Time Schedule

Winter Quarter 1984

PUBLISHED IN FALL 1983
© 1983 UNIVERSITY COMMUNICATIONS, INC.

Time Schedule

Winter Quarter 1984

Preregistration: November 7-10, 14-18

	Last day to register and receive highest priority
Freshmen (0-44 credits)	November 7, 8
Seniors (135 credits)	November 8, 9
Graduate students	November 9, 10
Postbaccalaureate (fifth-year) students	November 10, 14
Juniors (90-134 credits)	November 15, 16
Sophomores (45-89 credits)	November 16, 17, 18

Class standing is based on the projected number of credits the student will have at the beginning of the next quarter. Faculty and staff using tuition exemptions may not preregister.

In-person registration (by appointment only): December 14-16

Matriculated students: December 14, 15
Nonmatriculated students: December 16
Tuition-exempt faculty/staff: December 16
"Access" students: December 16

GENERAL INFORMATION

It is the University's expectation that a student will follow University rules and regulations as they are stated in the *General Catalog*. In instances where no appeal procedure is spelled out and the student is persuaded that a special set of circumstances makes appeal reasonable, he or she may appeal the application of specific rules or regulations to the office of the dean of the school or college in which he or she is enrolled in the case of an academic matter, or to the Office of Student Affairs in the case of a nonacademic matter. These offices will either render a decision on the appeal or refer the student to the proper office for a decision.

GUARANTEED REGISTRATION ELIGIBILITY

University of Washington students who remain in good scholastic standing are guaranteed the opportunity to register each quarter as long as they maintain continuous enrollment (Summer Quarter excepted). Continuation must be in the same classification, e.g., undergraduate, postbaccalaureate (fifth-year), graduate, etc. Once a student earns a baccalaureate degree, he or she must apply for readmission as a postbaccalaureate (fifth-year), nonmatriculated, or graduate student. Exceptions to the guarantee are: (1) students under disciplinary action, (2) students with a financial hold, or (3) students not meeting departmental continuation policies.

If an undergraduate does not enroll for one or more quarters, or if a graduate student goes on-leave, he or she must file an application for readmission, including payment of \$25 application fee, with the Registrar's Office. Information on admission closing dates is available at Window 3, second floor, Schmitz Hall, or by calling 543-5920.

FULL-TIME STUDENT REQUIREMENT

Some students think that because they pay full fees they are considered full-time students. This is incorrect. To be considered a full-time student, an undergraduate must register for 12 credits and a graduate student must register for 9 credits. The full-time registration requirement varies for different agencies: Information on full-time requirements of the Veterans Administration, Immigration and Naturalization Service, and Social Security Administration may be obtained at 460 Schmitz. Consult the Financial Aid Office for its requirement on satisfactory student progress.

NONMATRICULATED STUDENTS

Nonmatriculated students register December 16 and enroll only on a space-available basis. Because nonmatriculated students register after all other students, enrollment may be closed in the following areas: mathematics, English composition, beginning foreign languages (particularly French and Spanish), business, and art. Nonmatriculated students may participate in preregistration for the Summer Quarter.

TUITION-EXEMPT FACULTY/STAFF

With the approval of their department heads, regularly admitted full-time UW faculty and staff members who have been employed six months or more may take up to 6 credits per quarter under the tuition exemption program. According to legislative action, all registrations must be on a space-available basis after other students have registered. Members of the faculty and staff who wish to utilize the exemption may not preregister; registration may occur no earlier than the last day of the registration period. Faculty/staff who register before the last day will not be eligible to use a tuition exemption that quarter. Registration appointments are not required. New faculty/staff members who enroll must be officially admitted by the Office of Admissions by the regular admission closing date; November 1 is the closing date for Winter Quarter. Faculty/staff members who are former students returning either in the same classification or as nonmatriculated students should apply at the Registration Office, Window 8, second floor, Schmitz Hall.

Employees should present their approved tuition exemption cards at Sections, Odegaard Undergraduate Library, according to the schedule listed below. A \$5 registration fee will be collected at the time of registration. The alphabetical priority will change each quarter. Regularly admitted faculty and staff members who are unable to meet this schedule may register late by paying \$25 if registering by the tenth day of the quarter; \$75 if registering after the tenth day of the quarter.

Winter Quarter Registration Date: December 16, 1983

Last names beginning with A-B (8-9 a.m.); C (9-10 a.m.); D-E-F (10-11 a.m.); G-H (11 a.m.-noon); I-J-K (noon-1 p.m.); L-M (1-2 p.m.); N-O-P (2-3 p.m.); Q-Z (3-4 p.m.); makeup (4-4:30 p.m.).

Tuition-exempt faculty/staff are not entitled to other student services such as those available at the Hall Health Center and the Intramural Activities Building. Therefore, UW student cards will not be issued to faculty and staff. Faculty/staff identification cards may be used for library services.

"ACCESS" PROGRAM FOR OLDER ADULTS

The University of Washington waives tuition for Washington residents sixty years or older who wish to attend classes as auditing students, on a space-available basis. The fee is \$5, whether one or two courses are attended. As auditors, they do not receive credit and are not expected to do laboratory work or to take examinations. Students who attend the University under the Access program are limited to two courses per quarter. Registration may be made in person on Friday, December 16, between 8 a.m. and 2 p.m. at the Sections branch office, in the basement of the Odegaard Undergraduate Library. Interested students should proceed to the area marked *Access*. For additional information on mail-in registration or about the program in general, telephone Continuing Education, 545-7418, between 9 a.m. and noon.

AUDITORS

Auditors, except those under the Access program, pay standard tuition and fees and must be regularly admitted and registered in the course. Although credits for audited courses will not be listed on the schedule of classes, they will be included in the billing on the fee statement. Such credits count in the calculation of fees.

Attendance in courses as an auditor is by consent of the instructor involved and is conditioned by the extent to which space is available. Permission to audit is ordinarily granted for lecture classes only. An auditor may not participate in class discussion or laboratory work, and his or her registration may be canceled at the discretion of the instructor.

No entry is made on the permanent record for courses audited. To receive credit for an audited course, the student must register for the class for credit in a subsequent quarter.

Auditors follow registration instructions below.

DISABLED STUDENTS

Various support services, including priority registration, are available to students with disabilities. Contact the Coordinator for Disabled Student Services, 468 Schmitz, 543-8924, for information on equipment, technical aids, and accommodations to meet individual needs. *Access: University of Washington*, a guidebook to buildings on the campus, and an accompanying map may be obtained from the office.

Students with disabilities who register for a science laboratory class should telephone the Coordinator, 543-8924, and the academic adviser of that department immediately to evaluate whether some accommodation of the facilities will be necessary.

ATHLETIC EVENTS

Students may purchase a Husky Football Season Pass at the Husky Ticket Office, 101 Graves, or at the HUB Ticket Office, for admission to the following athletic events: men's and women's basketball, baseball, track and field, and swimming. For additional information, telephone 543-2200.

REGISTRATION INSTRUCTIONS

ACADEMIC ADVISER

See an academic adviser to discuss your educational objectives and to learn the procedures involved in registering at the Univer-

sity. Have an idea of the courses you would like to take before seeing an adviser by reviewing the *General Catalog* and the quarterly *Time Schedule*.

PREREGISTRATION

1. Eligibility

Preregistration is reserved for all continuing students *except* tuition-exempt faculty/staff, older adults auditing under the Access program, and nonmatriculated students. These last three groups may register only during the last day of in-person registration (see Winter Quarter calendar).

Continuing students who withdraw during the first week of two consecutive quarters (Summer Quarter excepted) will not be eligible to register as continuing students for the third quarter. Such students must reapply as former students returning to the University. For example, a student who withdraws during the first week of Spring Quarter and Autumn Quarter must reapply as a returning former student for Winter Quarter.

2. Submitting the Preregistration Form

Mark-sense registration forms are available at advisory offices and at Registration Office, Window 3, second floor, Schmitz Hall. Please note that some courses listed in the *Time Schedule* have restricted enrollment and will require entry cards. Also, undergraduates will not be scheduled for more than 19 credits until the first day of the quarter. This is done to allow all students a chance to develop a basic program.

Students preregistering may turn in forms at:

- Registration lobby, second floor, Schmitz Hall
- B10 Padelford
- Fourth-floor student lounge, T-wing, Health Sciences Building

3. If You Miss Preregistration

Obtain an in-person registration appointment and register by December 16 at Window 8, Schmitz Hall. After December 16 you will be required to register late and to pay a \$25 late registration fee at the Student Accounts and Scholarships Office, 129 Schmitz, if registering by the tenth day of the quarter; \$75 after the tenth day of the quarter.

4. Schedule of Classes

All students who preregister will be scheduled by computer at one time. The scheduling priority is: freshmen, seniors, graduate students, postbaccalaureate (fifth-year), juniors, and sophomores. Schedules will be mailed December 6.

5. Registered Students

Students who preregister but are not scheduled into any courses are not considered registered students. They are not included on the current file of registered students, and are not eligible for preregistration the following quarter. Students in this category must submit a Former Student Application for the next quarter they wish to attend the University.

IN-PERSON REGISTRATION

1. Eligibility

In-person registration is primarily for newly admitted and returning former students. Continuing matriculated students who miss preregistration, tuition-exempt faculty/staff, older students in the Access program, and nonmatriculated students also register during in-person registration. All students, *except* Access students, must be admitted to the University before attempting to register. When you have confirmed your admission you will be issued a registration appointment.

2. How to Register

On or before your registration date, obtain a *Time Schedule* and a Registration Instructions worksheet from your advisory office or from the Registration Office, second floor, Schmitz Hall. (These may also be obtained in the Odegaard Undergraduate Library registration area *while registration is in progress*.) Obtain permission and/or course entry cards (if required) as indicated in the *Time Schedule* before your registration is processed. Once your registration is completed by the Sections staff, you are obligated for tuition and fee payment unless you officially withdraw by the fifth class day. Undergraduates will not be scheduled for more than 19 credits until the first day of the quarter. This is done to allow all students a chance to develop a basic program.

3. Submitting the Registration Form

a) New and returning former students register by appointment only on December 14 and 15 at the Sections branch office, Odegaard Undergraduate Library.

b) If you are a continuing matriculated student who did not preregister, you must obtain an in-person registration appointment

and register by December 15. Continuing students who request in-person registration appointments and register after December 15 will be required to register late during the first ten days of school and pay a \$25 late registration fee; after the first ten days of the quarter, a \$75 late registration fee is assessed.

c) If you are registering December 14–16, go to the Sections branch office, Odegaard Undergraduate Library, on the date and time indicated on your registration appointment. 353 Loew will be closed for registration. Engineering students will register in the Odegaard Undergraduate Library.

d) Nonmatriculated students may register only on December 16. Appointments are available at Window 8, second floor, Schmitz Hall.

e) Tuition-exempt faculty/staff members and students in the Access program register only on December 16.

4. Schedule of Classes

a) If you register November 7–10, 14–18, your schedule of classes will be mailed to the address you indicate on the registration form. All students registering during this period are scheduled by computer at one time. The scheduling priority is: freshmen, seniors, graduate students, postbaccalaureate (fifth year) students, juniors, and sophomores. Schedules will be mailed December 6.

b) If you register December 14–16, your courses will be scheduled while you wait and you will be given a copy of your completed program when you have finished registering.

ENTRY CARDS

Certain courses and sections require entry cards for registration. Students who request these courses (and/or sections) on their registration request forms will not be registered in the courses unless the requests are accompanied by entry cards. An entry card alone is not sufficient. The course and schedule line number (SLN on entry card) must also be requested on the mark-sense registration form. Obtain course entry cards for courses designated with the symbol >>> in the margin of the *Time Schedule*. Information on where to obtain entry cards is found in the body of the *Time Schedule*, either as a comment before the course listing or just after the title of the course.

LATE REGISTRATION

Students who register after the official registration period will be charged a \$25 late registration fee, payable at the Student Accounts and Scholarships Office, 129 Schmitz, if registering by the tenth day of the quarter; \$75 after the tenth day of the quarter.

REGISTRATION CHANGES

1. Change Appointments and Late Fee

a) *All changes to a student's program should be completed during the official change periods (see calendar).* Changes are made by appointment only. Appointments are available at Window 3, second-floor lobby, Schmitz Hall. A student who arrives more than a half-hour late will be required to make a new appointment.

Students in the schools/colleges of Medicine, Dentistry, Nursing, Pharmacy, Public Health and Community Medicine, Ocean and Fishery Sciences, and Forest Resources may make changes during the first week of the quarter, without an appointment, in the fourth floor lobby of the T-wing, Health Sciences Building.

Engineering students may make registration changes in 110 Engineering Library during the first week of the quarter. No appointments will be necessary for the engineering satellite registration station. Both the T-wing and engineering satellite station will close on Tuesday evening of the second week of the quarter. Changes on Wednesday, Thursday and Friday of the second week will be made in the Odegaard Undergraduate Library; after the second week, in 264 Schmitz.

Changes made after the change periods cost \$20 and may result in fee forfeiture (see item 3 of this section).

b) *Students will be expected to present Winter Quarter 1984 University of Washington student identification cards when requesting appointments.* No more than one change appointment will be issued to a student at a time. Additional change appointments will be issued only after the initially assigned appointment has been used or the date has expired.

2. Grades in Dropped Courses and Drop Restrictions

a) *Undergraduates.* Undergraduate students who drop courses after the change periods receive no entry on their academic record if the drop is made during the first two weeks of the quarter. Drops made during the third and fourth weeks of the quarter will be re-

corded with a "W." No drops are permitted after the fourth week except for a limited number determined by the number of credits earned at the University. While completing the first 44 credits at the University, the student has three drops permitted after the fourth week. Any of these three drops not used by the time 45 credits are earned are forfeited. After 45 credits have been completed at the University, the student earns one late drop for each 45 credits earned. These may be accumulated and used as necessary. *No drops of any kind are permitted after the last day of instruction.*

b) **Graduate Students.** Graduate students who drop courses after the first two weeks of the quarter receive a grade of "W." No drops are permitted after the seventh week of instruction.

c) Students may petition the Registrar to drop a course after the regular drop deadline if: (1) the student is unable to complete the course in question because of a severe mental or physical disability, or (2) unusual or extenuating circumstances beyond the student's control prevented the student from dropping the course by the regular drop deadline. Petitions must be filed promptly after the occurrence of the event that gave rise to the need for dropping the course.

3. Fee Forfeitures or Refunds

a) Students will be billed for the number of credits, including audit hours, on their programs at the end of the first week of the quarter. Only partial fee reductions will result for courses dropped after the first week of the quarter.

b) Students dropping courses after the first seven calendar days of the quarter and through the thirtieth calendar day of the quarter will be expected to pay one-half of the tuition and fees associated with that course. Example: An undergraduate originally registered for 5 credits. The fee for 5 credits is \$219 (resident). The student then drops a 3-credit course in the second week of the quarter. The total number of credits for which the student remains registered is 2. Tuition and fees are due for the 2 credits (\$90) and one-half the difference between 5 credits and 2 credits, in this case an additional \$64.50. Total fees owed are \$154.50. The student has been registered in the dropped course for more than one week and therefore must pay half the fees for the course.

c) Courses dropped after the thirtieth calendar day receive no refund. Example: A student is registered for a 3-credit course. The student drops that course after the thirtieth calendar day. No refund is available. If the student adds a different 3-credit course at the time the original 3-credit course is dropped, he or she will pay tuition and fees for 6 credits.

d) The effect of fee forfeitures on the over-18-credit surcharge is as follows: forfeitures for courses dropped that exceeded 18 credits are charged the same as in (b) and (c) above. Also, if a student drops a course after the thirtieth calendar day and adds another, an additional fee per credit will be charged as appropriate. Example: if a student is registered for 15 credits, drops one 5-credit course and then adds another 5-credit course, after the thirtieth calendar day, he or she will be charged for 20 credits although the student's class schedule will show only the 15 registered credits. As a result, he or she will pay for 2 credits above the 18-credit limit.

e) Drops become effective the date received in Sections.

4. Courses Added After the Official Change Period

a) As a general rule, no courses may be added after the official change period. Exceptional cases may be approved if both the instructor of the course and the dean of the student's college consent.

b) Courses audited may not be changed to a credit registration after the first two weeks of the quarter.

FEE PAYMENT

1. A fee statement will be mailed to the address you indicate on your mark-sense registration form. If you have not received a fee statement by the end of the second week of the quarter, contact the Student Accounts and Scholarships Office for the amount of tuition due.

2. You may pay your fees in person in the Student Accounts and Scholarships Office or mail them to UW, Student Accounts and Scholarships Office, 129 Schmitz, PE-10, Seattle, WA 98195, before the tuition due date. Fees must be paid by Friday of the third week of the quarter whether or not you have received a statement.

3. If you fail to pay by the deadline you may continue to pay your fees, with a \$30 late fee, for one week following the due date. If fees are not paid by this time your registration will be canceled. Students permitted to reregister after cancellation for nonpayment will be charged a \$75 fee, in addition to their tuition. If you

reregister, you must reregister for all classes on your original schedule. No reregistration will be possible after the last day of instruction. *Please note: Even if your registration is canceled you will continue to owe one-half your tuition and fees if you are a continuing student or, if you are a new or returning student, \$50 or one-half your tuition and fees, whichever is greater.*

4. Credit card checks are not accepted.

Quarterly Tuition and Fee Rates

Undergraduate

(including nonmauriculated and postbaccalaureate [fifth-year])

	Resident	Nonresident
Additional fee per credit for more than 18.	\$ 39	\$ 116
Full time (9½-18 credits)	434	1,206
Part time: 9 credits	391	1,085
8 credits	348	964
7 credits	305	843
6 credits	262	722
5 credits	219	601
4 credits	176	480
3 credits	133	359
2 credits	90	238

Graduate and Law

Additional fee per credit for more than 18.*

Full time (6½-18 credits)	83	216
Part time: 6 credits	628	1,562
5 credits	538	1,339
4 credits	448	1,116
3 credits	358	893
2 credits	268	670
	178	447

Medical and Dental

Full time (13 or more credits)

Part time: 12 credits	1,016	2,576
11 credits	938	2,378
10 credits	860	2,180
9 credits	782	1,982
8 credits	704	1,784
7 credits	626	1,586
6 credits	548	1,388
5 credits	470	1,190
4 credits	392	992
3 credits	314	794
2 credits	236	596
	158	398

* Does not apply to first-year professional law students.

Fees are subject to change without notice.

Special Course and Laboratory Fees

The amounts listed in the Tuition and Fee Rate schedule normally cover University charges for course registration. Some courses, however, have extraordinary expenses associated with them and in such cases the University may charge additional fees in amounts approximating the added instructional or laboratory costs.

CHANGE OF ADDRESS

If you change your address after you have turned in your mark-sense registration form, be sure to complete a change of address form at the Registration Office. Forms are available at Window 3, second floor, Schmitz Hall. *You are responsible for notifying the Registrar's Office of any address change.*

STUDENT INSURANCE

UW students who remain registered through at least the first six days of instruction in the quarter are eligible to enroll in the student health insurance plan. The following students are not eligible:

1. Those enrolled only in programs administered by the Department of Continuing Education or Office of Conferences and Institutes, including but not limited to extension, correspondence, independent study, continuing studies, noncredit courses, or the Access program; or

2. UW employees attending classes under the employee tuition exemption program.

Students who do not specifically request a particular student insurance plan or who do not specifically state they do not wish stu-

dent insurance automatically will be enrolled and billed for *student only* medical, surgical, and hospital insurance.

If you are billed for student insurance and wish to cancel your coverage, complete the appropriate section on the remittance copy of the billing statement and pay the amount billed less the indicated amount for insurance. If you wish to change or add coverage, you must do so in person in the Student Accounts and Scholarships Office by the date tuition is due. Tuition/fees and the student health insurance premium must be paid in full by the due date to be eligible for health insurance.

International students

International students must subscribe to the student insurance plan. Penalties for not paying insurance fees by the tuition due date are the same as tuition penalties under #3 of Fee Payment section. Exceptions may be granted by the International Services Office if the student presents proof of other medical insurance coverage. Students are responsible for obtaining a waiver each **Autumn Quarter** (or upon initial admission if other than Autumn Quarter), because waivers are valid only through Summer Quarter each year. Students holding insurance policies that expire during the academic year are responsible for obtaining new waiver cards, as necessary. Insurance waiver cards submitted during the late payment period require a \$30 late fee. To be eligible for the student health insurance plan, the student must pay, in full, tuition, fees, and the student health insurance premium by the due date. International students who want coverage during the Summer Quarter and are not enrolled Summer Quarter must prepay the Summer Quarter premium during one of the preceding quarters.

WASHPIRG

An optional \$2 fee is indicated on the fee statement for the Washington Public Interest Research Group, a student research organization. If you do not desire to support this activity, simply pay the regular tuition and fees. If you want to support WASHPIRG, pay the regular tuition and fees plus \$2.

WASHINGTON STUDENT LOBBY (WSL)

An optional \$1 fee is indicated on the fee statement for the Washington Student Lobby (WSL), a voluntary, independent organization of university students whose purpose is to influence the state legislative process on matters of special interest to students. Students not wishing to support this activity simply pay the regular tuition and fees. Students supporting WSL check the payment card and pay the regular tuition and fees plus \$1.

WITHDRAWAL FROM THE UNIVERSITY (DROPPING ALL COURSES FOR THE QUARTER)

1. Obtain an approved withdrawal form from your adviser or from the Withdrawal Office.

2. Present the withdrawal form to the Withdrawal Office, Sections, 264 Schmitz. *Withdrawals are effective the date they are received in the Registrar's Office.* Fees owed will be based upon the date the withdrawal is received in the Registrar's Office. No withdrawals will be accepted after the last day of instruction, March 9.

Continuing students who withdraw during the first week of two consecutive quarters (Summer Quarter excepted) will not be eligible to register as continuing students for the third quarter. Such students must reapply as former students returning to the University. For example, a student who withdraws during the first week of Spring Quarter and Autumn Quarter must reapply as a returning former student for Winter Quarter.

3. Students are required to turn in their student I.D. cards when they withdraw and are not eligible to continue using University services or facilities after their withdrawal.

The forfeiture schedule for withdrawing from the University is as follows:

Continuing Students

a. Students withdrawing before the sixth day of the quarter do not pay tuition or fees.

b. Students withdrawing on the sixth day or through the thirtieth calendar day continue to owe one-half of their tuition and fees.

c. Students withdrawing after the thirtieth calendar day continue to owe full tuition and fees.

New and Returning Students

a. Students withdrawing through the sixth day of the quarter forfeit their \$50 enrollment service fee.

b. Students withdrawing on the sixth day or through the thirtieth calendar day of the quarter must pay one-half of regular tuition and fees or forfeit the \$50 enrollment service charge, whichever is greater.

c. Students who withdraw officially after the thirtieth calendar day must pay full tuition and fees, including the \$50 enrollment service fee.

3. Students who were unable to turn in their withdrawal in time may petition the Comptroller's Office. Petition forms are available at the Student Accounts and Scholarships Office, 129 Schmitz.

4. Courses dropped as part of a University withdrawal completed during the first two weeks of a quarter receive no grade and no entry except date of withdrawal is made on the student's permanent academic record. Withdrawals completed after the first two weeks result in the courses being assigned a grade of "W."

GRADING SYSTEM

The University of Washington uses a numerical grading system with certain exceptions in the schools of Dentistry, Law, and Medicine. Instructors may report grades from 4.0 to 0.7 in 0.1 increments and the grade 0.0. The number 0.0 is assigned for failing work or unofficial withdrawal. Grades in the range 0.6 to 0.1 may not be assigned. Grades reported in this range will be converted by the Registrar's Office to 0.0. For graduate students, grades reported in the range 1.6-0.1 will be converted to 0.0. Numerical grades may be considered equivalent to letter grades as follows:

Undergraduate/Graduate*

A	4.0-3.9	
A-	3.8-3.5	
B+	3.4-3.2	
B	3.1-2.9	
B-	2.8-2.5	
C+	2.4-2.2	
C	2.1-1.9	
C-	1.8-1.5	* Lowest grade earning credit for graduate students is 1.7.
D+	1.4-1.2	
D	1.1-0.9	
D-	0.8-0.7	Lowest passing grade for undergraduates.
E	0.0	Failure or Unofficial Withdrawal. No credit earned.

Additional information on grades and scholarship rules may be obtained from the Grade Information Office, 248 Schmitz.

Repeating Courses

Undergraduate courses may be repeated only if the original grade was lower than a 2.0. Courses may be repeated only once. Both the original grade and the second grade will be computed in the student's grade-point average but credit will be allowed once. Students repeating courses should so indicate on their registration form.

The Grade of Incomplete

In order to obtain credit for a course in which an Incomplete has been awarded, an undergraduate student must complete the remaining work for the course by the last day of the following quarter. An Incomplete grade for a Spring Quarter course must be made up by the last day of Autumn Quarter or the Incomplete will be converted to a grade of 0.0 by the Registrar, unless the instructor has indicated when assigning the Incomplete grade that a grade other than 0.0 should be recorded if the incomplete work is not completed. This time limitation may be extended up to one year maximum with instructor approval. Such approval must be received by the Registrar's Office before the end of the next quarter.

A graduate student who receives an Incomplete must complete the remaining work for the course by the last day of the next quarter in residence. An Incomplete received by a graduate student does not automatically convert to 0.0 but remains an Incomplete if the course work is not completed. This time limitation may be waived by the dean of the college in which the course was offered only if the nature of the uncompleted work is such as to make the fulfillment of this requirement impossible. In no case can an Incomplete received by a graduate student be converted to a passing

grade after a lapse of two years. The Incomplete grade entry remains on the record permanently. The final grade is posted under the quarter in which the final grade is received.

Incomplete grades may only be awarded if the student is doing satisfactory work up until the last two weeks of the quarter. In most cases, it should not be necessary to register for the course again the following quarter. Students should normally make up the missing work rather than registering.

Satisfactory/Not Satisfactory

Students may elect to take certain courses on a Satisfactory/Not Satisfactory basis. Advisers should be consulted, and in no case are students allowed to register for more than one course or 6 credits on a Satisfactory/Not Satisfactory basis in a given quarter. No more than 25 credits will apply to an undergraduate degree. *S/NS must be elected or dropped during the official change of program period.* Undergraduate students earning grades of 1.7 or above receive a grade of S (Satisfactory) while grades below 1.7 are recorded as NS (Not Satisfactory). Graduate students earning

grades of 2.7 or above receive a grade of S (Satisfactory), while 2.6 or below are recorded as NS (Not Satisfactory). In cases of withdrawal, the W is recorded. Neither S nor NS are included in the grade-point average. N, I, and X are recorded until the instructor reports the final grade, or in cases of incompletes received by undergraduates, until the I is converted by the Registrar. With the approval of his or her graduate program adviser or Supervisory Committee Chairperson, a graduate student may elect to take any course for which he or she is eligible outside of his or her major academic unit on the Satisfactory/Not Satisfactory system.

Credit/No Credit-Only Courses

Some courses are offered on a CR/NC-only basis. It is not necessary to register S/NS to take these courses, because the only grades assigned by the instructor are CR (Credit) or NC (No Credit). Neither CR nor NC is included in the grade-point average. In cases of withdrawal a W is recorded. N, I, and X are recorded until the instructor reports the final grade, or in cases of Incompletes received by undergraduates, until the I is converted by the Registrar.

PREREGISTRATION for all matriculated students in school Autumn Quarter 1983.

IN-PERSON REGISTRATION APPOINTMENTS available at Window 8, second floor, Schmitz Hall, for continuing students who missed preregistration and for continuing nonmatriculated students.

PROGRAMS OF STUDY mailed to preregistration participants.

CHANGE OF REGISTRATION APPOINTMENTS for the December 12, 13 change period available at Window 2 or 3, second floor, Schmitz Hall, for students who have received a schedule of classes. Students will be expected to present UW Winter Quarter 1984 student identification cards when requesting appointments. Students who make only the following changes are not required to have an appointment: (a) to or from Satisfactory/Not Satisfactory grading; (b) in the credit for variable credit course; (c) drop a course. Evening-only students should go directly to Sections in the Undergraduate Library cafeteria.

OFFICIAL CHANGE OF REGISTRATION PERIOD FOR ALL STUDENTS by appointment only, at the Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance), for students who have received a schedule of classes.

IN-PERSON REGISTRATION by appointment only at the Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance), for matriculated students.

IN-PERSON REGISTRATION FOR NONMATRICULATED STUDENTS, by appointment only, at Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance).

IN-PERSON REGISTRATION FOR TUITION-EXEMPT FACULTY/STAFF. See *Time Schedule* for appointment times, which are assigned according to last name. Register at the Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance).

IN-PERSON REGISTRATION FOR "ACCESS" STUDENTS at Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance).

Instruction begins.

OFFICIAL CHANGE OF REGISTRATION, by appointment only. (See paragraph on *Change Appointments and Late Fee* for the appropriate location.)

Deadline for: (1) changes to or from S/NS grading; (2) adding a course without instructor's permission; (3) adding or dropping a course without being assessed a \$20 change fee. Courses dropped after this date will be included in the tuition calculation. A change fee of \$20 and a tuition forfeiture will be assessed after this date.

Last day for official withdrawal from the University without owing tuition or fees.

Fee statements mailed to all registered students.

Last day to drop a course without entry on permanent record.

Last day to return approved applications to 207 Schmitz for credit by examination.

Applications for baccalaureate degrees for Winter Quarter 1984 for Arts and Sciences must be submitted to B21 Padelford.

Applications for baccalaureate degrees and certificates to be conferred Winter Quarter 1984 must be submitted to the Graduation Office, 207 Schmitz.

Fee payment deadline for all registered students.

Late-payment period (requires a \$30 late-payment fee).

Last day for undergraduate, postbaccalaureate (fifth-year), and nonmatriculated students to drop a course, except for preemptory drops and hardship withdrawal.

Credit by examination. Students must make arrangements with the Educational Assessment Center, 543-1170.

Last day to hand-deliver an application for resident status to the Residence Classification Office, 209 Schmitz. Applications may be postmarked February 1 if mailed at the Terminal Annex at Third Avenue South and South Lander Street.

Last day for graduate students to drop a course.

Washington's Birthday holiday.

Last day of instruction.

Last day to withdraw from the University.

Final examinations.

Grades due by 9 a.m. at Grade Information Office, 248 Schmitz.

Winter Quarter 1984 Examination Schedule

The last day of instruction is Friday, March 9.

HOUR lecture session actually meets during quarter	Hour and day on which examination occurs, by days of class meeting in the week.				
	Meeting four times a week, or daily	MWF; MT; MW; MF; WF; MWTh; MTh	TTh; T; Th; TThF; MTTh; TW; TF; TWTh	M; W; F; S Meeting once a week	Day of examination
7:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Friday March 16
8:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Tuesday March 13
9:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Wednesday March 14
10:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Monday March 12

2:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Tuesday March 13
3:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Thursday March 15
4:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Friday March 16
EVENING CLASSES (5:30 or thereafter)	8-10 p.m. Thursday March 15	8-10 p.m. Monday March 12	8-10 p.m. Tuesday March 13	8-10 p.m. Wednesday March 14	
Make-ups Incomplete Removals Conflicts	When mutually agreeable to faculty members and students concerned, provided scheduled <i>no later than</i> Friday, March 16.				

Final examinations should be administered in accordance with the above examination schedule.

The dean may permit an instructor to change the time of a final examination upon prior application demonstrating good cause for such change. In such cases, the following guidelines shall be observed:

1. With the dean's permission, the final examination may be postponed or moved to an earlier time within the examination period if agreed to by all students and the instructor. Before approving the rescheduling of a final examination, the dean shall obtain assurances that the change will not have an undue adverse impact on the students. The dean shall notify the Registrar of the approval granted for changing the date of a final examination.
2. An instructor shall not, except in very unusual circumstances, grant permission to individual students for an early examination. If the student is unable to take an examination on the scheduled date, the procedure outlined in the following paragraph should be followed.
3. A student absent from any examination through sickness or other cause, judged by the instructor to be unavoidable, shall be given an opportunity to take a rescheduled examination or perform work judged by the instructor to be the equivalent. If the instructor determines that neither alternative is

feasible during the current quarter, the instructor may exempt the student from the requirement. Examples of unavoidable cause include death or serious illness in the immediate family, illness of the student, and, provided previous notification is given, observance of regularly scheduled religious obligations.

4. Classes that meet on the hour use the first full hour of instruction to determine the time of examination. For example, a class that meets at 10 a.m. uses the 10:30 a.m. examination time.
5. Classes that begin on the half hour and last longer than one hour use the actual starting time to determine the examination time. For example, a class that meets at 7:30 a.m. and continues until 9:00 a.m. would use the 7:30 a.m. time.
6. Classes in which the entire class meets at the same hour every day, in the same room, may use that room at 8:30 a.m. or 2:30 p.m. for a three-hour examination. All other examinations are limited to one hour and fifty minutes unless other arrangements are made with Room Assignments.
7. If an examination is held at a time other than the above schedule indicates, instructors must check with Room Assignments to make sure that the room is going to be available.

Questions concerning the examination schedule should be directed to Room Assignments, 543-1080.

GUIDE TO COURSE LISTINGS

The information published in the *Time Schedule* is subject to change. The instructor for a particular course may be changed, or the instructor may use assistants in teaching the course and courses may not meet each day listed. Additionally, courses listed in this publication may be canceled in the event of insufficient enrollment.

Course, term, and section information is listed in the following columnar order:

Entry card required symbol (>>>), if appropriate

Schedule line number

Department

Course number

Term designation—if *a* or *b* term

Section designation

Section type—laboratory, quiz, or conference

Credits—listed with lecture section only; slash (/) means *or*; 2.5 means 2½ credits; hyphen (-) means *to*; VAR means variable credit and any number of credits may be elected (however, frac-

tional credit registration—e.g., ½ credit—cannot be processed for variable credit courses where the credit may vary from student to student in a single quarter)

Honors (H), Permission Required (#), or New Course (%), as appropriate

Day(s) of meeting (ARR means “to be arranged”)

Time of meeting

Place of meeting (** means “to be arranged”)

Course title and remarks—CR/NC ONLY means course offered for credit/no credit grading only

Name of instructor

NEW COURSES FOR WINTER QUARTER 1984

The following list includes new courses that will be offered Winter Quarter 1984 which were added to the University Curriculum after publication of the 1982-84 *General Catalog*. Consult the appropriate academic department for information on courses not listed below.

COLLEGE OF ARCHITECTURE AND URBAN PLANNING

LANDSCAPE ARCHITECTURE

L ARC 362 Landscape Design in Urban Contexts (3)

Introduction to site design in context of urban setting. Slides provide common basis for discussion related to role of landscape architecture as contributor to quality of urban environment. Case study material selected to cover diversity of design concepts and vocabulary utilized in landscape design. Recommended: 341 and 361.

L ARC 505 Regional Landscape Design (5)

Survey of existing theory/techniques of regional design to analyze, evaluate, plan, design, and manage the resources of the regional landscape continuum. Prerequisite: permission of instructor.

URBAN PLANNING

URB P 515 Technology Assessment Methods and Analysis I (3/5)

Offered jointly with SMT 530. See SMT 530 in the General Catalog for the course description.

COLLEGE OF ARTS AND SCIENCES

AFRO-AMERICAN STUDIES

AFRAM 270 The Black Orator's Workshop (5)

Basic elements of oratory, studied through orations of Afro-American orators and others. Research, practice, and presentation of orations with emphasis on structure, form, content, and delivery.

AFRAM 362 Race Relations (5)

Offered jointly with SOC 362. See SOC 362 in the General Catalog for the course description.

AFRAM 370 Afro-American Political Thought (5)

Examines the political ideologies and philosophies of pivotal Afro-American historical figures and the conditions under which these ideologies are developed, rejected, and transformed. Discusses how ideologies relate to solution of Afro-American political problems. Prerequisites: PHIL 110, SOC 362, or permission of instructor.

ANTHROPOLOGY

ANTH 235 Southeast Asian Civilization: Buddhist and Vietnamese (5)

Civilizations of Theravada Buddhist societies in Burma, Thailand, Cambodia, and Laos, and Vietnamese societies of Southeast Asia. Culture of the tribal peoples who live on the peripheries of these societies. Cultural transformations consequent upon the war in Indochina and the resettlement of Indochinese refugees in the United States. Offered jointly with SISEA 235.

ANTH 457 History of Costume and Textiles (4)

Continuation of 456: from the Renaissance to the present. Prerequisite: 456 or TSCS 432. (Last quarter offered: W 84).

ANTH 492 Anthropology of Refugees (3)

The refugee phenomenon, its emergence in the post-colonial world, and the structure of the life history of refugees. Ethnic change, involuntary deculturation, and acculturation as they occur in refugee life histories. Offered jointly with CHCS 492. Prerequisite: 202 or permission of instructor.

ART

ART 260 Art Works on Paper (5, max. 15)

Combines experiments and projects in various techniques of drawing, assemblage, and painting on paper. Prerequisite: 257.

ART 322 Industrial Design Materials and Methods (3)

Product form development of current design practice examined in the context of new materials and processes. Prerequisite: junior standing in industrial design.

ART 330 Introduction to Weaving (5)

Multi-harness weaving. Emphasis on loom-controlled structures, design, and color. Prerequisites: 107, 110, major in fiber arts.

ART 405 Advanced Weaving (5, max. 10)

Comprehensive survey of weaver-controlled structures and creation of original textile forms. Prerequisites: 330 and permission of art advisory office.

ART 423 Industrial Design Computer Graphics II (3)

Continuation of 422. Includes the utilization of microcomputer intelligent products and robotics for effective design problem solving. Prerequisite: 422.

ART 425 Advanced Individual Projects in Fiber Arts (5, max. 15)

Specialized investigation involving surface design and/or fabric structures. Prerequisites: upper division standing in fiber arts and permission of art advisory office.

Art History

ART H 599 Reading and Writing Projects (2)

Art historical issues, methods, and materials. Required of all graduate majors registered in 400-level art history courses. Open also to graduate non-majors. May be repeated for credit.

ASIAN LANGUAGES AND LITERATURE

Japanese

JAPAN 222 Accelerated Japanese (10)

Covers the same material as 113 and 211. In conjunction with 121 and 223, allows completion of two years' language study in one school year. No credit if 113 and 211 taken. Prerequisite: permission of instructor.

JAPAN 315 Advanced Japanese Conversation (2)

Guidance and drill in advanced Japanese conversation, conducted by native speakers, providing opportunities to enhance oral command of materials studied in 312, plus other upper-level vocabulary and syntax materials. Prerequisite: 213 or equivalent; recommended: simultaneous registration in 312.

ATMOSPHERIC SCIENCES

ATM S 498 Television Meteorology (1)

Production and on-air presentation of a weather broadcast on cable TV. Includes seminars with local commercial TV weathercasters.

ATM S 558 Atmospheric Chemistry (3)

Photochemistry of urban, rural, and marine tropospheric air, and of the natural and perturbed ozone in the middle atmosphere. Emphasizes the unity of the chemistries in these apparently different regimes. Prerequisite: 458 or 501, or CHEM 457, or permission of instructor.

COMMUNICATIONS

CMU 201 History and Development of Communication and Journalism (5)

History and development of communication from prehistoric times: social and technical inventions; political and economic contexts.

CMU 202 The Phenomena of Communicating (5)

Types of communicating behaviors in progressively more complex situations, from individual cognition through interpersonal interactions to mass communicating.

CMU 203 Mass Communications and Society (5)

Structure and functions of mass media communication systems; audiences and content; alternative structures; implications of new technologies.

CMU 315 Information Processing for Mass Media (5)

Training in gathering information through interviews and observation, and from written records and other public sources. Practice in organizing and writing this information for presentation in a mass medium such as a newspaper or radio or television broadcast. Open only to majors. Prerequisite: type-writing.

CMU 350 Writing and Reporting Broadcast News (5)

Writing and producing news stories and newscasts for broadcasting. Open to majors only. Prerequisite: 315.

DRAMA

DRAMA 463 Beginning Directing Projects (4, max. 8)

Directing practicum. One act plays, scenes or acts from full-length plays. Contemporary realistic, American drama. Prerequisites: 462 or equivalent and permission of instructor.

DRAMA 560 Directing Apprenticeship (4, max. 12)

Student works in close association with faculty and visiting directors for the entire rehearsal period in major productions of the School of Drama. Prerequisites: admission to the graduate directing program and permission of instructor.

DRAMA 561 Intermediate Directing Projects (4, max. 8)

Directing practicum. One act plays, scenes, or acts from full-length plays. Contemporary, experimental American and European drama. Prerequisites: graduate standing in the directing program and 463.

ENGLISH

ENGL 300 Critical Reading of Major Texts (5)

Intensive examination of one or a few major works of literature. Classroom work designed to develop skills of careful and critical reading. Book selection varies, but reading consists of major works by important authors, and selected supplementary materials.

ENGL 331 Romantic Poetry I (5)

Blake, Wordsworth, Coleridge, and their contemporaries.

ENGL 496 Internship (1-6)

Supervised experience in local businesses and other agencies. Open only to upper division English majors. Prerequisite: 25 credits in English.

GEOGRAPHY

GEOG 473 Geography of Energy: Resource Development and Use (5)

Spatial analysis of patterns of energy resources and consumption. Choice of energy technologies, social impacts associated with energy development. Limitations on resource utilization and impacts of energy scarcity on urban morphology and transportation. Prerequisite: 370 or permission of instructor. (Last quarter offered: W 84)

HISTORY

HST 502 Medieval Europe: Writings and Interpretations (3-6)

Study of historians, schools of history, and interpretations of medieval European history.

INTERNATIONAL STUDIES

SIS 355 Social Change in Latin America (5)

Problems of development and dependency in Latin America. Focuses on relations of power and production between social classes and ethnic groups, with special emphasis on Meso-America (Mexico, Guatemala) and the Andes (Peru, Bolivia). Offered jointly with SOC 355. Prerequisite: introductory course in sociology, anthropology, political science, or economics.

SIS 390 Political Economy of Industrialized Nations (5)

Theoretical bases of various political-economic systems of industrialized nations. Identifies several major issues which these political economies currently face; discusses the usefulness and the limits of economic analyses within the broader perspective of political economy. Prerequisites: ECON 200 and ECON 201.

SIS 495 Task Force (5)

Small group seminars address current problems in international affairs, each focusing on one specific policy question and producing a joint task force report. Open only to majors in International Studies. Prerequisites: 200, 201, 202, 401.

SIS 501 Seminar: International Political Economy (3)

Institutional and historical perspective on the international political economy, focusing on the developing interrelationship of politics and economics. Prerequisites: ECON 200, ECON 201.

East Asian Studies

SISEA 235 Southeast Asian Civilization: Buddhist and Vietnamese (5)

Offered jointly with ANTH 235. See ANTH 235 for course description.

SISEA 241 Japanese Civilization (5)

Japan's civilization, including fine arts, literature, economic institutions, legal system, material culture, social organization, religions, and government, in relation to the development of Japan as a society and nation.

Jewish Studies

SISJE 490 Special Topics (1-5, max. 15)

Content varies.

Middle Eastern Studies

SISME 600 Independent Study or Research (*)

Russian and East European Studies

SISRE 555 Soviet Ocean Policy (3)

Assesses problems of Soviet ocean policy and challenge of Soviet ocean expansion. Discusses how Soviet navy, fishing fleet, merchant marine, ocean research capability, and network of overseas land support bases have put USSR in the front rank of military powers. Offered jointly with IMS 555. Prerequisite: permission of instructor.

KINESIOLOGY

KIN 425 Children and Youth in Sport (4)

Biophysical and psychosocial influences of sport participation on growth and development of children and youth. Includes competition readiness, injuries, sportsmanship, roles and responsibilities of parents and coaches. Prerequisites: 301, 325.

LINGUISTICS

LING 479 Formal Semantics and Natural Language (3)

Introduction to formal characterization of linguistic meaning. Emphasis on (i) nature and purpose of formal semantics; (ii) its relation to formal syntax. Typical topics: Tarskian definitions of truth; "truth theory" and theory of meaning; possible world semantics; Montague semantics; generative semantics; Chomsky on syntax and semantics. Offered jointly with PHIL 479. Recommended: PHIL 120 or PHIL 370.

MATHEMATICS

MATH 461 Combinatorial Theory (3)

Selected topics from among: block designs and finite geometries, coding theory, generating functions and other enumeration methods, graph theory, matroid theory, combinatorial algorithms, applications of combinatorics. Prerequisites: at least one 300-level course in mathematics, statistics, or computer science.

MUSIC

Dance

DANCE 330 Kinesthetic Training I (3)

How the nervous system and the musculature work together. Understanding achieved through direct perceptual experience. Also experience in using imagery to facilitate efficient functioning of the mind/body complex in an artistic task. Prerequisite: permission of instructor.

DANCE 493 Anatomy for Dance (4)

Anatomy of the musculoskeletal system and its applications in dance movement. Prerequisite: permission of instructor.

Music

MUSIC 437 Advanced Jazz Improvisation (2, max. 12)

Preparation and performance of jazz improvisation for the instrumentalist and vocalist. Prerequisite: permission of instructor; recommended: three quarters of 202.

MUSIC 453 Sociology of Music (3)

Study of the interrelationships between music and its social context. Examination of specific musical phenomena and the social factors influencing their development.

MUSIC 488 Computer Applications in Music Research (3)

Digital programming and instrumentation control techniques used in music research. Prerequisite: competency with one programming language.

PHILOSOPHY

PHIL 479 Formal Semantics and Natural Language (3)

Offered jointly with LING 479. See LING 479 for course description.

PHYSICS

PHYS 215 Order and Disorder (3)

Includes symmetry in biological systems and in inanimate nature, relation of structure to size, micro- and macro-structure of universe, systems in chaos. Quantitative comparison critical to course, but no college-level mathematics background required. Intended for non-science students.

PHYS 580 Laser Physics (4)

Physics underlying laser design and operation in the context of common laboratory systems. Topics may include continuous and pulsed lasers; solid, liquid, and gas gain media; Q-switching, mode-locking, resonator theory, non-linear optics, and others. Prerequisites: basic quantum mechanics, electromagnetism, and optics; recommended: 541.

POLITICAL SCIENCE

POL S 421 Relations Among Communist States (5)

Examines major disputes and types of relationships among different Communist states and ruling parties, attempts at integration and methods of alliance maintenance, tensions and contradictions in relations. Evaluates the nature of the Socialist Commonwealth and the Communist state system.

POL S 450 State-Society Relations in Third World Countries (5)

Offered jointly with SIS 456. See SIS 456 in the General Catalog for course description.

PSYCHOLOGY

PSYCH 322 Introduction to Drugs and Behavior (3)

Basic concepts of drug action emphasizing the behavioral consequences of the intake of a variety of drugs. Prerequisite: 222.

ROMANCE LANGUAGES AND LITERATURE

Spanish

SPAN 204 Intensive Spanish Review-Intermediate (5)

Intensive review of grammar, reading, composition, and oral/aural skills. For highly motivated students with at least one year college Spanish, or equivalent. Synthesis of 201, 202, 203, and preparation for third-year work in language and literature. Prerequisites: 103, 104, or 201; or four years high school Spanish.

SCANDINAVIAN LANGUAGES AND LITERATURE

Scandinavian Courses in English

SCAND 498 Senior Essay (5)

Undergraduate research and the writing of a senior essay in Scandinavian area studies with instructor in appropriate field. Prerequisite: permission of department.

SLAVIC LANGUAGES AND LITERATURE

Russian

RUSS 422 Russian Literature in Emigration and Exile (5)

Examines writers who left the Soviet Union since the 1950's or who, though they reside in the USSR, published through unofficial channels. Discussion of Aksyonov, Siniavsky, Voinovich, Zinoviev; and others.

SOCIETY AND JUSTICE

SO JU 470 Evaluation Research in Criminal Justice (5)

Social science research methods relevant to criminal justice evaluation and operations research. Includes ethical considerations, formulation of goals and objectives, problem definition and research design, sources and methods of data collection, descriptive statistics, data interpretation, and utilization of research results. Prerequisite: major standing or permission of director.

SOCIOLOGY

SOC 355 Social Change in Latin America (5)

Offered jointly with SIS 355. See SIS 355 for course description.

SOC 416 Sociological Theory (5)

Theories of individual action, social order, and institutional change. Focuses on cumulative development of solutions rather than on works of given theorists. Emphasis on macro-sociology and theories of social order. Explores how sociological treatments of these issues compare with those offered by economists and other social scientists. Prerequisite: 410.

ZOOLOGY

ZOOL 488 Animal Physiology (5)

Physiology at levels of organisms and behavior, organ systems, and cells - an ecological and evolutionary perspective. Includes: energy relations, temperature effects, movement, circulation, respiration, water and solute regulation, membranes, neural and hormonal function, biological rhythms, reproduction. Experimental design and techniques laboratory: data analysis; written reports. Prerequisite: introductory biology, chemistry, and physics.

SCHOOL & GRADUATE SCHOOL OF BUSINESS ADMINISTRATION

QUANTITATIVE METHODS

QMETH 304 Business Information Systems (4)

Computer processing systems, data organization, and design and development activities required to develop business information systems. Continued study of structured design and BASIC programming using interactive computing facilities. Prerequisite: 200.

SCHOOL OF DENTISTRY

ORAL MEDICINE

ORALM 525P- Detection and Management of Human Disease ((1-13)-, max. 17)

Covers interviewing, history-taking, physical diagnostic techniques, use of medications, physical therapy, and clinical non-surgical management and treatment of patients in dental setting. Reviews medical factors in treatment of dental and specific oral diseases and chronic pain. Treatment planning of oral, medical and behavioral problems encountered in dental practice.

PROSTHODONTICS

PROS 572 Special Topics Related to Prosthodontics (1)

Lecture-seminar dealing with subjects having a bearing on comprehensive treatment of the maxillofacial and regular prosthodontic patient. Topics include surgery, speech, orthodontics, psychology, gerontology, and sociology.

COLLEGE OF EDUCATION

EDUCATIONAL CURRICULUM AND INSTRUCTION

EDC&I 353 Teaching in the Elementary School (3)

Emphasizes selected teaching modes; classroom management procedures; grouping to accommodate pupils with special needs; utilization of learning resources; and the evaluation of teaching.

EDC&I 354 Teaching in the Secondary School (3)

Development of basic skills in instructional methods, lesson planning, classroom management procedures, and the evaluation of teaching.

EDC&I 432 Educational Soundtrack Production (3)

Theory and operation of soundtrack production equipment, including microphones, mixers, tape recorders, and signal processing equipment. Practice in narration, field and studio recording, mixing, and final soundtrack mix-down. Covers soundtracking for sound-slide and filmstrip, audiotape, motion picture, and television.

EDC&I 490 Single Camera System School Television Production (3)

Techniques of TV production utilizing a single camera. Includes TV hardware theory and vocabulary, experience in connecting and handling equipment, planning, scripting, production, and editing techniques.

EDC&I 492 Educational and Documentary Film Editing (3)

Techniques of 16mm film editing. Includes theory and practice in editing motion picture sequences; creating pace, rhythm, montage, lucid continuity, compilation, and sound synchronization. Prerequisites: 483 or equivalent.

COLLEGE OF ENGINEERING

ENGINEERING

ENGR 123 Introduction to Engineering Graphics (2)

Includes freehand sketching, lettering, scales, use of instruments, layout drawings, orthogonal projection, descriptive geometry, pictorials, and basic dimensioning. Emphasis on communicating technical information in engineering design and research. Brief introduction to computer-aided design.

ENGR 124 Engineering Graphics with an Introduction to Design (3)

Emphasizes engineering graphics for developing design research ideas; freehand sketching, layout, detail and assembly drawings, plus applied descriptive geometry. Design projects assigned to illustrate design processes and application of engineering graphics in design and research. Includes graphical mathematics, report preparation, computer-aided design, and patent drawings. Prerequisite: 123 or equivalent.

ELECTRICAL ENGINEERING

E E 374 Data Structures (3)

Fundamental algorithms and data structures for their implementation. Techniques for solving problems by programming. Sorting, searching, linked lists, binary search trees, balanced trees, hashing. Prerequisite: ENGR 141 or C SCI 241 or equivalent knowledge of programming.

E E 471 Computer Architecture and Structure (3)

Major elements of modern computational systems: processors, control units, and methods including micro-programming, main memory usage and organization, and system I/O and interconnection. Prerequisites: 371, 372.

E E 478 Design of Computer Subsystems (4)

Design of digital computer subsystems and systems using SSI, MSI, and LSI digital components. Combinational logic; sequential logic, ALU and control unit designs, memory hardware design, I/O hardware and interface designs, data acquisition system design, and digital troubleshooting. One three-hour laboratory each week. Prerequisites: 355, 371, 372.

MECHANICAL ENGINEERING

M E 477 Microcomputers in Mechanical Systems (4)

Analysis of electromechanical systems employing microcomputers for control or data acquisition. Microcomputer architecture, memory organization, assembly language programming, interfaces, and communications. Particular emphasis on design of hardware and software interfaces for real-time interaction with mechanical systems. Weekly laboratory. Prerequisites: 373, 374, E E 306, or permission of instructor.

SCIENTIFIC AND TECHNICAL COMMUNICATION

STC 407 Computer Documentation (3)

Writing documentation for computer hardware, software, and integrated systems. Examines kinds of documentation needed for computer products; introduces use of the computer in its own documentation and resulting innovations in the field. Prerequisites: ENGR 141 or C SCI 201; upper-division standing; entry card.

STC 499 Special Projects (2-5, max. 10)

Individual undergraduate projects in scientific and technical communication. Prerequisite: permission of instructor.

COLLEGE OF FOREST RESOURCES

BIOLOGICAL SCIENCES

FOR B 452 Ecology of Marine Birds (3)

Focus on forces for adaptive radiation of marine birds; Alcidae of northern hemisphere, Procellariiformes of southern hemispheric oceans. Major patterns of natural history, resource division, reproductive strategies, conservation of major marine bird groups emphasized. (Two field trips required.) Prerequisite: 401 or ZOOL 464 or permission of instructor. (Offered alternate years.)

PHYSICAL SCIENCES

FOR P 480 Pulp and Paper Process Control (3)

Control of pulp and paper processes. Sensors, actuators, interface equipment, and computer control strategies common to this industry. Prerequisites: 476, 477 (concurrent).

INTERSCHOOL OR INTERCOLLEGE PROGRAMS

BIOENGINEERING

BIOEN 515 Introduction to Clinical Medicine for Engineers (3)

Introduction to concepts and methods used in clinical medicine for students with engineering and physical science backgrounds. Emphasis on how and where engineering principles and methodologies can be applied to health care problems. Prerequisite: basic physiology or permission of instructor.

BIOEN 550 Mass Transport and Exchange in Biological Systems (3)

Review of basic mechanisms of transport; transport through vascular system and blood-tissue exchange processes in organs; integrated systems analysis of closed systems and applications to physiological regulation, medical imaging, and pharmacokinetics. Prerequisites: calculus; introduction to differential equations; cardiovascular physiology; EE network analysis or systems analysis; chemical engineering transport.

BIOEN 561 Biomedical Optics (3)

Advanced theories of optical and spectroscopic measurement with emphasis on biomedical laser applications. Includes laser principles, instrumentation, and current practice in various biomedical uses, covering areas such as medicine, surgery, and biology. Prerequisites: E E 383 and E E 468 or 460.

SCHOOL OF LIBRARY AND INFORMATION SCIENCE

LIBR 502 Introduction to Information Science (3)

Investigates theory and provides understandings and perspectives for the analysis of design and operation of information retrieval systems. Systems analysis is applied to the process of information transfer. Includes consideration of user needs assessment, performance evaluation, and control of terminology. Prerequisites: 500, 501, or permission of instructor.

SCHOOL OF MEDICINE

BIOLOGICAL STRUCTURE

B STR 593 Reproduction and Development Seminar (1, max. 5)

Weekly research conference on current research in gametogenesis, fertilization, and embryogenesis. Emphasis on cell surface events and mechanisms of cell-cell interaction during reproduction and development in mammals. Prerequisite: permission of instructor.

B STR 594 Seminar in Myogenesis (1, max. 5)

Discussion of recent work on the differentiation of skeletal muscle and related cell types. Emphasis on the cell-biological aspects of differentiation both *in vivo* and *in vitro*. Prerequisite: permission of instructor.

B STR 595 Skin Biology Seminar (1, max. 5)

Presentation, discussion of ongoing multidisciplinary research in basic and clinical problems of adult and fetal skin biology. Topics include genetic diseases of epidermis and dermis, percutaneous absorption in adult and fetal skin, wound healing, cutaneous blood flow, development and prenatal diagnosis of inherited disorders, pigment cell biology. Prerequisite: permission of instructor.

B STR 596 Seminar in Experimental Immunohemopoiesis (1, max. 5)

Weekly critical review of current literature on hematopoiesis, lymphopoiesis, and immunologic function of bone marrow derived cells as covered in such journals as *J. Exp. Med.*, *J. Immunol.*, *Exp. Hematol.* Participation in detailed analysis and critique of publications selected for presentation and discussion. Prerequisite: permission of instructor.

B STR 597 Topics in Neurobiology (1, max. 5)

Weekly presentations by participants of topics in neuroanatomy, neurophysiology, neurochemistry, and other areas relating to the nervous system. Emphasis on problems of current research interest. Prerequisite: permission of instructor.

B STR 598 Biological Structure in Research (1)

Weekly presentation/discussion relating to original research including, but not limited to, neurobiology, cellular immunology, cell differentiation, reproductive biology, molecular structure, and their associated methodologies: electron microscopy, histology, x-ray diffraction, tissue culture, morphometric analysis. Prerequisite: permission of instructor.

BIOMEDICAL HISTORY

BI HS 471 History of Forensic Sciences (3)

Examination of development, application, and social significance of scientific evidence in criminal cases and civil inquiries. Introduction to the legal system and trial procedures. Issues raised in death investigations, rape, and other special researches, forensic psychiatry, and controversial tests and techniques now being considered in adjudicatory processes.

BI HS 535 Seminar in Medical Jurisprudence (3)

Historical development of the intersections of American law and medicine, focusing particularly on questions of licensure and health policy regulation, public health matters, forensic medicine, professional liability, and philosophical issues relevant to life stages. Prerequisites: law and medical students and others with appropriate background and interest.

CONJOINT COURSES

CONJ -341- Human Anatomy and Physiology (-4-)

Introductory course integrating gross anatomy, microscopic anatomy, and physiology of the human body. Primarily for nursing students, others by permission of instructor. Prerequisites: CHEM 101-102 or equivalent.

HUMAN BIOLOGY

HUBIO 525P Gross Anatomy and Embryology (3.5)

Organization of the human body at the macroscopic level. Integrates embryological development with study of cadaver and examination of normal living body. Concentrates on study of body cavities and viscera they contain.

MEDICINE

MED 535P Prevention of Cardiovascular Disease (2)

Incidence and mortality from cardiovascular disease. Risk factors associated with heart disease. Major epidemiological studies and clinical trials. Controversies in prevention. Approaches to patient education and modification of behavior associated with high risk of cardiovascular disease.

MED 645P Clinical Endocrinology and Geriatric Medicine (8)

Students spend half time on endocrinology and half time on geriatric medicine services. Two one-half day outpatient clinics/week, plus inpatient endocrinology and geriatrics consultation services. Prerequisite: 665P.

NEUROLOGICAL SURGERY

NR 505P Preceptorship in Academic Neurosurgery (1)

Opportunity for first and second year medical students to observe the research, teaching, and patient care activities of academic neurosurgery. Prerequisite: permission of instructor.

OBSTETRICS AND GYNECOLOGY

OBGYN 682P Antenatal High Risk Obstetrics (8)

Four weeks on high risk antenatal OB ward and clinic. Students responsible for initial workups, daily lab evaluations, continuing care of high risk antepartum patients. Weekly conference with OB attending; presentation of one or more topics per rotation. Excellent coordination with resident and attending staff required to maintain patient care continuity.

OPHTHALMOLOGY

OPHTH 687P Ophthalmology Clerkship (4)

Inpatient and outpatient diagnosis and treatment of eye diseases. Sub-specialty clinics include cornea, retina, neuro-ophthalmology, glaucoma, contact lenses, and strabismus. Student attends regularly scheduled conferences in ophthalmic basic and clinical science. Prerequisite: completion of human biology series.

PATHOLOGY

PATH 505 Cell and Molecular Biology and Disease (3)

Focuses on nucleus, normal and abnormal function. Prerequisite: 504.

PATH 560P Analysis of Human Disease (*, max. 10)

Beginning with a human disease problem the student individually develops a working hypothesis, discusses the problem with appropriate pathology faculty member and jointly designs an experiment to test the hypothesis. A written report is required. Prerequisite: second year medical student standing.

PHYSIOLOGY AND BIOPHYSICS

P BIO 551 Scientific Inference (4)

Lectures, discussions, reading, and exercises designed to illuminate principles of scientific inference and their use and misuse in scientific research. Topics include formal analysis of inference and deduction, hypothesis structure and testing, applications of statistical inference, heuristic modeling, and experimental design. Prerequisite: 511 or HUBIO 512 or permission of instructor.

P BIO 552P Practicum in Scientific Inference (*, max. 6)

Library research leading to a manuscript tracing the scientific foundations and hypotheses underlying a contemporary medical procedure, treatment, or viewpoint. Prerequisite: 551 or HUBIO 512.

PSYCHIATRY AND BEHAVIORAL SCIENCES

PBSCI 673P Outpatient Psychiatry Elective (*, max. 24)

Offered at HCMHC, the primary outpatient psychiatric facility for Harborview Medical Center. Students function as sub-interns conducting diagnostic interview, initiating and managing pharmacotherapeutic treatment regimens, and providing crisis intervention, under the supervision of the full-time attending at Psychopharmacology Clinic. Prerequisite: 664P, 665P, or 666P.

PBSCI 675P Clerkship in Consultation/Liaison Psychiatry American Lake (8/12)

Assessment and treatment of patients with acute and chronic medical illness: COPD, cardiac disease, cancer, neurologic diseases such as M.S., Huntington's Chorea and blindness. Emphasis on psychosocial implications for patients, families, and impact on staff. Offered four to six weeks full-time. Prerequisite: 664P, 665P, or 666P.

PBSCI 676P Inpatient Clerkship in Psychiatry at American Lake VA (8/12)

For medical students with a defined interest in psychiatry who wish to develop their knowledge and skills in the evaluation, management, and treatment of a wide range of acute and chronic psychiatric conditions requiring inpatient hospital treatment. Prerequisite: 664P, 665P, or 666P.

PBSCI 677P Alcohol and Drug Treatment Clerkship American Lake VA (8/12)

Student assists in every phase of the substance abuse treatment, including admission interviews, patient evaluation problem identification, group and individual psychotherapy, assertion training, anger control, human sexuality, medical evaluation and treatment, couple's therapy, discharge and aftercare planning. Experience primarily clinical. Prerequisite: 664P, 665P, or 666P.

RADIOLOGY

RADGY 694 Advanced Clinical Clerkship (3)

Designed for those wishing to advance areas of interest beyond the introductory level for a second elective month in diagnostic radiology and nuclear medicine. Prerequisites: 693 and permission of instructor.

REHABILITATION MEDICINE

REHAB 405 PT Management of Musculoskeletal Disorders: II (5)

Functional anatomy, biomechanics, clinical assessment and management as they relate to patients with common musculoskeletal disorders, who have been referred to physical therapy services. Emphasis on development of appropriate therapeutic strategies for management of spine. Prerequisite: physical therapy major.

REHAB 502 Management of the Child With a Developmental Disability (3)

Emphasis on practical management of child with a physical handicap or other developmental disability. Topics include developmental motor assessment, developing therapy goals and objectives, and an introduction to NDT handling and feeding techniques. Completion of a practicum project with a handicapped child is required. Prerequisite: permission of instructor.

SCHOOL OF NURSING

COMMUNITY HEALTH CARE SYSTEMS

CHCS 492 Anthropology of Refugees (3)

Offered jointly with ANTH 492. See ANTH 492 for course description.

PARENT AND CHILD NURSING

PCN 516 Nursing Management of Ill Children and Their Environments (2/5)

Nursing management of children with acute, long-term, and fatal illnesses within family and community. Emphasis on achieving optimal level of health. Behavioral and physiological concepts as basis of understanding impact of illness on children and their families. Prerequisites: completion of core courses and 514 and 515 or permission of instructor.

PHYSIOLOGICAL NURSING

PN 302 Clinical Decision Making and Therapeutics (5)

Focuses on clinical decision making and management of individuals experiencing common health concerns. Commonly occurring alterations producing broad pathological changes considered as basis for comprehensive nursing interventions. Addresses theory underlying basic communication and patient teaching activities. Prerequisites: CHCS 301, CONJ 340, NUTR 301, PCN 300, concurrent with 304, permission of instructor.

PN 304 Clinical Decision Making and Therapeutics, Laboratory (4)

Focus in on clinical therapeutic decision making in the nursing care of ill adults. Instruction and supervision of basic nursing procedures is provided in a clinical setting. Infection control in the hospital is introduced. Prerequisites: CHCS 301, PCN 300, CONJ 340; NUTR 301, concurrent with 302, permission of instructor.

PSYCHOSOCIAL NURSING

PSN 552 Socioecological Dimensions of Community Mental Health (3)

Socioecological and sociocultural theories of mental health disabilities analyzed. Conceptual trends and intervention strategies evaluated with community and client-centered emphasis on mental health service delivery to high-risk and underserved populations, including the moderately and severely mentally disabled. Prerequisite: graduate standing in nursing or permission of instructor.

PSN 553 Assessment in Psychosocial Nursing (3)

Concepts, methods, and clinical approaches to psychosocial nursing assessment. Attention given to basic principles of measurement as they apply to psychosocial nursing assessment diagnosis and intervention. Knowledge synthesized from psychosocial nursing and allied disciplines tested. Clinical assessment lab included. Prerequisite: graduate standing in nursing or permission of instructor.

PSN 556 Theories of Substance Use Disorders: Psychosocial and Biological Aspects (3)

Psychosocial and pathophysiological aspects of substance examined for their effects on individuals and families throughout life span. Theories and empirical findings serve as basis for evaluating preventive and therapeutic nursing approaches to substance use disorders, including those related to target populations. Prerequisite: basic course in biological sciences.

PSN 559 Theories of Psychiatric Disabilities (3)

Theories from psychosocial nursing, psychiatry, and behavioral sciences explanatory of psychiatric disabilities provide basis for identifying psychosocial problems and developing nursing diagnosis and interventions. Structure and functions of mental health organizations and social networks analyzed for more effective system management by nurses. Prerequisites: 550 and 551 or permission of instructor.

COLLEGE OF OCEAN AND FISHERY SCIENCES

MARINE STUDIES

IMS 555 Soviet Ocean Policy (3)

Offered jointly with SISRE 555. See SISRE 555 for course description.

SCHOOL OF PHARMACY

PHARMACEUTICS

PCEUT 506 Pharmacokinetics (2)

Conducted according to a discussion format in which students are given reading assignments prior to class in the area of basic pharmacokinetics and examined orally over the material in class. Prerequisite: 406.

PHARMACY PRACTICE

PHARM 409 Applied Pharmacokinetics (2)

Pharmacokinetics of specific drugs. Influence of age, weight, sex, and disease states on patient-specific dosage regimens emphasized. Advanced kinetic concepts discussed and put into an applied context. Prerequisite: PCEUT 406 or permission of instructor.

PHARM 472 Advanced Externship in Pharmacy Practice (*, max. 16)

Advanced level externship in pharmacy in a community, institutional, long-term care, or specialty practice setting under the indirect supervision of a clinical preceptor. Prerequisite: permission of instructor.

GRADUATE SCHOOL OF PUBLIC AFFAIRS

PB AF 504 Administrative Ethics (3)

Moral dilemmas that confront public managers. Critical view of societal and political values that prescribe moral behavior and analyzes organizational and professional ethics. Scrutinizes ethical problems of public organization managers. Provides a systematic means for understanding, analyzing, and coping with moral issues that appear in a career.

SCHOOL OF PUBLIC HEALTH & COMMUNITY MEDICINE

ENVIRONMENTAL HEALTH

ENVH 552 Presence and Fate of Toxic Chemicals (3)

Chemical and physical processes determining distribution and fate of chemical hazards, detection of low levels of hazardous compounds, and environmental evaluation and prediction. Emphasis on fundamental chemical concepts and measurable properties of individual compounds to interpret and relate measurements. Prerequisite: admission to graduate program or permission of instructor.

INDEPENDENT STUDY THROUGH CORRESPONDENCE

The Office of Independent Study provides University courses for correspondence credit primarily by correspondence instruction to persons who wish to study independently. Fees for Independent Study courses are separate from residence tuition and are \$28 per credit. Enrollment is not based on the quarter system but is continuous throughout the year, with one calendar year allowed to complete a course.

A regularly enrolled student who wishes to register for additional courses for Independent Study credit should consult his or her departmental advisor prior to enrolling in an Independent Study course. Applications and additional information on enrollment procedures may be obtained from the Independent Study office, 222 Lewis, or by telephoning 543-2350.

The following courses are currently offered by Independent Study (credits in parentheses; * indicates variable credit, to be arranged by student and instructor).
