The listing of courses contained in this Time Schedule is a preliminary list provided for planning purposes. The University reserves the right to (1) add or delete courses from its offerings, (2) change times, days, or locations of courses, (3) change academic calendars, or (4) cancel any courses for insufficient registration or academic/administrative decision without notice. All announcements in the Time Schedule are subject to change without notice and do not constitute an agreement between the University of Washington and the students.

STAR REGISTRATION

The University of Washington's touchtone telephone registration system is referred to as STAR-Student Telephone Assisted Registration. STAR registers students in course sections immediately and accommodates subsequent course adds and course drops, immediate alternative section availability if the requesting sections are closed or cancelled, spoken listing of confirmed registration schedule, and open/closed status of course sections. The touchtone telephone registration system is available through the fifth class day of the quarter.

REGISTRATION PERIOD I

October 26-December 1
via STAR

6 a.m. to 12 midnight, Monday-Friday

STAR is closed November 10 for Veterans' Day and November 23-24 for Thanksgiving.

STAR closes at 6 p.m. on December 1.

ELIGIBILITY. This period is open only for continuing students currently enrolled Autumn Quarter 1989. Priority registration dates are based on your completed credits plus Autumn Quarter 1989 credits registered in as of October 25. You may call STAR on, or after, your registration date to register and make changes to your schedule. The priority registration schedule follows:

<p>Any day October 26-27</p> <p>October 30-Nov. 3 November 6-9 November 6-9 November 13-17 November 20-28 Nov. 29-Dec. 1</p>	<p>Graduates and Professionals Disabled students only as designated by the Disabled Student Services Office.</p> <p>Freshmen (1-44 credits) Seniors (135 credits) Postbaccalaureates (fifth-yr) Juniors (90-134 credits) Sophomores (45-89 credits) Open to all continuing students.</p>
--	--

REGISTRATION CONFIRMATION AND ID CARDS WILL BE MAILED ON DECEMBER 5. You may also confirm your registration schedule by calling STAR and using the List Schedule Transaction (L #). This listing includes building and classroom locations.

REGISTRATION PERIOD II

December 4-28
via STAR

6 a.m. to 12 midnight, Monday-Friday

STAR is closed on December 25 and will close at 6 p.m., December 28 and remain closed on December 29.

ELIGIBILITY. This period is primarily for newly admitted students and returning former students. Advising/registration notice of dates are mailed to newly admitted or readmitted students. You may register on, or after, your date. Continuing students may access STAR any day during this period.

REGISTRATION CONFIRMATION AND ID CARDS. If registered December 4 through 15, Registration Confirmation and ID cards will be mailed on December 18.

If registered December 18 through 28, registration Confirmations and ID Cards available to be picked up in person in the Registration Office, second floor, Schmitz Hall after 10 a.m. on the weekday morning following a call to STAR before 5:30 p.m. the prior day. If STAR is called after 5:30 p.m., the Registration Confirmation and ID Card will be available two working days after 10 a.m. in the Registration Office.

You may also confirm your registration schedule by calling STAR and using the List Schedule Transaction (L #). This listing includes building and classroom locations.

CHANGE OF REGISTRATION CONFIRMATIONS. Registration Change Confirmations will be mailed periodically. You may also confirm your registration schedule by calling STAR and using the List Schedule Transaction (L #). This listing includes building and classroom locations.

REGISTRATION PERIOD III

via STAR

December 30-31, Saturday and Sunday
12 noon to 12 midnight

January 1, Monday-January 8
6 a.m. to 12 midnight

Monday-Friday

STAR closes at 6 p.m. January 8
or via

Sections Satellites

January 2, Tuesday-January 8, 8 a.m.- 5:30 p.m.

209 Hub, 264 Schmitz Hall or Health Sciences T-Wing

ELIGIBILITY. This period is open to all students for late registration and for changes to registration schedules. A \$25 late registration fee is assessed and billed to students registering during this week, except for faculty/staff tuition exempt and ACCESS students. No fee is assessed for changes of registration.

You are encouraged to register and complete changes to registration earlier in this period to avoid being blocked from reaching STAR on January 8 due to heavy phone usage. (Additional fees for changes of registration go into effect Tuesday, January 9)

ADD GUIDELINES. You may add a section without permission through the fifth class day unless the class is full or requires permission in which case an entry code is required. The Registrar's Office will accept course overload authorization up to 115% of classroom capacity when you present an entry code from either the instructor or other authorized person in the department.

NEW REGISTRATION CONFIRMATIONS AND ID CARDS. Registration Confirmations and ID Cards will not be mailed but may be picked up in person in the Registration Office, second floor, Schmitz Hall after 10 a.m. on the weekday morning following a call to STAR before 5:30 p.m. the prior day. If STAR is called after 5:30 p.m., the Registration Confirmation and ID Card will be available two working days after 10 a.m. in the Registration Office.

CHANGE OF REGISTRATION CONFIRMATIONS. Change confirmations will be mailed on January 9. You may also confirm your registration schedule by calling STAR and using the List Schedule Transaction (L #). This listing includes building and classroom locations.

EXCEPTION PERIOD

January 9-March 9

Sections Office, 264 Schmitz

8 a.m.-5 p.m. Monday-Friday

This period is open for late registration, and late adds and drops. A \$20 fee is assessed for changes of registration. New registrants are assessed \$25 through January 12, and \$75 beginning January 16. STAR is not in operation and entry codes are not valid.

ADDING COURSES. From January 9 through the remainder of the quarter, an add will be approved only under unusual circumstances. You must obtain departmental authorization signatures using Add/Drop cards. All Add/Drop cards must be submitted in person at the Sections Office.

From January 9-February 2, course adds will be accepted with departmental authorization signatures, usually the instructor, but only up to 105% of the classroom capacity of the course section.

From February 5-March 9, course adds require the signatures of both the instructor and the department chairperson of the department offering the course. Registration will not be permitted if enrollment has reached 100% of classroom capacity.

DROPPING COURSES. Refer to Grading Information Related to Registration section.

NONMATRICULATED STUDENTS

December 27, 6 a.m. to midnight, via STAR

December 28, 6 a.m. to 6 p.m., via STAR

Because nonmatriculated students register after all other students, enrollment may be closed especially in the following areas: mathematics, English composition, beginning foreign languages (particularly French and Spanish), business, and art.

Nonmatriculated students who register after December 28 will be charged a \$25 late registration fee if registering by the tenth day of the quarter, and \$75 after the tenth day of the quarter.

FACULTY/STAFF TUITION EXEMPTION

December 22-UW Faculty/Staff Tuition Exemption Request Card due in Sections

December 27, 6 a.m. to midnight, via STAR

December 28, 6 a.m. to 6 p.m., via STAR

APPROVAL REQUIRED. With the approval of their department administrator, regularly admitted UW faculty and staff members who have been employed full-time for six months or more prior to first day of the quarter may take up to 6 credits per quarter under the tuition exemption program. According to legislative action, all registrations must be on a space-available basis after other matriculated students have registered.

ADMISSION STATUS. Faculty/staff members who wish to enroll as matriculated students must be officially admitted by the Office of Admissions by the regular admission closing date; November 1 is the closing date for Winter Quarter. Faculty/staff members who are former students returning in either the same classification or as nonmatriculated students should apply at the Registration Office, window 7, second floor, Schmitz Hall. Applications will be accepted up to the beginning of the quarter.

HOW TO REGISTER. Mail, or present in person, an appropriately signed UW Faculty/Staff Tuition Exemption Request Card to Sections Office, 264 Schmitz, Mailstop PD-10. This card must be received no later than December 22 to ensure the tuition exemption status will be recognized when STAR is called. Complete the STAR Work Sheet before calling in. **FACULTY AND STAFF WILL NOT BE PERMITTED TO CONVERT TO THE TUITION EXEMPTION PROGRAM IF THEY HAVE ALREADY REGISTERED FOR WINTER QUARTER PRIOR TO DECEMBER 27, AND THEY WILL BE REQUIRED TO PAY REGULAR TUITION FOR THOSE CREDITS.**

If using a Merlin phone on the UW campus to call STAR, press the # sign key twice to send transactions.

Tuition-exempt faculty/staff are not entitled to other student services such as those available at the Hall Health Center and the Intramural Activities Building. Therefore, UW student cards will not be issued to faculty and staff. Faculty/staff identification cards may be used for library services.

FEE PAYMENT. The \$5 registration fee will be billed, but only if registration has successfully occurred.

LATE REGISTRATION. If registration or drop/add is necessary the first week of the quarter, use STAR or one of the Sections Satellites. The late registration fee will not be assessed during this period for faculty and staff in the tuition exemption program.

ACCESS PROGRAM FOR OLDER ADULTS

December 27, 8 a.m. to 5 p.m.

Sections, 264 Schmitz Hall

Registration time is based on last name.

(ACCESS Students do not Register through STAR)

8-9 a.m.	I - L
9-10 a.m.	M - O
10-11 a.m.	P - R
11-12 noon.	S
12-1 p.m.	T - Z
1-2 p.m.	A - B
2-3 p.m.	C - E
3-4 p.m.	F - H

December 28, 8 a.m. - 5 p.m., open to any ACCESS student who missed the previous registration time.

The University of Washington waives tuition for Washington residents sixty years or older who wish to attend classes as auditing students, on a space-available basis. The fee is \$5, whether one or two courses are attended. As auditors, they do not receive credit and are not expected to do laboratory work or to take examinations. A transcript is not maintained. Students who attend the University under the Access program are limited to two courses per quarter.

Registration may be made in person. For additional information on mail-in registration or about the program in general, telephone UW Extension, 543-2300, between 8 a.m. and 5 p.m., weekdays.

REGISTRATION ELIGIBILITY

CONTINUING STUDENT GUARANTEED ELIGIBILITY.

University of Washington students who remain in good scholastic standing are guaranteed the opportunity to register each quarter as long as they maintain continuous enrollment (Summer Quarter excepted). Continuation must be in the same classification, e.g., undergraduate, postbaccalaureate (fifth-year), graduate, etc. Once a student earns a baccalaureate degree, he or she must apply for readmission as a postbaccalaureate (fifth-year), nonmatriculated, or graduate student. Exceptions to the guarantee are: (1) students under disciplinary action, (2) students with a financial hold, (3) students not meeting their departmental continuation policies, or (4) students not meeting the University's satisfactory progress policy (See *General Catalog*).

Continuing students who withdraw during the first week of two consecutive quarters (Summer Quarter not included) will not be eligible to register as continuing students for the third quarter, and must reapply as former students returning to the University.

If an undergraduate does not enroll for one or more quarters, or if a graduate goes on-leave, s/he must file an application for readmission with the Registrar's Office, second floor, Schmitz Hall, window 3. Undergraduates must include payment of the \$25 application fee. Information on admission closing dates is available at Window 3, second floor, Schmitz Hall, or by calling 543-5920.

NEW STUDENTS. Students new to the University or applying for a new classification should contact the Office of Undergraduate Admissions for undergraduate and/or postbaccalaureate (fifth-year) standing, or the Office of Graduate Admissions for graduate standing. Application closing date is Nov. 1 for new students entering from high school, and for all other new and former students.

RETURNING FORMER STUDENTS. Returning former students not enrolled in autumn quarter and on-leave graduates must apply for readmission. A \$50 enrollment service fee will be required of each eligible applicant. Former graduate students who did not request an on-leave status must contact the Office of Graduate Admissions. Space is limited, and enrollment quotas will be filled on a first-paid, first served basis. Application closing date is November 1.

ACADEMIC ADVISING

Students are strongly encouraged to see an academic adviser to discuss their educational objectives, to assess progress toward completion of requirements, and to learn procedures involved in registering at the University. It is wise for students to make appointments with advisers and to have ideas of courses they would like to take by reviewing the *General Catalog* and the quarterly *Time Schedule* before the advising session. If students fail to maintain contact with their advisers and problems develop with degree programs, these problems are the students' responsibilities. The consequence may be additional time to complete degree programs.

HOW TO USE STAR

5

1. TOUCHTONE TELEPHONE. Use only a touchtone telephone to make entries on STAR. Touchtone phones make a different tone after each key is pressed. Telephones that make no tone or only a monotone will not work on the registration system. Your touchtone phone acts as a computer keyboard, enabling you to enter your course requests just as if you were sitting at a computer terminal. Within minutes, you will know your confirmed schedule.

2. CALLING STAR. STAR is available, during published registration dates and times. STAR is closed on holidays and may close earlier than 12 midnight on a few days to produce registration confirmations, ID cards, and instructors' class list. If STAR does not answer your call, it is not in operation. If the phone line is busy, all lines are being used. Call back later. You may call STAR during, or after, your initial registration date to add, drop, check section status, etc.

3. VOICE RESPONSE. A voice response will guide you after each transaction. If you do not understand a response or instruction and would like it repeated, press the star key (*) first, and then the number sign key (#).

4. IF YOU MAKE A MISTAKE. If you make a mistake before finishing an entry, press the star key and the number sign key (*#), and your entry will be discarded.

5. TO SPEED UP YOUR REGISTRATION. To expedite your registration, you may enter data during the voice response. Be cautious about doing this, since you may miss some important information such as when and where to obtain your Registration Confirmation and ID Card.

6. DISCONNECT ACTION. Time limits are built into the system, so if you are holding on the STAR line for an extended period of time, you will be disconnected. Error limits are also a part of the STAR system, so if you do not enter the correct information after the second try, STAR will disconnect. You may immediately call back to STAR.

7. TRANSACTIONS. The transactions you enter on your touchtone telephone communicate to the computer what action to take (such as add a course, drop a course, check a section status, etc.) and what data you want considered. The transaction code legend follows:

- A = Add a course
- D = Drop a course
- L = Hear a spoken listing of your assigned courses
- S = Check the open or closed status of a course
- T = Terminate your call and get information on how to obtain your Registration Confirmation and ID card
- * = Star key; used to separate data
- # = Number sign key; used to send transactions that you enter

8. ENTRY CODES. Entry codes are five digit random numbers issued to you by academic departments as authorization to enroll in restricted course sections. Academic departments have the ability to establish varying levels of enrollment control for course sections in each registration period, or they can maintain the same level of control throughout.

Courses requiring entry codes are designated with the symbol > to the left of the schedule line number (SLN) in the Time Schedule. Please note that departments reserve the right to require entry codes whether the course is so designated in the Time Schedule or not. Usually information on where to obtain entry codes is found in the body of the Time Schedule, either as a comment before the course listing or just after the title of the course. Contact the department offering the course if STAR advises you an entry code is required and the location for obtaining one is not identified in the Time Schedule.

Once you have used an entry code, the computer removes it from the list of viable codes and will not accept it again. If you drop a section that required an entry code to add, then you must obtain another entry code from the department if you wish to re-add the section.

When you use an entry code to register, it becomes a part of your registration record, and is visible with your name on computer terminal screens. Entry codes are valid only through the fifth day of the quarter.

Beginning the sixth day, you must obtain departmental authorization signatures to add courses using standard Add/Drop cards. These cards must be submitted in person at the Sections Office, 264 Schmitz Hall, and a \$20 change fee will be assessed.

9. LECTURE/LAB/QUIZ/CONFERENCE. These are combined under one SLN for each possible combination of time and day. On STAR, when you register for a course SLN associated with a lecture, lab and/or quiz or conference, you will be registered for all the lecture, lab, quiz or conference combination as listed under one SLN in the Time Schedule.

10. ALTERNATE SELECTIONS. If the section requested is closed you will be informed by STAR of open section alternates (including new sections added after the publication of the quarterly Time Schedule). You can then immediately select an alternate section to be added to your schedule. Have a pencil ready and be prepared to write down schedule line numbers (SLN) and meeting times of alternate sections.

11. TIME CONFLICT. You may not register on STAR for two courses that meet at the same time or for courses with overlapping meeting times. If you want the second course instead of the one you are registered for, you must drop the first one before adding the second course on STAR. If you want two time-conflicting courses, you must add the second course, in person, at Sections in 264 Schmitz during any registration period, or at one of the satellites during Registration Period III. Time conflicts of more than one hour require instructors' signatures for both courses involved.

12. REGISTRATION HOLDS. If you have a hold on your registration, you will not be permitted to complete your registration until the hold has been released by the initiating office. If you attempt to register on STAR before your hold has been released, the voice response will indicate which office has placed the hold, and where to go to get it released.

13. ELECTING S/NS GRADING OPTION. You may register for a course on STAR, but you must go in person to Sections, 264 Schmitz, or to one of the satellites during Registration Period III, to elect the Satisfactory/Not Satisfactory grading option.

14. AUDIT. Audit registrations will not be processed by STAR, but must be completed in person at Sections, 264 Schmitz Hall.

15. CREDIT LIMITATIONS. Undergraduates will be limited to 19 credits during Registration Periods I and II to allow all students a chance to develop a basic schedule. Additional credits may be added during Registration Period III. Thirty credits is the limit per quarter.

16. VARIABLE CREDITS. Some courses are offered for a variable number of credits. See the department to obtain the appropriate number of credits for a variable credit course and be prepared to enter the number of credits when requested to do so by the voice response on STAR. To change variable credits, go to Sections, 264 Schmitz.

17. SECTION II ON STAR WORKSHEET. Since Section II requires selection decisions only during your first telephone call this quarter, you may proceed directly from Section I to Section III through Section IX in a random manner when making subsequent calls.

STAR will not accommodate changes of your initial decisions in SECTION II. You must go in person to the Sections Office, 264 Schmitz Hall to modify selections. Faculty/staff using tuition exemption program will not be asked to make decisions for Section II.

18. MERLIN TELEPHONE. If using an AT&T Merlin telephone to call STAR, press the # sign key twice to send transactions.

19. QUESTIONS. If you have questions regarding registration, please call Sections, (206) 543-5875, Monday through Friday, from 8:00 a.m. to 5:00 p.m.

ADDITIONAL REGISTRATION INFORMATION AND NOTICES

1. ADDRESS CHANGE TELEPHONE SERVICE - CALL 543-3868. Students are responsible for notifying the Registrar's Office when their address changes. An Address Change Telephone Answering Service is available 24 hours a day, seven days a week for changes of local and permanent addresses and telephone numbers, restricting release of directory information, and where to mail registration confirmations, ID cards, tuition billing statements, and final grades. Students should always leave a forwarding address with the U. S. Postal Service whenever they move. Addresses may also be changed at the Registration Office, window 5, second floor, Schmitz Hall.

If you have applied for financial aid, you must also report your address change to the Office of Financial Aid.

2. CLASS ATTENDANCE GUIDELINES. To provide enrollment space for others, students who do not attend regularly scheduled class meetings during the first week of the quarter are subject to being dropped at the discretion of the teaching departments. Affected courses will be identified in the *TIME SCHEDULE* and posted in departmental offices.

Students must not assume that departments will automatically initiate a drop for nonclass attendance. Students who register for courses they do not attend are themselves responsible for officially dropping the courses through the Registrar's Office. The consequence of not officially dropping courses is a 0.0 grade.

Students should contact the instructor or teaching department if they plan to be absent any day during the first week of the quarter.

No person, other than a faculty member attending informally with the approval of the instructor, may attend a University course in which that person has not been officially registered through the Registrar's Office. An instructor may allow a student to attend his or her class only if the student's name appears on the official class list from the Registrar's Office.

3. REGISTRATION TAMPERING. A student who tampers or attempts to tamper with the registration records of another student, including but not limited to dropping courses and adding courses, may be subject to disciplinary sanctions as defined in the Student Conduct Code (WAC 47B-120).

4. SECURING YOUR REGISTRATION DATA. If, for any reason, you believe that another person might tamper with your registration on STAR and you want to avoid this possibility, you may go to the Registration Office, second floor, Schmitz Hall and request a security code. Ask for the Security Code Request Form and identify the 6 digits you wish to use instead of your date of birth when accessing STAR each quarter.

5. FULL-TIME STUDENT REQUIREMENT. To be considered a full-time student, an undergraduate must register for 12 credits and a graduate student must register for 9 credits. However, it is important to note that differing criteria and standards for full-time enrollment exist for participatory eligibility, e.g., Veterans Administration, athletic eligibility, Bureau of Indian Affairs, Vocational Rehabilitation, and various forms of financial aid. Information on full-time requirements of the Veterans Administration and the Immigration and Naturalization Service may be obtained at 460 Schmitz. Consult the Financial Aid Office for its requirement on satisfactory student progress.

6. OVERLOAD GUIDELINES. For reasons of public safety and instructional quality, course enrollment in each section will be limited to the approved classroom capacity. The Registrar's Office monitors course enrollments throughout the quarter according to the following guidelines:

a. Through the fifth class day, students may add a section without permission unless the class is full or requires permission; then an entry code is required. The Registrar's Office will accept course overloads up to 115% of classroom capacity when the student presents an entry code from either the instructor or authorized person in the department.

b. From the second through the fifth week, overload authorization signatures will be accepted up to 105% of classroom capacity.

c. Beginning the sixth week, no course registration will be accepted without co-signatures by both the instructor and the department chairperson. Registration will not be permitted if enrollment has reached 100% of classroom capacity.

7. \$20 CHANGE-OF-REGISTRATION FEE. The \$20 change-of-registration fee is assessed uniformly for all registration schedule changes made after the fifth class day of each quarter. The \$20 fee is a service charge, not a penalty.

There is no charge for changes made in Registration Periods I, II and III. This "free" period gives students an incentive to complete their schedule before the quarter is too far advanced.

Fee waivers are rarely approved. If you think your change is necessitated by a University error or is at the University's request, you must pay the fee and complete a petition for a refund. The petition will be sent to the Dean of your college for a decision. You will be notified of the decision by the Registrar's Office. The fee will be waived only if the change is necessitated by a University error or is at the University's request.

8. COMPLETE WITHDRAWAL FROM THE UNIVERSITY. (dropping all courses for the quarter). It is the student's responsibility to withdraw completely if he or she is unable to attend for the quarter. Students must write the Withdrawal Office, 264 Schmitz Hall, Mailstop PD-10, University of Washington, Seattle, Washington, 98195, or withdraw in-person at 264 Schmitz Hall. Complete withdrawal for the quarter is not available via STAR.

Tuition owed will be based upon the date the complete withdrawal is received in the Withdrawal Office. No withdrawals are accepted after the last day of instruction for the quarter.

Courses dropped as part of a complete withdrawal from the University during the first two weeks of a quarter are not recorded on the student's UW transcript; however, the date of the complete withdrawal is recorded.

Students are required to turn in their student ID cards when they withdraw from the University and are not eligible to continue using University services or facilities after their withdrawal.

Continuing students who withdraw during the first week of two consecutive quarters (Summer Quarter excepted) will not be eligible to register as continuing students for the third quarter. Such students must reapply as former students returning to the University. For example, a student who withdraws during the first week of Spring Quarter and Autumn Quarter must reapply as a returning former student for Winter Quarter.

The forfeiture schedule for completely withdrawing from the University is as follows:

- Students withdrawing before the sixth day of the quarter do not pay tuition. New and returning students forfeit their \$50 enrollment service fee.
- Students withdrawing on the sixth day through the thirtieth calendar day continue to owe one-half of their tuition.
- Students withdrawing after the thirtieth calendar day continue to owe full tuition.
- Students whose registrations are cancelled for nonpayment of fees will continue to owe the University one-half their tuition and fees.
- International students who are registered for an English as a Second Language course must make a separate request for a refund for that course by contacting the ESL Office in 102 Lewis Hall at the same time they withdraw from the University.

9. UNDERGRADUATE SATISFACTORY PROGRESS. Students admitted to the University to pursue baccalaureate degrees are expected to make satisfactory progress toward the attainment of that degree, and are expected to enter a major and graduate after completion of a reasonable number of credits. Refer to the *GENERAL CATALOG* for additional information.

10. STUDENT DIRECTORY INFORMATION. The University will routinely release student directory information, unless requested otherwise by the student. Directory information is defined as student's name, address, telephone number, place of birth, major field of studies, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational institution attended by the student.

11. DISCLOSURE OF STUDENT RECORDS. As a general rule the University will not release a student's education records to a third party without written consent of the student. The complete University policy on student education records and the location of such records may be found in the Washington Administrative Code under WAC 478-140. Manuals containing the Code are available at Reference Stations on campus, and at the Visitor's Information Center, 4014 University Way NE. The policy covers such items as accessibility, review and expunging of inaccurate records, and costs to be charged for copies of student records.

12. FOLLOWING RULES AND REGULATIONS. It is the University's expectation that a student will follow University rules and regulations as they are stated in the *GENERAL CATALOG*. In instances where no appeal procedure is spelled out and the student believes that a special set of circumstances makes appeal reasonable, he or she may appeal the application of specific rules or regulations to the office of the dean of the school or college in which he or she is enrolled in the case of an academic matter, or to the Office of Student Affairs in the case of a nonacademic matter. These offices will either render a decision on the appeal or refer the student to the proper office for a decision.

13. EQUAL OPPORTUNITY. The University of Washington provides equal opportunity in education without regard to race, color, creed, religion, national origin, sex, sexual orientation, age, marital status, disability, or status as a disabled veteran or Vietnam era veteran in accordance with University of Washington policy and applicable federal and state statutes and regulations.

14. SEXUAL HARASSMENT GRIEVANCE PROCEDURE. Students, as well as members of the faculty and staff, who wish to file a complaint regarding sexual harassment may contact either of the two offices listed below:

Ombudsman for Sexual Harassment, (206) 543-0283

Human Rights Office, (206) 543-7217

Personnel in these offices will be available to discuss and provide assistance in resolving the complaint.

15. INTERNATIONAL STUDENTS must subscribe to the student insurance plan unless they are covered by another plan. Refer to the **STUDENT INSURANCE** section for more details.

16. DISABLED STUDENTS. Various support services, including priority registration, are available to students with disabilities. Contact the Coordinator for Disabled Student Services (DSS), 482 Schmitz, 543-8924, 543-8925 TDD, for information on equipment services, accessibility, and accommodations to meet individual needs.

Students with disabilities who require special accommodations for science labs, internships, etc., should contact the DSS Coordinator and the academic adviser of that department immediately to work out appropriate services.

The STAR Work Sheet and Instructions are available from DSS in alternate media, including tape recording, large print and braille. Students with disabilities which would limit their ability to use STAR may register through DSS or at the Sections Office, 264 Schmitz Hall.

17. ASSOCIATED STUDENTS OF THE UNIVERSITY OF WASHINGTON (ASUW). The Associated Students of the University of Washington is a voluntary association of students designated by the University Regents to carry out a variety of student activities. In order to vote in ASUW elections or hold ASUW office students must be members. Student's membership choice will not affect tuition payment in any way. Information about the ASUW can be obtained from the ASUW Office in Room 204L Student Union Building.

18. PLACEMENT CENTER. The Placement Center provides comprehensive career and job search information and services for students and alumni to facilitate their transition from academic programs of the UW to the broader society. Services are available to UW students and alumni who are registered with our office. Registration is free for students; alumni must pay applicable fees for the period of time during which services are desired.

Types of services offered include individual career counseling, job search seminars, a career information library, a Minority Job Placement Program, on-campus interviews, job opportunity bulletins, a placement/credential file service, and career-and degree-related summer jobs/internships. To participate in the on-campus interview program, students must attend an orientation session. For more information, please come by the Placement Center at 301 Loew Hall, FH-30, or call (206)543-0535.

19. UW ID CARD. Carry your UW ID Card with you at all times since it is required for a variety of transactions and services on campus. In some situations, you may be asked to provide additional pieces of identification, one containing your photo.

GRADING INFORMATION RELATED TO REGISTRATION

DROP COURSE GRADES AND RESTRICTIONS

Instructor's signature is not required for dropping courses.

UNDERGRADUATES. Undergraduate students who drop courses receive no entry on their academic record if the drop is made during the first two weeks of the quarter, except if all courses are dropped, then a university withdrawal date is entered on the student's record.

Drops made during the third and fourth weeks of the quarter will be recorded with a "W." Refer to deadlines shown in the Student Action Guide on the following page.

After the fourth week, only a limited number of drops are permitted as determined by the number of credits earned at the University. While completing the first 44 credits at the University, a student has three drops permitted after the fourth week. Any of these three drops not used at the time 45 credits are earned are forfeited. After 45 credits have been completed at the University, the student earns one late drop for each 45 credits earned. These may be accumulated and used as necessary.

No drops may be made after the last day of instruction (March 9).

GRADUATE STUDENTS. Graduate students who drop courses after the first two weeks of the quarter receive a grade of "W."

No drops are permitted after the seventh week of instruction.

HARDSHIP WITHDRAWAL. Hardship withdrawals are for dropping individual courses only. The \$20 change of registration fee will be assessed. (See section on Complete Withdrawal from the University for procedure to follow for dropping all courses for the quarter).

Students may petition the Registrar for a hardship withdrawal if: (1) the student is unable to complete the course in question because of a severe mental or physical disability, or (2) unusual or extenuating circumstances beyond the student's control prevented the student from dropping the course by the drop deadline. See the *General Catalog* for complete information.

SATISFACTORY/NOT SATISFACTORY

Students may elect to take certain courses on a Satisfactory/Not Satisfactory (S/NS) basis. Advisers should be consulted, and in no case are undergraduate students allowed to register for more than six credits (or for one course, if that course is offered for more than six credits) on a Satisfactory/Not Satisfactory basis in a given quarter.

Students may register for the course on STAR, but they must go in person to Sections in 264 Schmitz Hall to elect the S/NS grade option. STAR will not accommodate the S/NS grade option.

For undergraduates, a course in which an "S" is earned may not be used to satisfy any department, college, or University requirement, except that the credits may be applied to the minimum of 180 credits required for graduation. Each instructor will report conventional-grades to the Registrar, who will convert satisfactory grades (2.0 or greater) to "S," and unsatisfactory grades (less than 2.0) to "NS" for the student's transcript. No more than 25 S/NS credits will apply to an undergraduate degree. *S/NS must be elected during initial registration or added or dropped during the first five days of the quarter.*

Graduate students earning grades of 2.7 or above receive a grade of S (Satisfactory), while 2.6 or below are recorded as NS (Not Satisfactory). With the approval of his or her graduate program adviser or Supervisory Committee Chairperson, a graduate student may elect to take any course for which he or she is eligible outside of his or her major academic unit on an S/NS basis.

In cases of withdrawal, the W is recorded. Neither S nor NS is included in the grade-point average. N, I, and X are recorded until the instructor reports the final grade, or in cases of incompletes received by undergraduates, until the I is converted by the Registrar.

CREDIT/NO CREDIT COURSES

Some courses are offered on a credit/no credit (CR/NC) basis. It is not possible to register S/NS to take these courses, because the only grades assigned by the instructor are CR (Credit) or NC (No Credit). Neither CR nor NC is included in the grade-point average. In cases of withdrawal a W is recorded. N, I, and X are recorded until the instructor reports the final grade, or in cases of Incompletes received by undergraduates, until the I is converted by the Registrar.

AUDITORS

STAR is not available for audit registration, which must be completed in person at Sections, 264 Schmitz Hall. Registration is available during any of the registration periods. Attendance in courses as an auditor is by consent of the instructor involved and is conditioned on the space available. Permission to audit is ordinarily granted for lecture classes only. An auditor may not participate in class discussion or laboratory work, and his or her registration may be canceled at the discretion of the instructor. No entry is made on the permanent record for courses audited. To receive credit for an audited course, the student must register for the class for credit in a subsequent quarter.

Auditors, except ACCESS program students, pay standard tuition and fees and must be regularly admitted and registered in the course. Although credits for audited courses will not be listed on the schedule of classes, they will be included in the billing on the fee statement. Such credits count in the calculation of fees.

Courses audited may not be changed to credit registrations after the second week of the quarter.

INCOMPLETE GRADE

Incomplete grades may only be awarded if the student is doing satisfactory work up until the last two weeks of the quarter. Undergraduate students must not reregister for courses in which they have received an Incomplete, since a grade earned in a repeat course will not be recorded as an Incomplete conversion grade.

To obtain credit for the course, an undergraduate student must convert an Incomplete into a passing grade no later than the last day of the next quarter. An Incomplete not made up by the end of the next quarter will be converted to the grade of 0.0 by the Registrar unless the instructor has indicated, when assigning the Incomplete grade, that a grade other than 0.0 should be recorded if the incomplete work is not completed. The original Incomplete grade is not removed from the transcript.

Special Course and Laboratory Fees

The amounts charged for tuition and fees normally cover University charges for course registration. Some courses, however, have extraordinary expenses associated with them and in such cases the University may charge additional fees in amounts approximating the added instructional or laboratory costs.

TUITION FORFEITURES OR REFUNDS

Students will be billed for the number of credits, including audit hours, on their programs at the beginning of the quarter. Only partial tuition reductions will result for courses dropped after the first week of the quarter.

Students dropping courses after the first seven calendar days of the quarter and through the thirtieth calendar day of the quarter will be expected to pay one-half of the tuition associated with that course.

Courses dropped after the thirtieth calendar day receive no refund.

The effect of tuition forfeitures on the over-18-credit surcharge is as follows: forfeitures for courses dropped that exceeded 18 credits are charged the same as above. Also, if a student drops a course after the thirtieth calendar day and adds another, total credit charges will include credits that are added with no reduction for credits dropped.

Course drops become effective the date received and processed on STAR, in the Sections Office-264 Schmitz, or through the Department Registration Screen used in academic departments.

TUITION PAYMENT GUIDELINES

1. It is the student's responsibility to see that tuition is paid in full by the tuition due date (third Friday of each quarter). Bills are sent at the beginning of each quarter to facilitate payment. However, failure to receive a tuition bill does not nullify the student's responsibility for payment by the due date.

2. You should indicate selection of your permanent or local address on STAR for fee statement mailing. If you have not received a fee statement by the end of the second week of the quarter, contact the Student Accounts and Scholarships Office for the amount of tuition due.

3. You may pay your fees in person in the Student Accounts and Scholarships Office or mail them to UW, Student Accounts and Scholarships Office, 129 Schmitz, PE-10, Seattle, WA 98195, before the tuition due date. Fees must be paid by Friday of the third week of the quarter. Payments postmarked on or before the due date are accepted without a late fee. Metered mail received after the due date is subject to penalties as described in #4 below.

4. If you fail to pay by the deadline you may continue to pay your tuition the week following the due date, plus a late fee as follows:

Past Due Balance	Late Fee
Over \$100	\$30
\$30-\$100	\$10
Less than \$30	\$ 0

If payment has not been received in the Student Accounts and Scholarships Office by this time, your registration for the current quarter as well as any future quarters will be cancelled. Students permitted to reregister after cancellation for nonpayment will be charged a \$75 fee, in addition to their tuition.

5. If you reregister, you must reregister for all classes on your schedule at the time of registration cancellation. (Fees will include appropriate charges for classes dropped during the forfeiture period.) No reregistration will be possible after the last day of instruction. *Please note: Even if your registration is cancelled you will continue to owe one-half of your tuition.*

6. Credit cards and credit card checks are not accepted.

7. Tuition and fees not paid by the end of the academic quarter will be subject to an interest charge of 1% per month, or fraction of a month, (12% A.P.R.), beginning with the month following the end of the quarter.

APPLICATION OF PAYMENTS TO A STUDENT'S ACCOUNT

As a rule, payments received for a student's account are applied to charges in order of their due dates. For charges with the same due date, payments are applied first to tuition and related University fees

and then to other charges on the account. A payment may be applied to a specific charge by contacting the Student Accounts Office at 129 Schmitz Hall. Financial aid from Federal Title IV programs is applied only to required tuition and fees and to loan and aid repayment obligations. The University may not apply such aid to pay insurance and some other optional charges.

STUDENT INSURANCE

The University offers a voluntary accident and sickness insurance plan to supplement the services available at the Hall Health Center. UW students (except those enrolled in programs administered by UW Extension and UW employees attending classes under the employee tuition exemption program) who remain registered through at least the first six days of instruction in the quarter are eligible to enroll in the plan.

Students may sign up for the plan when they register for classes. If students are registered for classes by their academic departments, and no plan is indicated, they will be enrolled in the student only quarterly plan. The insurance premium will be included on the quarterly tuition statements and must be paid by the quarterly tuition-due date. In most cases Financial Aid will not pay insurance directly so students must make sure the premium is paid on time. There is no late payment period for the insurance premium.

If students are billed for student insurance and wish to add, cancel, or change coverage, complete the appropriate section on the remittance advice copy of the billing statement and pay the revised amount, or make payment in person at the Student Accounts and Scholarships Office by the tuition-due date.

International students must subscribe to the student insurance plan unless they are covered by another plan. Proof of other cover-

age must be submitted to the International Services Office and a waiver obtained each Autumn Quarter (or upon initial admission if other than Autumn Quarter) because waivers are valid only through Summer Quarter each year. Students holding insurance policies that expire during the academic year are responsible for obtaining new waivers, as necessary.

Brochures describing the plan in more detail are available at the Hall Health Center, the HUB, and the 2nd floor Information Window in Schmitz Hall. Plan benefits may change each academic year, so students are encouraged to review the brochure carefully.

WASHINGTON STUDENT LOBBY (WSL)

The Washington Student Lobby (WSL) is a voluntary, independent organization of university students whose purpose is to influence the Washington State Legislature and others on higher education matters of special interest to students. Students may choose to support the WSL by contributing \$1.00 each quarter. Support for the WSL may be indicated during registration and the voluntary contribution will be included on the tuition billing statement for payment with tuition.

WASHINGTON PUBLIC INTEREST RESEARCH GROUP (WASHPIRG)

The Washington Public Interest Research Group (WashPIRG) is a student-directed, non-profit and non-partisan research organization. Students may choose to support WashPIRG by contributing \$2.00 each quarter. Support for WashPIRG may be indicated during registration and the voluntary contribution will be included on the tuition billing statement for payment with tuition.

Final examinations should be administered in accordance with the above examination schedule.

The dean may permit an instructor to change the time of a final examination upon prior application demonstrating good cause for such change. In such cases, the following guidelines shall be observed:

1. With the dean's permission, the final examination may be postponed or moved to an earlier time within the examination period if agreed to by all students and the instructor. Before approving the rescheduling of a final examination, the dean shall obtain assurances that the change will not have an undue adverse impact on the students. The dean shall notify the Registrar of the approval granted for the date of a final examination.
2. An instructor shall not, except in very unusual circumstances, grant permission to individual students for an early examination. If the student is unable to take an examination on the scheduled date, the procedure outlined in the following paragraph should be followed.
3. A student absent from any examination through sickness or other cause, judged by the instructor to be unavoidable, shall be given an opportunity to take a rescheduled examination or perform work judged by the instructor to be the equivalent.

If the instructor determines that neither alternative is feasible during the current quarter, the instructor may exempt the student from the requirement. Examples of unavoidable cause include death or serious illness in the immediate family, illness of the student, and, provided previous notification is given, observance of regularly scheduled religious obligations.

4. Classes that meet on the hour use the first full hour of instruction to determine the time of examination. For example, a class that meets at 10 a.m. uses the 10:30 a.m. examination time.
5. Classes that begin on the half hour and last longer than one hour use the actual starting time to determine the examination time. For example, a class that meets at 7:30 a.m. and continues until 9:00 a.m. would use the 7:30 a.m. time.
6. Classes in which the entire class meets at the same hour every day, in the same room, may use that room at 8:30 a.m. or 2:30 p.m. for a three-hour examination. All other examinations are limited to one hour and fifty minutes unless other arrangements are made with Room Assignments.
7. If an examination is held at a time other than the above schedule indicates, instructors must check with Room Assignments to make sure that the room is available.

Questions concerning the examination schedule should be directed to Room Assignments, 543-1080.

NEW COURSES FOR WINTER QUARTER 1990

The following list includes new courses that will be offered Winter Quarter 1990, which were added to the University curriculum after publication of the 1988-90 General Catalog. Consult the appropriate academic department for information on courses not listed below.

COLLEGE OF ARCHITECTURE AND URBAN PLANNING

PREPROFESSIONAL

CAUP 496 PRACTICAL EXPERIENCE (3-6, MAX. 6)
Unpaid work-study course in cooperation with local professional offices. On location study of various aspects of professional practice under the supervision of a firm or agency involved in any aspect of environmental design, planning management. Prerequisite: upper division standing.

CAUP 498 SPECIAL PROJECTS (1-12, MAX. 12)
Instructor-initiated and college-approved systematic study and offering of specialized subject matter. Topics vary and are announced in preceding quarter. Entry code required.

ARCHITECTURE

ARCH 409 COLOR AT THE CONCEPT LEVEL IN DESIGN (3)
Simple processes of color presentation researched and developed for use as communication. Designed to make color available early in design development and make it integral with all other aspects of design.

ARCH 418 WATERCOLOR DRAWING (3)
Principles and practice of using transparent watercolor for the naturalistic representation of objects, people, and interior and exterior space.

URBAN DESIGN AND PLANNING

URBDP 520 QUANTITATIVE METHODS IN URBAN DESIGN AND PLANNING (4)
Methods of statistical and mathematical analysis in design and planning. Emphasizes the use of computer packages for analyzing urban data. Regression, matrix methods, cohort-survival populations models with examples solved on microcomputers. Prerequisites: basic course in probability and statistics and college mathematics.

COLLEGE OF ARTS AND SCIENCES

AMERICAN ETHNIC STUDIES

AES 364 AMERICAN ETHNICITY IN THE TWENTY-FIRST CENTURY (5)
Through analysis of past and present literature and trends, examines the potential for extinction and/or preservation of ethnicity and ethnic American culture in twenty-first century America. Recommended: 362 and 363.

Asian American Studies

AAS 390 ASIAN AMERICAN FAMILY AND PERSONALITY (5)
Examines the changes of Asian American family patterns through successive generations from the late 1800s to the present. The influence of Asian culture, Asian American experience, family patterns, and racial discrimination examined to understand their impact on the personality of Asian Americans. Prerequisite: 205 or 206.

Chicano Studies

CHSTU 255 MEXICAN WOMEN: PAST AND PRESENT (5)
Survey of women in Mexican society from Meso-American times to the 1940's.

CHSTU 352 MEXICAN IMMIGRATION: A COMPARATIVE ANALYSIS (5)

Examines constant Mexican immigration to the United States as one of the most important issues confronting Chicanos and other Americans in the United States.

AMERICAN INDIAN STUDIES

AIS 202 INTRODUCTION TO CONTEMPORARY EXPERIENCE IN INDIAN AMERICA (5)
Survey of contemporary Native American cultures, issues, and lifestyles. Focus on understanding modern native cultures through the experiences and perspective of individuals. Readings include contemporary narrative, literature, and autobiographies. Secondary focus on relevant regional and national issues, e.g., water rights, land claims, education.

ART

ART 520 SEMINAR IN PAINTING AND PRINTMAKING (1)
Designed as a forum for the presentation and criticism of student work as well as for discussion of contemporary directions in visual art.

Art History

ART H 598 MASTER'S PRACTICUM (*, MAX. 15)

ASIAN LANGUAGES AND LITERATURE

Hindi

HINDI 504 STUDIES IN MEDIEVAL RAJASTHANI LITERATURE (3)
Introduction to Dingal, the literary language of Rajasthan. Reading of extracts from the prose chronicles (Khyat) of

Nainasi followed by a representative selection of bardic poetry. Prerequisite: 403 or equivalent.

Turkic

TKIC 482 UZBEK MORPHOLOGY AND SYNTAX (3)
Joint with TKISH 482. See Near Eastern Languages and Civilization for description.

BIOLOGY

BIOL 151 BIOLOGY: THE CELL (5)
Fundamentals of living systems, with emphasis on cells. Cellular and molecular biology studied through concern for human health ecology, including AIDS as a virus, DNA, and cellular replication.

COMMUNICATIONS

CMU 340 INTRODUCTION TO ADVERTISING (5)
Overview of the advertising industry, its history, structure, operations, and institutional role. Prerequisites: 201,202, 203; MKTG 301.

ECONOMICS

ECON 484 ECONOMETRIC MODELING II (5)
Applies computer-based econometric modeling techniques to the analysis of regional economic data. Prerequisite: 483.

ECON 491 ISSUES IN ECONOMIC DEVELOPMENT (5)
Examines major theories of economic development and the practical experience of developing countries. Prerequisites: 300,301.

ECON 531 THEORY OF INDUSTRIAL ORGANIZATIONS (3)
The application of game theory to problems of strategic behavior that arise in the study of industrial organization. Topics include vertical integrations, short- and long-run price competition, folk theorems, empirical tests of oligopoly pricing models, entry deterrence, research and development, and product differentiation. Prerequisites: 500,501.

GEOGRAPHY

GEOG 458 MAP SOURCES AND ERRORS (5)
Analysis and appraisal of source materials for maps, production constraints of mapping agencies, coverage and quality. Focus on errors inherent in maps and map derived data. Judgment of fitness for specific applications. Prerequisite: 360 or permission of instructor; recommended: CIVE 316 or CETS 415.

GEOG 465 ANALYTICAL CARTOGRAPHY (5)
Algorithms and data structures for selected topics in computer-assisted cartography. Emphasis on point, line, area, and surface data representation, map design, generalization, and data transformations in a systems development context. Prerequisites: 360; C SCI 210, 211 or equivalent; ENGR 141 or equivalent; or permission of instructor.

GEOG 511 CONTEMPORARY METHODOLOGIES AND PHILOSOPHIES IN GEOGRAPHY (4)
Overview of major philosophies and methodologies of con-

temporary geographic research; historical roots of contemporary geography; roles of positivism, behavioralism, and other philosophical schools in geography; the role of space and regions as unifying and explanatory concepts in geography.

GERMANICS

GERM 312 HISTORICAL APPROACHES TO GERMAN LITERATURE (3-5, MAX. 5)
German literature from the Middle Ages to the present: Medieval Courtly period, Baroque, Enlightenment, *Sturm und Drang*, classicism, romanticism, realism, neoromanticism, expressionism. Prerequisite: reading knowledge of German.

GERM 322 INSTITUTIONS AND THEIR IDEAS (5)
Analysis of central institutions of contemporary Germany in their historical development. Prerequisite: reading knowledge of German.

GERM 422 SURVEY OF MODERN LITERATURE AND CULTURE: NINETEENTH CENTURY (3-5, MAX. 5)
Nineteenth century German literary, critical, and philosophical texts with some attention to historical and artistic developments. Narrative, dramatic, and lyric modes of expression. Problems of period designations (romanticism, *biedermeier*, young Germany, poetic realism, naturalism). Prerequisites: completion of the 300-level literature series in Germanics or equivalent.

HISTORY

HST 122 THE MEDIEVAL WORLD: SPECIAL PROBLEMS (5)
Historical study is founded on two philosophical questions: one concerns evidence (in what sense can we assert that we know about a past event?), while the other examines causation (what causes historical events to occur?). Both questions are examined in the light of material drawn from medieval history.

HST 315 HISTORY OF TECHNOLOGY TO 1940 (5)
Technology since the Middle Ages, in its social and historical contexts. From the medieval foundations of metal working, its social consequences and the establishment of a class of engineering practitioners, to the transformation of American rural life, domestic technology, and industry before World War II.

HST 496- PUBLIC AND LOCAL HISTORY (5-)
Reviews the nonacademic applications of history (museums, parks business, archives, planning, policy-making, popular media). Includes directed research and writing on local topics in one applied setting. Students ordinarily undertake a lengthy research project in an internship-like role. Prerequisite: permission of instructor.

Modern European History

HSTEU 433 CENTRAL EUROPE: THE HABSBURG MONARCHY, 1740-1918 (5)
Social, political, cultural history of Europe's second-largest state, from the reign of Maria Theresa to the dissolution of the empire at the end of World War I. Topics include: state formation, nineteenth century revolutions, nationality conflicts, political radicalism and anti-Semitism, and literature and the arts.

HONARS ARTS & SCIENCES**H A&S 252 WESTERN CIVILIZATION II (5)**

Introduction to ideas and society in Western civilization.

H A&S 262 WORLD CIVILIZATION II (5)

Introduction to ideas and society of civilization other than the Western. Specific civilization (Chinese, Japanese, Middle Eastern, South Asian) differs from year to year and section to section.

INTERNATIONAL STUDIES***Canadian Studies*****SISCA 490 SPECIAL TOPICS (1-5, MAX. 15)**

Content varies.

SISCA 499 UNDERGRADUATE RESEARCH (3-5, MAX. 15)***Comparative Religion*****RELIG 310 SCRIPTURE IN JUDAISM (5)**

Explores the phenomenon of religious interpretation of sacred books by attending to the destiny of the Bible as read within Judaism. Begins with the canonization of the biblical text itself and continues into the rationalist and mystical interpretive innovations of the Middle Ages. Recommended: 201, 210 and/or SISJE 250.

RELIG 520 SEMINAR ON EARLY CHRISTIANITY (5)

Problems in the history and literature of early Christianity.

Southeast Asian Studies**SISSE 490 SPECIAL TOPICS IN SOUTHEAST ASIAN STUDIES (3-5, MAX. 15)**

Course content varies. Prerequisite: three courses in area of permission of instructor.

SISSE 499 UNDERGRADUATE RESEARCH (1-5, MAX. 15)
Prerequisite: permission of instructor.***Vietnamese*****VIET 112 FIRST-YEAR VIETNAMESE (5)**

Introduction to modern Vietnamese conversation and grammar. Emphasis on correct pronunciation and basic structure.

VIET 212 SECOND-YEAR VIETNAMESE (5)

Continuation of 112. Review of Vietnamese grammar, development of conversational skills (listening and speaking), reading literary and cultural materials, writing compositions. Prerequisite: 113 or permission of instructor.

VIET 490 SPECIAL TOPICS IN VIETNAMESE (5, MAX. 15)

Content varies. Prerequisite: permission of instructor.

LINGUISTICS**LING 446 DESCRIPTIVE ASPECTS OF ENGLISH: PHONOLOGY AND MORPHOLOGY (3)**

Descriptively oriented analysis of English phonology and morphol-

ogy; dialect differences. Prerequisites: 200,400 or permission of instructor

LING 522 TOPICS IN THE HISTORY OF LINGUISTICS (3)
Intensive investigation of the main trends in the history of linguistics, concentrating on the development of nineteenth century historical linguistics, the various schools of structural linguistics, and transformational-generative grammar. Prerequisites: 451,461.

MATHEMATICS**MATH 307,308,309 LINEAR ANALYSIS I,II,III (3,3,3)**

Ordinary differential equations, Laplace transform, series solutions, systems of linear equations, vector space R^n , systems of linear differential equations, stability, partial differential equations, Fourier series, orthogonal bases, projections, inner products. Prerequisites: 126 for 307, 307 for 308, 308 for 309.

MUSIC***Music*****MUSIC 464 JAZZ LABORATORY (1, MAX. 9)**

Forum for testing new technical skills, improvisational techniques, and jazz compositions and/or arrangements in a formal laboratory setting. Prerequisite: concurrent registration in MUSAP 400 or higher, or permission of instructor.

MUSIC 599 READINGS IN MUSIC (3, MAX. 9)

Selected readings on current issues and problems in music. Prerequisite: permission of a supervising music faculty member.

Music Applied**MUSAP 319 PRIVATE INSTRUCTION: VIOLA DA GAMBIA (2-3, MAX. 9)****NEAR EASTERN LANGUAGES AND CIVILIZATION****NE 596 SPECIAL STUDIES IN NEAR EASTERN LANGUAGES AND CIVILIZATION (3-5, MAX. 15)**

Course offered occasionally by visitors or resident faculty. Content varies. Prerequisite: graduate standing.

Turkish**TKISH 482 UZBEK MORPHOLOGY AND SYNTAX (3)**

Introduces the student to a Turkic language, Uzbek. Designed for graduate students and intended to enable them to achieve competence at an accelerated pace. Joint with TKIC 482. Prerequisite: graduate standing.

PHILOSOPHY**PHIL 411 JUSTICE IN HEALTH CARE (5)**

Joint with MHE 474. See Medical History and Ethics for description.

PHYSICS

PHYS 342 ENERGY: NUCLEAR AND SOLAR POWER (3)
Technology of nuclear power, especially fission power, and of the major forms of solar power. includes hydroelectric power, photovoltaic power, wind power, and biomass. Consideration given to the factors limiting the utilization of these sources. Joint with NUC E 342. Prerequisites: 121,122,123, or equivalent; recommended: 341.

PSYCHOLOGY

PSYCH 467 EYEWITNESS TESTIMONY (3)
Perception, memory, and retrieval of real world events. The eyewitness in the legal system. Psychologists as expert witnesses regarding eyewitness accounts. Prerequisites: introductory psychology plus 8 additional credits in psychology.

PSYCH 501 LABORATORY IN STATISTICAL COMPUTATION II (2)
Techniques of statistical computation using statistical software on personal computers and mainframe computers. Multiple regression, analysis of variance and covariance. Planned and post hoc comparisons and confidence intervals. Data analytic diagnostics for violations of regression assumptions. Prerequisites: 500 and 513; concurrent enrollment in 514, or permission of instructor.

ROMANCE LANGUAGES AND LITERATURE

Spanish

SPAN 303 INTRODUCTION TO STYLISTICS THROUGH COMPOSITION (4)
Prerequisite: 302.

SPAN 323 INTRODUCTION TO SPANISH LINGUISTICS (3)
Synchronic and diachronic linguistic analysis of Spanish, including Spanish phonetics and phonology, morphology, syntax, and evolution of the language. Prerequisite: 303.

WOMEN STUDIES

WOMEN 495 TUTORING WOMEN STUDIES (5)
Trains students to serve as tutors in designated courses. Tutors facilitate weekly group discussions, assist with writing assignments, explain course materials. Prerequisites: 200 or 206; junior or senior standing; one or more upper-division course relevant to Women Studies; prior completion of the course (or equivalent) to be tutored; permission of instructor.

SCHOOL AND GRADUATE SCHOOL OF BUSINESS ADMINISTRATION

FINANCE

FIN 590 SPECIAL TOPICS IN FINANCE (3)
Finance topics of current concern to faculty and students. Offered only when faculty are available and sufficient student interest exists. Seminar content announced in advance of scheduled offerings. Prerequisite: permission of instructor.

MARKETING

MKTG 525 STRATEGIC RETAIL MANAGEMENT (3)
Emphasis on strategic planning decisions faced by senior management in a wide range of retail industries. Taught exclusively by the case method. Prerequisite: 502

SCHOOL OF DENTISTRY

ORAL MEDICINE

ORALM 564 DENTAL CARE OF THE DISABLED (DECOD) I (*, MAX. 10)
Advanced topics in rehabilitation dentistry including psychosocial issues; characteristics and needs of patients with specific disabilities; patient management and use of portable equipment; drug therapy, sedation and anesthesia; dental prevention, and emergency procedures. Seminars and self-directed study. Prerequisite: permission of instructor.

ORALM 584 DENTAL CARE OF THE DISABLED (DECOD) III (*, MAX. 10)
Field practice in community outreach to facilities and agencies serving disabled populations. Includes observation, dental screenings, patient education and in-service training of direct care staff. Prerequisite: 404 or 664.

ORALM 664 DENTAL CARE OF THE DISABLED (DECOD) II (*, MAX. 10)
Practicum in chair/bedside delivery of dental care to different disabled populations. Includes rotations to institutions, long-term care facilities, and homebound service, using mobile equipment. Prerequisites: 564 and permission of instructor.

COLLEGE OF EDUCATION

INDEPENDENT STUDY, RESEARCH, AND FIELD EXPERIENCE

EDUC 552 SEMINAR IN FACULTY INQUIRY (1, MAX. 2)
Provides an ongoing forum for faculty/student interactions concerning recent inquiries into educational issues. Faculty members present current inquiry projects and seminar participants discuss strengths, weaknesses, possible modifications, creative applications, and other topics related to the project. Prerequisite: doctoral student status.

EDUCATIONAL CURRICULUM & INSTRUCTION

EDC&I 437 USES OF COMPUTER APPLICATION PACKAGES IN SCHOOLS (3)
Introduction to the instructional and management uses of application programs. Topics may include: databases, spreadsheets, word processing, graphics packages, graphing utilities, telecommunication, desk-top publishing. Emphasis on K-12 setting. Prerequisites 434 or equivalent and word processing skills.

COLLEGE OF ENGINEERING**COMPUTER SCIENCE AND ENGINEERING****CSE 536 THEORY OF DISTRIBUTED COMPUTING (3)**

Formal approaches to distributed computing problems. Topics vary, but typically include models of distributed computing, agreement problems, impossibility results, mutual exclusion protocols, concurrent reading while writing protocols, knowledge analysis of protocols, and distributed algorithms.

CSE 558 COMPUTER-AIDED GEOMETRIC DESIGN (3)

Surveys basic issues, theory, and techniques in the computer-assisted design of geometric shapes. Particular emphasis placed on parametric curve and surface descriptions of the variety found in automotive and aeronautics design. Prerequisite: 523 or 557 or permission of instructor.

ELECTRICAL ENGINEERING**EE 465 FIBER OPTICS, DEVICES, AND APPLICATIONS (4)**

Wave propagation in optical waveguiding structures, signal distortion, coupling of modes, modulation, sources and detectors, fabrication and measurement methods, communication and sensor systems. Prerequisite: 381; recommended: 383.

EE 531 TRANSPORT PROPERTIES OF SEMICONDUCTORS (3)

Brief review of energy band concepts in semiconductors. Concept of density-of-states; effective mass; cyclotron resonance. Major emphasis in electron transport processes, including impurity and lattice scattering, and magnetoresistance. Optical absorption co-efficients and photo effects. Prerequisite: graduate standing or permission of instructor; recommended: PHYS 423.

CORE COURSES**ENGR 197 ENGINEERING PROBLEM SOLVING (1, MAX. 12)**

Lectures and problem sessions in mathematics, chemistry, and physics with engineering applications. Enrollment restricted to Minority Engineering Program (MEP) students. Credits earned to not apply toward graduation.

MATERIALS SCIENCE ENGINEERING**MSE 700 MASTER'S THESIS (*)****NUCLEAR ENGINEERING****NUC E 342 ENERGY: NUCLEAR AND SOLAR POWER (3)**
Joint with PHYS 342. See Physics for description.**SCIENTIFIC AND TECHNICAL COMMUNICATION****STC 516 RESEARCH METHODS IN TECHNICAL COMMUNICATION (3)**

Introduction to research methods in technical communication. Students examine the relationship between theory and research, hypothesis testing, experimental designs, modes of observation,

sampling, validity, and data analysis and interpretation. Entry code required. Prerequisite: introductory statistics course.

STC 517 HUMAN-COMPUTER INTERFACE (3)

Discusses the human-computer interface (HCI) as the communicative aspect of a computer system. Analyzes usability issues in HCI design, explores design-phase methods of predicting usability, and introduces evaluative methods of usability testing. Prerequisite: substantial experience with computers and graduate standing or consent of the instructor.

COLLEGE OF FOREST RESOURCES**FOREST PRODUCTS AND ENGINEERING****FPE 525 ADVANCED WILDLAND HYDROLOGY (4)**

Advanced treatment of hydrologic cycle and basic hydrologic methods as applied to wildlands. Effects of forest management activities on hydrologic processes. Graduate focus on a detailed field or modeling hydrologic analysis.

FOREST RESOURCE MANAGEMENT**FRM 328 FORESTRY-FISHERIES INTERACTIONS (4)**

Characteristics of forestry-fisheries interactions in terrestrial and aquatic landscapes. Effects of changes in landforms on forest and aquatic communities. River basin and watershed features. Forest stand dynamics, forest hydrology, fish and wildlife histories and behavior. Resource conflicts and resolution. Joint with FISH 328. Recommended: general biology and ecology.

FRM 496 SENIOR THESIS (3)

Review of literature, study design, statistical analysis, presentation of research results, and discussion of results. Students work with faculty advisors to design and complete field or laboratory research and then prepare the senior thesis. Prerequisite: 495.

FRM 536 ADVANCED FOREST ENTOMOLOGY (3)

Insect-host interactions and how these can be exploited for pest management program. To compare and contrast previous and current insect ecology concepts that apply to forestry. Lectures, seminars, guest speakers and student papers presented. One field trip. Prerequisite: permission of instructor.

FRM 541 READINGS IN SILVICULTURE (1-5, MAX. 6)

Detailed study of national and international literature pertaining to silviculture.

FRM 542 GRADUATE SILVICULTURE (3)

Examines evolution, current status and future of silviculture practices in a changing society. Topics such as plantation management, stand structure manipulation, silviculture from various objectives, managing landscapes, logistics, implementation, and role of research examined. Occasional field trips. Prerequisite: permission of instructor.

FRM 582 ADVANCED SOCIOLOGY OF LEISURE (3)

Advanced study of human behavior in outdoor leisure and recreation settings. Analytical examination of sociological and social psychological theories concerning leisure behavior. Critical analysis of the application of sociological and social psychological knowledge to the management of outdoor leisure places. Paper and research proposal required.

URBAN HORTICULTURE**UHF 590 GRADUATE STUDIES (*, MAX. 15)**

Study in fields for which there is not sufficient demand to warrant the organization of regular courses.

UHF 600 INDEPENDENT STUDY OR RESEARCH (*)**UHF 601 INTERNSHIP (3-9, MAX. 9)**

Internship required of students in Master of Forest Resources program in Urban Horticulture. Independent work in collaboration with faculty, arboretum staff, and/or sponsoring institutions. Prerequisite: permission of graduate program adviser.

UHF 700 MASTER'S THESIS (*)**UHF 800 DOCTORAL DISSERTATION (*)****INTERDISCIPLINARY GRADUATE DEGREE PROGRAMS****NUTRITIONAL SCIENCES****NUTR 461 DIET THERAPY (4)**

Nutrition in the etiology and treatment of disease and in the maintenance of health. Various organ systems are discussed: pathology, medical/surgical treatment and dietary management, with emphasis on counseling skills. Prerequisites: 421 and P BIO 405, 406; or CONJ 340-341-342.

NUTR 538 NUTRITIONAL EPIDEMIOLOGY (3)

Joint with EPI 538. See Epidemiology for course description.

SCHOOL OF MEDICINE**BIOLOGICAL STRUCTURE****B STR 556 TOPICS IN DEVELOPMENTAL AND SYSTEMIC CELL BIOLOGY (3)**

Recent advances in molecular and developmental aspects of cell biology; emphasis on specific organ systems. Differentiation of lymphocytes, germ cells, muscle, epidermis; cell biology of lens, vessel wall, visual cortex; computer modeling; cell-cell and cell-matrix interactions. Prerequisites: undergraduate biochemistry and/or molecular biology, general cell biology; or permission of instructor.

CONJOINT**CONJ 515 INTERDISCIPLINARY HEALTH AND HUMAN SERVICES DELIVERY IN RURAL COMMUNITIES (1)**

Provides opportunities for students in health and human services to explore current trends and issues of service delivery in rural communities. Demographics, economics, community structure, culture, and professional/personal issues are some of the topics discussed in a lecture/seminar format. Prerequisite: major standing in a health or human services profession.

CONJ 580 CLINICAL CORRELATIONS OF NEUROANATOMY (2)

Relation between clinical neurological problems and the underlying neuroanatomy, studied by presenting case studies with extensive tests such as CT, MRI, angiograms. Prerequisites: 511 or equivalent, HUBIO 532.

MEDICAL HISTORY AND ETHICS**MHE 201 UNDERSTANDING AMERICAN MEDICINE (2)**

Survey of the history, sociology, and ethics of modern American medicine. Through analysis of its achievements and problems, the student is prepared to make an informed, realistic choice of the profession of medicine. Recommended for students considering a pre-med curriculum.

MHE 474 JUSTICE IN HEALTH CARE (5)

Examination of the ethical problem of allocating scarce medical resources. Emphasis on fundamental or principles of justice that support alternative health policies. Joint with PHIL 411. Recommended: some previous background in philosophy or medical ethics.

MEDICINE**MED 555P HUMAN ONCOLOGY FOR FOURTH-YEAR MEDICAL STUDENTS (2)**

Cancer epidemiology, prevention, screening, diagnosis and treatment are combined into a single intensive course designed to provide the knowledge to be able to help patients minimize risk of cancer, to detect its occurrence at the earliest opportunity, and in affected patients, to arranged the best possible management. Prerequisite: 665P

REHABILITATION MEDICINE**REHAB -545 FUNCTIONAL ANATOMY FOR PHYSIATRISTS (-2)**

Lectures and demonstrations to illustrate functional anatomy as applied by physicians in the practice of clinical rehabilitation. Intended to enhance functional assessments and to improve neuromusculo-skeletal diagnosis and treatment through greater understanding of the underlying anatomy. Prerequisite: resident standing in rehabilitation medicine; others by permission of instructor.

SCHOOL OF NURSING**NURSING SCIENCE****NURS 430 INTERPERSONAL RELATIONSHIPS IN NURSING (3)**

Theory, current research, and practice in communication to develop and maintain interpersonal relationships with clients and health care colleagues. Lecture/discussion and laboratory learning opportunities include concepts of relationship development and disorder, interpersonal and group therapeutic communication processes, health care interviewing, and social support. Prerequisite: admission to RN Master's program, or permission of instructor.

COLLEGE OF OCEAN AND FISHERY SCIENCES

FISHERIES

FISH 328 FORESTRY-FISHERIES INTERACTIONS (4)
Joint with FRM 328. See Forest Resources Management for description.

FISH 498 INTERNSHIP/EXPERIENTIAL LEARNING (1-9, MAX. 9)
Structured, practical training in the fishing industry, government agencies and other areas utilizing fisheries, food science, ore quantitative science expertise. Experiences are supervised and evaluated. Written reports required. Prerequisite: permission of faculty advisor.

SCHOOL OF PUBLIC HEALTH AND COMMUNITY MEDICINE

ENVIRONMENTAL HEALTH

ENVH 570 OCCUPATIONAL AND ENVIRONMENTAL EPIDEMIOLOGY (3)
Research in occupational and environmental determinants of disease. Defining exposed populations, characterizing exposure levels, estimating disease risks relative to exposure. Cohort, case-control, cross-sectional designs for various health out-comes. Applications to exposure standard setting and risk assessment. Joint with EPI 570. Prerequisite: EPI 511 or 512 or 513 or permission of instructor.

EPIDEMIOLOGY

EPI 538 NUTRITIONAL EPIDEMIOLOGY (3)
Application of epidemiological methods to current studies of nutrition and disease. Special methodological problems of importance in nutritional epidemiological studies. Diet and heart dis-

ease, and diet and cancer relationships. Enables students to plan studies in nutritional epidemiology. Joint with NUTR 538. Prerequisite: 511 or 512.

EPI 570 OCCUPATIONAL AND ENVIRONMENTAL EPIDEMIOLOGY (3)
Joint with ENVH 570. See Environmental Health for course description.

HEALTH SERVICES

HSERV 454 ADULT MEDICINE I (10)
Problem-oriented approach to the diagnosis and management of common primary care conditions. Introduction to relevant laboratory and radiological procedures. Organ system approach covers HEENT, respiratory, cardiovascular, gastrointestinal, and hematologic systems. Prerequisite: admission to MEDEX progr

HSERV 598 EXTENDED DEGREE PROGRAM PROJECT OPTION (*, MAX. 9)
Supervised project work on a selected topic related to student's concentration in graduate study. Includes survey of literature, development of approach, and written paper on conclusions. Prerequisites: registration in extended MPH degree program and satisfactory completion of the first summer's course work.

SOCIAL WORK

SOC W 534 ADVANCED HUMAN SERVICES PRACTICE (3)
Integration of practice and research is the key objective. Integration includes an understanding of an an ability to perform practice skills such as specification of problems and goals, intervention planning, evaluation. Scientific reasoning applied to practice tasks, problems including value conflicts and ethical dilemmas. Prerequisites: 529,530,531,594,595.

W COURSES OFFERED WINTER QUARTER 1990

Students who plan to take majors in the College of Arts and Sciences and who started college Autumn Quarter 1983, or later, must complete 10 credits of courses designated "W". Some other undergraduate majors also require W courses. W courses are not English composition courses but, rather, are courses in which a substantial amount of writing is required. Almost any department can offer W courses. The following courses being taught Winter Quarter 1990 have been designated as W courses.

FRESHMEN INTEREST GROUP COURSES OFFERED WINTER QUARTER 1990

By signing up in the Arts and Sciences Advising Office for one of the cluster of courses listed below, you will become a member of a small group of about 25 freshmen who share similar academic instructors, and a peer adviser, who will meet with the group each week to discuss areas of common interest and life at the University. Many special sessions are planned by each group, such as discussions with professors, tours of campus resources and social events. Freshman Interest Groups (FIGs) are a good way to get to know other students in your classes and to build a cooperative learning environment.

All courses in FIGs for Winter 1990 can be used for the University's General Education Requirements.

1. Pre-Science/Health Science (Priority for continuing FIG students)	2. Pre-Business Administration (Priority for continuing FIG students)	3. International Relations	4. Pre-Science
