

Time Schedule

Winter Quarter 1982

Preregistration: November 9, 10, 12, 13, 16-20

Last day to register and
receive highest priority

Freshmen (0-44 credits)	November 9, 10
Seniors (135 credits)	November 10, 12
Graduate students	November 12, 13
Postbaccalaureate (fifth-year) students	November 13, 16
Juniors (90-134 credits)	November 17, 18
Sophomores (45-89 credits)	November 18, 19, 20

Class standing is based on the projected number of credits the student will have at the beginning of the next quarter. Faculty and staff using tuition exemptions may not preregister.

In-person registration (by appointment only): December 16-18

Matriculated students: December 16, 17
Tuition-exempt faculty/staff: December 18

GENERAL INFORMATION

It is the University's expectation that a student will follow University rules and regulations as they are stated in the *General Catalog*. In instances where no appeal procedure is spelled out and the student is persuaded that a special set of circumstances makes appeal reasonable, he or she may appeal the application of specific rules or regulations to the office of the dean of the school or college in which he or she is enrolled in the case of an academic matter, or to the Office of Student Affairs in the case of a nonacademic matter. These offices will either render a decision on the appeal or refer the student to the proper office for a decision.

GUARANTEED REGISTRATION ELIGIBILITY

University of Washington students who remain in good scholastic standing are guaranteed the opportunity to register each quarter as long as they maintain continuous enrollment (Summer Quarter excepted). Continuation must be in the same classification, e.g., undergraduate, postbaccalaureate (fifth-year), graduate, etc. Once a student earns a baccalaureate degree, he or she must apply for readmission as a postbaccalaureate (fifth-year), nonmatriculated, or graduate student. Exceptions to the guarantee are: (1) students under disciplinary action and (2) students with a financial hold.

If an undergraduate does not enroll for one or more quarters, or if a graduate student goes on-leave, he or she must file an application for readmission with the Registrar's Office. Information on admission closing dates is available at Window 3, second floor, Schmitz Hall, or by calling 543-5920.

FULL-TIME STUDENT REQUIREMENT

Many students think that because they pay full fees they are considered full-time students. This is incorrect. To be considered a full-time student, an undergraduate must register for 12 credits and a graduate student must register for 9 credits. The full-time registration requirement varies for different agencies. Information on full-time requirements of the Veterans Administration, Immigration and Naturalization Service, and Social Security Administration may be obtained at Schmitz Hall. Consult the Financial Aid Office for its requirement on satisfactory student progress.

NONMATRICULATED STUDENTS

Nonmatriculated students register December 18 and enroll only on a space-available basis. Because nonmatriculated students register after all other students, enrollment may be closed in the following areas: mathematics, English composition, beginning foreign languages (particularly French and Spanish), business, and art. Nonmatriculated students may participate in preregistration for the Summer Quarter.

TUITION-EXEMPT FACULTY/STAFF

With the approval of their department heads, regularly admitted full-time UW faculty and staff members who have been employed six months or more may take up to 6 credits per quarter under the tuition exemption program. According to legislative action, all registrations must be on a space-available basis after other students have registered. Members of the faculty and staff who wish to utilize the exemption may not preregister; registration may occur no earlier than the last day of the registration period. Faculty/staff who register before the last day will not be eligible to use a tuition exemption that quarter. Registration appointments are not required. New faculty/staff members must be officially admitted by the Office of Admissions by the regular admission closing date; November 1 is the closing date for Winter Quarter. Faculty/staff members who are former students returning either in the same classification or as nonmatriculated students should apply at the Registration Office, Window 8, second floor, Schmitz Hall, by November 1.

Employees should present their approved tuition exemption cards at Sections, Odegaard Undergraduate Library, according to the schedule listed below. A \$5 registration fee will be collected at the time of registration. The alphabetical priority will change each

quarter. Regularly admitted faculty and staff members who are unable to meet this schedule may register late by paying a \$15 fee.

Winter Quarter Registration Date: December 18, 1981

Last names beginning with A-B (8-9 a.m.); C (9-10 a.m.); D-E-F (10-11 a.m.); G-H (11 a.m.-noon); I-J-K (noon-1 p.m.); L-M (1-2 p.m.); N-O-P (2-3 p.m.); Q-Z (3-4 p.m.); makeup (4-4:30 p.m.).

Tuition-exempt faculty/staff are not entitled to other student services such as those available at the Hall Health Center and the Intramural Activities Building. Therefore, UW student cards will not be issued to faculty and staff. Faculty/staff identification cards may be used for library services.

"ACCESS" PROGRAM FOR OLDER ADULTS

The University of Washington waives tuition for Washington residents sixty years or older who wish to attend classes as auditing students, on a space-available basis. The fee is \$5, whether one or two courses are attended. As auditors, they do not receive credit and are not expected to do laboratory work or to take examinations. Students who attend the University under the Access program are limited to two courses per quarter. Registration may be made in person on Tuesday, December 18, between 8 a.m. and 2 p.m. at the Sections branch office, in the basement of the Odegaard Undergraduate Library. Interested students should proceed to the area marked *Access*. For additional information on mail-in registration or about the program in general, telephone Continuing Education, 545-7418, between 9 a.m. and noon.

AUDITORS

Auditors, except those under the Access program, pay standard tuition and fees and must be regularly admitted and registered in the course.

Attendance in courses as an auditor is by consent of the instructor involved and is conditioned by the extent to which space is available. Permission to audit is ordinarily granted for lecture classes only. An auditor may not participate in class discussion or laboratory work, and his or her registration may be canceled at the discretion of the instructor.

No entry is made on the permanent record for courses audited. To receive credit for an audited course, the student must register for the class for credit in a subsequent quarter.

Auditors follow registration instructions below.

DISABLED STUDENTS

Various support services, including priority registration, are available to students with disabilities. Contact the Coordinator for Disabled Students, 468 Schmitz, 543-8924, for information on equipment, technical aids, and accommodations to meet individual needs. *Access: University of Washington*, a guidebook to buildings on the campus, and an accompanying map may be obtained from the office.

ATHLETIC EVENTS

Students may purchase a Husky Football Season Pass at the Husky Ticket Office, 101 Graves, or at the HUB Ticket Office, for admission to the following athletic events: football, soccer, and volleyball. For additional information, telephone 543-2200.

REGISTRATION INSTRUCTIONS

ACADEMIC ADVISER

See an academic adviser to discuss your educational objectives and to learn the procedures involved in registering at the University. Have an idea of the courses you would like to take before seeing an adviser by reviewing the *General Catalog* and the quarterly *Time Schedule*.

PREREGISTRATION

1. Eligibility

Preregistration is reserved for all continuing students *except* tuition-exempt faculty/staff, older adults auditing under the Access program, and nonmatriculated students. These last three groups may register only during the last day of in-person registration (see

General Information section for the specific registration dates).

Continuing students who withdraw during the first week of two consecutive quarters (Summer Quarter excepted) will not be eligible to register as continuing students for the third quarter. Such students must reapply as former students returning to the University. For example, a student who withdraws during the first week of Spring Quarter and Autumn Quarter must reapply as a returning former student for Winter Quarter.

2. Submitting the Preregistration Form

Mark-sense registration forms are available at advisory offices and at Window 3, Registration Office, second floor, Schmitz Hall. Please note that some courses listed in the *Time Schedule* have restricted enrollment and will require entry cards. Also, undergraduates will not be scheduled for more than 19 credits until the first day of the quarter. This is done to allow all students a chance to develop a basic program.

Students preregistering may turn in forms at:

- Registration lobby, second floor, Schmitz Hall
- B10.Padelford
- Fourth-floor student lounge, T-wing, Health Sciences Building
- 353 Loew (engineering students only)

3. If You Miss Preregistration

Obtain an in-person registration appointment by December 17 at Window 8, Schmitz Hall. After December 17 you will be required to register late and to pay a \$15 late registration fee at the Cashier's Office, 129 Schmitz, before registering.

4. Schedule of Classes

All students who preregister will be scheduled by computer at one time. The scheduling priority is: freshmen, seniors, graduate students, postbaccalaureate (fifth-year) students, juniors, and sophomores. Schedules will be mailed December 8.

5. Registered Students

Students who preregister and do not get scheduled into any courses are not considered registered students. Their names are not included on the current file of registered students, and they are not eligible for preregistration the following quarter. Students in this category must submit a Former Student Application for the next quarter they wish to attend the University.

IN-PERSON REGISTRATION

1. Eligibility

In-person registration is primarily for newly admitted and returning former students. Continuing matriculated students who miss preregistration, tuition-exempt faculty/staff, older students in the Access program, and nonmatriculated students also register during in-person registration. All students, except Access students, must be admitted to the University before attempting to register.

2. How to Register

Obtain a mark-sense registration form from your advisory office or the Registration Window, Schmitz Hall, and mark the courses you are requesting in accordance with directions on the form. Once this form is submitted, you are obligated for tuition and fee payment unless you officially withdraw by the fifth class day. Please note that some courses in the *Time Schedule* have restricted enrollment and you must obtain entry cards for these courses. Undergraduates will not be scheduled for more than 19 credits until the first day of the quarter. This is done to allow all students a chance to develop a basic program.

3. Submitting the Registration Form

- New and returning former students may register November 9, 10, 12, 13, 16-20 at Window 3, second floor, Schmitz Hall.
- If you are a continuing matriculated student who did not preregister, you must obtain an in-person registration appointment by December 17. Continuing students who request in-person registration appointments after December 17 will be required to register late during the first week of school and to pay the \$15 late registration fee.
- If you are registering December 16, 17, go to the Sections branch office, Odegaard Undergraduate Library, on the date and time indicated on your registration appointment. Engineering students go to 353 Loew.
- Nonmatriculated students may register only on December 18. Appointments are available at Window 8, second floor, Schmitz Hall.
- Tuition-exempt faculty/staff members and students in the Access program register only on December 18.

4. Schedule of Classes

a) If you register November 9, 10, 12, 13, 16-20, your schedule of classes will be mailed to the address you indicate on the registration form. All students registering during this period are scheduled by computer at one time. The scheduling priority is: freshmen, seniors, graduate students, postbaccalaureate (fifth year) students, juniors, and sophomores. Schedules will be mailed December 8.

b) If you register December 16-18, your courses will be scheduled while you wait and you will be given a copy of your completed program when you have finished registering.

ENTRY CARDS

Certain courses and sections require entry cards for registration. Students who request these courses (and/or sections) on their registration request forms will not be registered in the courses unless the requests are accompanied by entry cards. An entry card alone is not sufficient. The course and schedule line number (SLN on entry card) must also be requested on the mark-sense registration form. Obtain course entry cards for courses designated with the symbol >>> in the margin of the *Time Schedule*. Information on where to obtain entry cards is found in the body of the *Time Schedule*, either as a comment before the course listing or just after the title of the course.

LATE REGISTRATION

Students who register after the official registration period will be charged a \$15 late registration fee, payable at the Cashier's Office, 129 Schmitz.

REGISTRATION CHANGES

1. Change Appointments and Late Fee

a) *All changes to a student's program should be completed during the official change periods (see calendar).* Changes are made by appointment only. Appointments are available at Window 3, second-floor lobby, Schmitz Hall, for all students except those in engineering; engineering students go to 353 Loew. A student who arrives more than a half-hour late will be required to make a new appointment. Students in the schools/colleges of Medicine, Dentistry, Nursing, Pharmacy, Public Health and Community Medicine, Ocean and Fishery Sciences, and Forest Resources may make changes during the first week of the quarter, without an appointment, in the lobby of the T-wing, Health Sciences Building. Changes made after the change periods cost \$5 and may result in fee forfeiture (see item 3 of this section).

b) *Students will be expected to present Winter Quarter 1982 University of Washington student identification cards when requesting appointments.* No more than one change appointment will be issued to a student at a time. Additional change appointments will be issued only after the initially assigned appointment has been used or the date has expired.

2. Grades in Dropped Courses and Drop Restrictions

a) *Undergraduates.* Undergraduate students who drop courses after the change periods receive no entry on their academic record if the drop is made during the first two weeks of the quarter. Drops made during the third and fourth weeks of the quarter will be recorded with a "W." No drops are permitted after the fourth week except for a limited number determined by the number of credits earned at the University. While completing the first 44 credits at the University, the student has three drops permitted after the fourth week. Any of these three drops not used by the time 45 credits are earned are forfeited. After 45 credits have been completed at the University, the student earns one late drop for each 45 credits earned. These may be accumulated and used as necessary. *No drops of any kind are permitted after the last day of instruction.*

b) *Graduate Students.* Graduate students who drop courses after the first two weeks of the quarter receive a grade of "W." No drops are permitted after the seventh week of instruction.

c) Students may petition the Registrar to drop a course after the regular drop deadline if: (1) the student is unable to complete the course in question because of a severe mental or physical disability, or (2) unusual or extenuating circumstances beyond the student's control prevented the student from dropping the course by the regular drop deadline. Petitions must be filed promptly after the occurrence of the event that gave rise to the need for dropping the course.

3. Fee Forfeiture or Refunds

a) Students will be billed for the number of credits, including audit hours, on their programs at the end of the first week of the quarter. Only partial fee reductions will result for courses dropped after the first week of the quarter.

b) Students dropping courses after the first seven calendar days of the quarter and through the thirtieth calendar day of the quarter will be expected to pay one-half of the tuition and fees associated with that course. Example: An undergraduate originally registered for 5 credits. The fee for 5 credits is \$178 (resident). The student then drops a 3-credit course in the second week of the quarter. The total number of credits for which the student remains registered is 2. Tuition and fees are due for the 2 credits (\$73) and one-half the difference between 5 credits and 2 credits, in this case an additional \$52.50. Total fees owed are \$125.50. The student has been registered in the dropped course for more than one week and therefore must pay half the fees for the course.

Courses dropped after the thirtieth calendar day receive no refund. Example: A student is registered for a 3-credit course. The student drops that course after the thirtieth calendar day. No refund is available. If the student adds a different 3-credit course at the time the original 3-credit course is dropped, he or she will pay tuition and fees for 6 credits.

c) Drops become effective the date received in Sections.

4. Courses Added After the Official Change Periods

a) As a general rule, no courses may be added after the official change period. Exceptional cases may be approved if both the instructor of the course and the dean of the student's college consent.

b) Courses audited may not be changed to a credit registration after the first two weeks of the quarter.

FEE PAYMENT

1. A fee statement will be mailed to the address you indicate on your mark-sense registration form. If you have not received a fee statement by the end of the second week of the quarter, contact the Cashier's Office for the amount of tuition due.

2. Mail your fee payment to the Student Accounts Office before the due date even if you have not received a bill. *Fees must be paid by Friday of the third week of the quarter.*

3. If you fail to pay by the deadline you may continue to pay your fees, with a \$15 late fee, for one week following the due date. If fees are not paid by this time your registration will be canceled. Students permitted to reregister after cancellation for nonpayment will be charged a \$50 fee, in addition to their tuition. No reregistration will be possible after the last day of instruction. *Please note: Even if your registration is canceled you will continue to owe one-half your tuition and fees if you are a continuing student or, if you are a new or returning student, \$50 or one-half your tuition and fees, whichever is greater.*

Quarterly Tuition and Fee Rates*

	Resident	Non-resident
Undergraduate (includes postbaccalaureate [fifth-year] and nonmatriculated students)		
Full fee (more than 9 credits)	\$353	\$1,016
Minimum (first 2 credits)	73	200
Each additional credit	35	102
Graduate and Law		
Full fee (more than 6 credits)	413	1,200
6 or fewer credits:		
Minimum (first 2 credits)	118	345
Each additional credit	59	171
Dentistry and Medicine		
Full fee (more than 12 credits)	643	1,910
12 or fewer credits:		
Minimum (first 2 credits)	104	293
Each additional credit	49	147

* Effective as of publication date. Fees are subject to change without notice.

Special Course and Laboratory Fees

The amounts listed in the Tuition and Fee Rate schedule normally cover University charges for course registration. Some courses, however, have extraordinary expenses associated with them and in such cases the University may charge additional fees in amounts approximating the added instructional or laboratory costs.

CHANGE OF ADDRESS

If you change your address after you have turned in your mark-sense registration form, be sure to complete a change of address form at the Registration Office. Forms are available at Window 3, second floor, Schmitz Hall. *You are responsible for notifying the Registrar's Office of any address change.*

STUDENT INSURANCE

UW students who remain registered through at least the first six days of instruction in the quarter are eligible to enroll in the student health insurance plan. The following students are not eligible:

1. Those enrolled only in programs administered by the Department of Continuing Education or Office of Short Courses and Conferences, including but not limited to extension, correspondence, independent study, continuing studies, noncredit courses, or the Access program; or

2. UW employees attending classes under the employee tuition exemption program.

Students who do not specifically request a particular student insurance plan or who do not specifically state they do not wish student insurance automatically will be enrolled and billed for *student* only medical, surgical, and hospital insurance.

If you are billed for student insurance and wish to cancel your coverage, complete the appropriate section on the remittance copy of the billing statement and pay the amount billed less the indicated amount for insurance. If you wish to change or add coverage, you must do so in person in the Student Accounts Office by the date tuition is due. Tuition/fees and the student health insurance premium must be paid in full by the due date to be eligible for health insurance.

International students must subscribe to the student insurance plan. Exceptions may be granted by the International Services Office if the student presents proof of other medical insurance coverage. To be eligible for health insurance, the student must pay, in full, tuition, fees, and the student health insurance premium by the due date.

WASHPIRG

An optional \$2 fee is indicated on the fee statement for the Washington Public Interest Research Group, a student research organization. If you do not desire to support this activity, simply pay the regular tuition and fees. If you want to support WASHPIRG, pay the regular tuition and fees plus \$2.

WITHDRAWAL FROM THE UNIVERSITY (DROPPING ALL COURSES FOR THE QUARTER)

1. Obtain an approved withdrawal form from your adviser.
2. Present the withdrawal form to the Withdrawal Office, Sections, 264 Schmitz. *Withdrawals are effective the date they are received in the Registrar's Office.* Fees owed will be based upon the date the withdrawal is received in the Registrar's Office. No withdrawals will be accepted after the last day of instruction, March 12.

Continuing students who withdraw during the first week of two consecutive quarters (Summer Quarter excepted) will not be eligible to register as continuing students for the third quarter. Such students must reapply as former students returning to the University. For example, a student who withdraws during the first week of Spring Quarter and Autumn Quarter must reapply as a returning former student for Winter Quarter.

The forfeiture schedule below will be followed.

Continuing Students

a. Students withdrawing before the sixth day of the quarter do not pay tuition or fees.
b. Students withdrawing on the sixth day or through the thirtieth calendar day continue to owe one-half of their tuition and fees.
c. Students withdrawing after the thirtieth calendar day continue to owe full tuition and fees.

New and Returning Students

a. Students withdrawing before the sixth day of the quarter forfeit their \$50 enrollment service fee.
b. Students withdrawing on the sixth day or through the thirtieth calendar day of the quarter must pay one-half of regular tuition and fees or forfeit the \$50 enrollment service charge, whichever is greater.
c. Students who withdraw officially after the thirtieth calendar day must pay full tuition and fees, including the \$50 enrollment service fee.

3. Students who were unable to turn in their withdrawal in time may petition the Cashier's Office for additional refund. Petition forms are available at the Cashier's Office, 129 Schmitz.

4. Courses dropped as part of a University withdrawal completed during the first two weeks of a quarter receive no grade, and no entry, except date of withdrawal, is made on the student's permanent academic record. Withdrawals completed after the first two weeks result in the courses being assigned a grade of "W."

GRADING SYSTEM

The University of Washington uses a numerical grading system with certain exceptions in the schools of Dentistry, Law, and Medicine. Instructors may report grades from 4.0 to 0.7 in 0.1 increments and the grade 0.0. The number 0.0 is assigned for failing work or unofficial withdrawal. Grades in the range 0.6 to 0.1 may not be assigned. Grades reported in this range will be converted by the Registrar's Office to 0.0. For graduate students, grades reported in the range 1.6-0.1 will be converted to 0.0. Numerical grades may be considered equivalent to letter grades as follows:

Undergraduate/Graduate*

A	4.0	
B	3.0	
C	2.0	
	1.7	* Lowest grade earning credit for graduate students.
D	1.0	
	0.7	Lowest passing grade for undergraduates.
E	0.0	Failure or Unofficial Withdrawal. No credit earned.

Additional information on grades and scholarship rules may be obtained from the Grade Information Office, 248 Schmitz.

Repeating Courses

NEW Commencing Winter Quarter 1982, undergraduates may repeat only courses in which they received grades of less than 2.0 and they may repeat the course only once. The last grade will not cancel the first grade, as has been the practice. Instead, both grades will be averaged. As an example, if a student earns a 1.0 the first time and a 2.0 the second, the cumulative effect upon the grade-point average will be 1.5. Credits will count toward the degree only once.

The Grade of Incomplete

In order to obtain credit for a course in which an Incomplete has been awarded, an undergraduate student must complete the remaining work for the course by the last day of the following quarter. An Incomplete grade for a Winter Quarter course must be made up by the last day of Spring Quarter or the Incomplete will be converted to a grade of 0.0 by the Registrar, unless the instructor has indicated when assigning the Incomplete grade that a grade other than 0.0 should be recorded if the incomplete work is not

completed. This time limitation may be extended up to one year maximum with instructor approval. Such approval must be received by the Registrar's Office before the end of the next quarter.

A graduate student who receives an Incomplete must complete the remaining work for the course by the last day of the next quarter in residence. An Incomplete received by a graduate student does not automatically convert to 0.0 but remains an Incomplete if the course work is not completed. This time limitation may be waived by the dean of the college in which the course was offered only if the nature of the uncompleted work is such as to make the fulfillment of this requirement impossible. In no case can an Incomplete received by a graduate student be converted to a passing grade after a lapse of two years. The Incomplete grade entry remains on the record permanently. The final grade is posted under the quarter in which the final grade is received.

Satisfactory/Not Satisfactory

Students may elect to take certain courses on a Satisfactory/Not Satisfactory basis. Advisers should be consulted, and in no case are students allowed to register for more than one course or 6 credits on a Satisfactory/Not Satisfactory basis in a given quarter. No more than 25 credits will apply to an undergraduate degree. S/NS must be elected or dropped during the official change of program period. Undergraduate students earning grades of 1.7 or above receive a grade of S (Satisfactory) while grades below 1.7 are recorded as NS (Not Satisfactory). Graduate students earning grades of 2.7 or above receive a grade of S (Satisfactory), while 2.6 or below are recorded as NS (Not Satisfactory). In cases of withdrawal, the W is recorded. Neither S nor NS are included in the grade-point average. N, I, and X are recorded until the instructor reports the final grade, or in cases of incompletes received by undergraduates, until the I is converted by the Registrar. With the approval of his or her graduate program adviser or Supervisory Committee Chairperson, a graduate student may elect to take any course for which he or she is eligible outside of his or her major academic unit on the Satisfactory/Not Satisfactory system.

Credit/No Credit-Only Courses

Some courses are offered on a CR/NC-only basis. It is not necessary to register S/NS to take these courses, because the only grades assigned by the instructor are CR (Credit) or NC (No Credit). Neither CR nor NC are included in the grade-point average. In cases of withdrawal a W is recorded. N, I, and X are recorded until the instructor reports the final grade, or in cases of incompletes received by undergraduates, until the I is converted by the Registrar.

WINTER QUARTER 1982 CALENDAR

November 9, 10, 12, 13, 16-20	Preregistration for all matriculated students in school Autumn Quarter 1981.
November 23	In-Person registration appointments available at Window 8, second floor, Schmitz Hall, for continuing students who missed preregistration and for continuing nonmatriculated students.
December 8	Programs of study mailed to preregistration participants.
December 10	Change of registration appointments for the December 14, 15, January 4-8 change period available at Window 2 or 3, second floor, Schmitz Hall, for students who have received a schedule of classes. Engineering majors go to 353 Loew. Students will be expected to present UW Winter Quarter 1982 student identification cards when requesting appointments. Students who make the following changes only are not required to have an appointment: (a) to or from Satisfactory/Not Satisfactory grading; (b) in the credit for a variable credit course; (c) drop a course. Evening-only students may change their program without an appointment any time after 5 p.m. and no later than 6:15 p.m. during the first week of school. Evening-only students should go directly to Sections in the Undergraduate Library cafeteria.
December 14, 15	OFFICIAL CHANGE OF REGISTRATION PERIOD by appointment only, at the Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance), for students who have received a schedule of classes.
December 16, 17	IN-PERSON REGISTRATION by appointment only at the Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance), for matriculated students. Engineering majors go to 353 Loew.
December 18	IN-PERSON REGISTRATION FOR NONMATRICULATED STUDENTS, by appointment only, at Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance).
December 18	IN-PERSON REGISTRATION FOR TUITION-EXEMPT FACULTY/STAFF. See <i>Time Schedule</i> for appointment times, which are assigned according to last name. Register at the Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance).
December 18	IN-PERSON REGISTRATION FOR "ACCESS" STUDENTS at Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance).
January 4-8	OFFICIAL CHANGE OF REGISTRATION, by appointment only, at the Sections branch office, Odegaard Undergraduate Library (engineering majors at 353 Loew) for all students.
January 4	Instruction begins.
January 8	Deadline for: (1) changes to or from S/NS grading; (2) adding a course without instructor's permission; (3) adding or dropping a course without being assessed a \$5 change fee. Courses dropped after this date will be included in the tuition calculation. A change fee of \$5 and a tuition forfeiture will be assessed after this date.
January 8	Last day for official withdrawal from the University without owing tuition or fees.
January 11	Fee statements mailed to all registered students.
January 15	Last day to drop a course without entry on permanent record.
January 15	Last day to add a course without dean's permission (Arts and Sciences and graduate students do not need permission of the dean to add a class at any time during the quarter).
January 15	Last day to return approved applications to 207 Schmitz for credit by examination.
January 15	Applications for baccalaureate degrees for Winter Quarter 1982 for Arts and Sciences must be submitted to B21 Padelford.
January 22	Applications for baccalaureate degrees and certificates to be conferred Winter Quarter 1982 must be submitted to the Graduation Office, 207 Schmitz.
January 22	Fee payment deadline for all registered students.
January 25-29	Late-payment period (requires a \$15 late-payment fee).
January 29	Last day for undergraduate, postbaccalaureate (fifth-year), and nonmatriculated students to drop a course, except for preemptory drops and hardship withdrawal.
February 2	Last day to hand-deliver an application for resident status to the Residence Classification Office, 320 Schmitz. Applications may be postmarked February 2 if mailed at the Terminal Annex at Third Avenue South and South Lander Street.
Fifth Week of the Quarter	Credit by examination. Students must make arrangements with the Educational Assessment Center, 543-1170.
February 15	Washington's Birthday holiday.
February 19	Last day for graduate students to drop a course.
March 12	Last day of instruction.
March 12	Last day to withdraw from the University.
March 15-19	Final examinations.
March 22	Grades due by 9 a.m. at Grade Information Office, 248 Schmitz.

Winter Quarter 1982 Examination Schedule

The last day of instruction is Friday, March 12.

HOUR lecture session actually meets during quarter	Hour and day on which examination occurs, by days of class meeting in the week.				
	Meeting four times a week, or daily	MWF; MT; MW; MF; WF; MWTh; MTh	TTh; T; Th; TThF; MTTh; TW; TF; TWTh	M; W; F; S Meeting once a week	Day of examination
7:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Friday March 19
8:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Tuesday March 16
9:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Wednesday March 17
10:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Monday March 15
11:30 a.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Wednesday March 17
12:30 p.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Thursday March 18
1:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Monday March 15
2:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Tuesday March 16
3:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Thursday March 18
4:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Friday March 19
EVENING CLASSES (5:30 or thereafter)	8-10 p.m. Thursday March 18	8-10 p.m. Monday March 15	8-10 p.m. Tuesday March 16	8-10 p.m. Wednesday March 17	
Make-ups Incomplete Removals Conflicts	When mutually agreeable to faculty members and students concerned, provided scheduled <i>no later than</i> Friday, March 19.				

Final examinations should be administered in accordance with the above examination schedule.

The dean may permit an instructor to change the time of a final examination upon prior application demonstrating good cause for such change. In such cases, the following guidelines shall be observed:

1. With the dean's permission, the final examination may be postponed or moved to an earlier time within the examination period if agreed to by all students and the instructor. Before approving the rescheduling of a final examination, the dean shall obtain assurances that the change will not have an undue adverse impact on the students. The dean shall notify the Registrar of the approval granted for changing the date of a final examination.
2. An instructor shall not, except in very unusual circumstances, grant permission to individual students for an early examination. If the student is unable to take an examination on the scheduled date, the procedure outlined in the following paragraph should be followed.
3. A student absent from any examination, or other required class activity, either by permission of the dean or through sickness or other unavoidable cause, shall be given an opportunity to complete the required work, or its equivalent, at some other time. If the instructor determines this is not feasible during the current quarter, the instructor shall exempt the student from

the requirement or give the student a grade of Incomplete if his or her work in the course is otherwise satisfactory. The student may remove this Incomplete in the manner provided for the removal of Incomplete grades. In all other cases of absence from the scheduled final examination, a student should be given a grade of 0.0.

4. Classes that meet on the hour use the first full hour of instruction to determine the time of examination. For example, a class that meets at 10 a.m. uses the 10:30 a.m. examination time.
5. Classes that begin on the half hour and last longer than one hour use the actual starting time to determine the examination time. For example, a class that meets at 7:30 a.m. and continues until 9:00 a.m. would use the 7:30 p.m. time.
6. Classes in which the entire class meets at the same hour every day, in the same room, may use that room at 8:30 a.m. or 2:30 p.m. for a three-hour examination. All other examinations are limited to one hour and fifty minutes unless other arrangements are made with Room Assignments.
7. If an examination is held at a time other than the above schedule indicates, instructors must check with Room Assignments to make sure that the room is going to be available.

Questions concerning the examination schedule should be directed to Room Assignments, 543-1080.

GUIDE TO COURSE LISTINGS

The information published in the *Time Schedule* is subject to change. The instructor for a particular course may be changed, or the instructor may use assistants in teaching the course. Additionally, courses listed in this publication may be canceled in the event of insufficient enrollment.

Course, term, and section information is listed in the following columnar order:

Entry card required symbol (>>>), if appropriate

Schedule line number

Department

Course number

Term designation—if *a* or *b* term

Section designation

Section type—laboratory, quiz, or conference

Credits—listed with lecture section only; slash (/) means *or*; 2.5 means 2½ credits; hyphen (-) means *to*; VAR means variable credit and any number of credits may be elected (however, frac-

tional credit registration—e.g. ½ credit—cannot be processed for variable credit courses where the credit may vary from student to student in a single quarter)

Honors (H), Permission Required (#), or New Course (%), as appropriate

Day(s) of meeting (ARR means “to be arranged”)

Time of meeting

Place of meeting (** means “to be arranged”)

Course title and remarks—CR/NC ONLY means course offered for credit/no credit grading only

Name of instructor

NEW COURSES FOR WINTER QUARTER 1982

The following list includes new courses that will be offered Winter Quarter 1982, which were added to the University curriculum after publication of the 1980-82 General Catalog. Consult the appropriate academic department for information on courses not listed below.

COLLEGE OF ARCHITECTURE AND URBAN PLANNING

ARCHITECTURE

ARCH 448 Designing Accessible Environments (3)

Planning and designing the environment to be accessible to the broadest spectrum of the population with emphasis upon the needs of persons with functional and age-related disabilities. Prerequisite: Junior standing. Open to non-majors.

ARCH 454 Gothic Art and Architecture (3)

Gothic art and architecture, with emphasis on major cathedrals of France and England, and accompanying castles, barns, and houses that comprised the Gothic townscape. Offered jointly with ART H 455. Prerequisite: 351 or equivalent.

COLLEGE OF ARTS AND SCIENCES

ANTHROPOLOGY

ANTH 475 Comparative Systems of Healing (5)

Medical Anthropology. Ways in and extent to which "health" and "sickness" are culturally constituted. Epistemological as well as pragmatic limitations of the organism-centered, cartesian, biomedical approach to sickness, medicine, and health.

ANTH 554 Field Techniques in Ethnography (3)

Techniques of collecting, ordering, and utilizing ethnographic data in the field. Problems of rapport, elicitation, observation, interpretation, and ethics.

ARCHAEOLOGY

ARCHY 491 Museum Collection Management: Archaeology (3)

Lecture and work experience in museum collection management in the archaeology collections of the Burke Museum, including: identification, cataloging, storage, cleaning, inventory, and exhibit preparation. Involves both archival and nonarchival specimens from North America, Oceania, South America, and Europe. Prerequisite: 480 or permission of instructor.

ART

ART 412 Extended Photographic Processes (5)

Creative use of extended photographic processes such as high contrast, infrared, and recording film. Prerequisite: 372 or permission of instructor.

ART 515 Photography (3-15, max. 60)

ART 540 Textile Design (3-15, max. 60)

ART 547 Industrial Design (3-15, max. 60)

ART 558 Metal Design (3-15, max. 60)

ART 580 Graphic Design (3-15, max. 60)

Art History

ART H 317 Chadō: Japanese Esthetics (4)

History, theory, and practice of chadō, or "Way of Tea", a Zen-inspired art that has had notable effects on Japanese society. Lectures on esthetics and cultural history supplemented by participation in chadō, with the goal of developing sufficient understanding and skill to continue chadō as a discipline.

ART H 330 Tribal Art and Philosophy (5)

Examination of philosophical inquiry and thought in African, Amer-Indian, and Pacific Island Societies as expressed through the visual, musical, choreographic, and oral arts. Natural, moral, and ethical ideas as expressed in the arts.

ART H 415 Chinese Painting: The Sung Period (3)

"Golden Age" of Chinese painting, emphasizing the monumental, romantic, and Zen Buddhist landscape painting traditions of the tenth through the thirteenth centuries.

ART H 455 Gothic Art and Architecture (3)

Offered jointly with ARCH 454. See ARCH 454 for course description.

ASIAN LANGUAGES AND LITERATURE

Chinese

CHIN 342 The Chinese Language (3)

Nature and structure of the Chinese language, covering structural characteristics, genetic and typological affinity with other groups, sound system of standard Mandarin, Chinese writing system and language reforms, brief survey of the history of the Chinese language, and aspects of language in relation to culture. Prerequisite: 213 or equivalent.

CHIN 555 Readings in Chinese Prose (5)

Selected readings in parallel Prose (pianti wen).

CHIN 565 History of Chinese Literature (5)

Methods and materials in Chinese literary history: Tang through Song. Recommended: 564.

BIOLOGY

BIOL 111 Elementary Biology for Health Professions (2)

Elementary human anatomy and physiology including selected areas in laboratory medicine. For EOP students only. Offered on a credit/no credit basis only. Prerequisite: 110.

BIOL 113 Biology Tutorial (1-3, max. 6)

Independent study. Topics related to material taken in 110, 111, and 112. For EOP students only. Prerequisite: permission of instructor.

BIOL 581 Biology of Drosophila Seminar (1, max. 12)

Weekly presentation by participants of classical literature, current literature, and research in the molecular biology, developmental biology, neurobiology, and genetics of *Drosophila*. Prerequisite: permission of instructor.

BOTANY

BOT 372 Plant Physiology Laboratory (2)

Laboratory experiments on the growth, nutrition, and metabolism of plants. Prerequisite: 371 (may be taken concurrently).

COMMUNICATIONS

CMU 358 TV News Reporting and Editing (5)

Preparation and presentation of news broadcasts, including reporting, scripting, and use of visuals. Prerequisites: 353 and 354.

COMPARATIVE LITERATURE

C LIT 200 Introduction to Comparative Literature (5)

Reading, understanding, and enjoyment of literature from various countries, in different forms of expression (e.g., dramatic, lyric, narrative, rhetorical) and of representative periods. Emphasis on the comparative study of themes and motifs common to many literatures of the world.

C LIT 493 Comparative Literature Honors Seminar (5)

Special topics in Comparative Literature. Required of honors students in Comparative Literature. Prerequisite: permission of honors adviser.

C LIT 495 Honors Thesis (4)

Preparation of an Honors thesis under the direction and supervision of a faculty member. Prerequisite: 493 and permission of Honors adviser.

DRAMA

DRAMA 430 Improvisation Performance Practicum (3)

Developing performance through improvisation in small ensembles. Creation of short plays for performance in local schools, emphasizing story theatre, participation-play formats, and the demands of child audiences. Improvement of improvisation skills. Prerequisites: 253 or equivalent and audition.

DRAMA 475 Modern English Theatre and Drama (5)

Major trends in contemporary English theatre Post World War II to the present. Performers, dramatists, and designers who shaped the course of the theatre following the "angry young rebellion" of the 1950's. Prerequisite: 373 or permission of instructor.

DRAMA 514 Design and Technical Theatre Colloquium (1, max. 9)

Discussion of work in progress or completed in production, centering on the conceptual work of the designer-director on the production and the methods of execution in the shops and on stage. Prerequisite: graduate standing in drama.

ECONOMICS

ECON 403 The Economics of Property Rights (5)

Property rights as constraints for individual competition and interaction in society. Implications of different property rights for affecting economic behavior and for resource allocation and income distribution. The costs of transactions as determinants of contractual and institutional arrangements in light of the recent advancement of the theory of economic organization. Prerequisite: 300.

ECON 554 Cost-Benefit Analysis (3)

Techniques of and theoretical foundation for cost-benefit analysis. Strengths and limitations of economics in project evaluation. Derived techniques as applied to alternative types of decision-making problems in both private and public sectors. Offered jointly with SMT 554. Prerequisite: 300 or 400.

ECON 601 Internship (3-9, max. 9)

ENGLISH

ENGL 100 Intermediate ESL for International Students (0)

Offered as two separate sections. One section concentrates on reading comprehension, vocabulary development, and basic

writing skills, including review of grammar. The other concentrates on listening for increased efficiency in academic work; note-taking; oral summarizing; recognition of idioms; practice in pronunciation and intonation. Sections may be taken concurrently. Five hours of student effort recognized for each section for satisfactory progress. Special \$150 fee required for each section. Prerequisite: placement examination.

ENGL 101 High Intermediate ESL for International Students (0)

Offered as two separate sections. One section focuses on further improvement of reading comprehension and vocabulary; emphasis on organizing and developing ideas in various modes of expository prose. The other focuses on refinement of listening and speaking skills; speaking in both formal and informal situations; presenting arguments effectively. Sections may be taken concurrently. Five hours of student effort recognized for satisfactory progress. Special \$150 fee required for each section. Prerequisite: placement examination.

ENGL 102 Advanced Reading and Writing for ESL Students (0)

Study of word derivation; practice in writing for varied purposes and audiences. Special \$150 fee required. Prerequisite: placement examination.

ENGL 103 ESL for EOP Students (5)

Improvement of reading comprehension and vocabulary; emphasis on organizing and developing ideas in various modes of expository prose. Prerequisite: placement examination.

ENGL 182 The Research Paper (5)

Includes study of library resources, the analysis of reading materials, and writing preparatory papers as basic to writing a reference or research paper. Open to all undergraduates. Prerequisite: one of 111, 121, 122, 171, 181.

ENGL 200 Reading Literature (5)

Techniques and practice in reading and enjoying literature. Examines some of the best works in English and American literature and considers such features of literary meaning as imagery, characterization, narration, and patterning in sound and sense. Emphasis on literature as a source of pleasure and knowledge about human experience.

ENGL 201 Writers and Their Works (5)

Introduction to literature from the writer's point of view; a study of selected writers, why they wrote, how they wrote, what relation their literary output has to the lives they actually led, and the various general conditions under which they led them. Most offerings will include at least three writers.

ENGL 335 The Age of Victoria (5)

Literature in an era of revolution that also sought continuity, when culture faced redefinition as mass culture and found in the process new demands and creative energies, new material and forms and transformations of old ones. Readings range from Tennyson, Browning, Arnold, Shaw, to Dickens, Eliot, Hardy.

ENGL 340 The Modern Novel (5)

The novel on both sides of the Atlantic in the first half of the twentieth century. Includes such writers as Joyce, Woolf, Lawrence, Stein, Hemingway, Faulkner, and others.

ENGL 359 Contemporary Novel (5)

Recent efforts to change the shape and direction of the novel by such writers as Murdoch, Barth, Hawkes, Fowles, and Atwood.

ENGL 366 Twentieth Century Dramatic Literature (5)

Modern and contemporary plays by such writers and Shaw, Synge, O'Casey, O'Neill, Yeats, Eliot, Beckett, Pinter, Albee.

ENGL 368 The Art of Prose (5)

Techniques and varieties of prose--autobiography, biography, personal essay, reflective and meditative writing, social and scientific enquiry, and persuasive writing. Special attention to use of poetic, fictional, and dramatic devices. Prerequisite: introductory literature course.

ENGL 383 Poetry: Special Studies (5, max. 10)

A poetic tradition or group of poems connected by subject matter or poetic technique. Specific topic varies but might include poetry as a geography of mind, the development of the love lyric, the comic poem.

ENGL 499 Honors Seminar (5, max. 10)

Seminar study of themes and topics offering special approaches to literature. Required of, and limited to, honors students.

ENGL 560 Practicum in Teaching English as a Second Language (3)

Discussion and practice of second language teaching techniques. Three hours per week teaching required in addition to regular class meetings. Prerequisite: 555 or permission of instructor.

GENERAL STUDIES

G ST 209 Writing Lab/POL S 101 (5)

Expository writing based on material presented in POL S 101. Assignments include drafts of papers to be submitted in POL S 101 and other pieces of analytical prose. Concurrent registration in POL S 101 required.

G ST 210 Writing Lab/SOC 110 (5)

Expository writing based on material presented in SOC 110. Assignments include drafts of papers to be submitted in SOC 110 and other pieces of analytical prose. Concurrent registration in SOC 110 required.

G ST 216 Writing Lab/HST 112 (5)

Expository writing based on material presented in HST 112. Assignments include drafts of papers to be submitted in HST 112 and other pieces of analytical prose. Concurrent registration in HST 112 required.

G ST 220 Writing Lab/SIS 200 (5)

Expository writing based on material presented in SIS 200. Assignments include drafts of papers to be submitted in SIS 200 and other pieces of analytical prose. Concurrent registration in SIS 200 required.

G ST 239 Writing Lab/HSTAA 201 (5)

Expository writing based on material presented in HSTAA 201. Assignments include drafts of papers to be submitted in HSTAA 201 and other pieces of analytical prose. Concurrent registration in HSTAA 201 required.

GEOGRAPHY

GEOG 349 Geography of International Trade (5)

Processes and patterns of international commerce. Geographical dimensions of trade linkages. Emergence of trading blocks, problems of "north-south" trade arrangements, and role of multinationals in the global trading system. Recommended: 207.

GEOG 580 Medical Geography (3)

Geography of human disease, with spatial consideration in health services systems planning. Description and analysis of disease distributions, diffusion models, migration studies, and geographic inputs to the discovery of disease causation. Application of distance, gravity, optimal location models to health systems planning; emergency medical services; distribution of health professionals; and cultural variations in health behavior. Prerequisites: familiarity with social science research; familiarity with health-related issues.

GEOG 598 Geography Colloquium (1, max. 3)

Participation in and critique of student thesis and dissertation research, faculty research, and visitor contributions.

GEOPHYSICS

GPHYS 560 Fluid Mechanics of Erosion and Sediment Transport (3)

Offered jointly with GEOL 560 and OCEAN 560. See General Catalog listing for complete description of this course.

HONORS--ARTS AND SCIENCES

H A&S 211 Humanities for Honors Students 2 (4)

Study of the evolution of an art form, or an idea, or a discipline central to the humanities. Content varies from year to year. For college honors students only. Continuation of 210. (Last quarter offered: Winter 1983.)

H A&S 221 Science for Honors Students 2 (4)

Study of the evolution of an idea or concept central to the natural sciences. Intended for non-science majors. Content varies from year to year. For college honors students only. (Last quarter offered: Winter 1983.)

H A&S 231 Social Science for Honors Students 2 (4)

Study of the development of an idea or concept or institution central to the social sciences. Content varies from year to year. For college honors students only. (Last quarter offered: Winter 1983.)

INTERNATIONAL STUDIES

SIS 200 States and Capitalism: The Origins of the Modern Global System (5)

The origins of the modern state system and the origins of the world market in Europe. Interacting forces of politics and economics around the globe from the sixteenth century until World War II.

SIS 302 Intercultural Relations (5)

Perspectives on foreign cultures through literary examples. Interdisciplinary approaches to the study of culture as such and problems of intercultural relations. Prerequisite: 202 or ANTH 202.

SIS 330 Political Economy of Development (5)

Economic, political, and social aspects of the domestic development process. Causes and effects of poverty, population growth, unemployment, and economic stagnation. Roles of government planning, endogenous private enterprise, and multinational corporations and their impact upon economic growth, and distribution of income and political power. Prerequisites: ECON 200, ECON 201.

SIS 455 Industry and the State (5)

Builds on states and markets approach of 200 and 201 through specific examination of effects of industry and industrial structure on political outcomes and roles for state. Emphasis on late-developing and newly-developing economies: Japan, the two Koreas, Taiwan, China, Brazil, Mexico. Prerequisites: 200, 201.

SIS 456 State-Society Relations in Third World Countries (5)

Relations among political, social, and economic changes in Asia, Africa, and Latin America. Problems of economic and political development, revolution and reform, state-society relations, imperialism and dependency.

SIS 490 Special Topics (1-5, max. 15)

Varies from quarter to quarter in content. Prerequisite: instructor's permission.

SIS -492 Senior Honors Seminar (-5)

Students write a senior thesis working with their individual writing adviser.

African Studies

SISAF 417 Advanced Practicum in African Languages (3)

Advanced training in a specific African language: Hausa, Yoruba, Twi, Duala, and Shona. Prerequisite: 416

Comparative Religion

RELIG 330 Islam (4)

Offered jointly with N E 320. See General Catalog listing for complete description of this course.

Japan Regional Studies

SISEA 414 Law and Society in Japan (5)

Role of law in Japan. Particular focus on inherent contrasts between traditional values and Western legal forms, the function and limits of law in governmental processes, and the nature of the criminal process. Recommended: HSTAS 213.

Middle Eastern Studies

SISME 430 Economic Development of the Middle East (5)

Comparative examination of economic development in the Middle East. Topics include population growth, agrarian change, industrialization, foreign trade, capital flows, and fiscal and monetary policies.

KINESIOLOGY

KIN 430 Anatomy of Movement (5)

Anatomy of the locomotor system including innervation and blood supply. Muscle attachments and mechanical aspects of muscle and joint action. Common injuries and relevant pathology. Opportunities for limited dissection. Prerequisite: permission of instructor

MATHEMATICS

MATH 156 Application of Algebra to Business and Economics (5)

Use of graphs and algebraic functions as found in business and economics. Algebraic and graphical manipulations to solve problems. Exponential and logarithm functions; various applications to growth of money. Not open for credit to students who have taken 105. Prerequisites: one and a half years of high school algebra and qualifying test.

MATH 390 Probability and Statistics in Engineering and Science (4)

Concepts of probability and statistics. Use of interactive computing methods. Probability calculus, conditional probability, independence and random sampling. Random variables, cumulative distribution functions. Transformations of random variables and propagation of errors. Descriptive properties of distributions and descriptive statistics. Maximum likelihood estimation and methods of moments. Confidence intervals, least squares regression techniques. Exploratory data analysis. Offered jointly with STAT 390. Prerequisites: 327 or 238, and 302 or 205. (Students may receive credit for only one of STAT 341, 390, or STAT 411. 390 is not intended for students who have had STAT 311.)

MUSIC

Dance

DANCE 450 Exploring the Articulate Body II (3)

Movement fundamentals; further development of 250 course work. Prerequisites: 250 and permission of instructor.

DANCE 490 Special Studies in Dance (1-3, max. 10)

Special studies designed to address contemporary and historical concerns in the field of dance. Prerequisite: permission of instructor.

Music

MUSIC 332 Music in Medieval and Renaissance Society (3)

Music from Gregorian chant to the end of the sixteenth century, as seen against a background of artistic, cultural, religious, and political change in Western Europe. Prerequisite: 120 or permission of instructor.

MUSIC 425 Jazz History and Analysis (3)

Major eras and styles of jazz with emphasis on technical aspects of jazz music: composition, arranging, improvisation practices.

MUSIC 446 Advanced Studio Jazz Ensemble (2, max. 24)

Preparation and performance of material appropriate to large jazz ensemble concerts, clinics, radio and television broadcasts. Prerequisite: permission of instructor. Three quarters of 208 desirable.

MUSIC 452 Ethnomusicology in the Public Schools (3)

Examination of issues, teaching materials, and techniques involved in incorporating music of world cultures in public school classrooms. Prerequisite: 340 or permission of instructor.

MUSIC 474 Keyboard Harmony and Improvisation (3)

Transposition of hymns, piano pieces, song literature, and other repertoire to different pitch levels; reduction of orchestral scores to a piano part. Prerequisites: 321 and 473, or permission of instructor.

MUSIC 477 Advanced Vocal Repertoire: Nineteenth Century (3)

Professional preparation of works from the literature of nineteenth century German lieder, with a view to total artistic-musical realization in performance. Appropriate style, character, balance, phrasing, diction, and projection for vocalists and pianists. Prerequisites: 326, 327, 328, or permission of instructor.

MUSIC 497 Special Topics in Music History (3, max. 6)

Topics vary each quarter.

Applied Music

MUSAP 136 Basic Keyboard (2)

Keyboard harmony and simple keyboard pieces. Class/private instruction. Prerequisite: student must know how to read notes (treble and bass clefs).

MUSAP 137 Basic Keyboard (2)

Keyboard harmony and simple keyboard pieces. Class/private instruction. Prerequisite: 136.

MUSAP 138 Basic Keyboard (2)

Keyboard harmony and simple keyboard pieces. Class/private instruction. Prerequisite: 137.

MUSAP 236, 237, 238 Secondary Piano (2,2,2)

Keyboard harmony, harmonization of melodies; lower-intermediate keyboard pieces. Class/private instruction. Prerequisites: 138 for 236; 236 for 237; 237 for 238.

MUSAP 239 Secondary Piano (2)

Intermediate-level keyboard repertoire. Private instruction. Prerequisite: 238.

MUSAP 550 Private Instruction: Saxophone (3)

MUSAP 559 World Music Laboratory (3)

World music traditions taught by visiting artists with emphasis on cultural pedagogy and traditional theory. The culture to be studied will change from year to year. Required of all graduate students in ethnomusicology. Prerequisite: 459.

MUSAP 570 Private Instruction: Saxophone (3)

MUSAP 590 Private Instruction: Saxophone (3)

NEAR EASTERN LANGUAGES AND LITERATURE

N E 325 Modern Hebrew Literature in English (3)

Major developments in Hebrew literature from the enlightenment to the current Israeli literature. Examines the development of modern Hebrew thought and literary style. Offered on a credit/no credit basis only.

NUTRITIONAL SCIENCES AND TEXTILES

Human Nutrition, Dietetics, and Foods

NUTR 561 Advanced Clinical Nutrition Fieldwork (1-3, max. 4)

Participation in a health care team assessing nutrition status and needs, designing care plans to optimize nutritional support of patients, and establishing appropriate criteria for the evaluation of the nutrition care provided. Supervised clinical experiences provided in a variety of local health care institutions. Prerequisites: 460-461 or equivalent.

NUTR 562 Advanced Clinical Nutrition I (4)

Assessment of the nutritional demands and hypermetabolic responses of trauma, surgery, acute and neoplastic diseases; determination of the appropriate amounts and sources of nutrients supplied through enteral and/or parenteral routes. Prerequisites: 460-461 or equivalent.

PHYSICS

PHYS 542 Numerical Methods in Physics (4)

Numerical methods for analysis and computation in physics. Topics include: interpolation, approximation, integration, differential and difference equations, transcendental equations, optimization. Emphasis on physical applications, eigenvalue and scattering problems, modelling.

POLITICAL SCIENCE

POL S 463 Political Analysis of U.S. Social Programs (5)

Social problems in the United States and policy responses. National policies concerning poverty, health, welfare, manpower, and the social security system. Examination of sub-governments that cluster around each policy area.

POL S 550 American Politics I (5)

Core course in American government and politics. A systematic survey of the literature. 550 focus on national politics. Prerequisites: undergraduate courses in American government and politics.

POL S 575 Public Policy Processes (3)

Political Science frameworks, approaches, and theories concerning development and implementation of public policies within American political systems. Governmental behaviors and processes including: rational, political, and bureaucratic models of governmental decision-making; agenda building processes; and normative perspectives concerning role of governmental entities. Critical review of existing frameworks and research concerning policy processes.

ROMANCE LANGUAGES AND LITERATURE

Spanish

SPAN 104 Spanish Grammar-Intensive (5)

Thorough review of the basics of Spanish grammar. Intended only for persons who already have some knowledge of Spanish. Not open to students who have taken 102 or 103. Prerequisite: one year pre-university Spanish, or 101, or instructor's permission.

SPAN 115 Chicano-Spanish (5)

Oral manifestations and oral transmissions of Chicano-Spanish culture and history (Texas, California, New Mexico, Colo.) Sources, structure, and socio-historical context. Readings supplemented by practice of basic skills in speaking and writing. 115 may be taken before, after, or concurrently with 101, 102, 103, 201, 202, or 203; 115 and 116 may be taken in any order. Prerequisite: background in oral Chicano Spanish or permission of instructor. (Offered W 82 only.)

SPAN 307 Introduction to Latin-American Literature (3)

Study of selected works of twentieth-century Latin American literature, and the socio-historical context in which they have been produced. Development of reading and writing skills. Prerequisites: 203; completion or concurrent enrollment in 350, 351, or 352.

SPAN 401 The Evolution of the Spanish Language (5)

Historical survey of Spanish phonology, morphology, and syntax, from Latin origins to the modern language. Prerequisite: 302.

SCANDINAVIAN LANGUAGES AND LITERATURE

Norwegian

NORW 202 Second-year Norwegian (5)

Intensive practice in speaking, reading, and writing. Functional review of grammar. Prerequisites: 101, 102, 103.

Swedish

SWED 202 Second-year Swedish (5)

Intensive practice in speaking, reading, and writing. Functional review of grammar. Prerequisites: 101, 102, 103.

SOCIOLOGY

SOC 492 Sociology Senior Seminar (5)

Selected topics of contemporary interest, explored through a discussion group led by a sociologist active in the particular field. Prerequisite: major standing or permission of instructor.

SOC 495 Honors Senior Thesis (5)

Preparation of senior honors thesis. Sociology majors only.

SPEECH AND HEARING SCIENCES

SPHSC 453 Communication Augmentation for Non-Speaking Individuals (3)

Communication needs of non-speaking individuals. Interdisciplinary approaches to the evaluation, selection, and implementation of aided and unaided communication augmentation systems. Offered jointly with REHAB 458. Prerequisite: basic course work in either Speech and Hearing Sciences, Physical Therapy, Occupational Therapy, Engineering, or permission of instructor.

SPHSC 601 Internship (3-9, max. 9)

Prerequisite: 150 hours of supervised practicum.

SPEECH COMMUNICATION

SPCH 375 Ethics in Interpersonal and Public Speech Communication (5)

Ethical problems in interpersonal and public speech communication. Alternative ways of evaluating and responding to moral problems in a variety of communication situations.

SPCH 560 Social Scientific Perspectives on Interpersonal Communication (5)

Social scientific research and theory on the role of communication in developing and maintaining interpersonal relationships. Nature of interpersonal communication, relationship change processes, interpersonal control through communication, and personal communication networks.

STATISTICS

STAT 301 Basic Statistics with Applications (5)

Objectives and pitfalls of statistical studies. Structure of data sets and their descriptions and summary by histograms, means, and standard deviations. Correlation and regression for bivariate data. Elements of probability theory, the binomial and normal distributions. Interpretation of statistical estimates, confidence intervals, and significance tests. Application of statistical methods to problems in the student's major field. Mainly for upper division and graduate students. Prerequisites: one and one-half years of high school algebra. (Students may receive credit for only one of 220, 301, and 311.)

STAT 390 Probability and Statistics in Engineering and Science (4)

Offered jointly with MATH 390. See MATH 390 for course description.

STAT 423 Introduction to Regression and Data Analysis (4)

Simple and multiple linear regression; least squares estimates, properties of estimates, confidence regions, coefficient of determination, testing lack of fit; weighted least squares; residuals, influence and detecting collinearity; variable selection. Robust methods; non-linear models. Prerequisites: 342, 390, 411, or grade of 3.0 in 311 plus MATH 126; or permission of instructor.

STAT 512 Statistical Inference (4)

General theory of statistical inference; estimation and hypothesis testing; multivariate theory; regression, correlation, and analysis of variance. Prerequisites: 395 (concurrent registration permitted) or 511, and 421, 423, or BIOST 512 (concurrent registration permitted for these three).

STAT 520 Spectral Analysis of Time Series (4)

Offered jointly with EE 520. See General Catalog for description. Prerequisite: 390, 342, or 411, or permission of instructor.

WOMEN STUDIES

WOMEN 364 Women in the Social Structure (5)

Offered jointly with SOC 364. See General Catalog for complete description of this course.

WOMEN 415 Sexism in American Schools (3)

Implications of sex-role stereotyping in American education, kindergarten through grade twelve, and development of insights into experiences as students, educators, and parents. Includes image of women and girls in curriculum materials, socialization and career counseling, teacher behavior, effects of Title IX and affirmative action on present school policy, and practical alternatives and skills useful for changing attitudes about sex roles. Prerequisites: 200; or 15 hours in Education or Women Studies.

SCHOOL OF BUSINESS ADMINISTRATION

ACCOUNTING

ACCTG 555 Statistical Methods in Professional Auditing (4)

Comparative analysis of the methods of statistical inference used in auditing and incorporation of these methods in the auditor's decision process. Prerequisite: undergraduate accounting concentration or equivalent.

ACCTG 556 Management Accounting Standards and Practices (4)

Systematic coverage of advanced management accounting issues and practices. While technical aspects of cost accounting systems are discussed, major emphasis is placed on analyzing complex management accounting cases and discussing research articles related to management accounting issues. Prerequisite: undergraduate accounting concentration or equivalent.

BUSINESS, GOVERNMENT, AND SOCIETY

BG&S 591 Special Topics in Business, Government, and Society (3, max. 9)

Emphasis on contemporary topics and issues of business in their governmental and societal context. Content reflects contemporary developments and the current interests of instructors and students. Prerequisites: 510, 511, and permission of instructor.

INTERNATIONAL BUSINESS

I BUS 590 Seminar: Special Topics in International Business (3)

Application of international business principles to the analysis of a specific issue in trade or resource transfer, or to the business conditions in a particular country. Japan and other Pacific countries are more frequently chosen country topics for this seminar. Prerequisite: 550 or permission of instructor.

MARKETING

MKTG 590 Special Topics in Marketing (3, max. 9)

Focus on marketing topics of current concern to faculty and students. Only offered when allowed by faculty availability and sufficient student interest. Seminar content to be announced in advance of scheduled offerings. Prerequisites: 500 and permission of graduate office.

MANAGEMENT AND ORGANIZATION

Operations Management

OPMGT 517 Materials Management and Production Scheduling (3)

Focuses on problem of managing materials and information flows in manufacturing and distribution firms. Emphasizes problems in cost analysis, quantity, quality, timing, control, and vendor selection. Topics include demand forecasting, production scheduling, inventory management (including materials requirements planning), capacity planning, and procurement. Prerequisites: 500 and permission of graduate office.

OPMGT 522 Service System Design and Control (3)

Focuses on design and management of service operations in non-manufacturing organizations. Topics include strategic planning of service delivery systems, establishment of desired service level and quality, measurement and assessment of service criteria, capacity planning, workforce planning, scheduling, and life-cycle of service enterprises. Prerequisites: 500 and permission of graduate office.

Winter Quarter 1982 Examination Schedule

The last day of instruction is Friday, March 12.

HOUR lecture session actually meets during quarter	Hour and day on which examination occurs, by days of class meeting in the week.				
	Meeting four times a week, or daily	MWF; MT; MW; MF; WF; MTh; MTh	TTh; T; Th; TThF; MTTh; TW; TF; TWTh	M; W; F; S Meeting once a week	Day of examination
7:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Friday March 19
8:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Tuesday March 16
9:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Wednesday March 17
10:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Monday March 15
11:30 a.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Wednesday March 17
12:30 p.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Thursday March 18
1:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Monday March 15
2:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Tuesday March 16
3:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Thursday March 18
4:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Friday March 19
EVENING CLASSES (5:30 or thereafter)	8-10 p.m. Thursday March 18	8-10 p.m. Monday March 15	8-10 p.m. Tuesday March 16	8-10 p.m. Wednesday March 17	
Make-ups Incomplete Removals Conflicts	When mutually agreeable to faculty members and students concerned, provided scheduled <i>no later than</i> Friday, March 19.				

Final examinations should be administered in accordance with the above examination schedule.

The dean may permit an instructor to change the time of a final examination upon prior application demonstrating good cause for such change. In such cases, the following guidelines shall be observed:

1. With the dean's permission, the final examination may be postponed or moved to an earlier time within the examination period if agreed to by all students and the instructor. Before approving the rescheduling of a final examination, the dean shall obtain assurances that the change will not have an undue adverse impact on the students. The dean shall notify the Registrar of the approval granted for changing the date of a final examination.
2. An instructor shall not, except in very unusual circumstances, grant permission to individual students for an early examination. If the student is unable to take an examination on the scheduled date, the procedure outlined in the following paragraph should be followed.
3. A student absent from any examination, or other required class activity, either by permission of the dean or through sickness or other unavoidable cause, shall be given an opportunity to complete the required work, or its equivalent, at some other time. If the instructor determines this is not feasible during the current quarter, the instructor shall exempt the student from

the requirement or give the student a grade of Incomplete if his or her work in the course is otherwise satisfactory. The student may remove this Incomplete in the manner provided for the removal of Incomplete grades. In all other cases of absence from the scheduled final examination, a student should be given a grade of 0.0.

4. Classes that meet on the hour use the first full hour of instruction to determine the time of examination. For example, a class that meets at 10 a.m. uses the 10:30 a.m. examination time.
5. Classes that begin on the half hour and last longer than one hour use the actual starting time to determine the examination time. For example, a class that meets at 7:30 a.m. and continues until 9:00 a.m. would use the 7:30 p.m. time.
6. Classes in which the entire class meets at the same hour every day, in the same room, may use that room at 8:30 a.m. or 2:30 p.m. for a three-hour examination. All other examinations are limited to one hour and fifty minutes unless other arrangements are made with Room Assignments.
7. If an examination is held at a time other than the above schedule indicates, instructors must check with Room Assignments to make sure that the room is going to be available.

Questions concerning the examination schedule should be directed to Room Assignments, 543-1080.

SCHOOL OF DENTISTRY

DENTISTRY

DENT 651P P-Anesthesia Rotation (6)

One and one-half month rotation in anesthesia at one of three local hospitals. Opportunity to give most forms of inhalation and regional anesthesia. Objectives are not only administration of anesthesia but to make the student more proficient in management of emergency situations and airway problems, to give familiarity with pharmacology of anesthetic drugs, and to increase efficiency with venipuncture. Offered on a credit/no credit basis only. Prerequisite: permission of instructor.

DENT 652P P-Clinical Medicine Clerkship (4)

One month clinical rotation in clinical medicine at a local hospital. Objective is to increase the student's ability in physical evaluation of patients as well as give in-depth knowledge of hospital procedures and commonly prescribed medications. Offered on a credit/no credit basis only. Prerequisite: permission of instructor.

ORAL MEDICINE

ORALM 402 X-ray Techniques and Interpretation (3)

Biophysical, clinical, and interpretative aspects of dental x-ray procedures, with practical application in the completion of acceptable full-mouth surveys on patients.

ORALM 650P P-Oral Medicine Clinical Elective (*, max. 12)

Opportunities for students to work in various clinical activities at local hospitals or other sites outside the school. Offered on a credit/no credit basis only. Prerequisite: permission of instructor.

ORAL SURGERY

O S 630P P-Oral Surgery Clinic (1-, max. 3)

Clinical application of O S 530P.

O S 651P P-Harborview Clerkship (12)

Six week rotation at Harborview Medical Center, Seattle, including intensive instruction in oral surgery procedures, and observing and assisting oral and maxillofacial surgery in the operating room. Offered on a credit/no credit basis only. Prerequisite: permission of departmental chair.

O S 652P P-Smith Hospital, Texas Rotation (16)

Eight-week rotation at John Peter Smith Hospital in Fort Worth, including intensive instruction in oral surgery procedures, and observing and assisting oral and maxillofacial surgery in the operating room. Offered on a credit/no credit basis only. Prerequisite: permission of departmental chair.

PROSTHODONTICS

PROS 650P P-Extramurals in Prosthodontics (*, max. 12)

Elective clinical experiences including Foss Nursing Home or clinical practice teaching. Offered on a credit/no credit basis only. Prerequisite: permission of instructor.

COLLEGE OF EDUCATION

EDUCATIONAL ADMINISTRATION

EDADM 519 Laboratory in Educational Administration (1-3, max. 3)

Series of extended class sessions in which students are engaged in skill building in relation to concepts taught in the regular courses. Skill building activities selected for use in the laboratory sessions parallel the tasks facing building level and central office administrators in the public and private schools.

EDADM 601 Internship (3-9, max. 9)

Offered on a credit/no credit basis only.

EDUCATIONAL CURRICULUM AND INSTRUCTION

EDC&I 591 Seminar in Curriculum Research (3)

Analysis of past and current empirical, historical, ethnographic research, and philosophical analysis of the curriculum field. Studies considered include research in curriculum development, the curriculum plan, contextual characteristics and factors related to curriculum participants. Group and individual analysis will focus on theory generation and practical applications of research. Prerequisite: 559 or permission of instructor.

EDC&I 601 Internship (3-9, max. 9)

Offered on a credit/no credit basis only. Prerequisite: graduate standing and permission based on approval of proposal submitted during the quarter preceding the internship.

EDUCATIONAL POLICY STUDIES

EDEPS 601 Internship (3-9, max. 9)

Prerequisites: permission of supervisory committee chairperson and area chairperson.

HIGHER EDUCATION

EDHED 528 Organizational Change in Colleges and Universities (3)

Change and innovation in colleges and universities. Theoretical approaches include social-psychological, rational planning, and political perspectives as well as those associated with the notion of organized anarchies. Attention also paid to specific topics of interest related to change and innovation: e.g., the role of beliefs, symbols and norms, diffusion of innovations, and research issues. Prerequisite: 527 or permission of instructor.

EDHED 601 Internship (3-9, max. 9)

Offered on a credit/no credit basis only. Prerequisite: graduate standing and permission received at least one month prior to the beginning of the quarter in which the internship is taken.

SPECIAL EDUCATION

EDSPE 601 Internship (3-9, max. 9)

Prerequisite: graduate status, permission based on pre-arrangement of internship placement and approval by adviser.

COLLEGE OF ENGINEERING

ENGR 332 Technical Briefings and Presentations (3)

Presenting technical information to different audiences and for different purposes. Includes analyzing the professional situation, preparing the presentation, and the role and use of visuals. For students in Engineering and similar professions and for those in the natural, social, and health sciences. Concentrates on professional papers, management briefings, and public presentations. Offered on a credit/no credit basis only. Prerequisite: junior standing or permission of instructor.

AERONAUTICS AND ASTRONAUTICS

A A 498 Special Topics in Aeronautics and Astronautics (1, max. 2)

Lectures and discussions on topics of current interest to aviation and space engineering. Offered on a credit/no credit basis only.

CHEMICAL ENGINEERING

CH E 533 Mass Transfer (3)

Molecular mass transport; single phase mixing; age distributions and residence time analysis; transfer across interfaces; coupled heat and mass transfer; effects of chemical reaction; design consideration.

CIVIL ENGINEERING

CETC 420 Engineering Principles of Transportation Modes (3)

Introduction to the technology and operation of various transportation modes. Technological characteristics of vehicle flow systems, continuous flow systems, and terminals. Characteristics of transport costs for these systems. Also, design and management of operation and control systems for different transport modes. Student project. Prerequisite: senior standing or permission of instructor.

ELECTRICAL ENGINEERING

E E 457 Electric Energy Distribution Systems (4)

Introduction to electric energy distribution devices and systems. Primary and secondary network analysis and design, distribution substation problems, distribution transformers, capacitor application, overcurrent and overvoltage system planning and reliability. Prerequisite: 344 or permission. Background in system analysis is desirable.

E E 486 Fundamentals of Integrated Circuit Technology (3)

Processing physics, chemistry, and technology, including evaporation, sputtering, epitaxial growth, diffusion, ion implantation, laser annealing, oxidation, chemical vapor deposition, photoresists. Design considerations for bipolar and MOS devices. Material and process characterization. Future trends. Prerequisite: 485, may be taken concurrently.

E E 559 Special Topics in Electrical Energy Systems (1-5)

Topics of current interest in electrical power and energy devices and systems. Content varies from year to year, based on current professional interests of faculty member in charge. May be repeated for credit by permission. Prerequisite: permission of instructor.

COLLEGE OF FOREST RESOURCES

MANAGEMENT AND SOCIAL SCIENCES

FOR M 465 Forest Finance and Accounting (3)

Basic concepts of finance and accounting used in forestry. Introduction to the principles of bookkeeping and measurement of income. Essentials of cost accounting and taxation. Treatment of property and income taxes and accounting for fixed assets. Use of ratio analysis and financial statements in decision-making. Prerequisite: 365.

INTERDISCIPLINARY GRADUATE DEGREE PROGRAMS

APPLIED MATHEMATICS

AMATH 341, 342 Quantitative Methods in Oceanography I,II (3,3)

Offered jointly with OCEAN 341 and 342. See General Catalog for complete description of this course.

AMATH 520 Mathematical Modeling (3)

Systematically explores processes used in physical, biological, and economic sciences as well as engineering for providing mathematical descriptions of various problems pertinent to these disciplines. Emphasis on the modeling rather than the solution of problems. Students must have an undergraduate background in one or more mentioned areas as well as graduate standing. Mixed lecture-seminar with student participation in certain pre-assigned modeling projects. Prerequisites: 401, 402, 403 or equivalent, or permission of instructor.

AMATH 599 Special Studies in Applied Mathematics (*, max. 12)

Lectures and discussions of topics of current interest in applied mathematics. May not be offered every quarter; content may vary from one offering to another. Prerequisite: permission of instructor.

DOCTOR OF ARTS

D ART 800 Doctoral Dissertation (*)

INTERSCHOOL OR INTERCOLLEGE PROGRAMS

QUATERNARY STUDIES

QUAT 504 Special Topics in Quaternary Sciences (1-3)

Focuses on environments and climate changes of the past two million years (Quaternary Period) in the context of modern surface processes, including historical changes, prehistorical environments of the postglacial period, and Ice Age events. Provides a scientific perspective on the scale of modern and man-made environmental changes, including those of climate in the context of recent earth history. Offered on a credit/no credit basis only. Prerequisites: background courses in earth sciences and ecology.

SOCIAL MANAGEMENT OF TECHNOLOGY

SMT 554 Cost-Benefit Analysis (3)

Offered jointly with ECON 554. See ECON 554 for course description.

SCHOOL OF MEDICINE

BIOCHEMISTRY

BIOC 587 Molecular Aspects of Differentiation (1)

Weekly conferences on laboratory research in microbial development and/or molecular aspects of differentiation. Offered on a credit/no credit basis only. Prerequisite: permission of instructor.

BIOMEDICAL HISTORY

BI HS 464 History of Chinese Medicine, Antiquity to Modern Times (3)

Examines the philosophical and shamanistic backgrounds of Chinese medicine and the establishment of traditional Chinese medicine. Chinese responses to biology and medicine from the West since the sixteenth century are considered and the evolution of medicine in China during the twentieth century described.

MEDICAL PRACTICE

MED P 601 P-Visiting Medical Student Clerkship (*, max. 24)

The School of Medicine accepts a limited number of students from other medical schools for individually designed clinical clerkships at the University of Washington. (Students are accepted only for clerkship sites available after all UW students are accommodated.) Prerequisites: completion of all preclinical work at the parent institution and certification from the Dean of that institution.

MICROBIOLOGY AND IMMUNOLOGY

MICRO 578 Cellular Immunology (1, max. 10)

Weekly one-hour seminar in which various aspects of cellular immunology will be discussed together with current research findings. Offered on a credit/no credit basis only. Prerequisite: permission of instructor.

PEDIATRICS

PEDS 500P P-Topics in Adolescent Medicine for Medical Professionals (1)

Survey course on adolescent health care topics with preparatory readings. Topics include: psychological and physical development, sexuality, gynecological problems, chronic illness and hospitalization, acne treatment, office approach. Prerequisites: medical students having completed Medicine 665P, Pediatrics 665P, and Psychiatry 665P basic clinical clerkships; postdoctoral medical trainees.

PEDS 530P P-Pioneer Square Adolescent Seminar (1)

Clinic based setting for seminar and interview practice with Pioneer Square adolescents; students learn how to deal with special health problems and other related problems of "street kids" through interviews and observations. Offered on credit/no credit basis only.

PHARMACOLOGY

PHCOL 519 Introduction to Laboratory Research in Pharmacology (4)

Students become familiar with and assist in performance of research on ongoing projects in designated laboratories. Emphasis on currently employed methodology and techniques. For first-year graduate students in Pharmacology to provide a basis for future independent research.

PSYCHIATRY AND BEHAVIORAL SCIENCES

PBSCI 685P Geriatric Psychiatry Clerkship (4, max. 12)

A two, four, or six week elective. Students will participate in the evaluation and care of older persons with psychopathology, such as intellectual impairment and depression, in a

variety of settings, including UH, HMC, and the Seattle VA. Emphasis on improving clinical skills regarding diagnosis and treatment of common behavioral problems in the elderly. Prerequisite: 664, 665, or 666.

RADIATION ONCOLOGY

R ONC 505 Radiological Physics I (3)

Application of physical concepts methodology and instrumentation in the study, production, and mensuration of ionizing radiations and their interactions with biological materials. Offered jointly with RAD S 505. Prerequisite: permission of instructor.

R ONC 695P Clinical Cancer Management (*, max. 8)

Formerly RADGY 695P. See General Catalog for complete description of this course.

RADIOLOGY

RADGY 571P Physical Basis of Diagnostic Radiology (1)

Topics covered are: production of x-rays, spectra, design of x-ray systems, interactions of x-rays with matter, attenuation, filters, beam restrictors, grids, intensifying and fluoroscopic screens, x-ray film, film processing, the radiographic image, image intensifiers, cine and videotape systems, tomography, magnification radiography, exposures to patients and personnel, xerography, receiver operating characteristics, image enhancement, field emission radiography, ultrasound and computerized tomography. Offered on a credit/no credit basis only. Prerequisite: resident physician standing or permission of instructor.

REHABILITATION MEDICINE

REHAB 432 Woodworking for Occupational Therapists (3)

Hand-tool processes, elementary machine operations, safety practices, problem solving and planning, methods of assembling and fastening, simple wood finishing as prerequisite skills to the learning of occupational therapy treatment activity applications and analyses. Prerequisite: occupational therapy major.

REHAB 458 Communication Augmentation for Non-speaking Individuals (3)

Offered jointly with SPHSC 453. See SPHSC 453 for course description.

SCHOOL OF NURSING

NURS 588- Advanced Problems in Nursing Research (3-)

Examination of alternative methodological decisions for their direct and indirect consequences at different points in nursing research process. Prerequisites: 520 and 521 or equivalent; inferential statistics.

COLLEGE OF OCEANOGRAPHY AND FISHERY SCIENCES

FISHERIES

FISH 407 Shellfish Hatchery Management Techniques (3)

Through laboratory experience with resident aquaculture biologist, techniques for spawning bivalves and rearing their larvae are learned. Experience in maintaining support facilities for algal culture and in knowledge of sea water treatment and filtration. Lectures cover basic reproductive physiology, the history of oyster hatcheries, and state-of-the-art techniques. Guest lecturers will discuss other shellfish hatchery culture methods. Prerequisites: 405 and permission of instructor.

INSTITUTE FOR MARINE STUDIES

IMS 543 Marine Technology Affairs I (3)

Offered jointly with CIVE 543 and O ENG 503. See General Catalog for complete course description.

SCHOOL OF PHARMACY

MEDICINAL CHEMISTRY

MEDCH 502 Advanced Medicinal Chemistry (4)

Advanced study of the various classes of medicinal compounds with particular emphasis in biological activity, mechanism of action, biotransformation, and the structural and physical properties governing absorption, distribution, and excretion. Prerequisite: permission of instructor.

PHARMACEUTICS

PCEUT 499 Undergraduate Research (*, max. 6)

Research problems in biopharmaceutics and clinical pharmacokinetics. Prerequisites: cumulative grade point average of 2.5 and permission of instructor.

PCEUT 520 Seminar (1, max. 5)

Graduate students attend seminars and make one formal presentation per year while in residence; 1 credit per year is allowed. Offered on a credit/no credit basis only.

PCEUT 583 Topics in Pharmaceutics (1, max. 15)

Discussion of pertinent articles from current literature and recent laboratory results. Offered on a credit/no credit basis only.

PCEUT 600 Independent Study or Research (*)

Offered on a credit/no credit basis only.

PCEUT 700 Master's Thesis (*)

Offered on a credit/no credit basis only.

PCEUT 800 Doctoral Dissertation (*)

Offered on a credit/no credit basis only.

PHARMACY PRACTICE

PHARM 471 Externship in Institutional Practice (*, max. 15)

Closely supervised study-experience periods in hospital or other institutional pharmacies. Ordinarily, students rotate through two periods of five weeks each, and they participate in active pharmacy practice under the supervision of a preceptor. Conferences on selected topics supplement the work experience. Offered on a credit/no credit basis only. Prerequisite: permission of instructor.

GRADUATE SCHOOL OF PUBLIC AFFAIRS

PUBLIC POLICY

PB PL 514 Policy Implementation (3)

Provides working knowledge of how policies are implemented and a set of analytic skills for anticipating and diagnosing implementation problems. Primarily for students who plan to become public sector policy analysts or managers. Mastery of basic literature on implementation and its application to solving problems of public policy, including estimating feasibility of policy alternatives and identifying the sources of implementation failure, is expected. Prerequisites: microeconomics, organization theory.

SCHOOL OF PUBLIC HEALTH AND COMMUNITY MEDICINE

PATHOBIOLOGY

PABIO 583 Seminars on Frontier Membrane Research (1, max. 4)

Research seminars on structure and function of cell surface membranes are presented for postdoctoral fellows and graduate students. A detailed discussion on experimental design based on current topics of cell surface structure and function will be made among researchers in the Dept. of Pathobiology, and Division of Biochemical Oncology, Fred Hutchinson Cancer Research Center. This course can be regarded as advanced state supplement to the membrane course #525.

ADDENDUM

COLLEGE OF ARTS AND SCIENCES

HISTORY

HST 242 Europe Discovers the World (5)

Great explorers and their discoveries from Marco Polo to Captain Cook. Impact of the discoveries on Europeans' perceptions of the world and on non-European peoples brought into contact with European civilization.

INDEPENDENT STUDY THROUGH CORRESPONDENCE

The Office of Independent Study provides University courses for correspondence credit primarily by correspondence instruction to persons who wish individual instruction. Fees for Independent Study courses are separate from residence tuition and are \$23 per credit. Enrollment is not based on the quarter system but is continuous throughout the year, with one calendar year allowed to complete a course.

A regularly enrolled student who wishes to register for additional courses for Independent Study credit should consult his or her departmental adviser prior to enrolling in an Independent Study course. Applications and additional information on enrollment procedures may be obtained from the Independent Study office, 222 Lewis, or by telephoning 543-2350.

The following courses are currently offered by Independent Study (credits in parentheses; * indicates variable credit, to be arranged by student and instructor).
