSTAA

488 History of the Caribbean and Central America (5)

Political, social, and economic history of principal countries in the Caribbean and Central America from their discovery to the present.

## Ancient and Medieval History

### HSTAM

335 Medieval English Culture (5)

Study of the fusion of cultures that occurred in medieval England. The first half of the course considers the inhabitants of Britain from the Celts through the Normans and the cultural confrontations that resulted from successive invasions. The second part examines several topics representative of this cultural fusion.

## HOME ECONOMICS

### H EC

490 Clinical Dietetic Experience (1-4, max. 15)

(2 credits are allowed Winter Quarter 1975.)

Opportunity for the student in clinical dietetics to participate in the delivery of nutritional care to individuals and groups in a variety of health care facilities under the supervision of a clinical instructor. Taken concurrently with 407, 410-411, 457, and EDC&I 328. A minimum of three hours each week for ten weeks by arrangement. Prerequisite, enrollment in the Clinical Dietetic program.

## INSTITUTE FOR COMPARATIVE AND FOREIGN AREA STUDIES

### East Asia

#### EASIA

424 Perspectives on East Asia for Teachers (3)

Examination and evaluation of substantive concepts, resources, and materials employed in teaching about East Asia. Course requirements may vary in relation to the particular background of participants.

#### EASIA

444 Contemporary Chinese Society (5)

Analysis of society in the People's Republic of China as a product of traditional Chinese society and the changes wrought upon it by the impact of the West and by the revolutionary policies and practices of the Chinese Communist Party. Offered jointly with Anthropology as ANTH 444. Prerequisite, EASIA 443 or ANTH 403 or another acceptable course on Chinese society, or permission of the instructor.

#### EASIA

531 Chinese History: Research Methods and Bibliographic Guides (3, max. 6)

Introductory research seminar dealing with the methodological and bibliographical problems concerning all periods and aspects of Chinese history from the earliest times down to the nineteenth century. Prerequisite, two years of classical or modern Chinese.

## Religious Studies

### RELIG

202 Introduction to World Religions: Eastern Traditions (5)

Introductory course in the history of religions, concentrating on religions that have developed in South Asia and East Asia. Primary attention to Hinduism and Buddhism; other important Asian religions will be discussed in relation to them with emphasis on basic conceptual and symbolic structures.

### RELIG

210 Introduction to Judaism (5)

Basic ideas and motifs of Judaism: God, Covenant, Law, Life Cycle (birth, marriage, family life, sexual laws, role of women, death); Cycle of the Year (Sabbath, holidays, festivals); Holy Land, prayer, Messianism.

### South Asia

#### SASIA

460 Sociolinguistics of South Asia (3)

Examination of the sociolinguistics of the South Asian subcontinent. Prerequisite, LING 400 or two years of South Asian language.

## MATHEMATICS

### MATH

103 Plane Trigonometry (3)

Similar to high school trigonometry but with emphasis on trigonometric functions. Open only to students specially admitted to the University. Not open for credit to students who have completed high school trigonometry with a grade of C or better. Prerequisite, 102.

## NEAR EASTERN LANGUAGES AND LITERATURE

### HEBR

405 Hebrew Historiography (3)

Readings of classical Hebrew prose selected from the historical books of the Bible: Joshua, Judges, Samuel, Kings, Chronicles. Prerequisite, 203 or permission.

## OCEANOGRAPHY

### OCEAN

342 Quantitative Methods in Oceanography II (3)

Application of mathematical techniques and basic principles of physics, chemistry, geology, and biology to major oceanographic problem areas. Applications of mechanics to marine geology and biology; diffusion and advection in the sea; underwater optics and marine life. Prerequisite, 341.

## PHILOSOPHY

### PHIL

417 Indian Philosophy of Religion (3)

Arguments of Hindu, Jain, and naturalistic schools on topics important to religion: the existence of God; God's nature; God's relation to the world; creation; existence and immortality of the soul; transmigration; free will; grace; and moral responsibility. Comparisons with arguments found in Western philosophy. Readings in translation. At least one course in Indian philosophy or Hinduism or Buddhism recommended.

## PHYSICAL AND HEALTH EDUCATION

### PE 330 Laboratory in Kineoenergetics (2)

Experiments and laboratory exercises concerning selected aspects of the physiological, kinesiological, and biomechanical basis of movement behavior. To be taken concurrently with 331 and on an optional basis.

## POLITICAL SCIENCE

### POL S 330 Comparative Analysis: Western Europe (5)

Contemporary Sweden and France, plus occasional studies relating to politics and government in other parts of Western Europe, serve as the basis for an introduction to theoretical issues and practical problems involved in comparative political analysis. Prerequisite, 101 or 102 or equivalent; at least 15 credits in social science recommended.

### POL S 437 Symbolic Anthropology (5)

Analysis of the use and value of symbols in the study of social structure, myth, art, and politics from an anthropological perspective. Emphasis will be on the usefulness of various approaches to students in political science.

### POL S A38 Leadership and Authority in Cross Cultural Perspective (5)

Theories and concepts of leadership and authority explored in the context of data drawn from both Western and non-Western societies, and from both a political science and an anthropological point of view. Prerequisite, permission.

### POL S 497 Political Internship in State Government (15)

Restricted to students serving in approved internship programs with state government agencies.

### POL S 587 Politics of Urban Reform (3)

Interpretations of Urban Reformers at the turn of this century and during the 1960's and 1970's. Examines historical and political science literature on the subject. Prerequisites, graduate students and permission.

## PSYCHOLOGY

### PSYCH 535 Human Brain-Behavior Relationships II: Research Findings (3)

Review of significant contributions to knowledge of brain functions as related to higher-level psychological manifestations. Survey of knowledge related to significant content areas as well as the approaches and contributions of significant investigators. Critical evaluation of selected recent publications and/or manuscripts being considered for publication. Prerequisites, 429 and graduate major standing.

## ROMANCE LANGUAGES AND LITERATURE

### French FREN 121 Intensive Elementary French (10)

Intensive development of French language skills (understanding, speaking, reading, and writing); study of French grammar and culture.

### Spanish SPAN 120 Intensive Elementary Spanish (10)

Intensive development of Spanish language skills (understanding, speaking, reading, and writing); study of Spanish grammar and culture.

## SCANDINAVIAN LANGUAGES AND LITERATURE

### Swedish SWED 351 Hjalmar Bergman (3)

Study of a novel and a play by Hjalmar Bergman. Reading in the original. Prerequisite, 350.

## SLAVIC LANGUAGES AND LITERATURE

### Russian RUSS 541 Soviet Prose and Poetry (5)

Study of representative works of prose and poetry from 1917 to the present in Russian.

## SOCIOLOGY

### SOC 444 Theory and Research in Social Exchange (3)

Drawing upon behavioral psychology, economics, and anthropology, this course examines social structure and social process as a form of "exchange". Emphasis is given to theory formation concerning social power and reward structures which differ sharply from perfectly competitive markets. Prerequisite, 240.

### SOC -524 Inference, Measurement, and Data Analysis (-3)

Emphasis on probability and statistical inference; binomial and related distributions; comparisons among means and proportions and analysis of variance; Chi square and nonparametric tests; measures of associations; correlation and regression; introduction to multivariate analysis. Course stresses applications in sociology and related social sciences, with emphasis on problems of analysis with imperfect data, measurement errors, theory construction, and writeup of data analysis.

## WOMEN STUDIES

### WOMEN 310 Women and the Law (5)

Introduction to the legal process, focusing on the status of women, and the law; the legal status of single and married women, the rationale of "protective" legislation, and the effect of the legal changes such as the Civil Rights Act of 1964 and Equal Rights Amendments. The course includes study of current cases on abortion, child care, tax laws, and social security benefits.

### WOMEN 499 Undergraduate Research (1-5, max. 10)

Prerequisite, permission.

## SCHOOL OF BUSINESS ADMINISTRATION

## BUSINESS ADMINISTRATION

### B A 501 Integrated Program in Business Administration (15)

Background materials in business economics, marketing, finance, operation and systems anal-

ysis, and public policy. Taught by a team of faculty members and the materials are integrated, along with the course content of 500, as a total package. Prerequisite, 500. Offered on CR/NC basis only.

#### BUSINESS POLICY

##### B POL

510 Strategic Planning in Larger Corporations (3)

This course has goals similar to B POL 509 and can be taken instead of 509. It is intended to bring together in one course students who plan careers in larger regional, national, and international business corporations; or in firms which serve such corporations (accounting firms, law firms, engineering firms, consulting firms).

##### B POL

600 Independent Study or Research (\*)

Prerequisite, permission.

#### QUANTITATIVE METHODS

##### QMETH

520 Applied Multivariate Analysis (4)

Exploration and inference for the association of two variables. Formulation of prediction equation using simple and multiple regression. Selection of variables in regression equation, use of dummy variables and analysis of covariance. Matrix approach to linear statistical models. Prerequisite, 500.

### SCHOOL OF DENTISTRY

#### DENTISTRY

##### DENT

540 Orofacial Biology (4, max. 12)

Comprehensive evaluation seminar of the literature relative to the growth and development of the craniofacial complex. Anthropology, embryology, morphogenesis, genetics, and anatomy will be integrated to give the student an appreciation of facial development. Outside reading assignments by the student will be discussed and critiqued during the seminar discussion. Prerequisites, concurrent enrollment in 511 and ORTHO 500, or permission.

#### ORAL DIAGNOSIS AND TREATMENT PLANNING

##### ODTP

412 Oral Medicine Clinic (1)

Clinical seminars where the student will be exposed to patients with oral diseases including pain, lesions, and tumors. Patients will be presented for evaluation, diagnosis, and discussion of therapy.

#### PERIODONTICS

##### PERIO

461 Introduction to Periodontal Therapy (1)

Combined lecture and clinical experience in diagnosis, treatment planning, and performance of non-surgical and elementary surgical procedures. The indication for, application of, and technical performance of various procedures and their integration into dental practice are discussed.

##### PERIO

576 Biology of the Periodontium (2-2-2)

Intensive and in-depth examination of the physiology and biology of the periodontium. Pre-

requisite, permission.

##### PERIO

577 Review of Literature (2, max. 14)

Continuous weekly seminar devoted to review of periodontic and related literature and the discussion of teaching methods and philosophy of teaching and treatment.

##### PERIO

592 Prescription Surgery (1-1-1)

Clinical course in periodontal surgery in which specific surgical procedures are performed by graduate students on a prescription basis for patients undergoing therapy in the undergraduate dental clinic. Designed to expose the student to a wider spectrum of patients and to stimulate an environment in which the student can encounter the problems in communication and patient management which occur in the private sector between referring dentists and the specialist. Prerequisites, 561, 585.

#### PROSTHODONTICS

##### PROS

480 Geriatric Dentistry (1)

Prepares the dental student to treat problems of the elderly. Course material will complement the Nursing Home Program, but will not be restricted to dental care. Many aspects of geriatric problems will be discussed, including medical, psychological, nutritional, and dental. Dental problems will include tissue tolerance, adaptability to appliances, root caries, maintenance therapy, etc. The course will be didactic with a multi-disciplinary faculty. Offered on CR/NC basis only.

### COLLEGE OF EDUCATION

#### EDUCATIONAL CURRICULUM AND INSTRUCTION

##### EDC&I

597 Curriculum Evaluation Seminar (3, max. 6)

Each year the course will be offered as a two-quarter sequence. The first quarter will focus on the evaluator's roles, evaluation theory and models, and selected curricular evaluations. Examples will be drawn from the several disciplines commonly offered in the elementary and secondary schools. In the second quarter students will be expected to identify an evaluation problem and develop an evaluation design that could be implemented as a practical solution to the problem. Prerequisite, permission.

### COLLEGE OF ENGINEERING

#### AERONAUTICS AND ASTRONAUTICS

##### A A

547 Engineering Aspects of the Fluid Mechanics of the Human Body (3)

Engineering background to the many flow regimes existing in the human body. Specific examples of flow problems such as cardiovascular, bronchial, micro-capillary, urethral, etc. Offered jointly with Bioengineering as BIOEN 547. Prerequisite, permission.

#### ELECTRICAL ENGINEERING

##### E E

436 Medical Instrumentation (3)

Offered jointly with Bioengineering as BIOEN 436. See BIOEN 436 for course description and

prerequisites.

E E

520 Spectral Analysis Techniques (3)

Estimation of spectral densities for single and multiple time series. Basic theory for non-parametric estimation of spectral density, cross-spectral density and coherency for stationary time series, real and complex cepstrum techniques. Bispectrum. Digital filtering techniques. Aliasing, pre-whitening. Choice of lag windows and data windows. Use of the Fast Fourier Transform in spectral estimation and computation of correlation functions. The parametric autoregressive spectral density estimate for single and multiple stationary time series. Spectral analysis of non-stationary random processes. Robustness in spectral analysis. Prerequisite, 505, 508 or 519 or equivalent or permission.

MINING, METALLURGICAL, AND CERAMIC ENGINEERING

Mining Engineering

MIN E

481 Mineral Industry Economics (4)

World mineral resources, their distribution, exploitation, and depletion, social economic, and political effects, international control and trade, industrial organization, government policies, taxation, tariffs, marketing and pricing, elements of production costs. Offered jointly with Geological Sciences as GEOL 481. Prerequisites, 205, 322, or permission.

INTERSCHOOL OR INTERCOLLEGE PROGRAMS

BIOENGINEERING

BIOEN

402 Fundamentals of Bioengineering II (3)

Engineering principles and technology applied to the investigation, diagnosis, and therapy in the vasculature, heart, and respiratory systems as well as selected topics dealing with the skin, eyes, and ears. Prerequisite, 401.

BIOEN

436 Medical Instrumentation (3)

Introductory course, with laboratory, in the application of instrumentation to medicine. Topics will include transducers, pre-amplifiers, amplifiers, recorders, and special electronics as used for clinical diagnosis and patient monitoring. Offered jointly with Engineering as E E 436. Prerequisites, some knowledge of human physiology and electronics or instrumentation and permission of instructor.

BIOEN

547 Engineering Aspects of the Fluid Mechanics of the Human Body (3)

Offered jointly with the College of Engineering as A A 547. See A A 547 for course description and prerequisite.

INSTITUTE FOR MARINE STUDIES

IMS

502 Marine Studies: Scope and Content II (3)

Comprehensive survey of the relations between man and the ocean, the nature and causes of conflicts, the organizations involved and the techniques employed in planning, management, and the formulation of alternatives. Considers the causes, characteristics, and frequency of conflicts at the international, national, and local levels. The requirements for planning, policy development, management, conflict

resolution, and enforcement are related to the institutions that deal with such topics as the coastal zone, the high seas, marine resources and transportation. Prerequisite, 501.

QUANTITATIVE SCIENCE

Q SCI

393 Techniques of Applied Mathematics in Biology II (3)

The applications of advanced ordinary differential equations to descriptions of biological phenomena. Particular emphasis will be placed on transport in biological systems including diffusion and fluid flow. Prerequisite, 392 or permission.

SOCIAL MANAGEMENT OF TECHNOLOGY

SMT

410 Technology Assessment--Concept and Methods (3)

Systematic study of the various impacts on society that may occur when a technology is introduced, extended, or modified. Prepares the student to perform a technology assessment through exploration of the concept, investigation of various methods, and analysis of several assessments. In the two-part format, the first part provides the conceptual back-drop to technology assessment, its principles, historical evolution, and current setting in government, industry, and the university. The second part investigates the various methodological approaches undertaken, surveys the techniques in forecasting, analyzes the use of indicators, and critiques several case studies of actual assessments. Prerequisite, junior standing or permission.

SMT

499 Special Research Projects: Technology, Society and Public Policy (2-5, max. 10)

Independent individual or team undergraduate research projects dealing with technology, society and public policy. Prerequisites, 3.00 grade-point average and permission of Program Director.

UNIVERSITY CONJOINT

UCONJ

402 Preventive Practices in Pediatric Oral Health (3-5)

A multidisciplinary course for students interested in a "team" approach to pediatric care. Oral health is the unifying theme with emphasis on health assessment and health maintenance in community health care systems and facilities, and a focus on changing maladaptive behaviors and habits. Prevention of systemic and local diseases through practical home intervention. The course will involve didactic discussion and laboratory experience, as well as field experience. All functions in the field will add to the service capability of the specific facility. For example, the student will serve as the preventive dental assistant at the Joe Whiting Memorial Dental Clinic; or the student may be the nutritional counselor aboard the mobile unit when it visits Harrison School as part of the Odessa Brown Children's Clinic School Oral Health Program. Open to students of the Health Sciences Center and those demonstrating interest, aptitude, and some background in the course objectives.

## SCHOOL OF MEDICINE

### BIOMEDICAL HISTORY

BI HS

101 The Evolution of the Life Sciences (3)

For nonscience majors, presenting the basic concepts of the life sciences through a historical analysis of their development. Broad subjects to be studied historically will include morphology, physiology, biochemistry, heredity, biological evolution, and ecology.

BI HS

413 Irregular Practice and Quackery in American Medicine (3)

Detailed study of the development of unorthodox systems of medicine in the nineteenth and early twentieth century United States. Analysis of the conditions encouraging recourse to irregular practitioners will be followed by a discussion of the personalities, theories, and practices associated with each system, the receptions given each by the public and the regular medical profession. The survey will include, but not be limited to, homeopathy, Thomsonianism, eclecticism, hydropathy, hygienic cultism, phrenology, osteopathy, chiropractic, Christian Science, and proprietary medicines.

### FAMILY MEDICINE

FAMED

-421-Ambulatory Care in Family Practice  
(-1 1/2-)

In the University or an affiliate teaching family practice the student will work up and follow a small group of families. The student and preceptor will be responsible for continuous and comprehensive care over a nine-month period. The student's experience will be the subject of a conducted seminar series and she/he should register for 423-424 (Autumn and Winter) when electing the continuity clerkship.

### OBSTETRICS AND GYNECOLOGY

OB GY

467 Obstetrics and Gynecology--Introductory Elective (9)

Introductory clerkship in obstetrics and gynecology for those students without previous clinical experience in this field. The clerkship is mostly clinical with some lectures and seminar of a repetitive nature (from the second-year core). Prerequisite, HUBIO 462.

### ORTHOPAEDICS

ORTHP

437 Advanced Athletic Training (5)

Designed and required for the student planning a career in the field of athletic training. The care of athletic injuries is analyzed through theory, demonstration, and practice. Prerequisite, PE 336.

ORTHP

445 Nutrition in Sports Medicine (3)

Designed to provide the performing athlete, teacher, and coach with a basic understanding of food and the nutritional process and its relation to exercise and competition. Particular consideration will be given to the nutritional needs and practices of adolescent girls and boys in physical education and sport programs. The course will consist of class lecture-discussion periods, case-problem anal-

ysis, and completion of one related field project. Prerequisite, upper-division or graduate standing or permission.

### PATHOLOGY

PATH

474 Systemic Pathology I (3)

Systematic presentation of disease processes organized on the basis of the organ systems with emphasis on dynamic morphology and clinico-pathologic correlation. Prerequisite, HUBIO sequence through 440.

## SCHOOL OF NURSING

NURS

263 Communication in Helping Relationships (3)

Introduction to communication within the helping process. Factors affecting communication such as anxiety, anger. The setting and purpose are discussed. Interviewing individuals and analyzing the interactions required. Prerequisites, sophomore standing, Psychology 101, open to nonmajors with the consent of instructor.

NURS

453 Health Assessment II (5)

Emphasis on understanding pathophysiology of selected diseases and the analysis of objective as well as subjective data in arriving at a definitive diagnosis of such disease states. Objective analysis includes diagnostic laboratory techniques and the student will have an opportunity to perform and interpret selected procedures. The role of the nurse in prevention, teaching, and counseling will be integrated throughout the course. Adult health problems which are epidemiologically shown to be relevant in ambulatory community health care settings will be used as prototypes.

NURS

462 Statistics in Health Care Research and Program Evaluation (3)

Relationship of research design and data analysis in health care systems; statistics used in testing hypotheses in health care research and programs and their comparisons. Analysis of variance and covariance, correlation and regression, non-parametric methods and sequential analysis, and their applications in health care research and programs. Prerequisite, one quarter of statistics.

## SCHOOL OF PUBLIC HEALTH AND COMMUNITY MEDICINE

### HEALTH SERVICES

PC HS

-596-Field Analysis Project/Research Project  
(-3-)

Supervised research in a selected topic related to student's concentration in graduate study. Includes survey of literature, development of approach, and written paper on conclusions. Prerequisites, successful completion of first-year curriculum and internship in graduate program in Health Services Administration and Planning.

## RESERVE OFFICER TRAINING PROGRAMS

### MILITARY SCIENCE

#### M SCI

##### 304 Survey of Military History (1)

Survey of successful and unsuccessful military leadership at various levels and the civil-military relationships throughout the Army's existence. Course limited to students who have not taken 101, 102, 103, and 201.

## SCHOOL OF SOCIAL WORK

### SOCIAL WORK

#### SOC W

##### 360 Working with Volunteers in Social Work Settings (2)

The historic role of the volunteer, current functions performed by volunteers, and the probable roles of volunteers in the future. Those anticipating becoming volunteers or interested in the role of the volunteer within social work settings will get a perspective on their organizational place and function.

#### SOC W

##### 422 Human Growth and Behavior: Childhood and Adolescent Development (5)

Study of the beginning continuum of human development relative to the sociocultural influences of an individual's life experiences. Focus includes cognitive, affective, and behavioral dimensions of development, their interrelationship and their influence upon a person's capacity to deal with his or her life requirements. Emphasizes the practical application of such knowledge for work with children and adolescents in a variety of human services settings, e.g., ways of observing and studying children, relationship skills, use of play, etc. Open to majors and nonmajors.

#### SOC W

##### 423 Chemical Addictions and Society (3)

Focus is on the pharmacology, psychology, and sociology of drug-seeking behavior. Several concurrent "topic seminars" organized to deal with feminism, crisis management, drug philosophy, minority cultures, drug counseling, regional planning, and residential programs will be offered each quarter.

#### SOC W

##### 426 Conceptions of Basic Institutional Change (3)

Some necessary requirements of a theory of basic change as contrasted to other forms of change, such as incremental evolutionary change, and to non-change (maintenance-development). Institutional (cultural) change as distinguished from non-institutional change, such as change of formal organizations, community change, personal change, etc.

#### SOC W

##### 541 Special Topics in Human Development (3)

Specific aspects of bio-psycho-socio-cultural development. May be repeated for credit.

## INDEPENDENT STUDY COURSES THROUGH CORRESPONDENCE

The Division of Independent Study provides University courses for extension credit primarily by correspondence instruction to persons who wish individual instruction. Fees for Independent Study courses are separate from residence tuition and are \$15 per credit. Enrollment is not based on the quarter system but is continuous throughout the year, with one calendar year allowed to complete a course.

A regularly enrolled student who wishes to register for additional courses for Independent Study credit should consult his or her departmental adviser prior to enrolling in an Independent Study course. Applications and additional information on enrollment procedures may be obtained from the Independent Study office, 222 Lewis Hall, or by telephoning 543-2350.

The following courses are currently offered by Independent Study (credits in parentheses):

# > > > ENTRY CARDS > > >

Certain courses and sections require entry cards for registration. Students requesting these courses and/or sections on their registration request forms will not be registered in the courses unless the requests are accompanied by entry cards. An entry card alone is not sufficient. The course must also be requested on the Mark-Sense Registration Form.

# COURSES REQUIRING PERMISSION (OTHER THAN ENTRY CARDS)

## WINTER QUARTER 1975

In order to register for the following courses, the student must obtain permission from the person or office listed. Some departments, schools, or colleges have general permission requirements applicable to many courses. These requirements are also listed.

Note: A slash (/) between names indicates that either party may grant permission.

Abbreviations:  
DEPT

Permission required from a member of the staff of the department offering the course

DEPT ADV Permission required from an adviser in the department offering the course

INSTR Permission required from the instructor of the course

ASHP Permission required from the Arts and Sciences Honors Program office

HONORS ADV Permission required from the Honors Program adviser in the department offering the course

RAD S	679	RADIOLOGICAL SCIENCES GROUP
	683	RUSSIAN & EAST EUROPEAN STUDIES
	687	HEALTH ADMINISTRATION GROUP
IPHD	690	INDIVIDUAL PH D PROGRAM

\* If Majors are the same as Undergraduate Majors in other colleges or schools, the same Major Code is used, but is identified as a Major in the Graduate School by the College Code.

## PUBLIC HEALTH AND COMMUNITY MEDICINE

SCHOOL CODE: M

PC BS	700	BIOSTATISTICS
PC EH	702	ENVIRONMENTAL HEALTH
PC EP	704	EPIDEMIOLOGY & INTERNATIONAL HEALTH
PC HS	706	HEALTH SERVICES
PC PB	708	PATHOBIOLOGY
PC	715	PUBLIC HEALTH & COMMUNITY MEDICINE

## INTERSCHOOL OR INTERCOLLEGE PROGRAMS

BIOEN	745	BIOENGINEERING (Engineering & Medicine)
IMS	747	INSTITUTE FOR MARINE STUDIES
Q SCI	750	QUANTITATIVE SCIENCE (Fisheries & Forest Resources)
SMT	753	SOCIAL MANAGEMENT OF TECHNOLOGY
U CONJ	757	UNIVERSITY JOINT
WLF S	760	WILDLIFE SCIENCE (Fisheries & Forest Resources)

## PUBLIC AFFAIRS

SCHOOL CODE: Q

P AFR	770
PD AD	773
PB PL	774

PUBLIC AFFAIRS  
PUBLIC ADMINISTRATION  
PUBLIC POLICY

## SOCIAL WORK

SCHOOL CODE: T

SOC W	782
-------	-----

SOCIAL WORK

HUM	178	HUMANITIES
SOC S	182	SOCIAL SCIENCE
GIS	183	GENERAL & INTERDISCIPLINARY STUDIES
G ST	185	GENERAL STUDIES
GENET	186	GENETICS
GPHYS	187	GEOGRAPHY
GEOG	188	GEOLOGICAL SCIENCES

SPAN	276	SPANISH
SCRD	281	SCANDINAVIAN LANGUAGES & LITERATURE
SCARD	283	SCANDINAVIAN
DAN	285	DANISH
ICEL	288	ICELANDIC
HORN	289	HUNGARIAN
SUED	291	SWEDISH
SO JU	292	SOCIETY & JUSTICE
SOC	293	SOCIOLOGY
SPCH	295	SPEECH
	296	SPEECH PATHOLOGY & AUDIOLOGY
ZOOL	297	ZOOLOGY
WOMEN	298	WOMEN STUDIES

CEYO	408	TRANSPORTATION, CONSTRUCTION, & GEOMETRICS
CEEA	409	WATER & AIR RESOURCES
E E	410	ELECTRICAL ENGINEERING
ENGR	412	ENGINEERING (COLLEGE COURSES)
	413	INTERDISCIPLINARY ENGINEERING
HSS	416	HUMANISTIC - SOCIAL STUDIES
	418	INDUSTRIAL ENGINEERING
H E	419	MECHANICAL ENGINEERING
CER E	420	CERAMIC ENGINEERING
MTL E	421	MATERIALS ENGINEERING
NET E	422	METALLURGICAL ENGINEERING
MIN E	425	MINING ENGINEERING
	427	MINING, METALLURGICAL, & CERAMIC ENGINEERING
RUC E	428	NUCLEAR ENGINEERING
O ENG	429	OCEAN ENGINEERING

RESERVE OFFICER TRAINING PROGRAMS

A S	442	AEROSPACE STUDIES
M SCI	444	MILITARY SCIENCE
N SCI	446	NAVAL SCIENCE

FISHERIES

COLLEGE CODE: K

FISH	452	FISHERIES
FD SC	453	FOOD SCIENCE
	454	WILDLIFE SCIENCE (Fisher(es))

FOREST RESOURCES

COLLEGE CODE: L

FOR R	502	FOREST RESOURCES & PRE MAJOR
	503	WILDLIFE SCIENCE
	504	FOREST SCIENCES
	505	OUTDOOR RECREATION
	506	FOREST ENGINEERING
	507	FOREST MANAGEMENT
	508	PULP & PAPER TECHNOLOGY
	509	WOOD & FIBER
	510	FOREST RESOURCES (GRAD MAJOR)

NURSING

SCHOOL CODE: N

NURS	552	NURSING
	556	NURSE AFFILIATES
	558	PHYSIOLOGICAL NURSING
	559	PSYCHOSOCIAL NURSING
	560	FAMILY & COMMUNITY NURSING
	561	MATERNAL & CHILD NURSING
	562	COMPARATIVE NURSING CARE SYSTEMS

DENTISTRY
